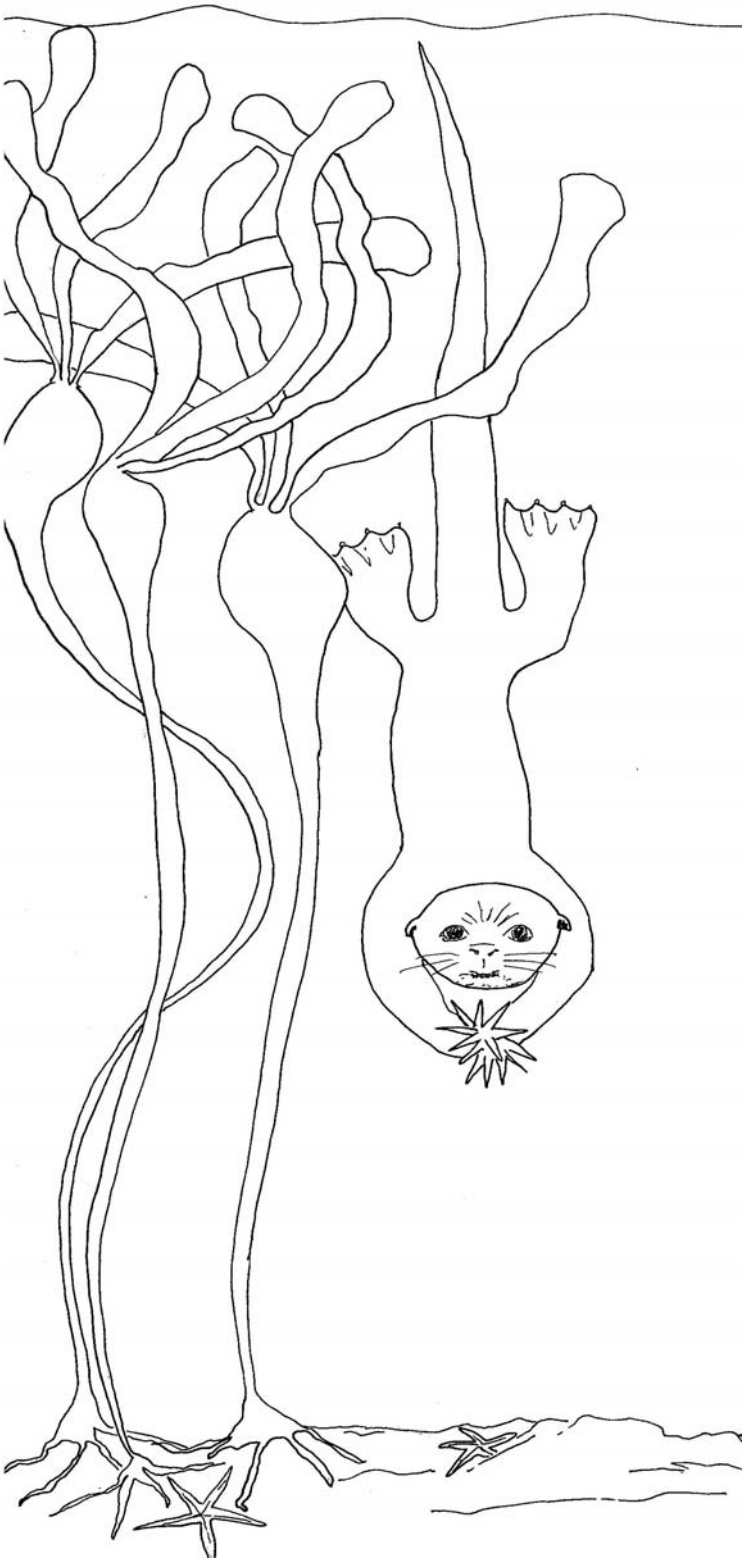
Hi. I'm Obert the Otter.
I'm from Glacier Bay National Park.

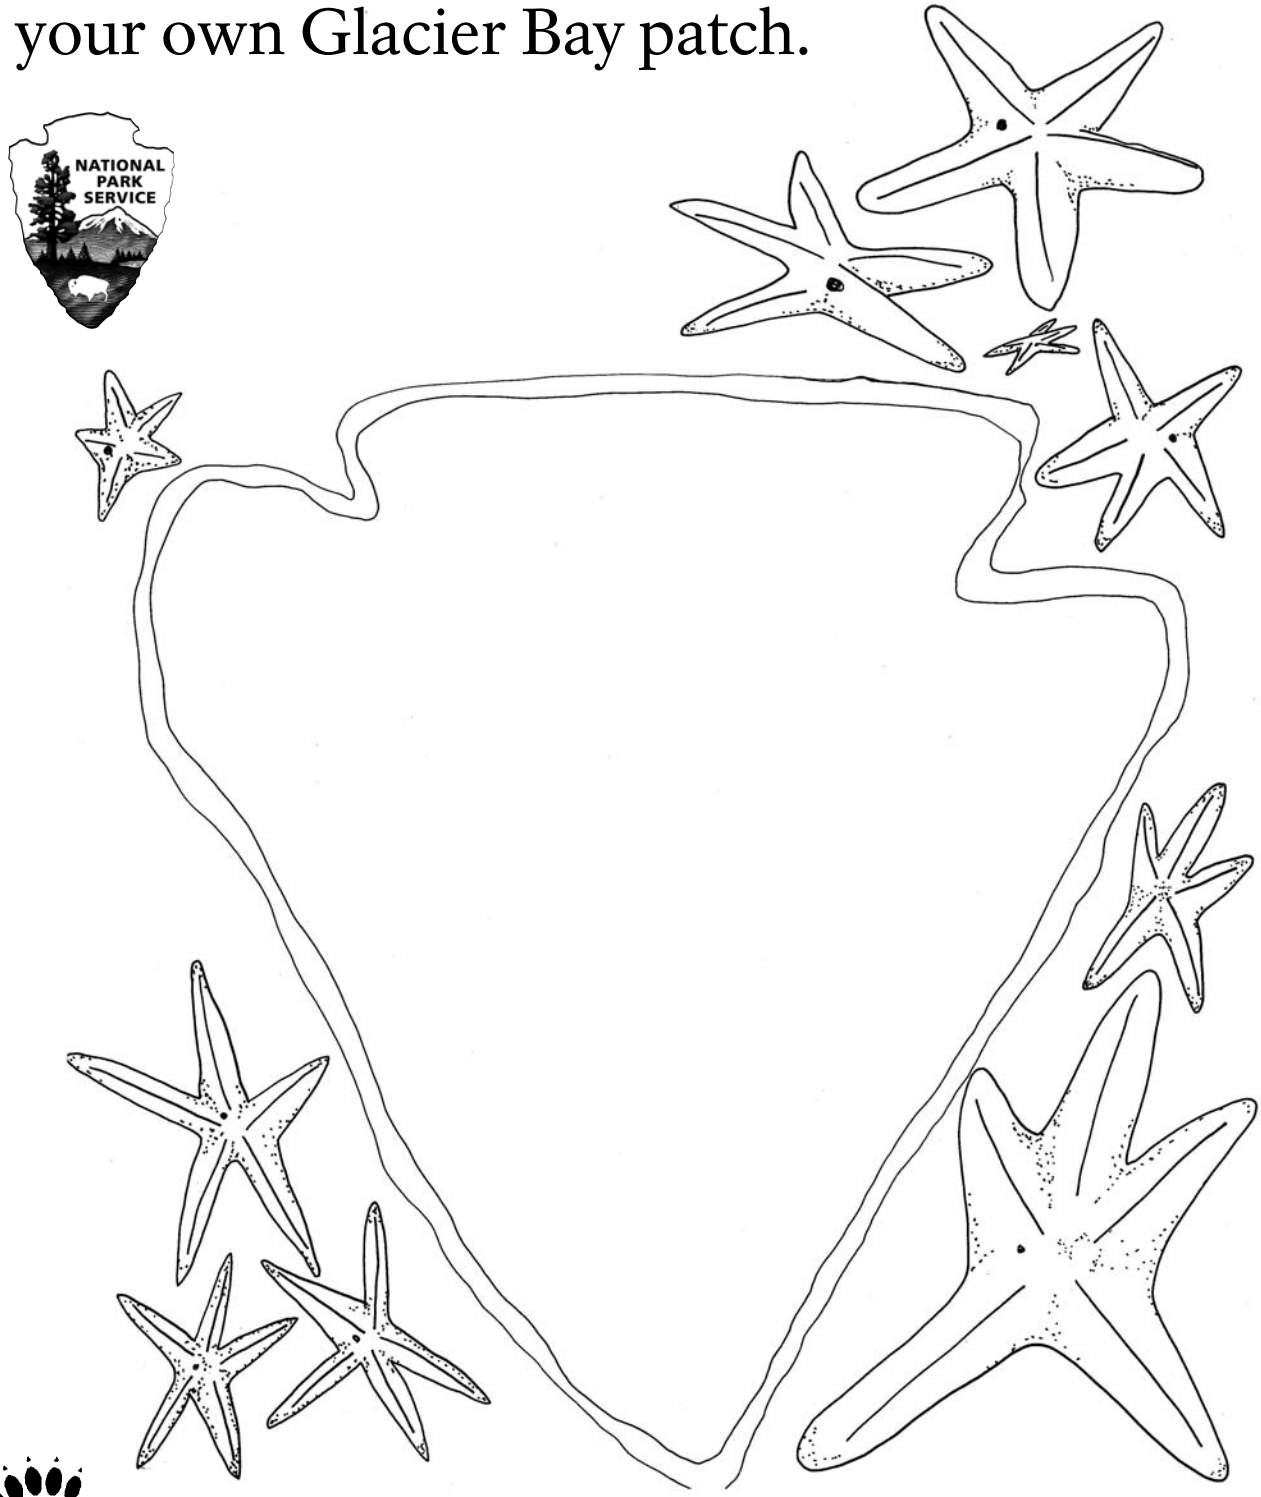


This is a special book for you to work on so that YOU can become a Pee Wee Ranger. Get out some crayons and pencils and get ready to learn about Glacier Bay.

Have fun!

Patchwork

Glacier Bay National Park Rangers wear an arrowhead patch on their uniform. Design your own Glacier Bay patch.



Buddies

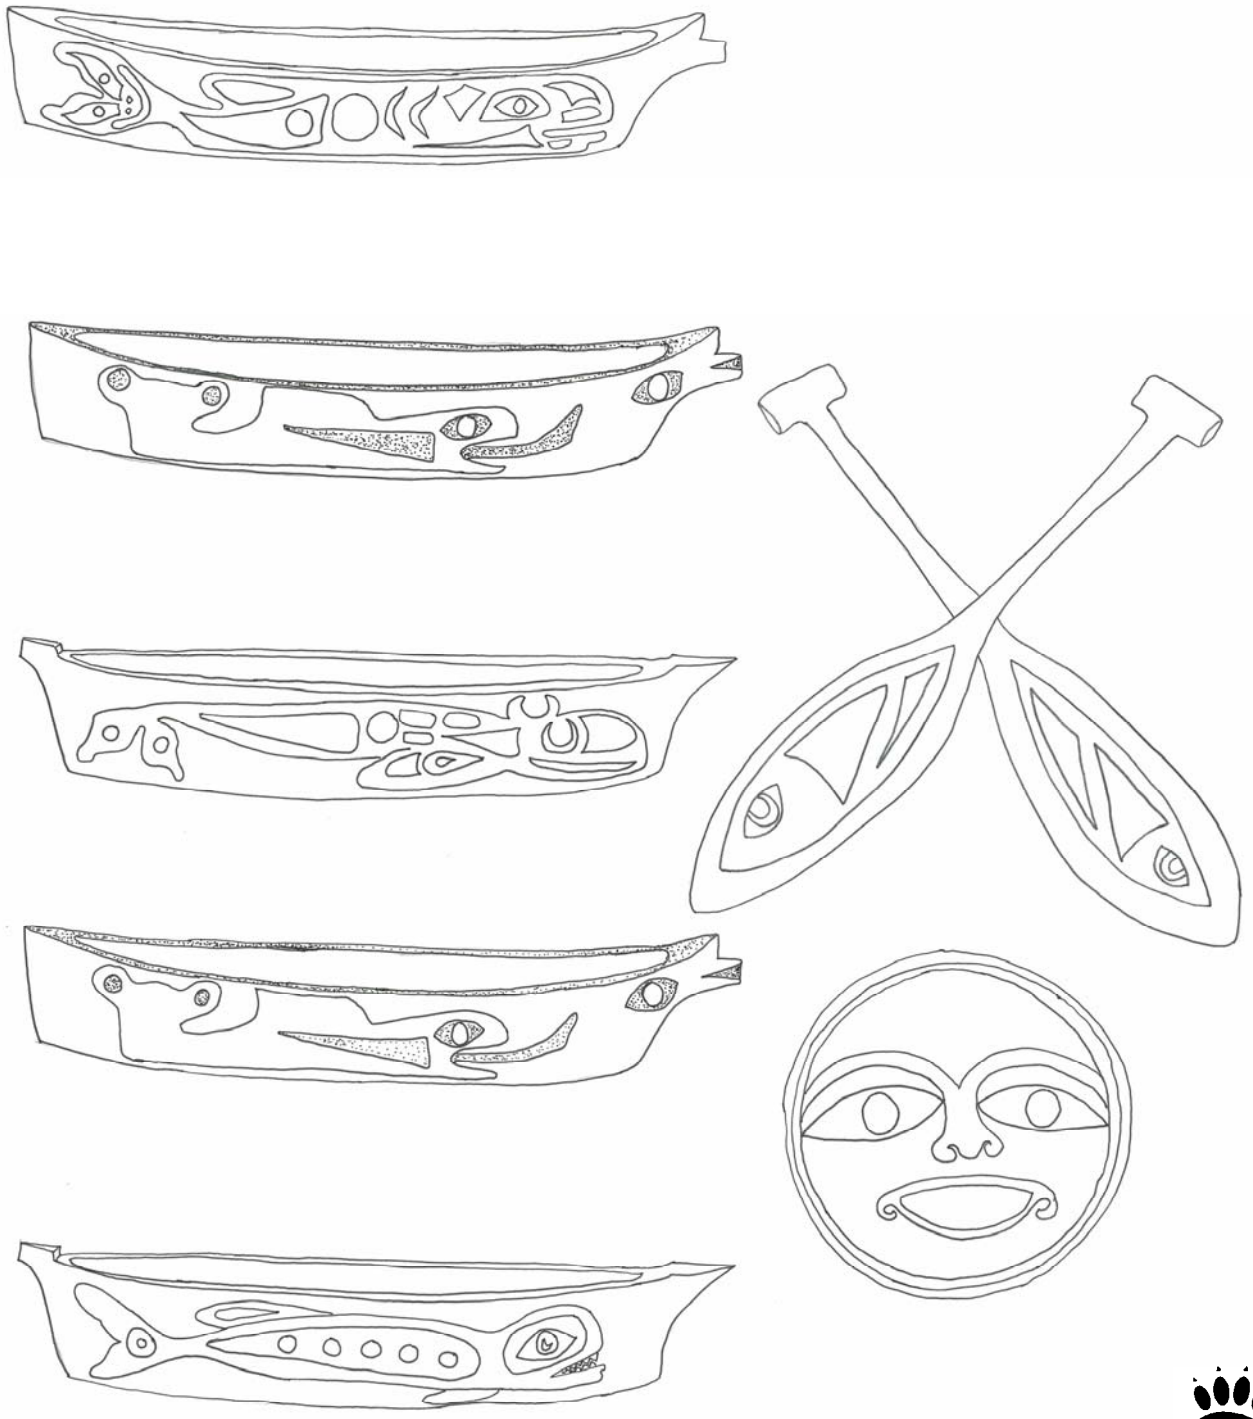
What kind of wildlife do you think you might see? Be on the lookout for big brown bears and tiny colorful hummingbirds. Have fun coloring this picture.

Sea Science

Park Scientists study the underwater world of Glacier Bay. How many sea stars can you count?

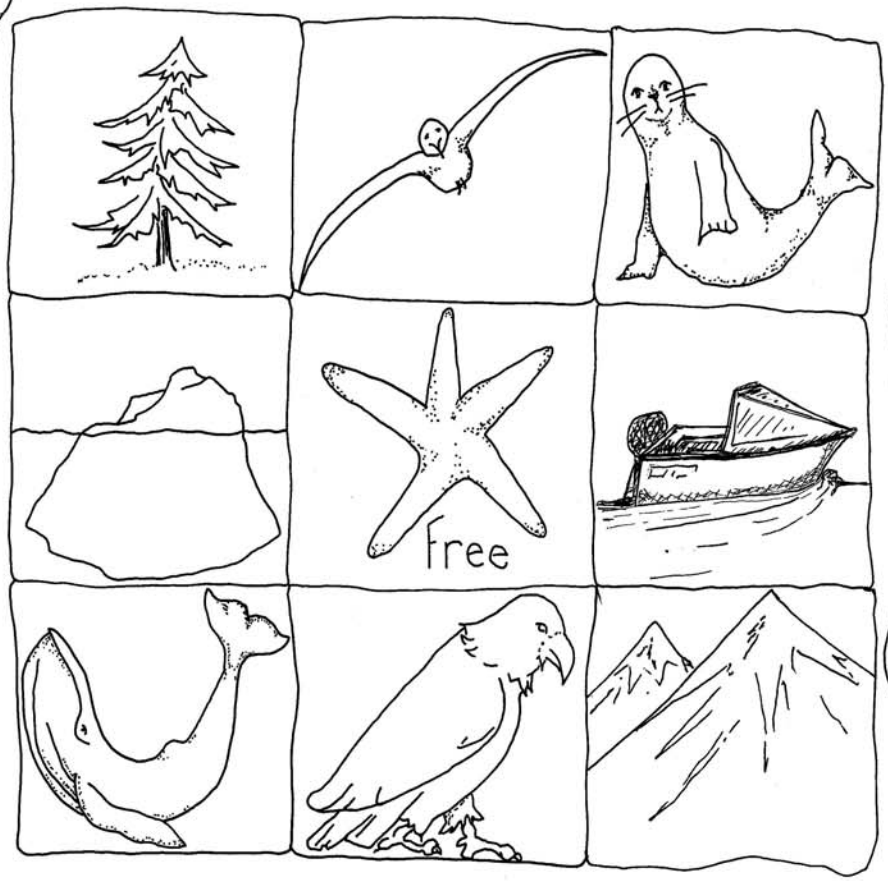
Canoe Contest

The Tlingit Indians of Glacier Bay carve beautiful canoes. Circle the two canoes that are the same.



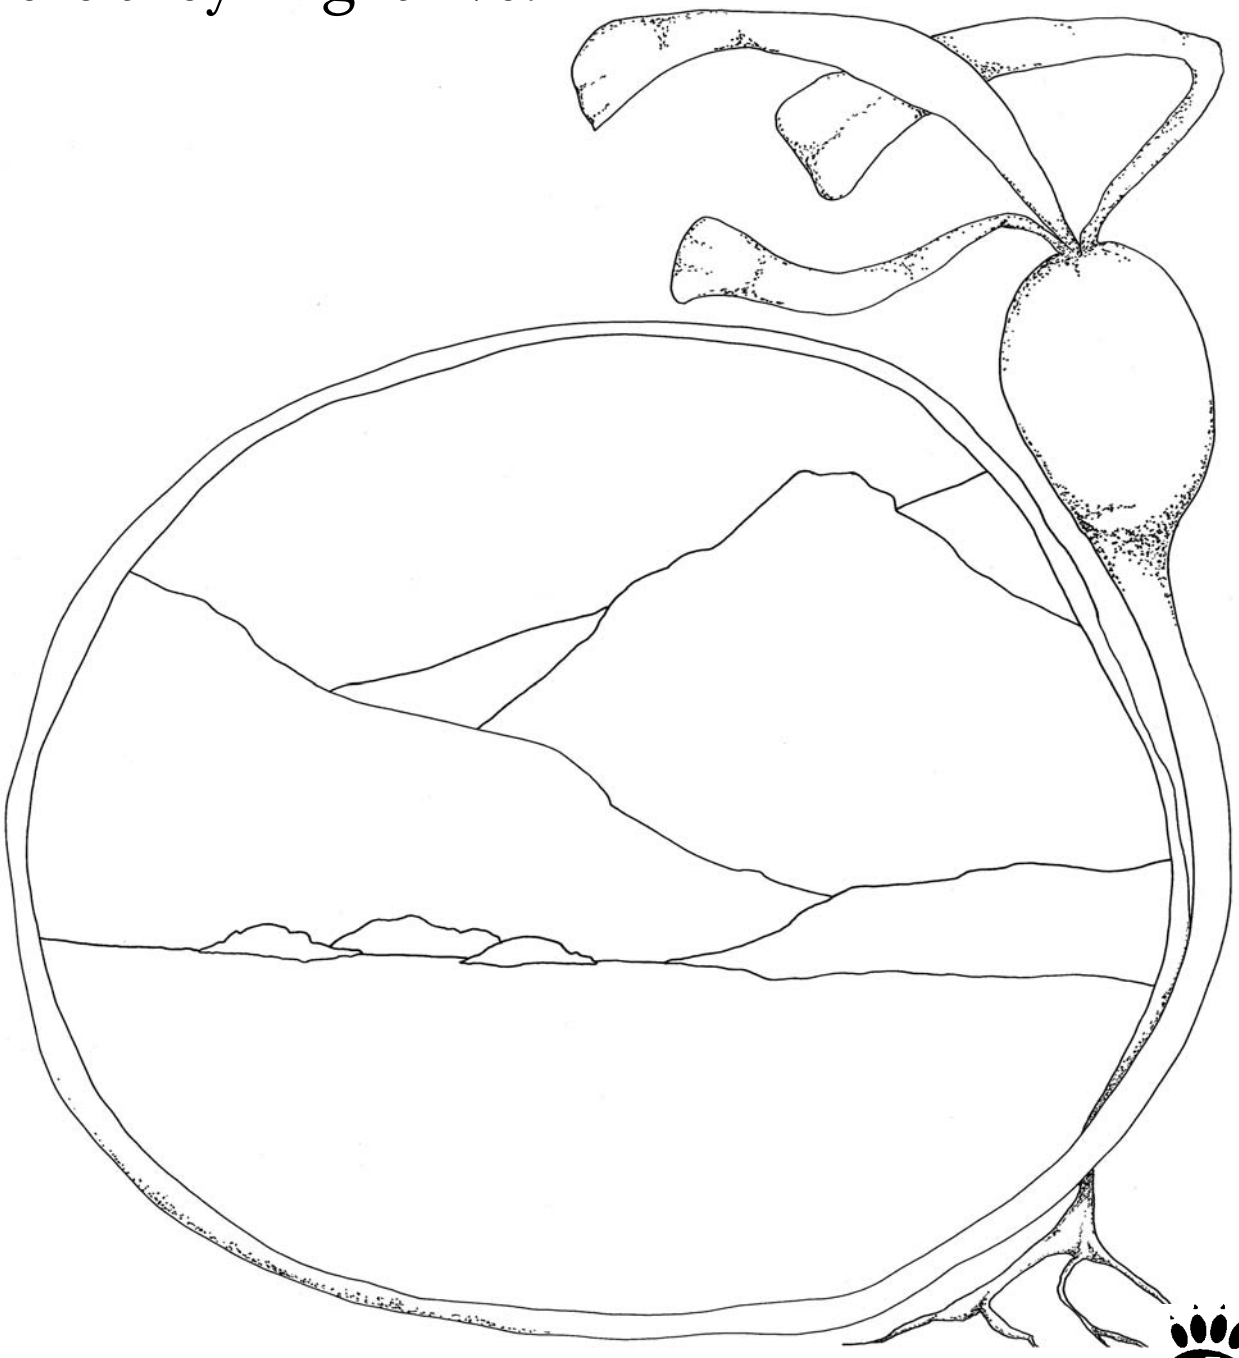
Glacier Bay Sights

Circle what you would most like to see in Glacier Bay.



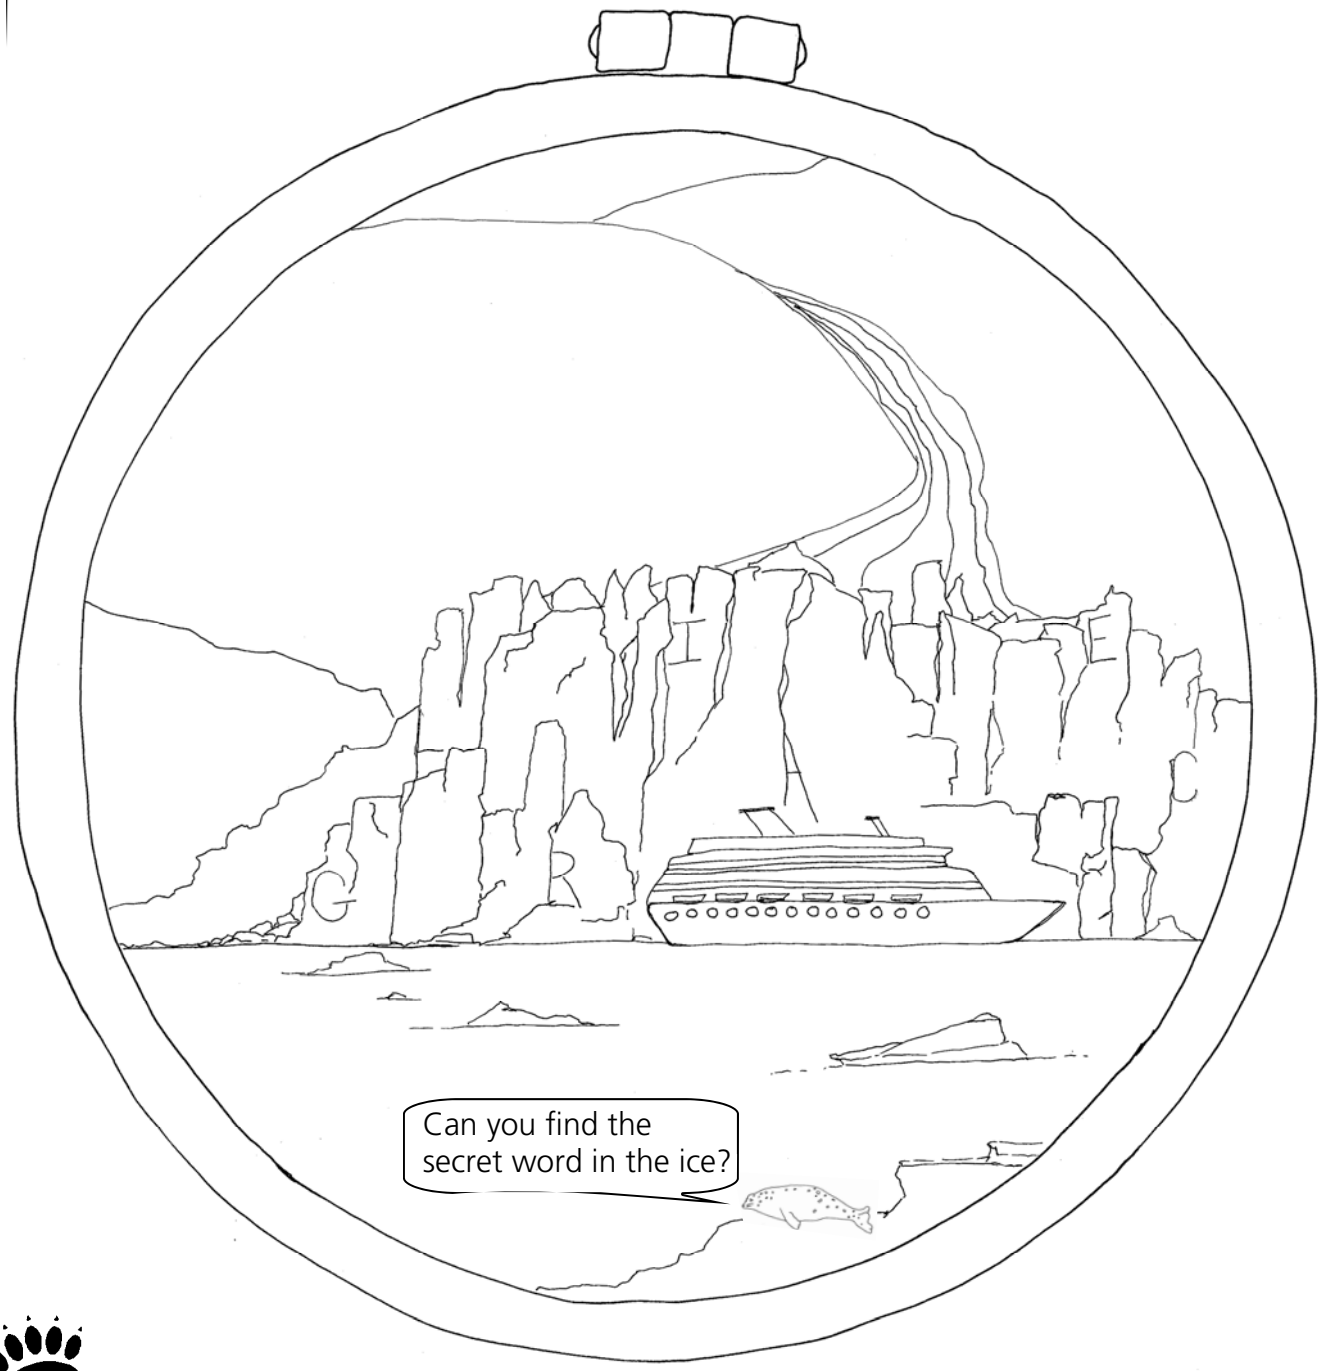
Animal Homes

You can find animals in Glacier Bay on the land, in the air and under the water. Draw the animals on the previous page in the place where they might live.



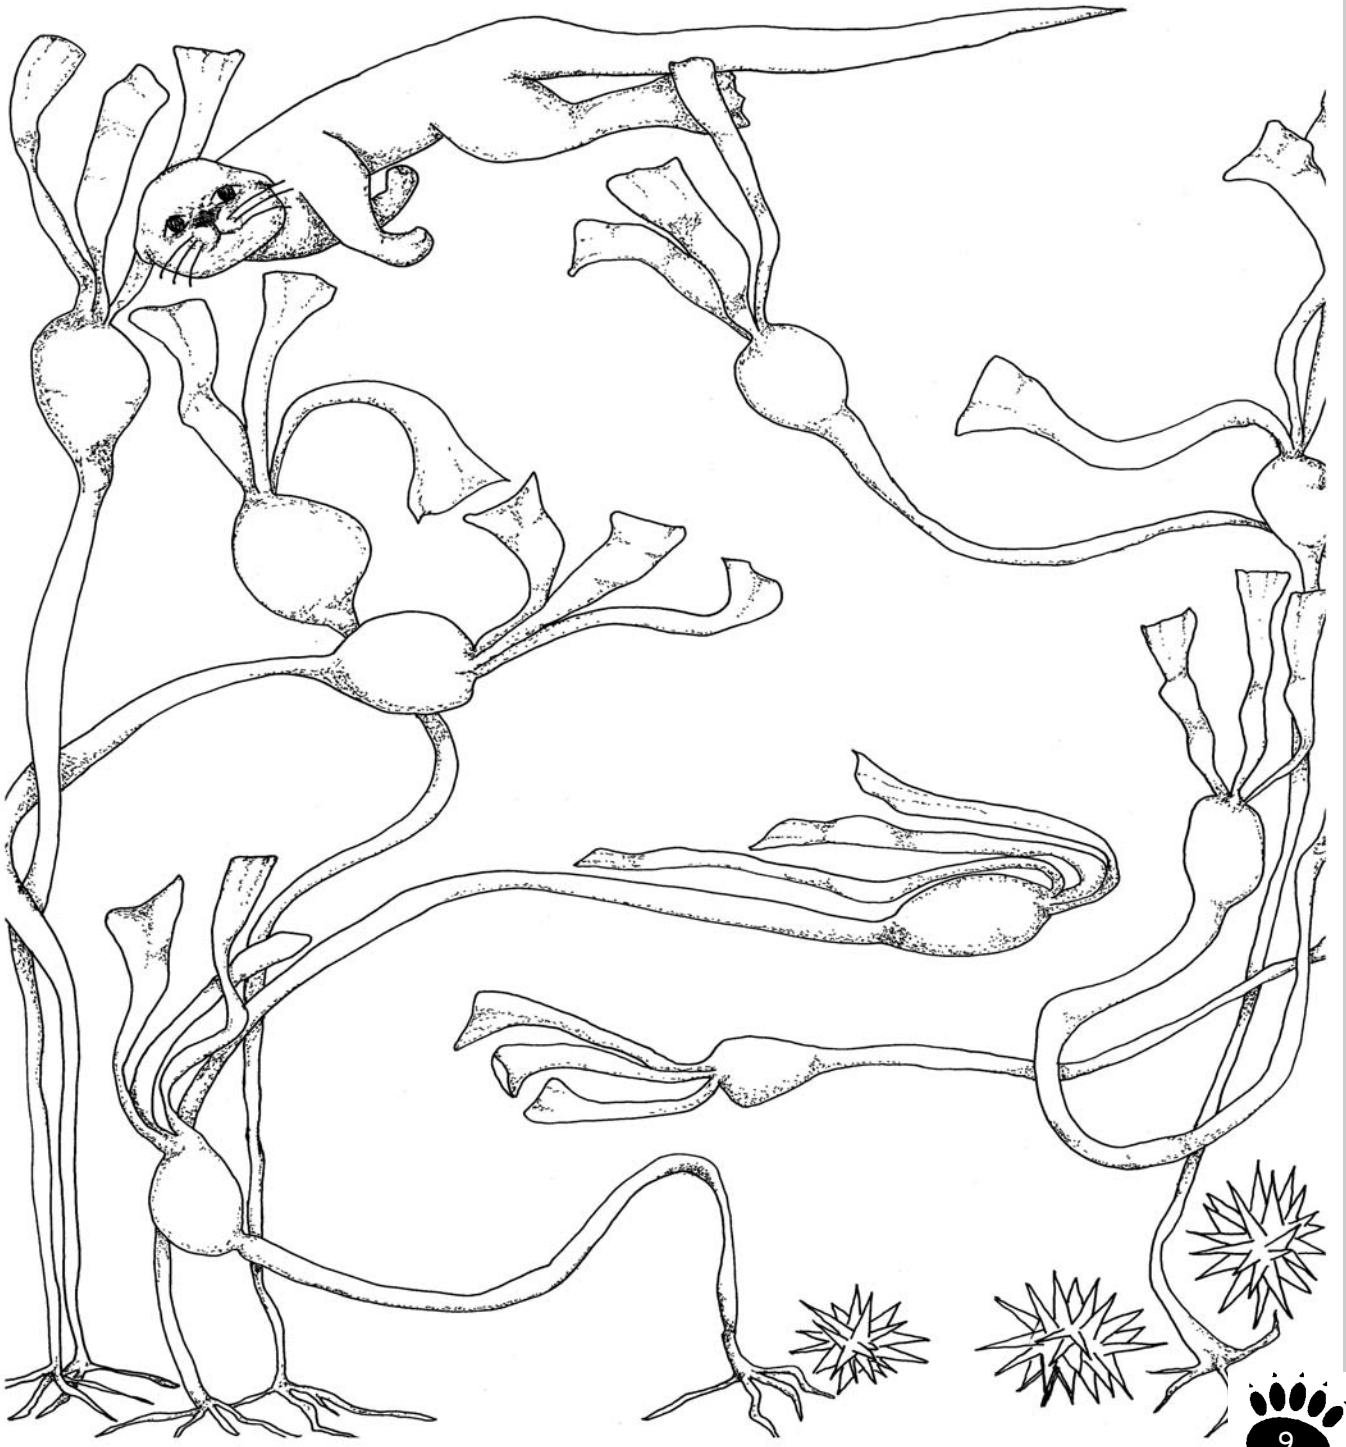
Glacier Viewing

Have you ever seen a glacier? Glacier Bay is a great place to see glaciers. Maybe you will get to come on a boat and see the blue ice of the glaciers! Color the glacier blue.



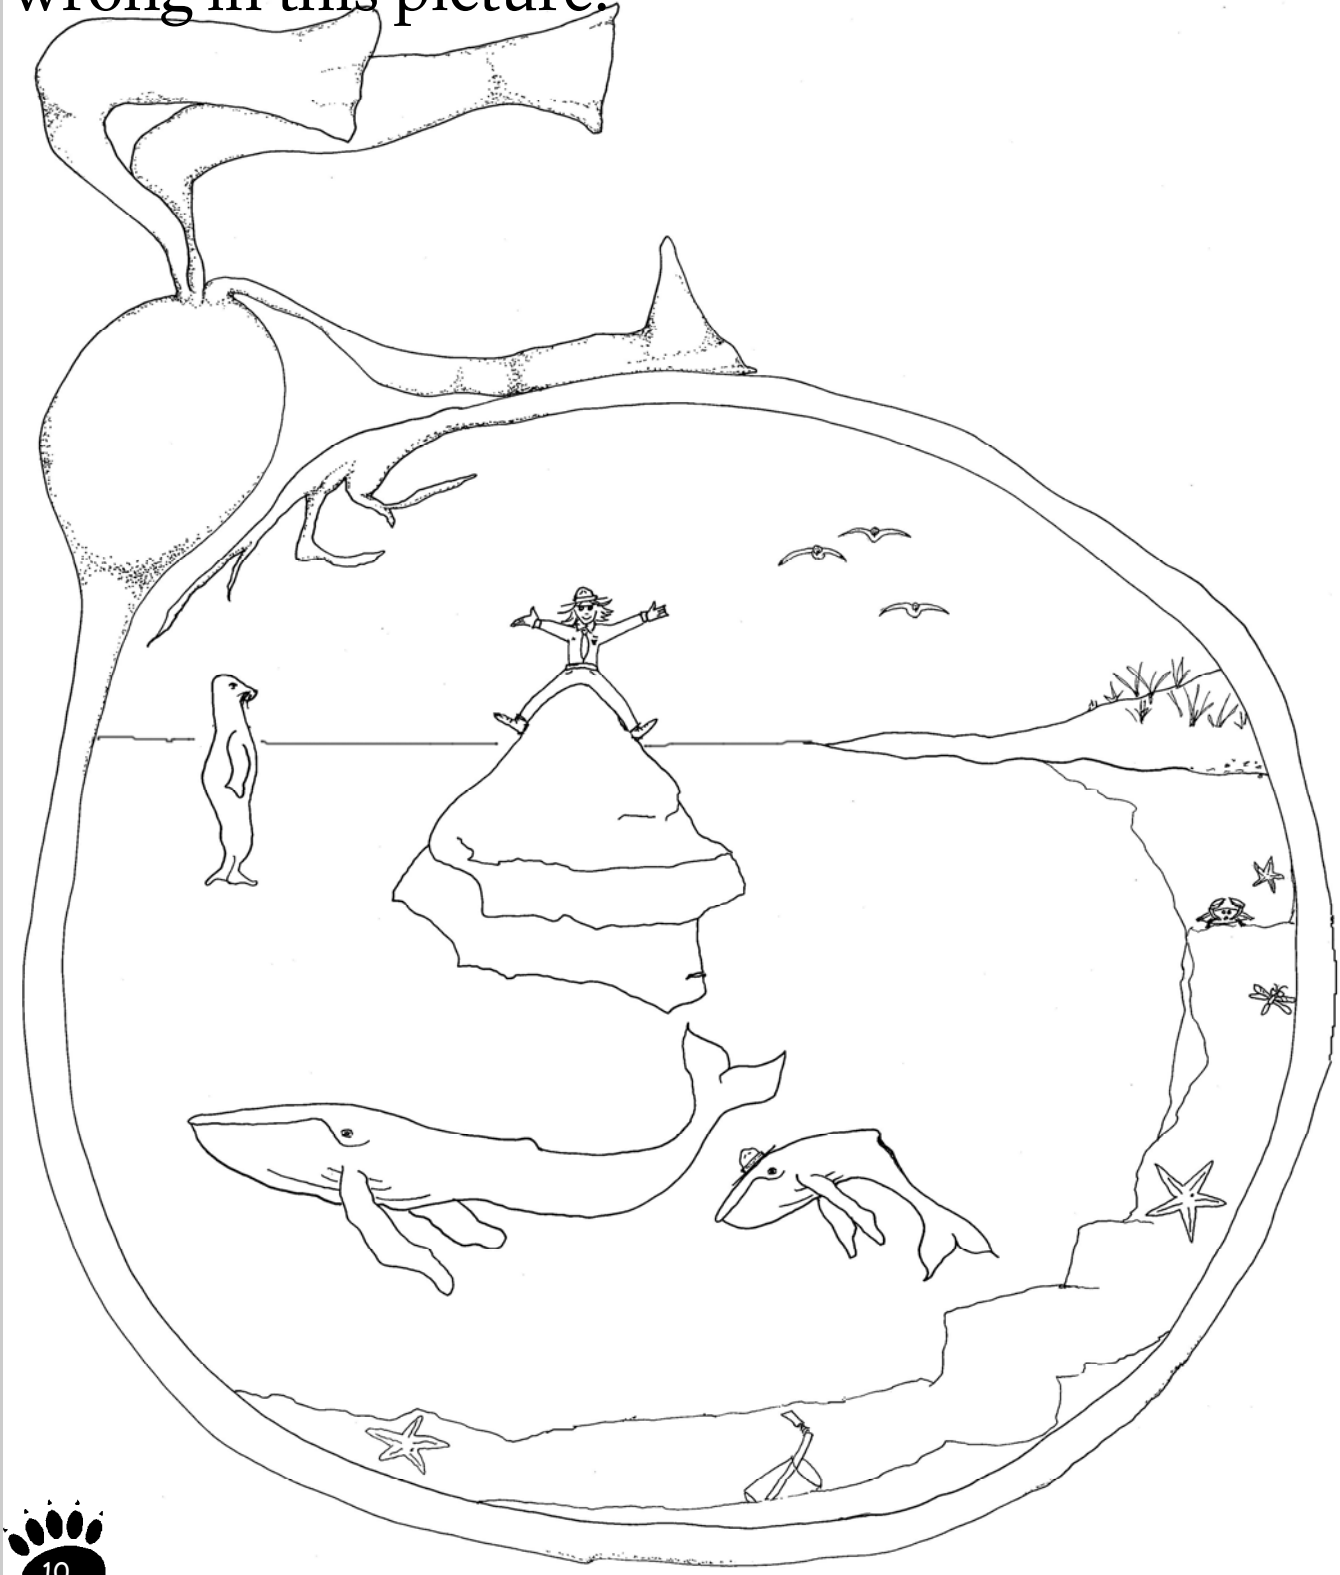
Kelp Maze

Urchins are a favorite food for sea otters. Help Obert find his way through the kelp maze to his urchin dinner.



What's gone wrong?

Something is not quite right. Circle what is wrong in this picture.

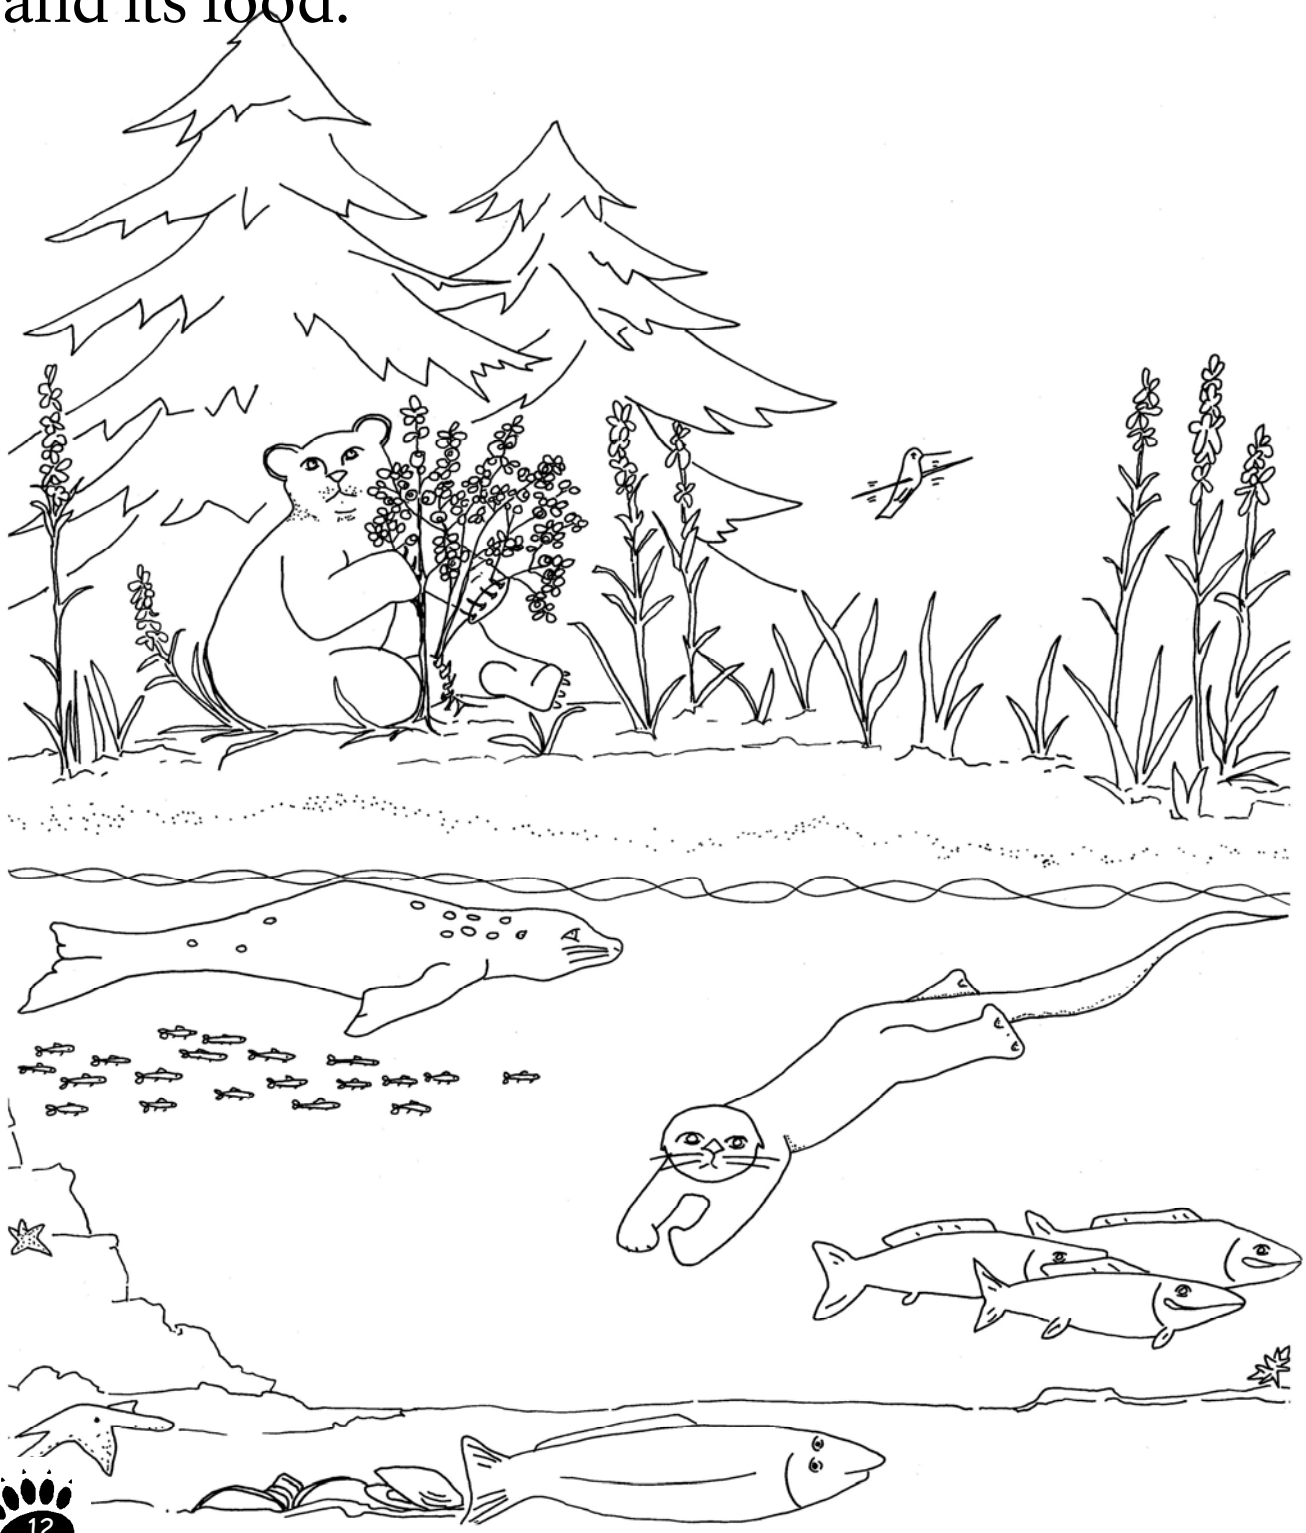


Wilderness Surprises

If you're very quiet, you can sometimes sneak up on a moose in the wilderness. But don't get too close to any wild animal!

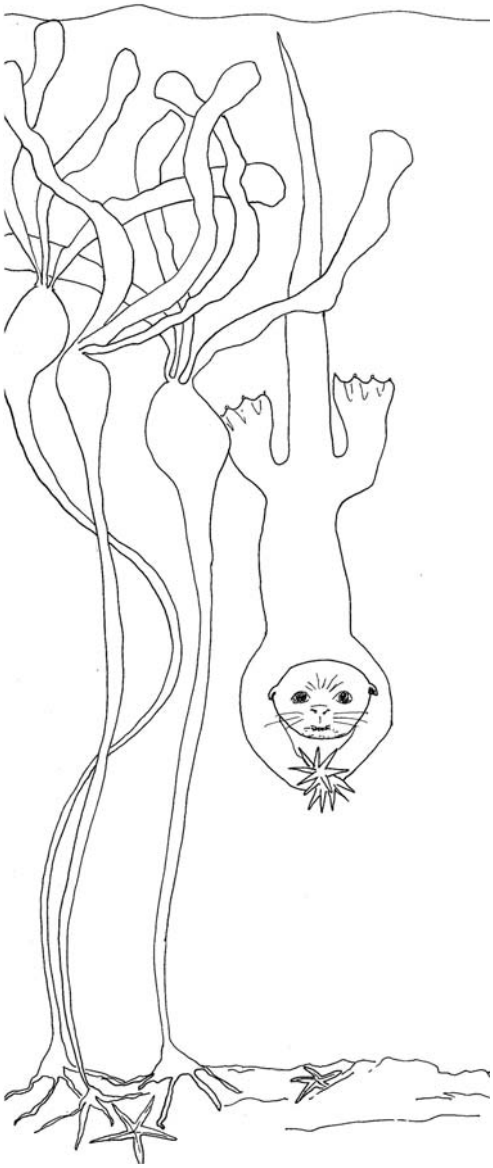
Dinner Time

Summer time in Glacier Bay is feeding time. Draw a line between the Glacier Bay animal and its food.



Congratulations you did it!

Glacier Bay National Park
Pee Wee Ranger Certificate



_____

(your name)

has completed at least 6 pages in this book and pledges to take care of special places like Glacier Bay National Park.
