FLOW OF GOATS
INFORMATION CONNECTOR
RATES OF FLOW
kids dying
kid mortality
productivity (Yg/g)
female kids born
male kids born
sex ratio
sterilized female?
sterilized male?
age specific natality
density multiplier for natality
number of breeding males
animals dispersing to/from different subpopulations
female age classes 1-14
population density
male age classes 1-14
animals dispersing to/from different subpopulations
density multiplier for dispersal
density multiplier for mortality
density multiplier for dispersal
age specific dispersal rate
age specific dispersal rate
age specific mortality
removals
animals dying
