Additional Information

The construction zone is located along a 1½-mile section of the Generals Highway in Sequoia National Park between the main park entrance on Hwy. 198 and Giant Forest. (Specifically, the work is being done between Amphitheater Point and Deer Ridge.)

- Traffic will be restricted to a single lane at times.
- Drivers must follow a pilot/lead vehicle when work is in progress.
- Uphill-bound vehicles will be allowed to drive through the construction area first ***at the top of each hour*** from 7:00 a.m. to 6:00 p.m. from Mondays-Thursdays and during scheduled daytime construction hours on Fridays.

NOTE: The portion of the Generals Highway from Hospital Rock to the Giant Forest Museum is closed to vehicles greater than 32 feet in length until December 31, 2010, due to Federal Highways road construction vehicle size limits. In addition, it is highly recommended that vehicles greater than 22 feet not attempt this section of road, as it is steep, narrow, and winding.

Cedar Grove Bridge

No detours are anticipated during the week of Aug. 1-7. Minor delays are possible in the near future. Visitors should be careful of survey crews along the roadway. A portion of the day-use parking lot near the Cedar Grove Lodge will be closed for construction during the project.
