FISH SPECIES CHECK LIST
ACADIA NATIONAL PARK
(updated November 18, 1999)

	Common Name	Scientific name	W/S*	Nat.	Ponds
1.	Alewife	*Alosa pseudoharengus*	W,S	yes	6
2.	American eel	*Anguilla rostrata*	W	yes	19
3.	Atlantic salmon[a]	*Salmo salar*	S	no	4
4.	Banded killifish	*Fundulus diaphanus*	W	yes	19
5.	Blacknose shiner	*Notropis heterolepis*	W	no	1
6.	Brook trout	*Salvelinus fontinalis*	W,S	yes	18
7.	Brown bullhead	*Ameiurus nebulosus*	W	no	5
8.	Brown trout	*Salmo trutta*	S	no	4
9.	Chain pickerel	*Esox niger*	W	no	6
10.	Common shiner	*Luxilus cornutus*	W	no	5
11.	Creek chub	*Semotilus atromaculatus*	W	no	3
12.	Fathead minnow	*Pimephales promelas*	W	?	1
13.	Fallfish	*Semotilus corporalis*	W	no	4
14.	Fourspine stickleback	*Apeltes quadracus*	W	yes	1
15.	Golden shiner	*Notemigonus crysoleucas*	W	yes	20
16.	Lake trout	*Salvelinus namaycush*	W,S	no	2
17.	Lake whitefish[a]	*Coregonus clupeiformes*	S	no	1
--	Landlocked (Atl.) salmon	*Salmo salar*	W,S	no	8
18.	Largemouth bass	*Micropterus salmoides*	W,S	no	1
19.	Ninespine stickleback	*Pungitius pungitius*	W	yes	10
20.	Northern redbelly dace	*Phoxinus eos*	W	yes	12
21.	Pumpkinseed	*Lepomis gibbosus*	W	yes	17
22.	Rainbow smelt	*Osmerus mordax*	W	yes	13
23.	Rainbow trout[a]	*Oncorhynchus mykiss*	S	no	4
24.	Redbreast sunfish	*Lepomis auritus*	W	?	3
–	Sea-run brook trout	*Salvelinus fontinalis*	W	yes	?
25.	Smallmouth bass	*Micropterus dolomieu*	W,S	no	6
--	Steelhead (rainbow trout)[a]	*Oncorhynchus mykiss*	S	no	1
26.	Sunapee char (trout)[a]	*Salvelinus alpinus*	S	no	2
27.	Threespine stickleback	*Gasterosteous aculeatus*	W,S	yes	6
28.	White perch	*Morone americana*	W	yes	4
29.	White sucker	*Catostomus commersoni*	W	yes	13
30.	Yellow perch	*Perca flavescens*	W	no	3

[a]Species stocked in the past. It is unlikely that any remnants still exist.

*Coding: W = fish reproducing in wild, may have originated from stocked parents.
S = fish stocked at some locations; may supplement wild populations
Nat. = native to Mount Desert Island
Ponds = Number of ponds where the species has been encountered over recorded history (of 26 ponds).
