FRIENDS OF
Indiana Dunes

All profit from the Friends of Indiana Dunes Native Plant Sale supports the interpretive programs at the Indiana Dunes National Lakeshore and Indiana Dunes State Park. Your support is sincerely appreciated.

Why pre-order?????

Well, for starters, only a limited quantity of each plant is ordered in January from our suppliers. Orders received as Pre-Orders are filled in the sequence in which they are received. Last year several varieties were 'sold out' before 8am on Saturday, the day of the sale.....they all went to Pre-Order customers!

Pre-Order customers pick up their filled orders at their own convenience at the Pavilion, second floor, west end, aside from all the day-of-sale customers. No waiting in line!

Invariably our suppliers will not be able to provide everything ordered. Last year the a few varieties suffered crop failures. That's the nature of the event. Pre-Orders must be paid in full when submitted. That makes pickup fully streamlined for you. A refund coupon good for additional plants or cash will be stapled to your pick up order for any items not available.

So.....here are the rules:

- Decide which plants fit your micro-environment.
- Enter quantity desired, calculate total due for the variety.
- Subtotal each page, and carry that subtotal to the back page of the order form
- Calculate total due.
- Complete name and address
- Mail completed form and payment to:
  Friends of Indiana Dunes, Inc., PO Box 166, Beverly Shores, IN 46301-0166
- **PRE-ORDER DEADLINE IS MARCH 20, 2006**

In the event of questions, please phone Chuck Roth (219) 926-2790 or Lu Terock (219) 762-7748.
