HARRY S. TRUMAN
INDEPENDENCE, MISSOURI

Dear "Cousin Louis" Polly? :-

You don't know how much indebted to you the "Boss" + I feel for all that tractor work on our walks. I wish there could be some way in which it would be possible for me to reciprocate.

We are grateful. It may have kept this old man from shoveling himself to death. Some time when we are face to face I'll tell you a Nate Bachman story about an old man in Tennessee who did work himself into nervous prostration! Thanks again Polly.

Your neighbor Harry.
