Bring your camera and meet up with a park ranger for a chance to walk around and take pictures at your National Park: the Natchez Trace Parkway! No experience is necessary, and all skill levels are welcome. Learn tips and tricks, try new angles and subjects, and have fun on a leisurely walk in the great outdoors! If you share some of your photos with us, of this or any other National Park, they may show up in a photography exhibit right here on the Parkway!

This is a free program. Program will start promptly for more shooting time. Some disposable cameras may be available to borrow on a limited basis.
