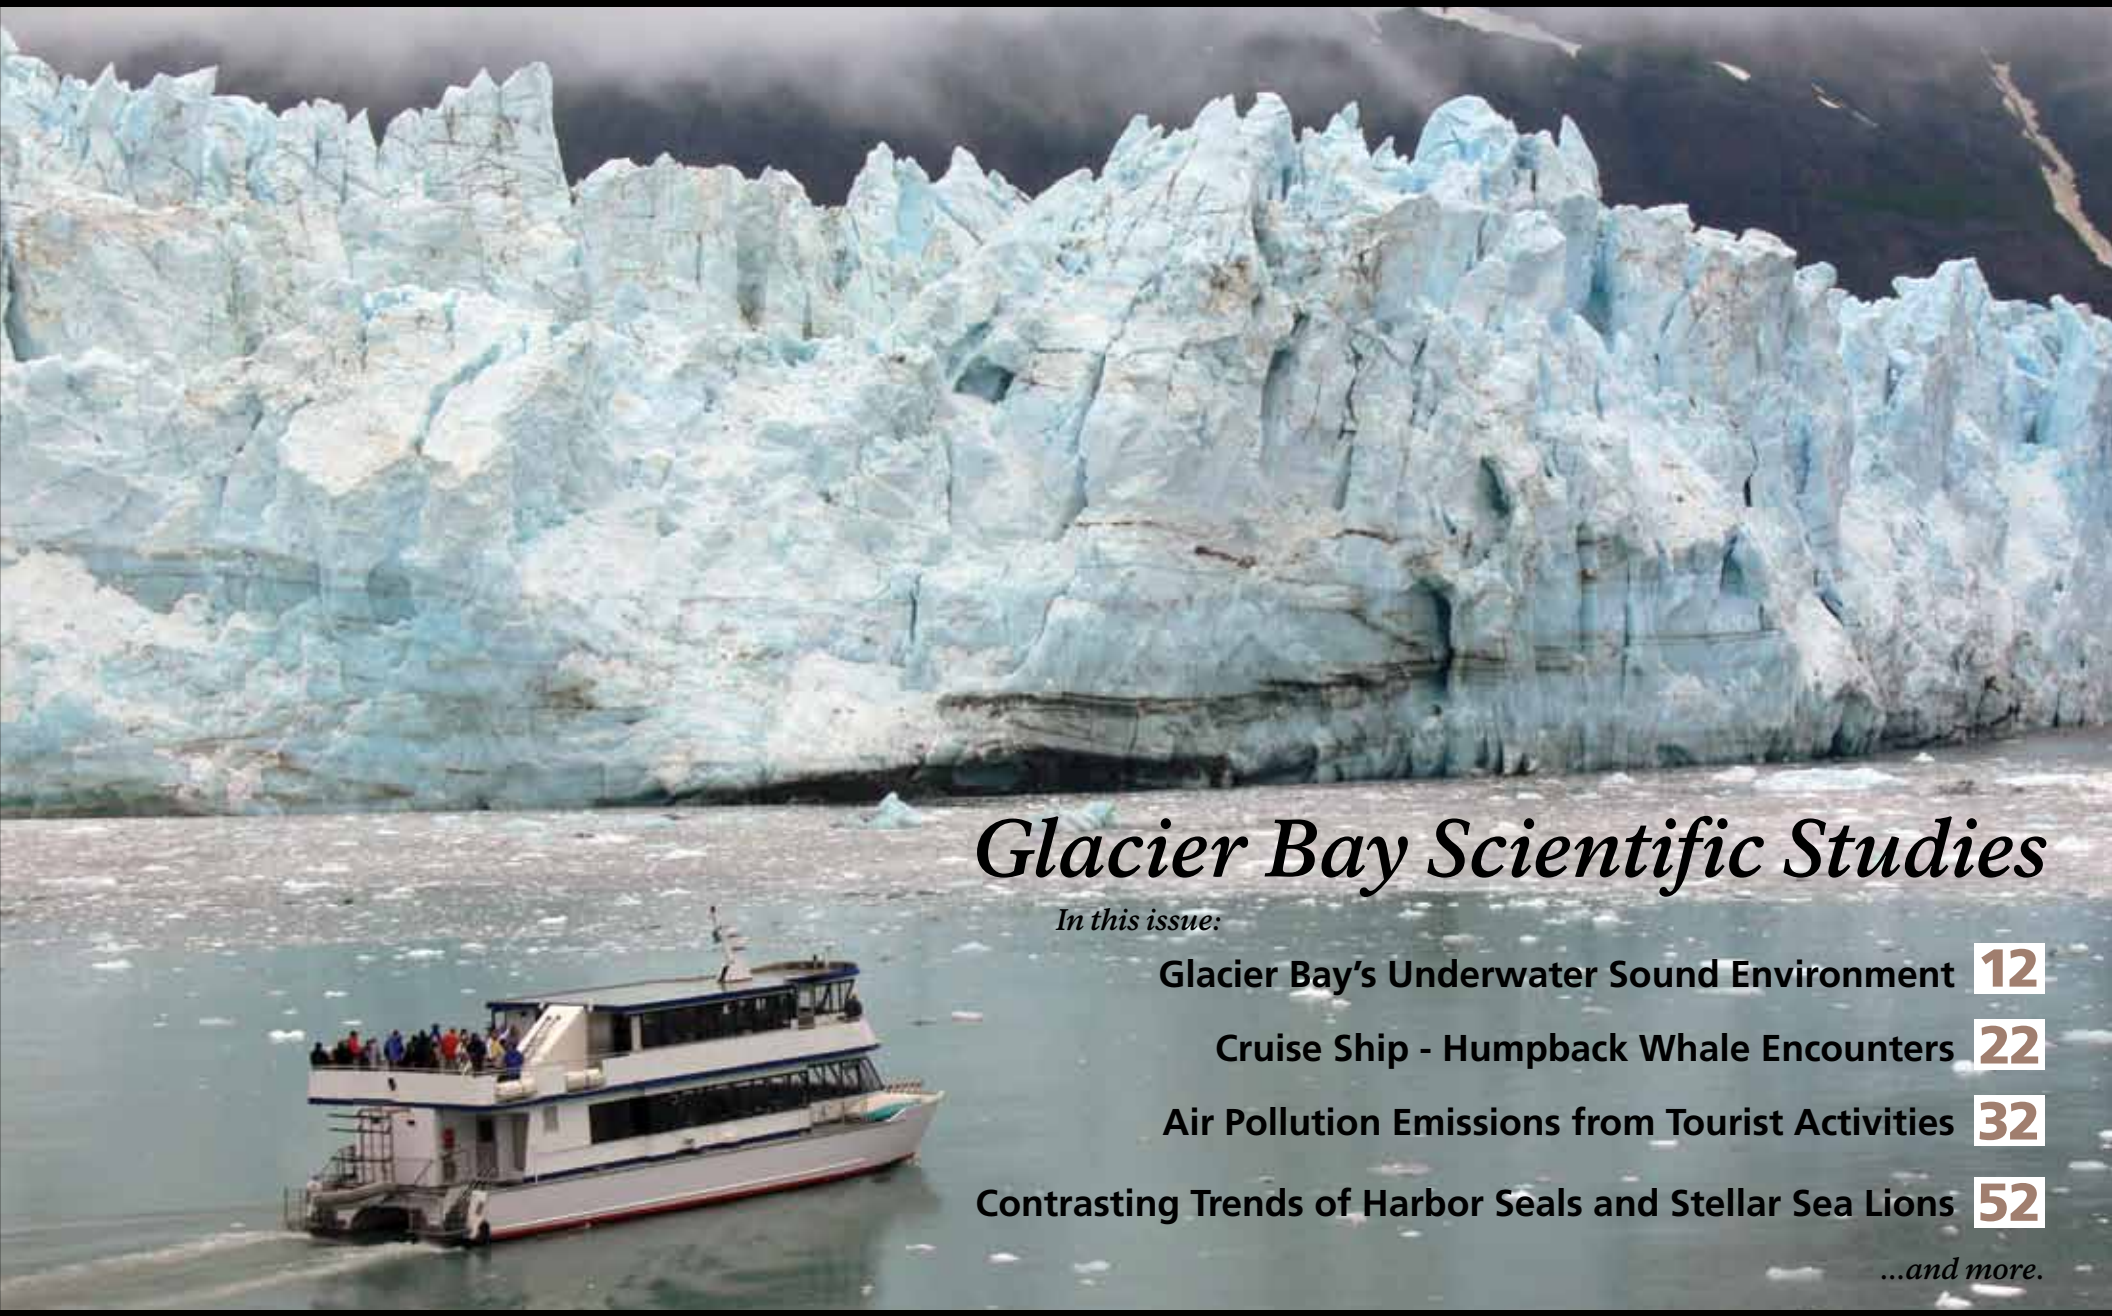
Alaska Park Science

National Park Service
U.S. Department of Interior

Alaska Regional Office
Anchorage, Alaska



Glacier Bay Scientific Studies

In this issue:

Glacier Bay's Underwater Sound Environment 12

Cruise Ship - Humpback Whale Encounters 22

Air Pollution Emissions from Tourist Activities 32

Contrasting Trends of Harbor Seals and Stellar Sea Lions 52

...and more.

Volume 9, Issue 2

Table of Contents

Introduction ____ 4

Vessels Disturb Kittlitz's Murrelets in Glacier Bay National Park and Preserve ____ 8

Glacier Bay's Underwater Sound Environment: The Effects of Cruise Ship Noise on Humpback Whale Habitat ____ 12

Using Observers to Record Encounters Between Cruise Ships and Humpback Whales ____ 18

Cruise Ship - Humpback Whale Encounters in and Around Glacier Bay National Park and Preserve, Alaska ____ 22

Effects of Cruise Ship Emissions on Air Quality and Terrestrial Vegetation in Southeast Alaska ____ 26

Air Pollution Emissions from Tourist Activities in Klondike Gold Rush National Historical Park ____ 32

Estimating Population-level Consequences to Humpback Whales Under Different Levels of Cruise Ship Entry Quotas ____ 36

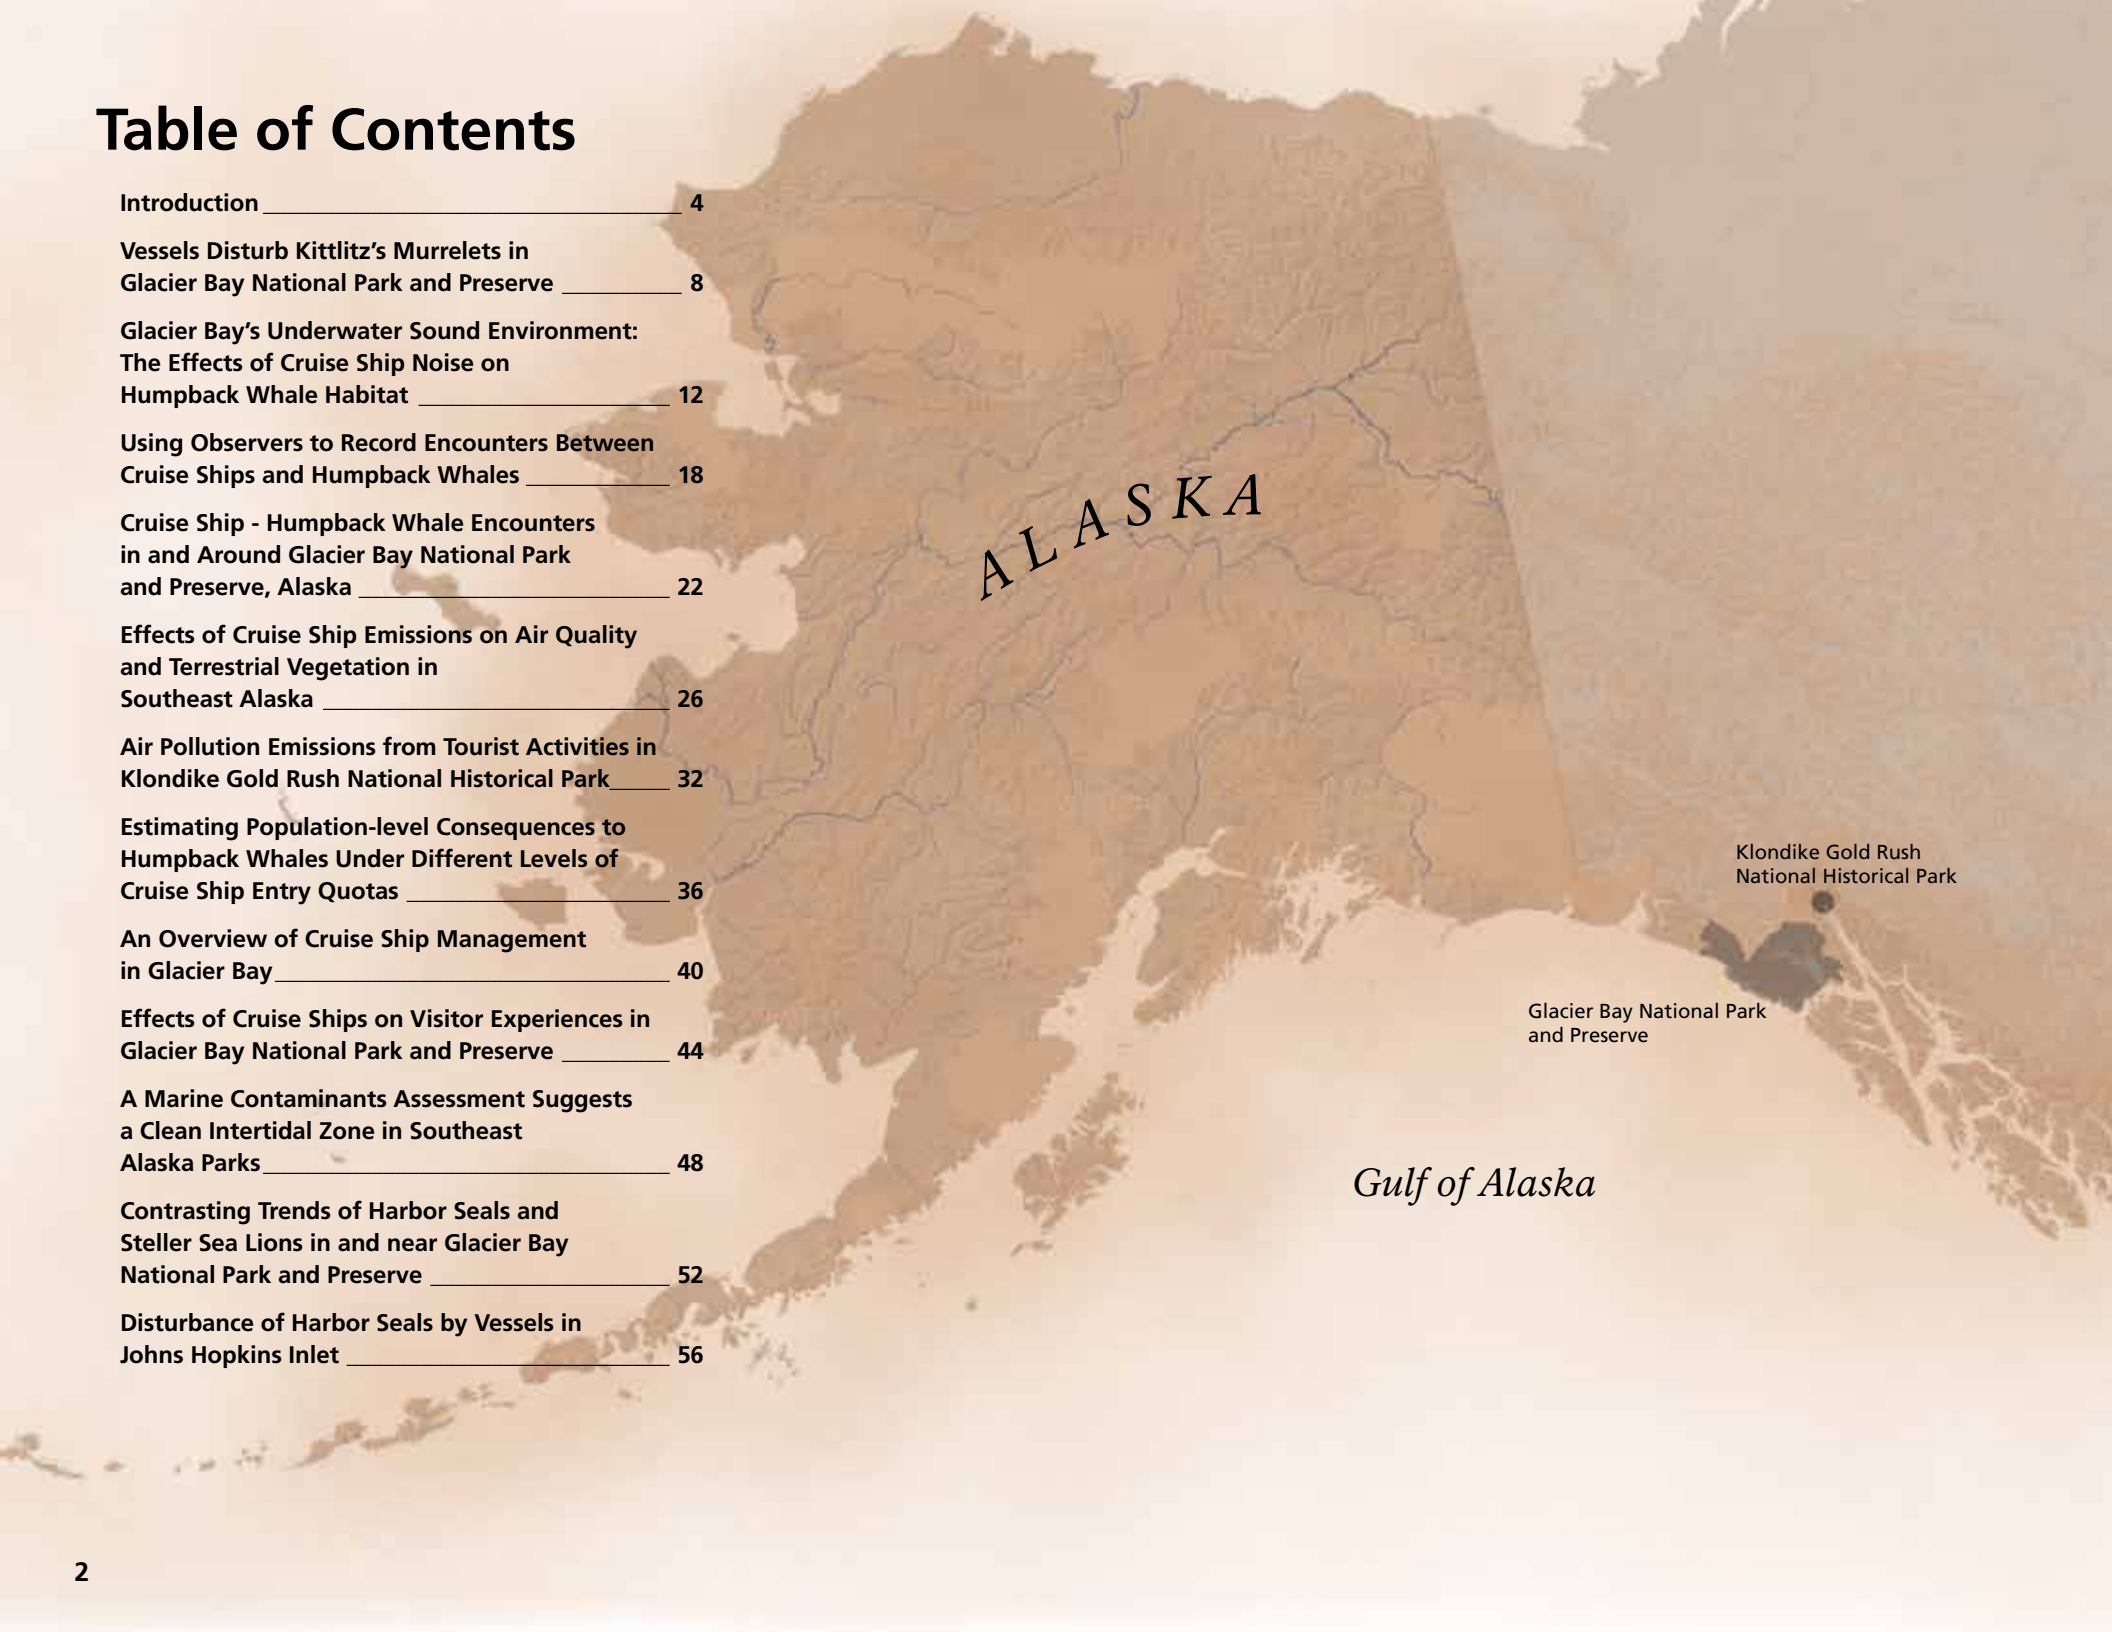
An Overview of Cruise Ship Management in Glacier Bay ____ 40

Effects of Cruise Ships on Visitor Experiences in Glacier Bay National Park and Preserve ____ 44

A Marine Contaminants Assessment Suggests a Clean Intertidal Zone in Southeast Alaska Parks ____ 48

Contrasting Trends of Harbor Seals and Steller Sea Lions in and near Glacier Bay National Park and Preserve ____ 52

Disturbance of Harbor Seals by Vessels in Johns Hopkins Inlet ____ 56



About the Authors

Alison Agness, National Marine Fisheries Service, Northwest Region Protected Resources Division.

Kevin Apgar, Chief of Concessions, Alaska Regional Office.

Andrzej Bytnerowicz, U.S. Forest Service, Pacific Southwest Research Station.

Christopher W. Clark, Cornell Lab of Ornithology, Biacoustics Research Program.

Karen Dillman, U.S. Forest Service, Tongass National Forest.

Albert Faure, Alaska Department of Environmental Conservation, Division of Water.

Mark Fenn, U.S. Forest Service, Pacific Southwest Research Station.

Adam S. Frankel, Marine Acoustics, Incorporated.

Christine M. Gabriele, Wildlife Biologist, Glacier Bay National Park and Preserve.

Linda Geiser, U.S. Forest Service, Pacific Northwest Region.

Scott M. Gende, Ecologist, Glacier Bay National Park and Preserve.

Richard Graw, U.S. Forest Service, Pacific Northwest Region.

Karin Harris, University of Washington, School of Marine Affairs.

James T. Harvey, Moss Landing Marine Laboratories.

A. Noble Hendrix, R2 Resource Consulting, Redmond, WA.

Blair Kipple, Naval Surface Warfare Center, Carderock Division.

Tomie Lee, former Superintendent, Glacier Bay National Park and Preserve.

David Nemeth, Chief of Concessions, Glacier Bay National Park and Preserve.

Julie Nielsen, University of Alaska Southeast.

Cherry Payne, former Superintendent, Glacier Bay National Park and Preserve.

David Schirokauer, Biologist, Klondike Gold Rush National Historical Park.

Jane E. Swanson, University of Washington, College of Forest Resources, Protected Area Social Research Unit.

David A. Tallmon, University of Alaska Southeast.

Mark E. Vande Kamp, University of Washington, College of Forest Resources, Protected Area Social Research Unit.

Jamie Womble, Wildlife Biologist, Glacier Bay National Park and Preserve.

Colleen Young, Moss Landing Marine Laboratories.
