Fire and Fuels Management Plan

Sequoia & Kings Canyon National Parks

Final Printing: January 2004
Annual Revision: May 2005

Table of Contents

List of Figures vii
List of Tables viii
Crosswalk Between RM-18 and This Plan ix

1 Why Write a Plan? 1-1

NEED FOR THIS PLAN 1-1

Policy 1-1
Legislative Authority 1-1
Purpose of Sequoia and Kings Canyon National Parks 1-2
Relationship to Higher-Level Planning Documents 1-3

WHAT THIS PLAN WILL DO 1-5

2 Mission, Goals, and Objectives of Program 2-1

MISSION STATEMENT 2-1

GOALS 2-1

PROGRAM OBJECTIVES 2-2

TARGET CONDITIONS 2-3

TOOLS 2-4

3 Management Toolbox: Implementation Procedures 3-1

TOOL #1 – PREPAREDNESS ACTIVITIES 3-2

Definition 3-2
Training 3-2
Fitness 3-2
Fire Prevention 3-2
Fire Readiness 3-3
Weather 3-3
Fire Danger Determination 3-3
Preparedness Staffing Plan 3-4
Staffing 3-4
Suppression Fire Response Plan 3-4

TOOL #2 – WILDLAND FIRE USE 3-6

Definition 3-6
Unplanned Fire: What do we do? 3-6
Reported Fire: What do we do? 3-7
Post-fire: What do we do? 3-8

Staffing Needs and Responsibilities 3-8
Documentation and Cost Tracking....3-9
Special Considerations 3-9

TOOL #3 – WILDLAND FIRE SUPPRESSION....3-10

Definition....3-10
Unplanned Fire: What do we do? 3-10
Reported Fire: What do we do? 3-10
Post-fire: What do we do?....3-12
Staffing Needs and Responsibilities 3-12
Documentation and Cost Tracking....3-12

TOOL #4 – PRESCRIBED FIRE....3-14

Definition....3-14
Planned Treatment - Prescribed Fire: What do we do? 3-14
Project Implementation: What do we do? 3-16
Post-fire: What do we do?....3-16
Staffing Needs and Responsibilities 3-16
Documentation and Cost Tracking....3-17
Special Considerations 3-17

TOOL #5 – MECHANICAL FUEL REDUCTION....3-18

Definition....3-18
Planned Treatment – Mechanical Treatment: What do we do? 3-18
Project Implementation: What do we do? 3-19
Post-Project: What do we do? 3-20
Staffing Needs and Responsibilities 3-20
Documentation and Cost Tracking....3-20
Special Considerations 3-20

TOOL #6 – PUBLIC INFORMATION AND EDUCATION 3-22

Goals....3-22
Other Important Fire Information References 3-22
Staffing 3-22
Key Messages....3-23
Target Audiences....3-23
Communication Methods 3-24
Education Annual Plan by Season 3-25
Evaluation 3-25

TOOL #7 – MONITORING....3-27

TOOL #8 – RESEARCH 3-29

4 Fire Management Units and the Planning Process 4-1

PROJECT PLANNING AND PRIORITIZATION....4-1

UPDATE, CERTIFICATION, AND REVIEW....4-3

Annual Update 4-3
Program Certification....4-3
Periodic Review 4-3

FIRE MANAGEMENT ZONES AND UNITS 4-11

5 Protection of Sensitive Values 5-1

GIANT SEQUOIA ISSUES: MANAGEMENT AND PROTECTION....5-1

Special Management Areas (SMAs)....5-1
Trees of Special Interest 5-3
Objectives....5-3
On-the-Ground Techniques 5-4
Other Special Considerations for Giant Sequoia Management....5-5

CULTURAL RESOURCES....5-7

General Fire Effects 5-7
Potential Impact Sources....5-8
General Mitigation Process....5-8

WILDERNESS....5-9

WILD AND SCENIC RIVERS....5-10

6 Organization and Responsibilities 6-1

ORGANIZATION ROLES AND RESPONSIBILITIES....6-1

Superintendent....6-1
Chief of Fire and Visitor Management 6-2
Chief of Natural Resources 6-2
Fire Management Officer 6-2
Fire Budget Assistant....6-2
Communications Center/Cache Manager (Supervisory Dispatcher) 6-2
Fuels Management Specialist 6-3
Sequoia District FMO....6-3
Kings Canyon District FMO 6-3
Cache Manager....6-3
Natural Resource Management Specialist 6-4
Fire Ecologist....6-4
Air Quality Management Specialist....6-4
Fire GIS Specialist....6-4
Fire Information and Education Specialist....6-4

FIRE MANAGEMENT FUNDING 6-5

INTERAGENCY COORDINATION AND CONTACTS....6-5

7 Firefighter and Public Safety.... 7-1

FIRE FIGHTER SAFETY 7-1
Safety Committee 7-1
Wildland Fire Program 7-1
Aviation Program 7-2
Structure Fire Program 7-2
PUBLIC AND EMPLOYEE SAFETY 7-2

8 Description of the Parks 8-1

LOCATION AND GEOGRAPHY 8-1
GEOLOGY AND TOPOGRAPHY 8-2
SOILS 8-3
CLIMATE 8-3
VEGETATION 8-4
WILDLIFE 8-5
AQUATIC RESOURCES 8-6
SENSITIVE SPECIES 8-7
AIR RESOURCES 8-7
CULTURAL RESOURCES 8-8
Prehistoric Resources 8-9
Ethnographic Resources 8-9
Historic Resources 8-9
DEVELOPMENTS AND INFRASTRUCTURE RESOURCES 8-9

9 Historic Role of Fire 9-1

PRIOR TO EUROAMERICAN SETTLEMENT 9-1
Fire Regimes 9-2
POST-EUROAMERICAN SETTLEMENT CHANGES 9-9

10 Wildland Fire Management Situation 10-1

FIRE SEASON AND HISTORICAL WEATHER SUMMARY 10-1
WILDLAND FUELS AND FIRE BEHAVIOR 10-2
EFFECT OF FIRE SUPPRESSION ON WILDLAND FUELS 10-3

CONTROL PROBLEMS 10-4

FIRE MANAGEMENT HISTORY 10-5

Sources of fires 10-5
Fire Suppression 10-5
Prescribed Burning 10-6
Wildland Fire Use 10-6
