Approved:

Thomas E. Ross, Superintendent

June 1, 2013
Date

In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following provisions apply to all lands and waters administered by the National Park Service, within the boundaries of Sagamore Hill National Historic Site. Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

Written determinations, which explain the reasoning behind the Superintendent's use of discretionary authority, as required by Section 1.5(c), appear in this document identified by italicized print.

36 CFR §1.5 – VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

(a)(1) The following visiting hours and public use limits are established for all or for the listed portions of the Park, and the following closures are established for all or a portion of the Park to all public use or to a certain use or activity:

Visiting Hours:

All Park areas, not otherwise closed to public use, will be open to public use according to a schedule of visiting hours which vary seasonally, as follows:

The Park's grounds are open from sunrise to sunset every day.

The Visitor Center is open from 9:00am to 5:00pm – seven days per week, Memorial Day through Labor Day - Wednesday through Sunday, Labor Day through Memorial Day - and CLOSED on January 1st, Thanksgiving Day and December 25th.

Guided tours of the Theodore Roosevelt Home are offered on the hour from 10:00am – 4:00pm seven days per week, Memorial Day through Labor Day - Wednesday through Sunday (five days per week), Labor Day through Memorial Day - and CLOSED on January 1st, Thanksgiving Day and December 25th.

The Old Orchard Museum is open from 10:00am to 5:00pm – seven days per week, Memorial Day through Labor Day - Wednesday through Sunday, Labor Day through Memorial Day - and CLOSED on January 1st, Thanksgiving Day and December 25th.

Administration offices are open from 8:00am to 4:00pm, Monday through Friday, year round. Administration offices are CLOSED on federal holidays.

The Park and all of its facilities, including vehicle use and use of the grounds, is closed year round between sunset and sunrise. No overnight parking or camping are permitted.

Public Use Limits:

All areas of the Park, not otherwise closed to public use, will be open to public use with the following limits that are deemed necessary for safety and security:

Any or all areas may be closed to public use or a special use permit may be cancelled at the discretion of the Superintendent or his/her designee when an emergency or potentially hazardous condition exists.

The maximum Park capacity shall not exceed 1,500 visitors at any one time except at the discretion of the Superintendent or his/her designee.

The park is located on a dead end road and has limited parking capacity. The designated parking area can only hold 100 vehicles and the surrounding fields and pastures can only hold 200 vehicles. Based on the size of the site, the limited parking capacity, and the other location factors, total visitor capacity of 1,500 at any one time is in the best interests of public safety.

The Roosevelt Home is available by guided tour only. Guided tours are limited to fourteen persons.

Public spaces in the historic home are limited due to narrow hallways and stairways which contain original historic fabric and furnishings. Visitor numbers are limited to preserve and protect the structure and its contents and to ensure that visitors have a safe and informative experience.

All school groups consisting of fifteen or more students who are under the age of eighteen shall be accompanied by a minimum of one chaperon for every 10 students, during the group visit. Chaperones must be a minimum of eighteen years of age. Students found without their chaperon may be removed from the Park.

Chaperones on a 1:10 ratio are required to be with students to ensure that park rules and regulations are followed and that all students have a safe and educational visit to the site.

Disorderly persons or groups may be removed from the Park and prevented from returning to the Park on the day they are removed.

One of the park's primary missions is to provide a safe space to be used and enjoyed by the American people. Disorderly persons or groups who infringe on the use and enjoyment of other park visitors or threaten the safety of themselves or other visitors will be removed from the park. Additionally, disorderly activities that are incompatible with the operation of a museum are not permitted.

One of the park's primary missions is to preserve and protect the site and its museum collections for future generations to enjoy and experience. Any activity that negatively impacts the park's natural and cultural resources is not permitted. Accordingly the following activities are prohibited:

Climbing over, under or around railings, gates, doors, stanchions and lines, barricades or other physical barriers used to control public access is prohibited.

Marking trees, benches or structures by inscribing with a sharp instrument or by drawing with ink or paint is prohibited.

It is prohibited to sit, stand upon or climb any wall, fence, refuse receptacle, tree or exhibit.

Touching the furnishings or objects in the Theodore Roosevelt Home is prohibited.

It is prohibited to consume food or drink in public areas inside of all buildings in the Park.

Picnicking is prohibited in all areas other than the picnic area behind the Visitor Center.

The park's lawns, fields and pastures are part of a significant historical cultural landscape and are therefore inappropriate for picnicking. The same is true for the nature trail and Roosevelt Beach area which abuts the Oyster Bay National Wildlife Refuge.

Coolers, umbrellas and/or shelters, children's beach toys, sunbathing and any other activity typical of a recreational beach is prohibited at the Roosevelt Beach.

The park's natural area, nature trail, marsh and beach are part of a significant cultural and natural landscape which shares a boundary with the Oyster Bay National Wildlife Refuge, administered by the US Fish and Wildlife Service. The Roosevelt Beach area is for passive recreation only, including wildlife viewing; enjoyment of the natural scenery; and connection to nature. Any activity that negatively impacts this experience is prohibited.

Visitors are prohibited from entering the Roosevelt home with bags or packages exceeding 11" x 15".

Museum security professionals recommend that parcels larger than 11"x15" be prohibited from museums as a standard security practice.

Closures:

The following areas of the Park shall be, for safety and security purposes, closed to all public use:

- Park staff residential areas
- Maintenance area
- Staff office areas of Old Orchard Museum and the Roosevelt Home

Access to any of the above areas is permitted only with the permission of the Superintendent or his/her designee.

Government vehicles may park in all areas otherwise designated no parking. Also, government employees, in the performance of their official duties, may park private vehicles temporarily in those areas to facilitate the park operation.

(a)(2) The following restrictions and/or conditions are in effect for the specific uses or activities noted:

The landing of fixed wing or rotary aircraft, except in emergencies involving public safety or serious property loss, is prohibited pursuant to 2.17(a)(1).

The delivery or retrieval of a person or object by airborne means except in emergencies involving public safety or serious property loss or under conditions of an incidental business permit is prohibited pursuant to 2.17(a)(3).

Photography, of any sort, or the use of audio recording devices inside the Theodore Roosevelt Home , during times open to public use, is prohibited, except under the provisions of a permit. Cameras or tripods used outdoors, anywhere in the Park may not obstruct public use or pedestrian flow or present a safety hazard at any time. Photography equipment used inside the Old Orchard Museum may not obstruct public use or pedestrian flow or present a safety hazard at any time in the museum.

One of the park's primary missions is to preserve and protect the park and its museum collections for future generations to enjoy and experience. Filming, photography and audio recording inside the Roosevelt Home presents a safety hazard to visitors and staff, is distracting to visitor experience and may be damaging to the historic collections and fabric of the home.

The playing of organized baseball, football, soccer, Frisbee, hackisac, catch or similar recreational activities is prohibited, except if authorized by the Park Superintendent or his/her designee.

The use of a bicycle is only permitted in the Visitor Center parking lot and the Old Orchard access road.

Maintenance of the manicured landscape as well as nature trails is crucial for interpreting the cultural landscape and fulfilling the park mission. Bicycling and playing organized sports is incompatible with preservation maintenance as well as the safety of visitors/pedestrians.

Downhill skiing, ice skating, sledding, inner tubing, and tobogganing are prohibited throughout the park

These activities are prohibited to ensure visitor safety and to and protect the natural and cultural resources of the park.

The use of Segway personal transporters and similar devices is permitted on all paved surfaces at speeds not exceeding a walking pace. Such mechanized transportation devices are not permitted inside buildings. Segway personal transportation devices are not designed; approved or marketed as motorized wheelchairs, and are not considered such.

The use of off-road motor vehicles is prohibited in the park.

Public parking for the purpose of visiting Park facilities or using Park resources or for individuals conducting business with the Park is permitted in the Visitor Center parking lot.

Passenger carrying buses must park in the designated bus parking area in the Visitor Center parking lot. Bus engines must shut down when not underway.

The idling of bus engines adds unnecessary exhaust fumes to the air and diminishes the enjoyment by visitors of the peace and tranquility of the park.

Employees, agents and contractors of the Park may park private vehicles in the parking lot located adjacent to the Old Orchard Museum, except as provided in 36 CFR 1.5 (a) (1) Park Area Closures above.

(a)(3) The following restrictions, limits, closures, designations, conditions, or visiting hour restrictions imposed under §§(a)(1) or (2) have been terminated:

None
