Schedule of Events

Don't Miss **Friday May 13th Bat Chat! 7:30-9:45 at WES Camp**

Meet scientists that are studying these creatures of the night! Be prepared for a half hour evening discussion with scientists, followed by a trapping session starting at sunset to meet the bats in your neighborhood! Bring water and a flashlight or headlamp, and a camp chair if desired. For the best chance of seeing wild bats, expect 1.5-2.5 hours.

Time	Activities at WES Camp	Naturalist Walks		Demonstrations	Presentations
