Mr West & I finished building fence for a while at least. We built wire fence on the Magpie lode running North & South. Father took the two visitors that were here last night in the cave again today. One of them discovered a Tarrie Palace in Crystal Palace between the 2nd & 3rd division. They took a photograph of some specimen of ours this afternoon.

I got to work in the Lost Cabin drift at about 9:30 this morning but found nothing worthy of note. I struck the face of mineral at about 4:30 this afternoon and found it well charged with shiny truck. I have about 1200 lbs. of ore saved. When I came home I met J Francis Harris & took him to Castle Garden (& return) in the evening (645 [illegible] 11:10
