### Sweep the Hooch

1 Day, 18 Sites, and TONS OF TRASH!  
April 14, 2012 – 9 a.m. to 1 p.m.

[Registration is now open! Click here.](#)

We are gearing up for another BIG cleanup on April 14!!! While it's obvious to most that river cleanups improve the quality of our water, we've discovered that they do much more than that. Cleanups are also a great way to develop a sense of river community – this is your chance to volunteer and be part of this community. Our inaugural cleanup resulted in 3.3 tons of trash (including 1,500 pounds recyclable material) – all with the support of more than 360 volunteers!

UCR, National Park Service and Trout Unlimited have joined together to organize this multi-site cleanup within the 48 miles of the Chattahoochee River National Recreation Area (CRNRA). We will be tackling 11 Park Units and paddling seven segments. Each site has a capacity and will close once we reach that capacity – so register early! All volunteers will receive a Sweep the Hooch T-shirt! [Visit our Facebook page](#) and "Like" us.

#### VOLUNTEER ASSIGNMENTS:

Our volunteers are appropriately labeled Walkers, Waders, and Paddlers.

**WALKERS** are land based volunteers who will pick up trash and perform trail maintenance. At some sites, walkers will specifically target invasive non-native vegetation (such as privet).

The following locations are available for walkers: Suwanee Creek, Island Ford, Gold Branch, Johnson Ferry, Cochran Shoals/Powers Island, Sope Creek and Whitewater Creek.

**WADERS** are volunteers equipped with waders or wading boots and are needed at select sites. These volunteers will
