

# Schoodic Hemiptera Blitz

---

---

*Join us in our 6<sup>th</sup> year cataloguing biodiversity in Acadia National Park!*

This intensive survey will focus on **TRUE BUGS** occurring in the park, using a wide variety of sampling techniques. Interested individuals and amateur and professional naturalists are welcome to participate. The BioBlitz will run:

**12:30 p.m. Saturday to 12:30 p.m. Sunday, August 9–10, 2008**

Additional sessions:

Friday evening - Introduction & Orientation

Saturday morning - Hemiptera Collecting Workshop

Monday - ID & Cleanup

Sunday morning - BioBlitz for Beginners (optional public program)

The BioBlitz will be headquartered at the National Park Service's Schoodic Education and Research Center, in the Schoodic section of Acadia National Park. The park is subsidizing lodging costs, but there are modest registration and meal fees to cover the **direct** costs of the event. Lodging space is limited and available on a **first-come, first-served** basis. Registration is due by **July 8, 2008**. For more BioBlitz information or a registration form, please visit Acadia National Park's website at:
