Blue signifies Seawall Campground Amphitheater located on Route 102A south of Southwest Harbor.

Green signifies Blackwoods Campground Amphitheater, located on Route 3 south of Otter Creek.

## Program Descriptions

### Acadia Rocks!

Unearth how volcanism, glaciation, and other geologic processes shaped Acadia's landscape.

### Artistic Visions of Acadia

The beauty of Acadia has drawn artists to its shores since the early 1800s. Explore their visions of the park and compare it with your own.

### The Amazing Beaver

Get to know one of the park's most interesting, intelligent, and innovative creatures. See how they live and how their lives might affect ours.

### Marshes, Mudflats & More

Leave your rubber boots and nets behind as we explore the special characteristics and inhabitants of wetlands protected in Acadia.

### National Parks in the Sky

With some of the darkest night skies in the eastern United States, Acadia is a great location to view the wonders of space. If there were national parks beyond planet Earth, where would they be? Come on a journey to find out!

### Native Americans & Acadia

The rich resources of Acadia have drawn Native people here for thousands of years. Learn the archaeology and Native history of Acadia's past and present.

### Natures Gifts: Our National Parks

Learn more about the fascinating origin of our national parks, described by some as "the best idea America ever had."

### The Pathbuilders: Acadia's Trails through Time

Delve into the passion of the past, present, and future of Acadia's trails. Enlighten your hiking experience by exploring the creation, construction, and maintenance of Acadia's historic paths.

### Picture Acadia

The photographs you take today will become tomorrow's memories. Learn when, where, and how to capture Acadia's beauty and make your memories worth sharing with others.

### Silent Invasion

Acadia is being invaded! Come discover who these unwelcome intruders are and what you can do about it.

### Sounds of Acadia

Listen and learn about the beautiful and bizarre sounds in Acadia National Park. Be prepared to join the chorus!

### Voyage under the Sea

Explore the underwater world just off Acadia's shore. Hidden beneath the ocean are mountains, valleys, and basins inhabited by communities of creatures every bit as diverse as their counterparts on land.

### The Unseen World

Discover how, when, and where to explore Acadia to see some of the park's common, but often overlooked, beauties.
