Program Descriptions

Acadia Namescapes

Discover how Acadia's natural and cultural history is revealed through names on the map.

Dissecting a Park

Take a look at the significance of past and ongoing research at Acadia National Park.

Marshes, Mudflats, and More: Acadia's Wetlands

Leave your rubber boots and nets behind as we explore the wetlands protected in Acadia. Discover their special characteristics and the animals and plants that call these areas home.

Natures Gifts: Our National Parks

Learn more about the fascinating origin of our national parks, described by some as "the best idea America ever had."

Paradise Downeast

Explore the lure, both past and present, of Acadia and Mount Desert Island. Bring paper and a pen if you have them.

A Trip Back in Time

Learn about the earliest European settlement north of St. Augustine, Florida, and how it influenced Acadia National Park.

The Unseen World

Discover how, when, and where to explore Acadia to see some of the park's common, but often overlooked, beauties.

In addition to these Blackwoods Campground evening programs, rangers also lead the Beavers' World program at dusk several times a week. Check the park newspaper, the Beaver Log, for time and reservation information.
