Have you received an approved Academic Fee Waiver in the past? Yes No

- Criteria One: Eligibility** – National or international applicants must prove they are a school or bona fide academic institution by submitting one of the following types of documentation: a statement confirming educational or scientific tax exemption from the IRS, or national, state or local tax authority; or, a statement from a bona fide academic institution that meets one of these eligibility standards confirming that the group visiting for the purpose of providing transferable academic credit based on a curriculum; or, a statement confirming accreditation or recognition as an educational institution from a qualified national, regional state or local authority.
- Criteria Two: Educational Purpose** – Applicants must provide written statement confirming that the visit supports a specific curriculum for which academic credit is offered. If the group is on a commercial tour, the applicant must state how the tour supports the curriculum. In addition, it is the responsibility of the school group to submit the request for academic fee waiver, not the commercial tour company.
- Criteria Three: Relevance of Park Resources** – Applicants must provide a written explanation identifying the park resources and/or facilities that will be used to support the educational purpose of the visit, and how they are relevant to that purpose.

I understand the Code of Federal Regulations allows for fee waivers only for bona fide educational and/or scientific institutions that are using the park for educational purposes. I hereby certify that the above detailed trip meets these requirements and therefore request that fees be waived. Current official documentation of recognition as an educational or scientific institution is attached.
