treadlightly!<sup>®</sup>  
ON LAND AND WATER

Learn about Big Cypress National Preserve and Tread Lightly philosophy, while riding *your own permitted off road vehicle* along with a park ranger.

Big Cypress offers the unique experience of using an off road vehicle to explore one of the nation's national preserves managed by the National Park Service. Discover the land through the stories of past residents, plus learning about the unique plants and animals that call the preserve home.

Learn how off road vehicles connect to the land and how you can contribute to its health, while continuing a tradition of responsible recreation at Big Cypress National Preserve.

The Tread Lightly program promotes responsible outdoor recreation through ethics, education and stewardship for the land.
