

The National Park Service seeks students, professionals, and other individuals from numerous academic disciplines and trades for a wide variety of internship, seasonal, and permanent positions available throughout the nation. Since its inception in 1916, the National Park Service has been dedicated to the preservation and management of this country's outstanding natural, historical, and recreational resources. Today, the National Park Service encompasses more than 380 sites across the United States and in Guam, Saipan, Samoa, Puerto Rico, and the Virgin Islands. There are parks of great natural beauty and grandeur, such as the Grand Canyon, Denali, and Yellowstone; parks that preserve the nation's cultural and historical treasures, such as the White House, Brown v. Board of Education, Mesa Verde, and Gettysburg Battlefield; and parks of significant national beauty along seashores, lakeshores, and riverways, providing opportunities for outdoor activities, such as Cape Hatteras, Assateague Island, and Lake Mead.

Student Employment

Students are provided the opportunity to apply for federal jobs through the Student Educational Employment Program. The **Student Educational Employment Program (SEEP)** has two components: **Student Temporary Employment** and **Student Career Experience**. It is available to all levels of students: high school, vocational and technical, associate degree, baccalaureate degree, graduate degree, and professional degree students. Students may be employed year-round with flexible schedule of work assignments.

Student Temporary Employment Component

Job opportunities under this component offer you temporary employment. Employment can range from summer jobs to positions that can last for as long as you are a student. These employment opportunities need not necessarily be related to your academic field of study.

Student Career Experience Component

Valuable work experience directly related to academic field of study is offered to students through this component. It provides formal periods of work and study while the student is attending school. It requires a commitment by the student, the school, and the National Park Service. After successfully completing education and work requirements, the student may be offered a permanent Federal job.

Eligibility Requirements

Students are eligible under the SEEP if they are:

- A student enrolled or accepted for enrollment as a degree-seeking student (diploma, certificate, etc.).
- At least 16 years of age.
- Taking at least half-time academic or vocational and technical course load in an accredited high school, 2 or 4 year college, university, graduate or professional school.
- A U.S. Citizen.

Application Information Needed

- Proof of school enrollment
- Resume or application form
- Current transcript
