Create an exciting and innovative learning experience for your students by incorporating Carl Sandburg into your classroom studies. Whether you are teaching Social Studies, Language Arts or History, Carl Sandburg Home National Historic Site can provide you with a wide variety of teaching and learning opportunities. From hands-on classroom activities, online learning resources and in-park field trips, this workshop will give you the tools you need to teach your students about one of the most famous American writers of our time, all while making learning exciting and valuable for your students. These workshops were supported by a grant from the National Park Foundation through the generous support of the Unilever Company.
