Marisa,

Copied below are the plans you requested. I need to add the other contacts for the night security and I will bring the site plan tomorrow. Please let me know if you require anything more.

Margaret

Travel and Evacuation Plan

Participants are arriving in the days before and up to October 6 by plane, train, bus, car, walking and bike. Some are staying in local hotels and with friends. October2011.org is not arranging transportation for participants. This is being done independently and all participants are responsible for finding legal parking for their vehicles.

All participants are encouraged to park any buses or cars at outlying metro stations and all participants are encouraged to use public transportation. There is information about public transportation listed on the october2011.org website. As we say on the website: "It is easiest and least costly to park outside the city and travel using the Washington, DC metro system."

In addition to Metro Center being nearby, with multiple entrances, other nearby Metro stations within walking distance include McPherson Square, Federal Triangle, China Town/Gallery Place and National Archives/Navy Memorial. This gives people access to the Blue, Green, Orange and Yellow Metro lines. These metro stations are the most rapid way to evacuate the downtown DC and we will provide maps to these stations if an evacuation is required.

Medical Plan

A medical tent will be present in Freedom Plaza and staffed by health professionals including EMTs, nurses and physicians between the hours of 8 am and 10 pm. Basic first aid equipment will be on hand. The DC ambulance service has been alerted about the event and has agreed to have a vehicle stationed nearby for easy access to Freedom Plaza. The medical team will have a VHF radio on hand to communicate with the DC ambulance service. Mark Pavlick of the George Washington Hospital Center Emergency Room, who is also a trained DC medical volunteer, is the contact person for the DC Ambulance Service. Medical volunteers will be identified by bright yellow T-shirts which have "First Aid" written on them.

Peacekeepers (Marshals)

The peacekeepers are being provided by Veterans for Peace, other veterans' organizations and those persons trained in nonviolence. They have had one training session in Portland, OR in August and will have further training on October 5 in the afternoon in Washington, DC.

The functions of the Peacekeepers are to:

1. Provide guidance to participants in maintaining safe, peaceful and orderly conduct.
2. Identify persons who may carry weapons, threaten violence or instigate violence, isolate those persons if necessary and alert police.
3. Assist with any necessary mobilization of persons to other areas in the case of emergency.
4. Provide overnight security, a minimum of 3 persons in Freedom Plaza overnight.

Peacekeepers will wear green sweatshirts or T-shirts with "Peacekeeper" written on them.

Peacekeepers will communicate with each other using cell phones and a mass texting service. Peace keepers will communicate with the crowd using megaphones and "call and response"

techniques.

Subject: Permit and MPD SOD - October2011 Movement - Freedom Plaza - 10/5-10/10

History: This message has been replied to.

Dear Ms. Richardson:

Kevin Zeese and Margaret Flowers (whom you have been working with on the permit for the above mentioned activity) have asked me to communicate with you regarding parking issues and the MPD SOD. I spoke with Officer Jaffe yesterday at MPD SOD and he informed me that there was no one in his office working with the NPS on our permit and consequently, no one working on our parking/transportation needs associated with our First Amendment Assembly activities on Freedom Plaza. Officer Jaffe also told me that he did not see a permit from NPS in his office from the NPS for our organization.

I have attached our letter to the MOD SOD, which has not been sent to that office, because there is no one there assigned to work with the NPS on this. The letter outlines our parking needs which will require the MPD SOD to put up no parking signs at the locations, dates/times outline in the letter. Since we are getting very close to October 5, we need to finalize the permit with the NPS as well as the coordination required between your office and the MPD SOD.

Please coordinate our parking/transportation needs with the MPD SOD. We would appreciate it if you let us know the status of this request as soon as possible.

Thank you for your help.

Re: National Park Service Permit # _____
October 2011 Movement
First Amendment Assembly in Freedom Plaza from 10/5 at 7:00pm to 10/10 at 2:00pm

Dear _____:

We are in the process of obtaining the necessary permit for the above-captioned activity from the National Park Service for the continuous use of Freedom Plaza from 7:00pm on Wednesday, October 5 to 2:00pm on Monday, October 10.

We require the use of MPD jurisdiction for the purpose of transportation and parking to facilitate this First Amendment Assembly in Freedom Plaza. More specifically, we anticipate the following:

We will park a water buffalo (water truck) alongside Freedom Plaza on E St. close to 14th St. or on 14th St if possible between Pershing Park and Freedom Plaza for the four days from approximately 10 am on 10/6 to approximately 10 am on 10/10. This is an 18-wheeler. This vehicle is necessary to provide drinking water to the participants for the duration of the activity. We will need "no parking" signs to be placed in advance of the event to ensure that there is sufficient space for this vehicle.

We anticipate small cargo and passenger vans dropping people and items off at Freedom Plaza, using the curb lanes along Pennsylvania Ave (both north and south of Freedom Plaza) and E Street NW for the four days from 10/6-10/9. This will occur at various times throughout the day and evening.

We will need to park for 1-2 hours on the evening of 10/5 a delivery truck (18 wheeler) to unload stage equipment. This will be in the area of Pennsylvania Ave. & 13th St. NW. The truck will return to pick up the stage on the morning of 10/10 before 12 noon. The stage will be placed in Freedom Plaza on the east side of the plaza just above the statute of Gen. Pulaski.

We will need to park for 1-2 hours on the morning of 10/6 a delivery truck (18 wheeler) to unload porta sans. This will be in the area of Pennsylvania Ave. & 14th St. NW. The truck will

return to pick up the porta sans on the morning of 10/10 before 12 noon. The porta sans will be placed on Freedom Plaza near 14th St. on the northwest side of the plaza.

Since we just found out about the need for your involvement, please let me know as soon as possible what other information you may need and what we can do to facilitate the completion of this process. We are available at any time to discuss these plans by phone or in person at your office. Thank you.

Sincerely yours,

Maria Allwine, Organizer

Dear Marisa,

Thank you for your willingness to work with us. We appreciate the respect that you and your colleagues have shown us.

Kevin and I would like to request an extension of our current permit for Freedom Plaza for the maximum period of time with the same conditions that we have in the current permit. Please let me know if this is a possibility and what we need to do to make this happen.

History This message has been replied to.

Dear Marisa,

Do we need to add that we will have a donation bucket in the office tent as we discussed in our last meeting? We will follow NPS rules of having it fixed, opaque and closed.

And do we need to add that we will have 3 10x10 tents and 1 enclosed tent which was also discussed in the last meeting? They are on the site plan.

Otherwise, it looks fine.

Thank you,
Margaret

History This message has been forwarded

Marisa,

Copied below are the plans you requested. I need to add the other contacts for the night security and I will bring the site plan tomorrow. Please let me know if you require anything more.

Margaret

Travel and Evacuation Plan

Participants are arriving in the days before and up to October 6 by plane, train, bus, car, walking and bike. Some are staying in local hotels and with friends. October2011.org is not arranging transportation for participants. This is being done independently and all participants are responsible for finding legal parking for their vehicles.

All participants are encouraged to park any buses or cars at outlying metro stations and all participants are encouraged to use public transportation. There is information about public transportation listed on the october2011.org website. As we say on the website: "It is easiest and least costly to park outside the city and travel using the Washington, DC metro system."

In addition to Metro Center being nearby, with multiple entrances, other nearby Metro stations within walking distance include McPherson Square, Federal Triangle, China Town/Gallery Place and National Archives/Navy Memorial. This gives people access to the Blue, Green, Orange and Yellow Metro lines. These metro stations are the most rapid way to evacuate the downtown DC and we will provide maps to these stations if an evacuation is required.

Medical Plan

A medical tent will be present in Freedom Plaza and staffed by health professionals including EMTs, nurses and physicians between the hours of 8 am and 10 pm. Basic first aid equipment will be on hand. The DC ambulance service has been alerted about the event and has agreed to have a vehicle stationed nearby for easy access to Freedom Plaza. The medical team will have a VHF radio on hand to communicate with the DC ambulance service. Mark Pavlick of the George Washington Hospital Center Emergency Room, who is also a trained DC medical volunteer, is the contact person for the DC Ambulance Service. Medical volunteers will be identified by bright yellow T-shirts which have "First Aid" written on them.

Peacekeepers (Marshals)

The peacekeepers are being provided by Veterans for Peace, other veterans' organizations and those persons trained in nonviolence. They have had one training session in Portland, OR in August and will have further training on October 5 in the afternoon in Washington, DC.

The functions of the Peacekeepers are to:

1. Provide guidance to participants in maintaining safe, peaceful and orderly conduct.
2. Identify persons who may carry weapons, threaten violence or instigate violence, isolate those persons if necessary and alert police.
3. Assist with any necessary mobilization of persons to other areas in the case of emergency.
4. Provide overnight security, a minimum of 3 persons in Freedom Plaza overnight.

Peacekeepers will wear green sweatshirts or T-shirts with "Peacekeeper" written on them.

Peacekeepers will communicate with each other using cell phones and a mass texting service. Peace keepers will communicate with the crowd using megaphones and "call and response" techniques.

Contact information for those in charge of overnight security:

Subject Addendum to permit for Freedom Plaza Oct 5 to 9

History: This message has been replied to and forwarded.

Dear Marisa,

We are writing to let the National Park Service know that we will be erecting a shanty town in the Arts area on Freedom Plaza in Washington, DC in lieu of holding a class or committee meeting there. This is central to our Freedom of Speech and Assembly action in that the United States has seen record foreclosures and bankruptcies, as well as extreme levels of unemployment which are under-reported in official statistics.

The financial stress of Americans shows itself in many ways (e.g., indebtedness, poverty, home sharing), homelessness is one extreme but it is so widespread that a recent study conducted by the U.S. Conference of Mayors found that 12 of the 23 cities surveyed had to turn people in need of shelter away due to a lack of capacity. The U.S. does a very poor job of counting the homeless, the National Law Center on Homelessness and Poverty reports that approximately 3.5 million people, 1.35 million of them children, are likely to experience homelessness in a given year. More and more Americans are forced to live in tent cities, their cars or the equivalent of shanty towns, but this is hidden from public view.

I could fill pages of videos of tent cities and other shanty town living conditions in the United States. These videos demonstrate why we will be creating a shanty town at Freedom Plaza. Corporate-government policies that lead to an extreme wealth divide are discussed statistically to some degree in the media but the visceral reality of it is not seen widely. Economic injustice and the solutions to it are a major focus of our event.

When we erect the shanty town we will take great care not to do any harm to Freedom Plaza. We recognize this is a public space and we will respect that. The Freedom Plaza installation shanty town will demonstrate the dire economic and political realities in America today. It will be a low-impact installation intended to be reminiscent of "Shanty Towns" of times past that are now re-appearing across the country. It will be a simple, easily removable construction that will consist of lean-to structures made of plastic tarpaulin (classic blue tarps), suspended with bamboo poles tied down with lines attached to sandbags to project the Freedom Plaza surface. These will be augmented with cardboard appliance boxes.

Thank you for ensuring our Free Speech and Assembly rights to petition the government for redress of grievances.

Dear Marisa,

We recognize the space limitations. Some of the shanty town will be stack-able cardboard boxes and if it gets crowded we will stack them into an art display that takes little space.

The shanty town will be at one of the corners of Freedom Plaza (in the Arts area north side of Plaza near E Sts and 14th Sts) and therefore should not greatly impact crowd limitations.

Otherwise the plans for Freedom Plaza have not changed from what we provided to you.

We will let everyone attending know that sleeping is prohibited by the NPS rules.

Thank you.

Best,
Margaret Flowers, M.D.

How many "shanty" town structures are you planning on erecting? I am become concerned about the amount of space available at Freedom Plaza for your activity. # of people vs amount of space available. Can you give me a rough estimate of people participating at anytime? Please send me a more detailed site plan with exactly what will be set up in Freedom Plaza. Will people be sleeping in the shanty town structures? Or are they used purely as an exhibit to facilitate the discussion.

How many "shanty" town structures are you planning on erecting? I am become concerned about the amount of space available at Freedom Plaza for your activity. # of people vs amount of space available. Can you give me a rough estimate of people participating at anytime? Please send me a more detailed site plan with exactly what will be set up in Freedom Plaza. Will people be sleeping in the shanty town structures? Or are they used purely as an exhibit to facilitate the discussion.

Subject Addendum to permit for Freedom Plaza Oct 5 to 9

Dear Marisa,

We are writing to let the National Park Service know that we will be erecting a shanty town in the Arts area on Freedom Plaza in Washington, DC in lieu of holding a class or committee meeting there. This is central to our Freedom of Speech and Assembly action in that the United States has seen record foreclosures and bankruptcies, as well as extreme levels of unemployment which are under-reported in official statistics.

The financial stress of Americans shows itself in many ways (e.g., indebtedness, poverty, home sharing), homelessness is one extreme but it is so widespread that a recent study conducted by the U.S. Conference of Mayors found that 12 of the 23 cities surveyed had to turn people in need of shelter away due to a lack of capacity. The U.S. does a very poor job of counting the homeless, the National Law Center on Homelessness and Poverty reports that approximately 3.5 million people, 1.35 million of them children, are likely to experience homelessness in a given year. More and more Americans are forced to live in tent cities, their cars or the equivalent of shanty towns, but this is hidden from public view.

Living in the tunnels of New York City, <http://www.youtube.com/watch?v=2BYoPUOXhVA&feature=related>

I could fill pages of videos of tent cities and other shanty town living conditions in the United States. These videos demonstrate why we will be creating a shanty town at Freedom Plaza. Corporate-government policies that lead to an extreme wealth divide are discussed statistically to some degree in the media but the visceral reality of it is not seen widely. Economic injustice and the solutions to it are a major focus of our event.

When we erect the shanty town we will take great care not to do any harm to Freedom Plaza. We recognize this is a public space and we will respect that. The Freedom Plaza installation shanty town will demonstrate the dire economic and political realities in America today. It will be a low-impact installation

intended to be reminiscent of "Shanty Towns" of times past that are now re-appearing across the country. It will be a simple, easily removable construction that will consist of lean-to structures made of plastic tarpaulin (classic blue tarps), suspended with bamboo poles tied down with lines attached to sandbags to project the Freedom Plaza surface. These will be augmented with cardboard appliance boxes.

Thank you for ensuring our Free Speech and Assembly rights to petition the government for redress of grievances.

Dear Marisa,

Do we need to add that we will have a donation bucket in the office tent as we discussed in our last meeting? We will follow NPS rules of having it fixed, opaque and closed.

And do we need to add that we will have 3 10x10 tents and 1 enclosed tent which was also discussed in the last meeting? They are on the site plan.

Otherwise, it looks fine.

Thank you,
Margaret

Dear Marisa,

We recognize the space limitations. Some of the shanty town will be stack-able cardboard boxes and if it gets crowded we will stack them into an art display that takes little space.

The shanty town will be at one of the corners of Freedom Plaza (in the Arts area north side of Plaza near E Sts and 14th Sts) and therefore should not greatly impact crowd limitations.

Otherwise the plans for Freedom Plaza have not changed from what we provided to you.

We will let everyone attending know that sleeping is prohibited by the NPS rules.

Thank you.

Best,
Margaret Flowers, M.D.

How many "shanty" town structures are you planning on erecting? I am become concerned about the amount of space available at Freedom Plaza for your activity. # of people vs amount of space available. Can you give me a rough estimate of people participating at anytime? Please send me a more detailed site plan with exactly what will be set up in Freedom Plaza. Will people be sleeping in the shanty town structures? Or are they used purely as an exhibit to facilitate the discussion.

Thank You

Addendum to permit for Freedom
Plaza Oct 5 to 9

Dear Marisa,

We are writing to let the National Park Service know that we will be erecting a shanty town in the Arts area on Freedom Plaza in Washington, DC in lieu of holding a class or committee meeting there. This is central to our Freedom of Speech and Assembly action in that the United States has seen record foreclosures and bankruptcies, as well as extreme levels of unemployment which are under-reported in official statistics.

The financial stress of Americans shows itself in many ways (e.g., indebtedness, poverty, home sharing), homelessness is one extreme but it is so widespread that a recent study conducted by the U.S. Conference of Mayors found that 12 of the 23 cities surveyed had to turn people in need of shelter away due to a lack of capacity. The U.S. does a very poor job of counting the homeless, the National Law Center on Homelessness and Poverty reports that approximately 3.5 million people, 1.35 million of them children, are likely to experience homelessness in a given year. More and more Americans are forced to live in tent cities, their cars or the equivalent of shanty towns, but this is hidden from public view.

I could fill pages of videos of tent cities and other shanty town living conditions in the United States. These videos demonstrate why we will be creating a shanty town at Freedom Plaza. Corporate-government policies that lead to an extreme wealth divide are discussed statistically to some degree in the media but the visceral reality of it is not seen widely. Economic injustice and the solutions to it are a major focus of our event.

When we erect the shanty town we will take great care not to do any harm to Freedom Plaza. We recognize this is a public space and we will respect that. The Freedom Plaza installation shanty town will demonstrate the dire economic and political realities in America today. It will be a low-impact installation intended to be reminiscent of "Shanty Towns" of times past.

that are now re-appearing across the country. It will be a simple, easily removable construction that will consist of lean-to structures made of plastic tarpaulin (classic blue tarps), suspended with bamboo poles tied down with lines attached to sandbags to project the Freedom Plaza surface. These will be augmented with cardboard appliance boxes.

Thank you for ensuring our Free Speech and Assembly rights to petition the government for redress of grievances.

Travel and Evacuation Plan

Participants are arriving in the days before and up to October 6 by plane, train, bus, car, walking and bike. Some are staying in local hotels and with friends. October2011.org is not arranging transportation for participants. This is being done independently and all participants are responsible for finding legal parking for their vehicles.

All participants are encouraged to park any buses or cars at outlying metro stations and all participants are encouraged to use public transportation. There is information about public transportation listed on the october2011.org website. As we say on the website: "It is easiest and least costly to park outside the city and travel using the Washington, DC metro system."

In addition to Metro Center being nearby, with multiple entrances, other nearby Metro stations within walking distance include McPherson Square, Federal Triangle, China Town/Gallery Place and National Archives/Navy Memorial. This gives people access to the Blue, Green, Orange and Yellow Metro lines. These metro stations are the most rapid way to evacuate the downtown DC and we will provide maps to these stations if an evacuation is required.

Medical Plan

A medical tent will be present in Freedom Plaza and staffed by health professionals including EMTs, nurses and physicians between the hours of 8 am and 10 pm. Basic first aid equipment will be on hand. The DC ambulance service has been alerted about the event and has agreed to have a vehicle stationed nearby for easy access to Freedom Plaza. The medical team will have a VHF radio on hand to communicate with the DC ambulance service. Mark Pavlick of the George Washington Hospital Center Emergency Room, who is also a trained DC medical volunteer, is the contact person for the DC Ambulance Service. Medical volunteers will be identified by bright yellow T-shirts which have "First Aid" written on them.

Peacekeepers (Marshals)

The peacekeepers are being provided by Veterans for Peace, other veterans' organizations and those persons trained in nonviolence. They have had one training session in Portland, OR in August and will have further training on October 5 in the afternoon in Washington, DC.

The functions of the Peacekeepers are to:

1. Provide guidance to participants in maintaining safe, peaceful and orderly conduct.
2. Identify persons who may carry weapons, threaten violence or instigate violence, isolate those persons if necessary and alert police.
3. Assist with any necessary mobilization of persons to other areas in the case of emergency.
4. Provide overnight security, a minimum of 3 persons in Freedom Plaza overnight.

16x20 7AM Stage & Sound
300B/44A/Stage

Peacekeepers will wear green sweatshirts or T-shirts with "Peacekeeper" written on them. Peacekeepers will communicate with each other using cell phones and a mass texting service. Peace keepers will communicate with the crowd using megaphones and "call and response" techniques. [50+] @Stevenson's Church

I will issue Ms. Flowers and Mr. Zeese the permit for Freedom Plaza on Monday, however it is up to the organization to secure any parking from the District. I informed Ms. Flowers and Mr. Zeese that the parking near the plaza is city council parking.

Please let me know if I can be of further assistance.

Dear Ms. Richardson:

Kevin Zeese and Margaret Flowers (whom you have been working with on the permit for the above mentioned activity) have asked me to communicate with you regarding parking issues and the MPD SOD. I spoke with Officer Jaffe yesterday at MPD SOD and he informed me that there was no one in his office working with the NPS on our permit and consequently, no one working on our parking/transportation needs associated with our First Amendment Assembly activities on Freedom Plaza. Officer Jaffe also told me that he did not see a permit from NPS in his office from the NPS for our organization.

I have attached our letter to the MOD SOD, which has not been sent to that office, because there is no one there assigned to work with the NPS on this. The letter outlines our parking needs which will require the MPD SOD to put up no parking signs at the locations, dates/times outline in the letter. Since we are getting very close to October 5, we need to finalize the permit with the NPS as well as the coordination required between your office and the MPD SOD.

Please coordinate our parking/transportation needs with the MPD SOD. We would appreciate it if you let us know the status of this request as soon as possible.

Thank you for your help.
