

Bus Parking Map

The following map shows the location of our bus parking lot. The entrance to it is between the Sherwin Williams Building and the Chamber of Commerce. There is a sign there that says Bus and RV Parking.

Please provide this map to your bus driver. This lot will be the area to park your bus and this will also be the area where you will load and unload your students. Traffic along Old Fort Boulevard makes it unsafe to load and unload your students in front of the fort. A volunteer or ranger will greet you at the buses to direct you where to start your program.
