

The Changing View from the High Alpine

Lindsey Bengston and Erich Peitzsch, U.S.G.S. Biological Research Technicians & Daniel Fagre, U.S.G.S. Research Ecologist

Lindsey and Erich will present ongoing research about climate change issues in the alpine landscape, including the GLORIA (Global Observatory Research in the Alpine) campaign, glacier monitoring, and an avalanche vegetation study. Dan will lead with a brief introduction of the book he co-authored, [The Changing Alpine Treeline](#).
