

Grand Canyon Teacher Workshops – Fall 2009

The environmental education staff at Grand Canyon National Park offers teacher workshops. The workshops help teachers understand how to use the resources available at Grand Canyon National Park as a teaching tool in the classroom. During the workshop, rangers conduct activities related to the field trip programs we offer and to the classroom-based lesson plans available on Grand Canyon National Park's website.

Two workshops are being offered this year:

- October 23 – 25, 2009
- November 6 – 8, 2009

Participants arrive at the park on Friday evening for a social gathering with the environmental education staff. The workshop continues on Saturday morning and finishes at approximately 2:30 pm on Sunday.

Through generous donations from private individuals and businesses, two nights of lodging are provided at no cost to you. In addition, the park entrance fee is waived for workshop participants.
