

# Cell Phone Guided Tour

National Park Service  
U.S. Department of the Interior

## John Muir National Historic Site

If you'd like to use our new cell phone guided tour of the orchard, please refer to this temporary map and the temporary signs on the posts. We will soon be installing new signs at each post to mark the location, stop number and dial-in number of the tour. Meanwhile, this map will serve as a marker. Guests may use this tour to supplement the self-guided tour book, or for additional information about the orchard and its connection to John Muir.

***DIAL: 925-232-2006 at the beginning of "Stop 1" and listen for instructions***
