

Documentation of official recognition as an educational institution must be on file in the Fee Office or accompany this fee waiver application or we cannot process your request. Schools are encouraged to send their documentation of official recognition prior to application in order to expedite the fee waiver request process.

School groups or outings conducted for educational purposes by schools or other bona fide educational institutions qualify for a waiver of recreation fees if the following **TWO** criteria are met.

1. Documentation Required:

A waiver applicant is required to provide documentation of their official recognition as an educational institution by a Federal, State or local government entity.

It is insufficient for applicants to state that they have this recognition or imply it in their letter or literature.

Examples of acceptable documentation include, but are not limited to:

- a. Public Schools: Letter from the school's County Office of Education attesting to the school's education status and legitimacy including school name, address, phone number and CDS Code (California schools). One-time letter will be filed in a permanent file.
- b. Accredited Schools (including Home Schools): Certificate of Accreditation from an official accrediting body or County Office of Education. Valid through the expiration date of the certificate.
- c. Private Schools or Scientific Institutions: Letter from the Internal Revenue Service or similar State tax authority, granting an educational tax exemption (i.e. IRS Determination Letter). Valid through the expiration date of the letter.
- d. Non-school groups/organizations who are officially recognized by a school or scientific institution for the purpose of providing educational credit hours based on a specific course of instruction: Official letter from the school or scientific institution attesting to the official recognition or affiliation. Letter must be renewed annually.

2. Statement of Visit Purpose:

The applicant is required to provide a statement as to the purpose of the proposed visit.

A general statement to the effect that the visit is for "educational purposes" is insufficient by itself. An explanation of WHAT the educational purpose entails and HOW it relates to park resources is required.
