Journey to the Falls—Spring 2010

Educational field trips on the Mississippi River!

What is “Journey to the Falls?”

Among the most significant historical and cultural landmarks in Minnesota is Saint Anthony Falls, the Mississippi River’s only major waterfall, responsible for the early growth of the City of Minneapolis.

Journey to the Falls (JTF) is an integration of river and classroom experiences featuring **history and literacy** activities. JTF connects students with Saint Anthony Falls and the Mississippi River in the Minneapolis area. The program culminates with a riverboat excursion on the Mississippi River in Minneapolis that includes hands-on learning stations, journaling and visual literacy activities, and passage through a lock.

Teachers who sign up for Journey to the Falls incorporate river-themed activities into their classroom. Pre- and post-trip activities are selected by each teacher from among many activity options presented in an advance teacher workshop. Journey to the Falls addresses Minnesota Academic Standards and district learning objectives.

Field trip description
