Dennis Schramm, Superintendent

In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following regulatory provisions are established for the proper management, protection, government and public use of those portions of Mojave National Preserve under the jurisdiction of the National Park Service. Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

I. 36 CFR §1.5 – VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

The following visiting hours and public use limits are established for all or for the listed portions of the park, and the following closures are established for all or a portion of the park to all public use or to a certain use or activity:

36 CFR 1.5(a)(1) Visiting Hours:

- Any areas not posted as closed to public access are open to the public twenty-four hours a day
- Park Headquarters is open Monday through Friday from 0800 hours until 1630 hours.
- Unless otherwise noted, the Kelso Depot Visitor's Center is open daily from 0900 hours through 1700 hours except Christmas Day
- Hole-in-the-Wall Information Center is open intermittently throughout the year

36 CFR 1.5(a)(1) Public Use Limits:

- A Special Use Permit is required for all organized events or for a group containing more than 15 people and/or more than 7 vehicles or 7 horses. Groups this size or larger that are registered in the Group Campsite, using only campground facilities, do not need a Special-Use Permit.

The permit requirement is established in order to enable the National Park Service staff to monitor potential resource impacts of large group travel or camping. The permit serves as the means of acquiring information needed to complete an environmental review, and permits park staff to educate users about various conditions which help to protect the Park resources.

- The discharging of weapons is prohibited in the Granite Mountains Natural Reserve, within one half mile of; the Hole-in-the-wall campground, the Mid Hills campground, Fort Piute, the Kelso Dunes, the Kelso Depot, or any structure or facility.

The restriction is necessary in order to protect park visitors and neighbors that may be involved in other recreational activities within the Park.

- Rock climbing is allowed inside the Preserve with the following restrictions:
- The use of power drills for climbing is prohibited.
 - Chipping of rock faces, the gluing of holds onto rock, or the intentional removal of vegetation are prohibited.
 - Technical climbing is prohibited within 500 feet of any prehistoric or historic rock art site, any other cultural resource, or the Hole-in-the-Wall Visitor Center.
 - Existing bolts and other fixed anchors that are deemed unsafe by climbers may be replaced on a piece-by-piece basis.
 - Leaving fixed ropes, webbing, etc. for extended periods for the purpose of ascending and descending (rappelling) rock walls is prohibited.

These conditions are established in order to protect cultural and natural resources and outdoor recreational experiences from visual and physical impacts.

- Camping length of stay restrictions

Mid Hills and Hole-in-the-Wall Campgrounds

- Camping within the designated park campgrounds (Mid Hills and Hole-in-the-Wall) is limited to a maximum of 14 consecutive days in the developed campgrounds.
- Site limits are a maximum of eight people per site with one camping unit (i.e. trailer, motor home, converted van, etc.) and one vehicle; OR eight people per site with two vehicles

Backcountry and Roadside Camping

- Backcountry or roadside camping is limited to a maximum of 14 consecutive days per visit/stay and 30 total days per year.

Length-of-stay restrictions allow more of the public to utilize a limited number of available campsites. Additionally, in a fragile ecosystem, it allows areas that have been impacted by camping activities to recover.

36 CFR 1.5 (a)(2) Special Use:

The following areas have been designated for a specific use or activity, under the conditions and/or restrictions as noted:

Camping:

- Please refer to §2.10 for detailed camping area designations.
