Big Baldy Trail Reopens

Effective immediately the Big Baldy Trail will be reopened to the public. Fire activity in the area of the Hart Prescribed Fire along the Big Baldy Trail has diminished significantly. There are still a few small hot spots within sight of the trail and users should remain on the trail and not enter burned areas.

The Hart Tree Trail will remain closed until further notice. The Sugar Bowl Trail and the Redwood Canyon Trail will continue to remain open. All other trails in the Redwood Canyon will remain open.

Fire crews completed ignitions on the Hart Prescribed Fire on July 8th. The unit is located in the Redwood Mountain Grove along the west side of Generals Highway. The project area is located approximately one mile south of the Kings Canyon Overlook. This project area is 802 acres. Of the 802 acres, 19 acres of the project are in Sequoia National Forest.
