

July 20 – 27, 2008

Foothills Ranger-Led Programs

Walks & Talks

Map Talk 9:30 & 10:30 AM, Daily

Need help planning your visit? Meet on the patio at the Foothills Visitor Center for this 15 minute orientation talk. Let us help you get the lay of the land!

Wild About Bears! 10:00 AM, Daily

Humans have had a long-time fascination with bears. Join a ranger at the Foothills Visitor Center to learn more about the habits of these interesting creatures who make their home throughout Sequoia & Kings Canyon. 20 Minutes.

Amphitheater Point Talk 10:00 AM, Daily

Join a ranger at Amphitheater Point to hear stories about the Generals Highway, discover the many life zones that make up the Sierra Foothills, and more.

Hospital Rock – Linking the Present to the Past 1:00 PM, Daily

Meet at the Hospital Rock Picnic Area to learn more about the people who inhabited this area. 30 minutes.

Oak Woodlands Ramble 2:00 PM, Daily

Meet at the Foothills Visitor Center to discover the unique adaptations and natural history of Sequoia's oak woodlands. 20-30 minutes.

Junior Ranger Program

Parents grab the kids and meet at the Potwisha Campground Amphitheater for some family fun!

River Critters, Saturday

Get to know the aquatic creatures of the Kaweah River and what they can teach us about the quality of our water. Join a park ranger for this 1 ½ hour interactive program.

Where the Wild Things Are, Sunday

Although Sequoia National Park is known for its big trees, the Foothills offers a vast and varied array of wildlife. Join a park ranger for this 1 ½ hour interactive program. 9:00 AM

Potwisha Evening Campfire Program

Meet at the Potwisha Campground Amphitheater at 7:30 PM on Wednesday, Friday & Saturday for an evening of family fun!

Nightlife in the Foothills, Wednesday

Come to experience the nightlife of the foothills and to learn about a few of the many critters that make up the night world in this bio-diverse corner of Sequoia National Park. 1 hour.

Potwisha After Dark, Friday

Come to the campfire and learn about some of Sequoia's most elusive night time residents, bats! Hear about the bats that call Sequoia home and spend time watching these amazing creatures fly around the campground. 1 hour.

Do Bears Steal Your Picnic Basket?, Saturday

Imagine you are a black bear, what adaptations would you need in order to survive? Humans and bears may not be as different as you think, join a ranger to learn more about these fascinating creatures. 1 hour.
