Foothills Ranger-Led Programs

Walks & Talks

Map Talk 9:30 & 10:30 AM, Daily

Need help planning your visit? Meet on the patio at the Foothills Visitor Center for this 15 minute orientation talk. Let us help you get the lay of the land!

Wild About Bears! 10:00 AM, Daily

Humans have had a long-time fascination with bears. Join a ranger at the Foothills Visitor Center to learn more about the habits of these interesting creatures who make their home throughout Sequoia & Kings Canyon. 20 Minutes.

Amphitheater Point Talk 10:00 AM, Daily

Join a ranger at Amphitheater Point to hear stories about the Generals Highway, discover the many life zones that make up the Sierra Foothills, and more.

Hospital Rock – Linking the Present to the Past 1:00 PM, Daily

Meet at the Hospital Rock Picnic Area to learn more about the people who inhabited this area. 30 minutes.

Oak Woodlands Ramble 2:00 PM, Daily

Meet at the Foothills Visitor Center to discover the unique adaptations and natural history of Sequoia's oak woodlands. 20-30 minutes.

Junior Ranger Program

Parents grab the kids and join a ranger for some family fun!

River Critters Saturday, 2:30 PM

Get to know the aquatic creatures of the Kaweah River and what they can teach us about the quality of our water. Join a park ranger for this 1 ½ hour interactive program. Meet at Potwisha Campground Amphitheater.

Campground Critters, Sunday, 9:00 AM

Get to know the critters that inhabit the foothills. Join a park ranger for this 1 ½ hour interactive program.

Potwisha Evening Campfire Program

Meet at the Potwisha Campground Amphitheater at 8:00 PM on Wednesday, Friday & Saturday for an evening of family fun!

Nightlife in the Foothills, Wednesday

Come to experience the nightlife of the foothills and to learn about a few of the many critters that make up the night world in this bio-diverse corner of Sequoia National Park. 1 hour.

Birds of Prey, Friday

Explore the unique adaptations and natural history of the eagles, owls, and other raptors that soar over Sequoia and Kings Canyon. 1 hour.

Do Bears Steal Your Picnic Basket?, Saturday

Imagine you are a black bear, what adaptations would you need in order to survive? Humans and bears may not be as different as you think, join a ranger to learn more about these fascinating creatures. 1 hour.
