

# February 2009 Foothills Ranger-Led Programs

## Patio Talks

Meet at the Foothills Visitor Center.

### **Investigation Station, Daily 10:00 – 11:00 AM**

Sequoia National Park has something for everyone! Drop in for this hands-on experience to learn more about life in the park.

### **Ranger's Choice, Thursday - Sunday 2:00 PM**

Subjects will vary. Check with the visitor center staff for details. 15 minutes.

## Sequoia Speaks

Discover what's happening in your backyard! Meet the park specialists at the *Three Rivers Arts Center*, 7-8. All programs are free and open to the public. Ask at visitor centers for more information or call 559-565-4212.

### *California Native Plants: Their value in the Home Landscape* Saturday, March 7

From oak woodlands to giant sequoia groves, the parks' diversity is marked most notably by its plant life. In recent years, there has been increasing interest in integrating California native plants into home gardens. Join Sequoia & Kings Canyon National Park *Restoration Horticulturalist Melanie Baer-Keeley* for an introduction to landscaping with California native plants including plant identification, culture, and design.
