Mrs [sic] Sarah Doss Dear wife and children these lines leaves me well and in fine spirits at this time and hope that these lines will come to you and find you all in the enjoyment of Gods Blessings I have nothing strang [sic] to communicate to you the times is tolerable tight on us the boys ar [sic] some of them gits somewhat mad at the way we ar [sic] treated and infact [sic] the boys has a right to complain at some of the treatment for our company has bin [sic] imposed on by the head officers but we in general submit without ceramony[sic]

It becomes my painful duty to let you all no t[sic] hat Daniel Clubb is dead he died on the 19th he has been lingering for some time and then took measels [sic] and got on the mend and took congestive chills and lasted by a day or two we paid the last tribute of respect to him on yesterday at the graveyard he is gone to his long resting place peace be to his ashes the boys in general is on the mend tho[sic] before I pen another sheet of paper thair [sic] may be some more of our beloved boys in the same condision [sic] that Clubbs at present I hope for better things tho [sic] some of our Regt dies nearly every day tho[sic] I think it posable [sic] that the sickness will stop in a short time the measles and mumps is passing by us and I hope that the helth [sic] of the Reg will improve

I recd [sic] your letter on the 11th and was glad to hear that you was all well and doing well I can not tell anything about coming to see you for it is uncertain I wrote to W. E. Minter to tell you to try to come up and see me but you have recd [sic] them lines before now and it is useless to write anything more about it if you cannot come write often to me and let me know how you ar [sic] giting [sic] along

Mrs Sarah Doss Dear wife and children I take the presant [sic] opertunity [sic] of dropping you a few lines and can thankfully say that my helth [sic] is good and hope that these lines will come to hand and find you all in the injoyment [sic] of helth [sic] I have nothing of much importance to write to you at this time We will leave this place in the morning for Pensacola thair [sic] is fifty thousand yankees [sic] scattered between Mobile and Pensacola fifteen hundred of which is cavelry [sic] its [sic] a large fleet and well prepared with all kinds of artierly [sic] they will make a brake [sic] somewhere thair [sic] is moore[sic] fears felt in regard to Mobile than any other point down in thair [sic] I would knot [sic] be astonished if our regt [sic] will git to try thair [sic] skill in the battle field with the yankees[sic] in a little time but if wee [sic] git into a fight at Pensacola it will be a artillery [sic] fight or the most of it unless they try to charge our baterys [sic] or wee [sic] ar [sic] brought to charge their works which would require great coolness and bravery both of which I hope we possess I hope if it is brought to a test you will hear a good account of the 19th Regt So be composed I will write when I stop

Dear Wife and children these lines leaves me in good helth [sic] and I hope that they will come to hand and find you in the injoyment [sic] of the same blessings of God Wee [sic] left Huntsville on the 11th of Nov and landed in Mobile the 16th following without any occurance [sic] of any note Wee lay over in Corrinth [sic] in Miss 2 days We left Mobile on the 17th and had a pleasant trip down the bay of 12 miles and run up Dog River 3 miles and landed We ar [sic] two miles from the landing a presant [sic] We ar [sic] preparing to go into winter quarters at this place but I do not think wee [sic] will stay here all the winter the orders for us to go to Pensacola was contramanded [sic] before we reached mobile [sic] in consequence [sic] of other troops filling our place We ar [sic] expecting the northers troops to atakt [sic] fort Gains and fort Morgan contineraly [sic] we ar [sic] 25 miles from the yankees [sic] and still unarmed thair [sic] is some bad feeling among the boys in consaquence [sic] of still being without arms thais [sic] is 4 or 5 thousand troops here and abouts mostly unarmed But fort Morgan is a strong place and will be hard for the yankees [sic] to git over But if fort Morgan is carried Mobile is doomed in the presant [sic] state of things if the troops that is here was all well armed we could meet them but I hope that they will never pass that point But one thing these is the hottest [sic] times that we have had since the first of our trouble with the north

We have not recd [sic] a dime yet we was to have bin [sic] paid off yesterday but it has knot [sic] come yet but they say that we will be paid in a day or two if they ever pay me anything I will send a barel [sic] of molases [sic] to you I can get them at 28 cents per galon [sic] I will send them to Montavalo and you can git them from thair [sic] thair [sic] is no use in talking about coffee for it is one dollar and 25 cents per pound and wee [sic] will soon have to do without here for its [sic] a article that can not be had in the south at presant [sic] tell all the Ala wiman [sic] of that country to bind up thair [sic] heads and git about making tea

This country is as hot as midsummer today and the country looks green the cotten [sic] blosoms [sic] looks fresh and blooming and the snakes is plenty sliding through grass thair [sic] has any man bin [sic] bit with a snake since we have bin [sic] hear [sic] We ar [sic] situated in a nice pleasant high looking place and good water it is a poor piney woods country and tolerable level the entire country on the highest part of it is a perfect sand bank and I think that this portion of the country is very [missing]

Thair [sic] ar [sic] plenty of fish and oyesters [sic] here and almost anything you could call for in that line Wee [sic] ar [sic] knot [sic] faring as well in regard to provision as wee [sic] did at Huntsville tho [sic] wee [sic] ar [sic] gitting [sic] on tolerable well I have knot [sic] recd [sic] no letter from you since you left I want to hear from you very bad write soon dirrect [sic] your letters to Mobile the rest of the backing as usual the prospect for a battle is knot [sic] as good as we thought for when wee [sic] left Huntsville tho [sic] we think that it is more then [sic] posable [sic] that when wee [sic] git arms wee [sic] will git into it right

Tell Wm Henderson if he cannot git one dolar[sic] per barel [sic] for his cole [sic] to come on to Mobile and knot [sic] sell it on the way for I think he will be shore to git it here

And now dear and affectionate wife I must conclude this letter and you may rest asured [sic] that nothing but my being seperated [sic] from you and my children that makes the service of my country any burden to me and if I see you no more my loves the same Give my love to Wm E. Minter and all inquiring friends

Yours till death

Ambrose Doss to Mrs [sic] Sarah Doss And children

Mrs [sic] Doss pleas [sic] to send my wife word to be of good cheer the yankees [sic] has not got me yet I am in good helth [sic] and fine spirits send her word that I think I will git my mony [sic] in a few days and I will send a barel [sic] of molases [sic] to Montavalo for her marked to her or father I will start a letter as I do the molases [sic] and the old man can get somebody to carry them to her I am aiming to try to come home a few days about Christmas and if I do I will knot [sic] send any mony[sic] to her until I come and fech [sic] it If I cannot come I shall have to send it by mail

Yours respectfully [sic]

are covered with shingles we have partitions [sic] ten feet [sic] long and six men stays in a room [sic] It is much [sic] comfortable [sic] than living in tents I think the health of our company is pretty [sic] much [sic] as it has been [sic] for some time Buck Hanby and Joseph Landrum has both [sic] departed from this life Buck Hanby died last Sunday was a week [sic] ago and Joseph Landrum died the 8 of this month their [sic] has been [sic] seven died in this company their [sic] has been [sic] five discharged and three more a looking for a discharge Captin [sic] Hanby has had very bad luck with his men their [sic] is a good deal of sickness in camps their [sic] is a great [sic] many a dying here with the typhoid [sic] fever Dempsey Warren is a lying very low with the fever tho [sic] he was thought to be better the last we heard [sic] from him I have been [sic] at work [sic] on extra duty for days I get forty cents extra which the full amount that I draw is \$27 dollars and fifty cents per month and they have got work [sic] a plenty to keep [sic] me at work [sic] a month longer their [sic] is a great [sic] many soldiers stationed close to where [sic] we are their [sic] is seven regiments and one or two battalions and two companies [sic] of artillery [sic] they are all close a nuff [sic] to us to here [sic] their [sic] drums it is thought that their [sic] will be a battle down here but I think it very doubtful for I think the yankees [sic] is a afraid [sic] to venture out on land to us it is thought that England will recognise [sic] us as a free and independent nation and when she does [sic] that the blockade [sic] will be bursted up and then I think that we will have peace [sic] on our land once more it is said that England and France has both [sic] acknowledged [sic] our independence though it is not confirmed as yet it may be flying reports [sic] it is a very hard matter [sic] to here [sic] the truth in camps I dont [sic] no [sic] when I will get the chance to come home though if I dont [sic] before I will try to get a furlow [sic] and come home in March it is a bad chance to get off at this time I would like to see you all very much [sic] I still live in hopes [sic] that we will have peace [sic] on our land in a short [sic] time so that we can come home and live in peace [sic] and enjoy our selves as we have heretofore as I know by experience a man with a family dont [sic] see much [sic] pleasure in war whar [sic] he is tied [sic] down under a master though we have a plenty to eat and our officers is tolerable good to us I want you to write to me as often as you can for I will be glad to here [sic] from you anytime and I have never recd [sic] a word from you since Mr. Linton come from up there I can inform you that George Thomas has landed down here he said that he has been [sic] to Richmond but we dont [sic] believe a word of it their [sic] is several of my acquaintances [sic] here in the different regiments that is stationed close a round us Thad Reed is on James Lein James Bagley James Field tell William Henderson if he will buy up some chickens that he will be certain [sic] of 6 \$ a dozen [sic] and if he will come to Mobile he is certain [sic] of 75 cents a barrel [sic] and maby [sic] more I want you to tell every body howdy for me and give my best respects to all inquiring friends and tell them all to write I want you to write to me as often as once a month So nothing more at present [sic] only remains your ever affectionate husband

Mrs [sic] Sarah Doss Dear and affectionat [sic] companion I am seated in the woods this morning and all seems to be a lively scine [sic] of playful mirth around me while these lines is pening [sic] all seem to be incoucious [sic] of the certainty of the desolation of this mortal body but I think I look forward with due solemnity to that solom [sic] moment which posable[sic] is not far distant and thank the giver of all good that my helth [sic] is quite good at presant [sic] and that it is as well with me as it is this beatiful [sic] morning Dear wife I supose[sic] we will march today towards Mcminville it is reported that the yankees [sic] ar [sic] falling back rapidly which I think is so but am inclined to think that they ar [sic] only concentrating thair [sic] forces and that we will have a bloody meeting with the insolant [sic] invaders of our soil and if so I hope that we will be intirely [sic] successful and that the blood hounds will be forced to quit our soil in hast [sic] if these hops[sic] is realized I could hope for a cesation [sic] of hostilitys [sic] and perhaps the smilings [sic] of peace one time more be realized I can say to you that

Henry J. Willson is dead he died at Lauderdale Springs on the 31st of July the cause of his death is unknown to us I have sold my watch for 40 dollars I will send you one hundred and twenty dollars the first good chance I wish some one would pass so I could send it now I dislike to keep it hear [sic] one of our men John Buttler brother to Lathams soninlaw [sic] stole 70 dollars and 50 cts [sic] from T. Mrs [sic] Sarah Doss Dear wife and children I am permitted one time more through kind providence to drop you a few lines to inform that my helth [sic] is quite good at presant [sic] hoping this will find all in the injoyment [sic] of the same blessings of God We ar [sic] lying on our ears doing nothing but drilling a little the northern forces has mostly fell back to Louisville and ar [sic] fortifying that place we sused [sic] that Brags intentions was to move on that place before this time from some cause unknown to me that atakt [sic] has bin [sic] delayed and I think if Louisville is to be the place of atackt [sic] every hour of time delayed will allow to the number of brave soldiers that must inevitable fall before that place is taken by us we have marched over at least 3 hundred miles since we left Tynesville Tenn many of our troops fell sick on the march and some of them was left behind and fell into hands of the yankee [sic] cavelry [sic] we suppose [sic] that 6 or 7 of our company has been taken prisenor [sic] as they was left behind sick tho [sic] they will be at home on parole [sic] before this reaches you if they was taken and theirs but little doubt but what they ar [sic] we took 43 hundred prisenor [sic] at Munfordville all thair [sic] arms and acoutermints [sic] we should knot [sic] have lost a man if it had knot [sic] bin [sic] for the rash conduct of Gen Chalmer he was sent in front with his brigade of Mississippi [sic] Troops to go as fare [sic] as Cave City and thair [sic] await the main body knowing the yankees [sic] was behind intrechments [sic] at Munfordville the intention was to aproach [sic] them on all sides and insure victory with but little loss but Gen Chalmer pushed madly on with one brigade of 12 or 15 hundred men and atakted [sic] the fortifications over 4000 strong and the result was he was repulsed with heavy loss without doing the enemy much damage but marched on to his asistance [sic] and planted our artilery [sic] nearly all round the works in the night and found out that amediate [sic] distruction [sic] was thair [sic] doom unless they surrendered which they did before we opened on them. if Gen Chalmer had knot [sic] bin [sic] so hot headed we would knot [sic] have lost any men of consequence [sic] but if we allways [sic] come out

as well as we have on this march we will not [sic] complain Dear wife it is reported that Gen Buell of the northern army has resigned his commission [sic] in consequence [sic] of Lyncolns [sic] late proclamation and J. C. Davis Brig Gen in the yankee [sic] army killed May-Gen-Nelson at Louisville the other day they disagreed the affairs [sic] of their [sic] Government [sic] and then fell out about their [sic] work on the intrenchments Gen Nelson commanded the forces that Kirby Smith whipped [sic] out so badly he retreated to Louisville and come to his death as above stated our officers and men is in fine spirits and many of them think that this cruel war will soon close I hope it may be so tho [sic] God knows that will be the final issue [sic] of things one thing I do know that I am fare [sic] away from a tender wife and beloved children and whether I will ever be permitted [sic] to meet them again on earth or not [sic] God only knows but my heartfelt wishes is for your welfare both now and after death I have never recd [sic] a line from you since the letter you sent by Hix and you need not [sic] unless you can send the letter by some person that is coming to the army I hope however that the way will soon be opened so letters will pass without difficulty [sic] I passed in 25 miles of Burksville but never saw any of our folks James and John Rogers is well Lieut-Rouse is well the company is generally [sic] in tolerable health [sic] we are [sic] ordered to cook 2 days rations I suppose [sic] we will leave tomorrow but in what direction I dont [sic] no [sic] Dear wife I must close this if I meet you no more in this poor world I hope to meet you all in a better world where wars is at a end and the weary is at rest yours till death

ar [sic] some 2 or 3 miles from the main yanky [sic] force but we will be in picket tomorrow and will be in a short distance of them I hope however that I will come out all right as I have done on all former ocasions [sic] Dear wife I hope to pass through all coming fields of blood safe and that the south will finaly [sic] succeed and I be permitted to return to the imbraces [sic] of loved ones at home But of this there is no certainty for all wil [sic] admit that no man can tell the day of his death We only look and hope to be favored with the protection of the Allwise [sic] Being that has been our kind protector in all past dangers and that very thought and hope is almost the existence of all men that has a loving wife and children at home tho [sic] these hopes may be blasted at a single stroke as has been the case in thousands of cases since this bloody war commenced if that is or was to be the case the best way is to submit calmly to the fate that waits us I will send the 2 youngest boys a belt a piece and I will send 2 little bunches of powder and a basket I wont [sic] Sara Elizabeth to have it I will put a ring in this letter for sister Martha If you can get my coat ready and can have a good chance to send it try to send it by the 1st of November But don't send it unless you ar [sic] certain it will come through If you cant [sic] get buttons I can posable [sic] get them hear

Mrs [sic] Sarah Doss

Much respected friend

It is with sad heart that I this morning take up my pen to announce to you the most painful intelegence [sic] that could possibly be penned to you Your husband is no more on earth forever. Ambrose is gone to the spirit world he was killed yesterday about 1 oclock [sic] by a cannon shot it struck him in the right side nearly even with the right breast and passed entirely through his body and through his left arm killing him instantly We had been ordered to the left to support that wing of the army. We had to pass some distance along the lines under a terrific cannonade and hence the above named casuality [sic] he has been Sargt [sic] of the Inf Corps ever since the commencement of this move and was at the time of his death marching in rear of the Regt at post as usual I was in front but when I learned that he was killed I got leave from the Col and myself

and James G and John F Rogers and George Eaton and R.C. Hix went back and got the body of our fallen brother and interred it with a much decency as the nature of the case would admit it was not [sic] done in as nice a manner as we would have preferred but far better than is common with us soldiers he is buried in 700 yards of the Chattahoochee [sic] River on the west side in or near the edge of the river bottom A pine sapling grows at both head and foot of his grave On the bark of the 1 growing at the head of the grave his rank name Co and Regt is cut the plantation where his remains rest is owned by a man by the name of Turner it is about 4 miles below the railroad bridge leading from Marietta to Atlanta Ga in Fulton County

Well dear Madam I would in this letter which is penned under the loud roar of artillery [sic] and bursting shells nearly in all directions offer you words of consolation knowing that consoling words is of seldom of but little comfort to the deeply wounded heart yet I do so from my heart sympathize with you in this your greatest and most heart rending trial of life While I can not feel the irreparable loss in all its painful and heart rending powers yet I feel my loss in my departed brother in arms But while I mourn a noble and dear friend I am free to acknowledge that you mourn the loss of a devoted and dear husband Ambrose has been my constant friend for the years but 3 years in the face of the enemies of our country and in hand in hand combat battling for the right of posterity [sic] has doubly endeared him to me I have looked on that calm soldiers face in battle my last time he has done his duty nobly [sic] and the thread of life has never been cut off a braver man Brave and yet cool and composed in the hottest conflict that it has ever yet been his lot to engage in which conflict has been common in 3 years of war life his conduct as a soldier is unimpeachable in his life he had the confidence and esteem of both officers and men of his entire acquaintance which was very extensive for such soldiers as Ambrose Doss is not common in our army hence his acquaintances [sic] was sought by all good men Dear Neighbor in conclusion of this already lengthy letter I will speak of your husband in regard to his morality and Christian Deportment While the heart sickens and grieves [sic] sad at the loss of loved ones and the cruelty of war and bloodshed we look far away beyond this veil of tears and sorrows and then consider the Christian conduct that marked the life of our galant [sic] brother in arms We are bound to exclaim with joy after all our grief that our loss is his Eternal gain he is gone from this world – mortality has put on immortality but rejoice with his comrades [sic] in battle for his last hard battle has been fought and he is more the victor, the battle cry will no more reach his ear – no more will the hoarse sound of mortal music salute him – the clash of arms to him has ceased his spirit has took its flight from this world of troubles and sorrows – his bosom has heaved its last sigh concerning loved ones at home his spirit rests beyond this world of strife with God who gave it – where his happiness is complete – living and reigning with holy angles [sic] and spirits of just ones made perfect – being heir of God and joint heir of Jesus Christ then grieve not dear neighbor Altho [sic] the cross is heavy indeed – yet your husband has only gone before and a few more tears and sighs – a few more fleeting months or years and you go home to meet him where parting is at end – so press back the tears and stop the upheaving bosom as much as nature will admit and rejoice in God who orders all things James and John Rogers is

trying to keep all of his things they can send to you when they have a opportunity if thair [sic] is anything that I have not wrote that you wish to know write to me and your letter will be promptly answered – let my folks know I am well first chance you get

Your friend

J. W. Rouse
