Orange Hill Cabin & Airstrip

Location: N62.212042, W142.848128

Refer to USGS Maps: Nabesna 1:250,000; Nabesna 1:63,360 (A-4)

Reservations: No reservations are required. Available on a first-come, first-served basis.

Access: Air via nearby 700' gravel airstrip. Snowmachine access in winter.

Description: Rustic Cabin, 12x16, sleeps up to 2 people. Includes two standard twin sized wooden bunks, table with benches, a wood stove, fire extinguisher, informational bulletin board, and pit toilet. Water is NOT available. Short area hikes with access to the Nabesna Glacier.

This cabin is located in the Nabesna River valley approximately 13 miles southeast of Nabesna, or approximately 20 miles by snowmachine trail from the Nabesna Road. The cabin is in dense spruce forest near the Nabesna Glacier. Airstrip is located near the cabin.

Area has numerous bugs. Headnets area strongly encouraged during June, July, and August. Obtain firewood from dead and down wood.

Airstrip: 700' gravel airstrip. No FAA identifier. This airstrip is located in the Nabesna River valley approximately 13 miles southeast of Nabesna. **CAUTION: Airstrip is being heavily eroded and shortened each summer by a bend of the Nabesna River!**

700' Airstrip is being actively eroded by the Nabesna River! Use Extreme Caution!
