# Merced River Plan Facilities Analysis

5 “To illustrate the level of degradation already experienced in the Merced and maintained under the regime of interim limits proposed by NPS, we need look no further than the dozens of facilities and services operating within the river corridor, including but not limited to, the many ...

-- (*Friends of Yosemite v. Kempthorne*, 9<sup>th</sup> Circ., 2008)

... swimming pools, tennis courts, mountain sports shops, restaurants, cafeterias, bars, snack stands, and other food and beverage services, gift shops, general merchandise stores, an ice-skating rink, an amphitheater, a specialty gift shop, a camp store, an art activity center, rental facilities for bicycles and rafts, skis and other equipment, a golf course and a dining hall accommodating 70 people.”
