

Celebrate Zion Wilderness

In March 2009, President Obama signed a bill into law designating over 80% of Zion National Park as wilderness. In celebration of the new designation, Zion National Park is looking for volunteers to assist during a Wilderness Work Day.

Wilderness Work Day - February 19, 2010

12:00 p.m. to 4:00 p.m.

Wilderness Day volunteers will work with park staff to mark the park's boundary on the steep rugged hillsides east of Springdale.

4:00 p.m. to 6:00 p.m., Zion Nature Center

Whether you plan to spend the day assisting with the boundary project or if you would like to learn more about the new wilderness designation in Zion, please join us for a free barbeque.

RSVP

If you are interested in participating or need additional information, please contact Ray O'Neil at 435-772-7823.
