April – May 2009

How To Use The Shuttle

The Zion Canyon Scenic Drive is accessible by shuttle bus only. *Private vehicles are not allowed.* It's easy to visit this part of the park—just hop on a free bus and let us do the driving.

Two Routes

The Springdale route will take you from town to the park entrance and visitor center. The Zion Canyon route starts at the visitor center and goes up the six-mile-long Zion Canyon Scenic Drive. A round trip lasts 90 minutes. Buses run from before dawn to after dark as often as every six minutes. See page 12 for shuttle schedule. Buses are fully accessible. Pets are not allowed.

Plan Your Time

Use the exhibits at the Zion Canyon Visitor Center to plan your visit based on your time (less than 3 hours or more than 3 hours) and your interests (sightseeing, hiking, and more). Check the schedule of ranger-led activities and the park bookstore for maps and books to enhance your visit.

Climate Friendly

The Zion Canyon Shuttle System started in 2000 to reduce traffic congestion, parking conflicts, pollution, noise, and resource damage. It worked. Each full shuttle replaces 28 cars. In 2008, the shuttles reduced the number of visitor vehicle miles traveled per day by 50,385 and reduced CO₂ emissions by 24,201 pounds (12 tons) per day.

Where To Park

Park In Springdale

Parking inside the park is limited, congested, and full between 10 am and 3 pm. To avoid wasting time searching for a parking space, simply park in Springdale and ride the free shuttle to the park. Shuttles run from before sunup to late in the evening from nine shuttle stops throughout town. If staying overnight in Springdale, leave your car at your lodging and take the shuttle.

Save Time and Money

There is always a line at the vehicle entrance and waits can be long. Ride the shuttle to the pedestrian entrance where the line is short and you can enter the park faster. In addition, groups of one or two people can

save on their entrance fee at the pedestrian entrance. One person gets in at the individual rate of \$12 or two for \$24. A group or family of three or more will not be charged more than the \$25 per vehicle fee.

Park Responsibly

Improper parking is not safe, can damage park resources, and is discourteous to others. Please park in designated parking places. Because illegal parking is on the rise, parking regulations will be strictly enforced with citations based on violations of signed no parking areas, traffic obstruction, or damage to resources or government property. Park responsibly and avoid a ticket.

Park where you see these signs. A shuttle stop is not far away.

Use the Shuttle to Access Trailheads

Access to trailheads along the Zion Canyon Scenic Drive is by shuttle only. *Private vehicles are not allowed.* Shuttles depart early morning from Springdale and the Zion Canyon Visitor Center and run late into the evening. Check page 12 for schedule. Plan your hike so you do not miss the shuttle.

For Your Safety

Stay on established trails and watch your footing, especially at overlooks and near drop-offs. Always stay back from edges. Watch children closely. People uncertain about heights should turn around if they become uncomfortable. Never throw or roll rocks; there may be hikers below.

Hiking & Canyoneering

HIKING IN CANYONS, EVEN SHORT HIKES, REQUIRES ADVANCE PLANNING. MANY HIKES INVOLVE walking in water, and the rivers and creeks are subject to flash flooding. River flows vary greatly depending on time of year and weather conditions. Check the National Weather Service weather forecast and flash flood potential before entering any canyon; posted daily in visitor centers. See the *Zion Backcountry Planner* for additional information.

Permits

Permits are required for all overnights, through-hikes of The Narrows and tributaries, Left Fork of North Creek (the Subway), Kolob Creek, and all canyons requiring the use of technical equipment. Permits are issued at visitor centers the day before your hike. Cost:

- \$10 for 1-2 people
- \$15 for 3-7 people
- \$20 for 8-12 people.

Reservations are available on-line for many permits: www.nps.gov/zion.

Group Size

The maximum group size is 12 people of the same affiliation on the same trail or in the same drainage on the same day.

Be Prepared

All narrow canyons are potentially hazardous. Flash floods, cold water, and strong currents present real dangers that can be life-threatening. Your safety depends on your own good judgment, adequate preparation, and constant attention. *By entering a narrow canyon, you are assuming a risk. Your safety is your responsibility.*

Zion Narrows

Weather and water conditions permitting, there are three ways to hike The Narrows:

Short Day-hike Continue upstream beyond the end of the Riverside Walk. 1 to 5 hours, round trip. No permit required.

Through Day-hike Hike downstream from Chamberlain's Ranch. This strenuous 16-mile all-day hike requires a shuttle to the trailhead and a permit.

Overnight Hike Hike downstream from Chamberlain's Ranch. This two-day hike requires a shuttle to the trailhead and a permit. Maximum stay is one night. Fires are not allowed.

Zion Narrows Checklist

- Obtain *weather and flash flood potential forecasts* before starting your trip.
- Wear *sturdy boots* or shoes with ankle support.
- Take a *walking stick*. Do not cut tree branches for sticks.
- Small children *should not hike in the river* due to strong currents and deep pools.
- Carry out all trash: food wrappers, apple cores, fruit peels, tissue paper—everything you carried in.
- Carry one gallon of *drinking water* per person for a full-day hike, food, sunglasses, sunscreen, and first aid kit.
- Take a *sweater or windbreaker*. The Narrows is much cooler than Zion Canyon.
- Pack gear in *waterproof bags*.
- Use the *restroom* at the Riverside Walk Trailhead before hiking. There are no toilets in The Narrows.

Emerald Pools Trails

THIS SERIES OF POOLS AND WATERFALLS MAY BE ACCESSED BY THREE DIFFERENT ROUTES. THESE trails, as well as a short trail to the upper pool, connect and can be combined as a loop. There is always a small waterfall at the lower pool. If it rains, there may be larger waterfalls at both the upper and lower pools.

Lower Emerald Pool Trail

Easy, 1.2 mile out and back, 69-foot ascent. Paved trail to the pool, then continues behind the waterfalls that cascade from the middle pools into the lower pool.

Middle Emerald Pools Trail

Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge that parallels the lower trail but at a higher level. Do not go near the edge. Deaths have occurred from falling from the middle pools. Loose sand and pebbles on stone are very slippery.

Upper Emerald Pool Trail

Moderate, .5 mile from Middle Pool Trail one-way, 200-foot ascent. A sandy, rocky trail climbs to the base of the cliff.

Kayenta Trail

Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge, connects The Grotto to the Middle Emerald Pools.

Grotto Trail

Easy, .5 mile one-way, level. Trail connects Zion Lodge to The Grotto Picnic Area. Can be linked with Middle Emerald Pools and Kayenta Trails allowing a 3-mile loop hike.

Mountain Lions

MOUNTAIN LIONS ARE WILD ANIMALS AND CAN BE DANGEROUS. THEY HAVE BEEN OBSERVED frequently in the park. An attack by one is unlikely—there is a far greater risk of being struck by lightning. Zion National Park has never had a reported attack on people or pets. However, mountain lions have attacked in other areas.

Several mountain lions are currently radio-collared in the Zion area as part of a multi-year study to learn more about the habits of these elusive creatures.

Recommendations for Your Safety

- Watch children closely, and never let them run ahead or lag behind.
- Solo hiking or jogging is not recommended.
- Never approach a mountain lion. Most will try to avoid a confrontation. Always give them a way to escape.

- Do not run! Try to look large. Put your arms up.
- If a mountain lion approaches, wave your arms, shout, and throw rocks or sticks at it.
- If attacked, fight back.
- Report any mountain lion sightings or encounters to a Park Ranger as soon as possible.

This young male mountain lion was photographed with an infrared-triggered remote camera.

Maintaining Sanctuary

Zion National Park is much more than just a recreational destination. It is a sanctuary of natural and cultural resources—a living museum for all the world. Conserving this heritage is a task the National Park Service cannot accomplish alone. All of us serve a critical role in maintaining Zion's sanctuary for the future.

Please stay on marked trails. Hiking off trails can lead to loss of vegetation, soil compaction, erosion, and unsightly scars on the landscape.

"The squirrel bit me in less than a second. It took 13 stitches."—B.W. Wild animals can hurt you. Don't feed them. Human foods are not healthy for wildlife. Feeding, harming, or capturing wild animals is illegal and can cause injury or death to the animal.

Please respect the peace and quiet of the park and protect the subtle sounds of nature by traveling quietly.

Vegetation lives longer when cars remain on the pavement. Please park in designated spaces only. Fines can be as high as \$250.

Junior Ranger Programs

Ranger-guided Programs

Who

These programs are developed especially for children 6 to 12 years old. For children under 6, see "Self-Guided Programs."

What

Kids learn about Zion National Park and their world through hands-on activities, games, hikes, and lessons. Topics vary and range from plants and animals to geology and archeology.

When

Twice daily at 9:00 am and 1:30 pm, May 23 to September 6, 2009.

Junior Ranger Explorer

Daily at 9 am, 2 ½ hours long. Registration begins at 8:45 am. Kids earn a patch. Drop-off program.

Junior Ranger Discovery

Daily at 1:30 pm, 1 ½ hours long. Registration begins at 1:15 pm. Kids earn a badge. Designed for parental/guardian attendance.

Where

The programs are held at the Zion Nature Center, ½ mile north of the south park entrance, near the entrance to South Campground. The shuttle does not stop at the Nature Center. You may drive to the Nature

Center or walk from the campgrounds, visitor center, or museum.

What to Wear

Many activities are outdoors, so dress comfortably and wear closed-toe shoes; *no sandals*. Bring water. Hats and sunscreen are good on hot, sunny days. Bring rain gear if the weather looks stormy.

Parents

Food is not available, so ensure children have eaten before coming. Bring water. Children must be with their parents or guardian between sessions if attending both morning and afternoon programs. Please be prompt dropping off and picking up.

Self-guided Programs

Ages 6 to 12

Children 6 to 12 years old can earn a badge by completing an activity booklet during their visit. Colorful Jr Ranger Handbooks are available for \$1 at the visitor centers and museum year-round.

Ages Under 6

Children under 6 years old can earn a decal by completing an activity sheet available at the Zion Canyon Visitor Center and Human History Museum year-round.

The Pa'rus Trail connects the Visitor Center and Human History Museum to the Nature Center.

Weather and Climate

Be prepared for a wide range of weather conditions. Temperatures vary with changes in elevation and day/night temperatures may differ by over 30°F.

Spring

Stormy, wet days are common, but warm, sunny weather may occur too. Precipitation peaks in March. Spring wildflowers bloom from April through June, peaking in May.

Summer

Days are hot (95-110°F), but overnight lows are usually comfortable (65-70°F). Afternoon thunderstorms are common from mid-July through mid-September. Storms may produce waterfalls and flash floods.

Fall

Days are usually clear and mild; nights are often cool. Autumn color displays begin in September in the high country. Colors in Zion Canyon usually peak in late October.

Winter

Winters in Zion Canyon are fairly mild. Winter storms bring rain or light snow to Zion Canyon, but heavier snow to the higher elevations. Clear days can reach 60°F; nights are often in the 20s and 30s. Winter storms can last several days and cause roads to be icy. Zion roads are plowed, except the Kolob Terrace road, which is closed in winter. Be prepared for winter driving conditions from November through March.

ZION CANYON FIELD INSTITUTE

OUTDOOR LEARNING ADVENTURES

EDUCATIONAL ADVENTURES IN ZION

Imagine hiking with a wildlife biologist to watch bighorn sheep. Capture the photograph of a lifetime when a rainbow appears against the West Temple. Find the tracks of ringtails in the sands of a dry wash. View a bat up close during a mist-net study. Discover and map an unrecorded archaeological site.

These are experiences that Zion Canyon Field Institute (ZCFI) participants enjoy during their workshops. The Field Institute educates and inspires visitors about the greater Zion National Park ecosystem and environment. ZCFI is the educational division of the non-profit Zion Natural History Association, publisher and seller of books on Zion National Park and related subjects for over 70 years. The Field Institute sponsors outdoor workshops with expert and engaging instructors and challenging itineraries that immerse participants in the park and stimulate investigation of its many natural and cultural resources. These workshops take place at and around Zion National Park, Cedar Breaks National Monument and Pipe Spring National Monument.

All classes include hiking which ranges from moderate to strenuous. Most classes also include an indoor component such as a lecture, slide presentation, demonstration, or time to examine animal or plant specimens.

Large Vehicles

The tunnel was built for cars like this 1930s model.

THE ZION-MT. CARMEL TUNNEL IS BETWEEN THE EAST ENTRANCE AND ZION CANYON. IT WAS built in the 1920s when cars were small and few in number. Some large modern vehicles will not fit without assistance.

Vehicle Size

Vehicles sized 7'10" in width or 11'4" in height, or larger, are required to have an "escort" (traffic control) through the Zion-Mt. Carmel Tunnel. Vehicles this size are too large to stay in their lane while traveling through the tunnel. Nearly all RV's, buses, trailers, 5th wheels, dual-wheel trucks, campers, and boats will require an escort.

Arranging An Escort

Visitors requiring an escort *must pay a \$15 fee per vehicle in addition to the entrance fee*. Pay this fee at a park entrance before driving to the tunnel. The fee is good for two trips through the tunnel for the same vehicle during a 7-day period.

You will not be following an escort vehicle through the tunnel. Rangers will stop oncoming traffic and when the tunnel is clear, you will drive down the middle of the road. We apologize for the delays that many visitors will encounter as a result of this safety precaution. Rangers are stationed at the tunnel:

- March-mid April, 8 am-inquire at entrance station for closing time.
- Mid April-mid September, 8 am to 8 pm daily.
- Mid September-winter, 8 am-inquire at entrance station for closing time.

Prohibited Vehicles

- Vehicles over 13'1" tall.
- Semi-trucks.
- Commercial vehicles.
- Vehicles carrying hazardous materials.
- Vehicles weighing more than 50,000 lbs.
- Single vehicles over 40' long.
- Combined vehicles over 50' long.
- Bicycles and pedestrians.

If your vehicle is 11'4" (3.4m) tall or taller or 7'10" (2.4m) wide or wider, including mirrors, awnings, and jacks, you will need a tunnel escort.
