How to use the program and set up a new project file.

Exit Program

Close this file and exit FileMaker Pro®

Antietam National Battlefield Visitor Center Lobby Exhibits

Fill in Park and Project Name

Press the "Import" button to import a photo into the database. The photo will appear on the Exhibit Plan Cover. Select a photo representing the park, project site, or project themes. Try copying an image from from the park's web page. If you do not import a photo, that part of the cover will remain blank.
