**To:** "Domenech, Douglas" <[douglas\\_domenech@ios.doi.gov](mailto:douglas_domenech@ios.doi.gov)>, "Swift, Heather" <[heather\\_swift@ios.doi.gov](mailto:heather_swift@ios.doi.gov)>  
**Cc:** Meg Martin <[mmartin@civilwar.org](mailto:mmartin@civilwar.org)>, Paul Coussan <[pcoussan@civilwar.org](mailto:pcoussan@civilwar.org)>, "Trail, Susan" <[susan\\_trail@nps.gov](mailto:susan_trail@nps.gov)>

Doug – per our conversation yesterday, attached is a draft fact sheet on the event, along with a draft agenda. As we discussed, we have a VIP tour scheduled from roughly 9:30 a.m. to 11:15 a.m., followed by the news conference at 11:30, and lunch at 12:15 (approximately) at the historic Mumma Farm on the battlefield. Do you think we can get a greenlight on 11:30 news conference start time today?

Heather – per our email exchange, attached is the invite we propose to send out by email today, to get a crowd at the event for next Wednesday. With many people making a 4-day weekend out of the July 4 holiday, we are anxious to start ASAP in order to get a proper-sized crowd there for the Secretary.

Please let me know if you have any questions. Meg and Paul from our team will be out at the battlefield today refining event logistics. I will be sending along revised suggested talking points later this morning. Thank you!

Best,

Jim

Antietam Zinke Event - Fact Sheet 6-27-2017 DR\_3.pdf

## **ANTIETAM CEREMONY WITH INTERIOR SECRETARY RYAN ZINKE**

*Fact Sheet for July 5, 2017 Event*

### **Speakers**

Susan Trail, *Superintendent, Antietam National Battlefield*

James Lighthizer, *President, Civil War Trust*

Will Shafroth, *President and CEO, National Park Foundation*

John L. Nau, III, *trustee of both the Civil War Trust and National Park Foundation*

Honorable Ryan Zinke, *U.S. Secretary of the Interior*

### **Purpose of Event**

The purpose of today's event is two-fold: (1) to announce \$7.2 million in American Battlefield Land Grants for protection of battlefield land at 20 Revolutionary War, War of 1812, and Civil War sites in 9 states; and (2) to announce that Antietam National Battlefield will benefit from President Donald Trump's donation of \$78,000 for battlefield park maintenance, with his money matched by the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation.

### **American Battlefield Land Grants Program**

The American Battlefield Land Grants Program is a federal matching grants program that encourages private-sector investment in battlefield preservation. The program, administered by the American Battlefield Protection Program (an arm of the National Park Service) and funded through the Land and Water Conservation Fund, has helped protect more than 28,500 acres of hallowed ground at Revolutionary War, War of 1812, and Civil War battlefields.

### **Battlefields Receiving Grant Awards**

At the ceremony today, Secretary Zinke announced \$7.2 million in American Battlefield Land Grants to protect 1,196 acres at 19 battlefields. The battlefields benefiting from the grants are: Prairie Grove, Ark.; South Mountain and Williamsport, Md.; Brices Cross Roads, Miss.; Fort Ann and Sackets Harbor, N.Y.; Brandywine, Pa.; Eutaw Springs, S.C.; Fort Donelson, Tenn.; Appomattox Courthouse, Fredericksburg, Gaines Mill, Kelly's Ford, Malvern Hill, New Market, Second Manassas, Third Winchester, and Trevilian Station, Va.; and Shepherdstown, W.Va.

### **President Trump's Donation for Battlefield Maintenance**

Secretary Zinke also revealed that President Trump's donation for battlefield park maintenance, first announced this past April, will go toward preservation of the historic Newcomer House at Antietam, along with replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred. The Civil War Trust, National Park Foundation and Save Historic Antietam Foundation presented a check of \$185,212 to match the President's gift.

### **About the Battle of Antietam**

The Battle of Antietam, fought September 17, 1862, is one of the most significant battles in American history. Although the battle itself was a tactical stalemate, the Confederate Army under Gen. Robert E. Lee was forced to retreat south of the Potomac, ending Lee's first invasion of the North. Lee's retreat provided the Union cause with a strategic victory, enabling President Abraham Lincoln to release the Emancipation Proclamation, granting freedom to slaves in regions under Confederate control. The battle also marked the bloodiest day in American history, resulting in nearly 23,000 casualties.

### **About the Civil War Trust**

The Civil War Trust is a national nonprofit land preservation organization devoted to the protection of America's hallowed battlegrounds. Although primarily focused on the acquisition of Civil War battlefields, through its Campaign 1776 initiative, the Trust also seeks to save the battlefields connected to the Revolutionary War and War of 1812. To date, the Trust has preserved more than 46,000 acres of battlefield land in 24 states. Learn more at [Civilwar.org](http://Civilwar.org).

Antietam Event Suggested Timeline v2\_3.pdf

### **Secretary Zinke Visit to Antietam: Suggested Timeline**

<b>9:30 a.m.</b>	Secretary Zinke and VIPs meet at the Visitor Center parking lot for tour that will highlight recent preservation and restoration successes, along with park maintenance opportunities.
<b>11:15 a.m.</b>	Secretary and VIPs return to Visitor Center parking lot and walk to news conference site to greet assembled guests.
<b>11: 30 a.m. – noon</b>	News conference announcing \$7.2 million in American Battlefield Land Grants and projects that will benefit from President Trump's battlefield maintenance donation (see news conference agenda, below).
<b>12:15 p.m. (approx.)</b>	TENTATIVE: Public tour of battlefield begins (we typically offer public tours for attendees after an event as a thank you).
<b>12:15 p.m. (approx.)</b>	Take van to historic Mumma Barn for VIP lunch.
<b>1:15 p.m.</b>	Secretary departs Antietam NB.

-----

### **News Conference: Suggested Speaking Order**

<b>Susan Trail (NPS Superintendent)</b>	Welcome and Introductions (4-5 mins)
<b>Jim Lighthizer (CWT President)</b>	Remarks (4-5 mins)
<b>Will Shafroth (NPF President)</b>	Remarks (4-5 mins)
<b>John L. Nau, III (CWT Former Chair)</b>	Remarks and Introduce Secretary (5 mins)
<b>Secretary Zinke</b>	Keynote (7-10 minutes)
<b>All Speakers</b>	Check to Secretary/Photo Op (5 mins)
<b>Susan Trail</b>	Concluding Remarks (2-3 mins)

Antietam Email Invite - DRAFT 6-27-2017\_3.pdf

**You're Invited!** <Text to be overlaid on image>

Please join the Civil War Trust, the National Park Foundation, and other conservation leaders for a special ceremony announcing battlefield preservation efforts at Antietam National Battlefield and throughout the nation. The event will be held on the historic Antietam battlefield just north of the National Park Service Visitor Center.

**Wednesday, July 5, 2017, 11:30 a.m.**

**Antietam National Battlefield**

**5831 Dunker Church Rd., Sharpsburg, Maryland**

Please send RSVPs and questions to [rsvp@civilwar.org](mailto:rsvp@civilwar.org). Parking is located in front of the Visitor Center. Refreshments will be available throughout the event.

We look forward to seeing you there,

Jim Lighthizer, President

Civil War Trust

## INTERIOR SECRETARY ZINKE ANNOUNCES \$7.2 MILLION IN GRANTS TO PROTECT AMERICA'S HISTORIC BATTLEFIELDS

*Secretary also announces that President Trump's donation of his first quarter salary will  
benefit preservation and restoration work at Antietam National Battlefield*

(Sharpsburg, Md.) – During a news conference today on the historic Antietam Battlefield, U.S. Secretary of the Interior Ryan Zinke announced \$7.2 million in federal grants to preserve battlefield lands associated with the Revolutionary War, War of 1812 and Civil War. These grants will be utilized by the Civil War Trust and other nonprofit preservation groups to protect nearly 1,200 acres of hallowed ground at 19 battlefields throughout the country.

“Preserving and maintaining our nation’s hallowed battlegrounds provides future generations a place to reflect on the heroism, sacrifice and determination of American soldiers throughout our history, and the principles for which they fought,” noted Secretary Zinke, himself a military veteran and former Navy SEAL.

Joining Secretary Zinke at the event were James Lighthizer, president of the Civil War Trust; John L. Nau, III; chairman *emeritus* of the Trust; and Will Shafrath, president and CEO of the National Park Foundation. Mr. Nau serves on the governing boards of both the Civil War Trust and the National Park Foundation. Secretary Zinke and assembled guests were welcomed to the park by Antietam National Battlefield Superintendent Susan Trail.

The grants announced today are funded through the Battlefield Land Acquisition Grants Program, a competitive matching grants program that encourages state and private sector investment in battlefield lands in the United States. The fund is administered by the American Battlefield Protection Program, a bureau within the National Park Service that promotes preservation and maintenance of these historic sites. Since it was created in 1999, the Battlefield Land Acquisition Grants Program has been used to save more than 28,500 acres of hallowed ground associated with the Revolutionary War, War of 1812 and Civil War.

Secretary Zinke also took the opportunity while at Antietam to formally announce that President Donald Trump’s donation of more than \$78,000 for national battlefield park maintenance, first announced in April, will benefit preservation and restoration work at Antietam National Battlefield. The President’s gift, part of his commitment to donate his presidential salary to worthwhile causes, will be matched by a \$185,212 donation from the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation, an outstanding local nonprofit organization involved in preservation at Antietam for more than three decades. Representatives of all three organizations presented a ceremonial check to Secretary Zinke and Superintendent Trail during the news conference. The donations will go toward preservation of the historic Newcomer House at Antietam, along with replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred.

## News Release from the Civil War Trust

Page 2 of 2

July 5, 2017

“Without a doubt, the National Park Service is our strongest partner,” noted Lighthizer, whose passion for battlefield preservation began with visits to Antietam. “We are proud to work with NPS – as well as many local groups across the country – to protect and maintain these historic sites, and are grateful to have such dedicated support from the President and Secretary Zinke.”

Shafroth expressed similar sentiments, noting that the National Park Service cannot be expected to preserve and maintain national parks like Antietam on its own. “Preservation of America’s battlefield parks and other national treasures can only be accomplished through cooperative partnerships like those we are celebrating today.”

In his remarks, Secretary Zinke indicated that today’s announcements are part of a renewed commitment by the Department of the Interior to preserve important historic sites and address the maintenance backlog at national parks. The Department estimates there is \$12 billion in deferred maintenance at NPS sites, including \$229 million at the 25 battlefield parks in the National Park System. According to Superintendent Trail, “Sites across the National Parks System are sorely in need of maintenance aid, and we are glad to have this additional support at Antietam. I hope today’s announcement sends a message of commitment to our sister parks around the country.”

The battlefields benefiting from the \$7.2 million in Battlefield Land Acquisition Grants announced today are as follows: Prairie Grove, Ark.; South Mountain and Williamsport, Md.; Brices Cross Roads, Miss.; Fort Ann and Sackets Harbor, N.Y.; Brandywine, Pa.; Eutaw Springs, S.C.; Fort Donelson, Tenn.; Appomattox Courthouse, Fredericksburg, Gaines’ Mill, Kelly’s Ford, Malvern Hill, New Market, Second Manassas, Third Winchester, and Trevilian Station, Va.; and Shepherdstown, W.Va.

Hi all,

I'm sending over a draft of the news release for feedback and quote approval. They are just suggestions and we are happy to make any changes! We can also convert this to a joint release if that's the preference, and add logos and boilerplates for the participating organizations.

Looking forward to your thoughts. Please track changes if you don't mind, thank you!  
Meg

## INTERIOR SECRETARY ZINKE ANNOUNCES \$7.2 MILLION IN GRANTS TO PROTECT AMERICA'S HISTORIC BATTLEFIELDS

*Secretary also announces that President Trump's donation of his first quarter salary will  
benefit preservation and restoration work at Antietam National Battlefield*

(Sharpsburg, Md.) – During a news conference today on the historic Antietam Battlefield, U.S. Secretary of the Interior Ryan Zinke announced \$7.2 million in federal grants to preserve battlefield lands associated with the Revolutionary War, War of 1812 and Civil War. These grants will be utilized by the Civil War Trust and other nonprofit preservation groups to protect nearly 1,200 acres of hallowed ground at 19 battlefields throughout the country.

“Preserving and maintaining our nation’s hallowed battlegrounds provides future generations a place to reflect on the heroism, sacrifice and determination of American soldiers throughout our history, and the principles for which they fought,” noted Secretary Zinke, himself a military veteran and former Navy SEAL.

Joining Secretary Zinke at the event were James Lighthizer, president of the Civil War Trust; John L. Nau, III; chairman *emeritus* of the Trust; and Will Shafrath, president and CEO of the National Park Foundation. Mr. Nau serves on the governing boards of both the Civil War Trust and the National Park Foundation. Secretary Zinke and assembled guests were welcomed to the park by Antietam National Battlefield Superintendent Susan Trail.

The grants announced today are funded through the Battlefield Land Acquisition Grants Program, a competitive matching grants program that encourages state and private sector investment in battlefield lands in the United States. The fund is administered by the American Battlefield Protection Program, a bureau within the National Park Service that promotes preservation and maintenance of these historic sites. Since it was created in 1999, the Battlefield Land Acquisition Grants Program has been used to save more than 28,500 acres of hallowed ground associated with the Revolutionary War, War of 1812 and Civil War.

Secretary Zinke also took the opportunity while at Antietam to formally announce that President Donald Trump’s donation of more than \$78,000 for national battlefield park maintenance, first announced in April, will benefit preservation and restoration work at Antietam National Battlefield. The President’s gift, part of his commitment to donate his presidential salary to worthwhile causes, will be matched by a \$185,212 donation from the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation, an outstanding local nonprofit organization involved in preservation at Antietam for more than three decades. Representatives of all three organizations presented a ceremonial check to Secretary Zinke and Superintendent Trail during the news conference. The donations will go toward preservation of the historic Newcomer House at Antietam, along with replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred.

## News Release from the Civil War Trust

Page 2 of 2

July 5, 2017

“Without a doubt, the National Park Service is our strongest partner,” noted Lighthizer, whose passion for battlefield preservation began with visits to Antietam. “We are proud to work with NPS – as well as many local groups across the country – to protect and maintain these historic sites, and are grateful to have such dedicated support from the President and Secretary Zinke.”

Shafroth expressed similar sentiments, noting that the National Park Service cannot be expected to preserve and maintain national parks like Antietam on its own. “Preservation of America’s battlefield parks and other national treasures can only be accomplished through cooperative partnerships like those we are celebrating today.”

In his remarks, Secretary Zinke indicated that today’s announcements are part of a renewed commitment by the Department of the Interior to preserve important historic sites and address the maintenance backlog at national parks. The Department estimates there is \$12 billion in deferred maintenance at NPS sites, including \$229 million at the 25 battlefield parks in the National Park System. According to Superintendent Trail, “Sites across the National Parks System are sorely in need of maintenance aid, and we are glad to have this additional support at Antietam. I hope today’s announcement sends a message of commitment to our sister parks around the country.”

The battlefields benefiting from the \$7.2 million in Battlefield Land Acquisition Grants announced today are as follows: Prairie Grove, Ark.; South Mountain and Williamsport, Md.; Brices Cross Roads, Miss.; Fort Ann and Sackets Harbor, N.Y.; Brandywine, Pa.; Eutaw Springs, S.C.; Fort Donelson, Tenn.; Appomattox Courthouse, Fredericksburg, Gaines’ Mill, Kelly’s Ford, Malvern Hill, New Market, Second Manassas, Third Winchester, and Trevilian Station, Va.; and Shepherdstown, W.Va.

The Civil War Trust is a national nonprofit land preservation organization devoted to the protection of America’s hallowed battlegrounds. Although primarily focused on the acquisition of Civil War battlefields, through its Campaign 1776 initiative, the Trust also seeks to save the battlefields connected to the Revolutionary War and War of 1812. To date, the Trust has preserved more than 46,000 acres of battlefield land in 24 states. Learn more at [Civilwar.org](http://Civilwar.org).

**Subject:** Suggested Talking Points - July 5 Event

All:

Attached are suggested talking points for the July 5 event. Note that these are suggestions only – please revise to better reflect the messaging Secretary Zinke and the Department seeks to convey. We typically do our talking points in this format to try to avoid duplication in remarks (Doug, Susan – you will probably recognize the outline).

Please note the suggested format for the event on the first page (we have each speaker introducing the next speaker, rather than having an emcee), and biographical info on the final two pages.

Alanna and Angie – in the case of Will Shafroth, we pulled material from his previous remarks, and noted NPF involvement at Antietam.

Also attached is the draft novelty check we propose to have the three nonprofits (Civil War Trust, NPF, and Save Historic Antietam Foundation) present to Secretary Domenech and Superintendent Trail toward the end of the event. Note the dollar amount (\$185,212) doesn't include the \$79,000 already donated by President Trump – although that comes up frequently in the remarks. Are we all okay with that?

We hope to get a draft news release out to this group for review early tomorrow morning. We would also be happy to participate in a joint release with DOI/NPS. I will be on the road tomorrow – but Meg and Paul will be back in the office and able to coordinate efforts.

Thanks!

Jim

Good afternoon Heather,

Thanks for taking the time to chat.

The CW Trust's draft news release includes this sentence:

Since it was created in 1999, the Battlefield Land Acquisition Grants Program has been used to save more than **28,500** acres of hallowed ground associated with the Revolutionary War, War of 1812 and Civil War. It should be updated to read "more than **29,000** acres."

I also noticed that the draft refers to "President Donald Trump" - I believe it should read "President Donald J. Trump."

And, if you choose to include a quote from Supt. Trail, we would recommend the following:

"Since the very beginning, national parks have benefited from the generosity of the American people," Antietam National Battlefield Superintendent Susan Trail, said. "Today's donations help us conquer the daunting maintenance needs at the battlefield and serve as patriotic tributes to those who fought and died in service to our country."

Please let us know how we can be helpful.

Thank you,  
Jennifer

**Subject:** Suggested Talking Points - July 5 Event

All:

Attached are suggested talking points for the July 5 event. Note that these are suggestions only – please revise to better reflect the messaging Secretary Zinke and the Department seeks to convey. We typically do our talking points in this format to try to avoid duplication in remarks (Doug, Susan – you will probably recognize the outline).

Please note the suggested format for the event on the first page (we have each speaker introducing the next speaker, rather than having an emcee), and biographical info on the final two pages.

Alanna and Angie – in the case of Will Shafroth, we pulled material from his previous remarks, and noted NPF involvement at Antietam.

Also attached is the draft novelty check we propose to have the three nonprofits (Civil War Trust, NPF, and Save Historic Antietam Foundation) present to Secretary Domenech and Superintendent Trail toward the end of the event. Note the dollar amount (\$185,212) doesn't include the \$79,000 already donated by President Trump – although that comes up frequently in the remarks. Are we all okay with that?

We hope to get a draft news release out to this group for review early tomorrow morning. We would also be happy to participate in a joint release with DOI/NPS. I will be on the road tomorrow – but Meg and Paul will be back in the office and able to coordinate efforts.

Thanks!

Jim

Doug,

The members listed are the two Senators from Maryland and the Congressman whose district includes Antietam. While the grants announced are for several states, we want to specifically thank those partners at Antietam, since many of the groups will be represented in the audience, while acknowledging partnerships like this exist at battlefields across the country. We can take out lawmakers if you would like.

Please let us know if you have any other questions or concerns with this. Thanks!

**Subject:** Options for Antietam

Jim and Jim,

Per the conversation I just had with Jim Campi, here is our analysis of the options.

We are prepared to do either of the first two and contribute the same as the CVBT.

If the Trust is prepared to stretch, we will consider #3 as well.

Thanks,

Will

**1) Historic Newcomer House and Barn, and Preserve New York Monuments**

Total = \$256,409

\$79,000 from President

\$86,204 from NPF

\$86,205 from CWT

\$5,000 from Save Historic Antietam Foundation

Benefit = maximizes visitor experience as Newcomer House is high traffic area, highlights partners (SHAF and Maryland Heart of the Civil War Heritage Area), capitalizes on Fed \$\$ already invested in Newcomer Barn, Newcomer House of high interest to DOI, includes preservation of at least one monument.

**2) Historic Newcomer House, and Dunker Church Road Historical Rail Fencing**

Total = \$264,212

\$79,000 from President

\$90,106 from NPF

\$90,106 from CWT

\$5,000 from Save Historic Antietam Foundation

Benefit = maximizes visitor experience as Newcomer House is high traffic area, highlights partners (SHAF and Maryland Heart of the Civil War Heritage Area), Newcomer House of high interest to DOI, the fencing is a high visitor impact visually. Fencing runs along property owned by CWT, providing a nice tie in. Note: Newcomer Barn not included.

**3) Historic Newcomer House and Barn, and Dunker Church Road Historical Rail Fencing**

Total = \$322,618

\$79,000 from President

\$119,309 from NPF

\$119,309 from CWT

\$5,000 from Save Historic Antietam Foundation

Benefit = maximizes visitor experience as Newcomer House is high traffic area, highlights partners (SHAF and Maryland Heart of the Civil War Heritage Area), capitalizes on Fed \$\$ already invested in Barn, Newcomer House of high interest to DOI, the fencing is a high visitor impact visually. Fencing runs along property owned by CWT, providing a nice tie in. This is the highest priced option. Need to confirm all organizations can make the funds.

## United States Department of the Interior

NATIONAL PARK SERVICE  
National Capital Region 900 Ohio Drive, S.W.  
1100 Ohio Dr., SW  
Washington, DC 20242

DRAFT

July 5, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Will Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Dr. Tom Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Comment [TSW1]: Suggest using "Thomas" without "Dr" to be consistent with the other names

Dear Jim, Will, and Tom:

Thank you for ~~your organizations~~ the generous support and donations provided by your organizations to Antietam National Battlefield. ~~Your~~ These donations will ~~be matched by~~ match and enhance an existing donation of \$xxxx from President Donald J. Trump and will be used to complete several critical deferred maintenance projects in the park, as part of the National Park Service's goal [mission?] to help protect and restore preserve this nationally significant historic battlefield features and facilities across the Battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: \$xxxx from the Civil War Trust, \$xxxx from the National Park Foundation, and \$xxxx from the Save Historic Antietam Foundation.

Comment [TSW2]: I think this is more accurate to say they are matching the president, and not the other way around.

The combined donations enabled ~~us~~ the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the National Park Service.

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These ~~three-two~~ projects will reduce ~~the park's~~ Antietam National Battlefield's maintenance backlog ~~maintenance~~ and ~~stabilize-preserve~~ signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. Since unforeseen circumstances may require adjustments in the proposed projects, ~~Antietam National Battlefield~~ ~~the park~~ [the NPS?] reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should ~~the-proposed~~ project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, ~~the~~ National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- A lead article within-on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects. The park's website typically received xxx number of visits per month.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, ~~and the~~ historic significance of the resource and ~~will provide~~ recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.
- Each donor will be acknowledged ~~within the park's donor book which will be on display within the park's main visitor center.~~ on an electronic donor board to be established on the park website.

We look forward to working with you on all of these projects and initiatives as we move forward. To celebrate our success together over this year, we will provide a summary report to you on our progress by December 31, 2017 and provide you copies of the items cited above. We

Please indicate your concurrence by signing the next page. Thank you again, for all you do to support the mission of America's national parks.

Okay. Makes sense.

One last thing on ANTI. Am I correctly reading your letter that the donations are coming to NPS from the three organizations and not through NPF?

As for Bechtel, there are several efforts. Chrystal might have been talking about another one, or maybe our wires are crossed, which wouldn't be the first time.

I'm working with Lise and the consultant team Redstone on this strategic capacity-building initiative for Friends Groups. This is something that Director Jarvis was very interested in. He and Will believe there are a number of groups -- like Friends of INDE -- who could accomplish much more if we made a targeted, multi-year investment in them. Bechtel agrees. These groups wouldn't be identified through a call, but through an analysis by Redstone of where the greatest potential is and through discussions with NPS staff. It would be opportunistic. Mike said they should talk to a couple RDs. I've been able to expand that to include each RD, or in cases where the RD wasn't available or was new, the partnership coordinator. They're set to talk to Bob. I invited the RDs to include staff on the call if they would like. I think I cc'd you on my note to him, but let me know if I didn't.

MBT is at an intersection of a lot of things they're looking at and would be very appealing. The park's proximity to DC, access to Civil War donors, the up and down history of the group, and it has some name recognition. Confidentially, <sup>(b)(5)</sup>

I've also pushed and they look not only at individual groups, but also at the system of philanthropic partners and ways we could help groups of parks. Perhaps it's direct assistance to a group of parks or developing models for successful geographic or theme-based alignments, resource sharing models, parent relationships where a larger organization provides some functions to smaller groups, etc... While direct assistance to some groups will help, I think we also have to address the environment in which some of these groups -- especially smaller ones -- are operating and tackle some of their underlying challenges. I don't have their commitment yet, but have piqued their interest

<[wendy\\_o'sullivan@nps.gov](mailto:wendy_o'sullivan@nps.gov)> wrote:

Jeff - So you are aware, I just did a SF182 with PLA for a series of nonprofit training sessions for NCR partners (and parks) with PLA. See attached. It is basically their nonprofit Boot Camp with several extra features.

Last month when Reggie and I met with Chrystal and NPF, I asked about what support they may be able to provide NCR partners like MBT and others. I let them know about the PLA training proposal and they said NCR should go ahead with PLA. So I did.

She described the Bechtel funding being used differently. But if you think some of it can be similar to the technical consultative support that Siobhan had been providing to individual friends groups - then great. MBT is one of several in NCR that would benefit from the individualized support. I recommend there be some sort of application process with clear selection criteria.

Susan, Jeff, and Bob:

Attached is a draft of the Antietam donation letter. It is based on a similar letter we did for a project on the Mall with Coke, TNM, and NPF.

Please take a look and send any thoughts. Once we get the details on the project and dollar amounts we should be able to easily plug those in and fluff up the language about the benefits of the contributions.

The park is considering what level of long term recognition

they will be providing. I put in a placeholder of recognition within a park donation book for now.

I recommend that once we have the missing pieces added, that we share this with the three partner organizations for edits or comments before finalizing for Bob's signature. The goal would be to get the three partner signatures the day of the event.

Thanks Susan. I cleaned up formatting on the draft a little and it is now ready to share with partners for review. Do you want me to share with Jim, Tom, and Susan Newton? If so, I need Jim's and Tom's emails. Otherwise you could send to the three and please copy me. The goal is to have partner edits by this afternoon or early Monday AM so we can get Bob's signature on Monday.

We need the partners to enter their donation amounts and we need to verify the amount to list from the Presidents donation. If you need it, Susan's email is [snewton@nationalparks.org](mailto:snewton@nationalparks.org). If you need to reach me, my number is 202-374-9051.

DRAFT Antietam Donation Letter 6-30-17.pdf

# United States Department of the Interior

NATIONAL PARK SERVICE  
National Capital Region  
1100 Ohio Dr., SW Washington, DC 20242

July 5, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Will Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Jim, Will, and Tom:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$xxxx from President Donald J. Trump and will be used to complete several critical deferred maintenance projects in the park, as part of the National Park Service's mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: \$xxxx from the Civil War Trust, \$xxxx from the National Park Foundation, and \$xxxx from the Save Historic Antietam Foundation.

The combined donations enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently

serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the National Park Service.

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.
- Each donor will be acknowledged on an electronic donor board to be established on the park website.

We look forward to working with you on all of these projects and initiatives as we move forward. To celebrate our success together over this year, we will provide a summary report to

**Subject:** Re: Materials for July 5 Event

This all looks great, Jim and team! I am good with the email invite going out as it does not mention the Secretary's name yet. I will talk to the protection detail to see which day they are comfortable with an update with his name going.

Agenda looks great.

For press, my intent is to have a van drive out from DOI with members of the press. Would there be an abbreviated tour option available for them? Perhaps an interpreter could hop in the van with us and show the sites that the donation will impact, plus some of the most notable aspects of the battlefield.

Doug – per our conversation yesterday, attached is a draft fact sheet on the event, along with a draft agenda. As we discussed, we have a VIP tour scheduled from roughly 9:30 a.m. to 11:15 a.m., followed by the news conference at 11:30, and lunch at 12:15 (approximately) at the historic Mumma Farm on the battlefield. Do you think we can get a greenlight on 11:30 news conference start time today?

Heather – per our email exchange, attached is the invite we propose to send out by email today, to get a crowd at the event for next Wednesday. With many people making a 4-day weekend out of the July 4 holiday, we are anxious to start ASAP in order to get a proper-sized crowd there for the Secretary.

Please let me know if you have any questions. Meg and Paul from our team will be out at the battlefield today refining event logistics. I will be sending along revised suggested talking points later this morning. Thank you!

Best,

Jim

Good afternoon all,

Jenny Anzelmo-Sarles (NPS National Capital Region, Office of Communications) will be taking over for me on the July 5th event because I will be out of town on Monday, and we want to provide consistent staffing as the day draws closer.

She will be at the park for the walk-through on Monday and also on hand Wednesday to support as needed. Jenny worked with Caroline, Meg and Rusty on the Secretary's recent visit to Golden Gate.

Jenny is copied on this note and can be reached at her office 202-619-7177 or cell 307-690-2355.

Thank you,  
Jennifer

## MEDIA ADVISORY:

### INTERIOR DEPT OFFICIALS JOIN CIVIL WAR TRUST AND NATIONAL PARK FOUNDATION FOR BATTLEFIELD PRESERVATION ANNOUNCEMENT

**(Sharpsburg, Md.)** – On Wednesday, July 5, officials from the U.S. Department of the Interior and the National Park Service will join the Civil War Trust and the National Park Foundation at Antietam National Battlefield for an exciting announcement about recent battlefield preservation efforts at Antietam and throughout the nation.

The news conference will begin at 11:30 a.m. near the Antietam National Battlefield Visitor Center. Joining Interior and National Park Service officials at the event will be Civil War Trust President James Lighthizer, Trust Chairman *emeritus* John L. Nau, III, and National Park Foundation President and CEO Will Shafroth.

The ceremony will occur rain or shine; light refreshments will be available. Please follow the directional signs for parking locations. A public tour of the battlefield will follow the ceremony.

**WHAT:** Exciting Historic Preservation Announcement on Antietam Battlefield

**WHO:** Interior Department and NPS officials, national nonprofit preservation leaders

**WHEN:** Wednesday, July 5, at 11:30 a.m. ET

**WHERE:** Antietam National Battlefield, 5831 Dunker Church Rd., Sharpsburg, MD

The Civil War Trust is a national nonprofit land preservation organization devoted to the protection of America's hallowed battlegrounds. Although primarily focused on the acquisition of Civil War battlefields, through its Campaign 1776 initiative, the Trust also seeks to save the battlefields connected to the Revolutionary War and War of 1812. To date, the Trust has preserved more than 46,000 acres of battlefield land in 24 states. Learn more at [Civilwar.org](http://Civilwar.org).

**Subject:** National Military Parks and President Trump's Donation

Good afternoon,

We saw in the Chattanooga Times Free Press today that the Chickamauga-Chattanooga National Military Park is on the list for receiving funds from President Trump's salary donation. I have pasted the article below.

If you could keep us updated on the decision on where the funds are going to be spent, that would be great!

Thanks!

Lindsay

**Trump's salary may be donated to  
Chickamauga-Chattanooga National**

# Military Park [photos]

May 8th, 2017 by [Judy Walton](#) in Local Regional News Read Time: 2 mins.

The president may have a present for the Chickamauga battlefield: about \$78,000 out of his own pocket for preservation work at the nation's oldest battlefield park.

President Donald Trump said he would donate his \$400,000-a-year presidential salary back to the Treasury. In April, he gave the \$78,000 from his first three months' pay to the National Park Service.

At the time, Interior Secretary Ryan Zinke said the money would be spent in U.S. military parks.

"We're going to dedicate it and put [it] against the infrastructure on our nation's battlefields," Zinke said in a press briefing. "We're about \$100 million or \$229 million behind in deferred maintenance on our battlefields alone."

Last week, USA Today reported the Chickamauga and Chattanooga National Military Park is at the top of a list of three. The popular park had more than 1 million visitors last year and could start work on two projects right away: repairing erosion on Point Park Trail and restoring the [1938-era Ochs Museum](#).

The other battlefield parks are at Vicksburg, Miss., and Kings Mountain, S.C.

Tom Crosson, spokesman for the National Parks Service, said the president specified the donation go to a battlefield preservation project, but the parks service came up with the list of finalists.

"We have a variety of parks that have a variety of projects that need to get done," Crosson said by phone Wednesday. "They're projects that could be accomplished with that money."

USA Today also reported Trump would be able to deduct the donation on his federal income taxes.

The battles for Chickamauga raged between September and November 1864

as Union and Confederate armies clashed over control of Chattanooga, a rail center considered the [gateway to the heart of the Confederacy](#), according to the park website. Eventually the Union troops prevailed and the Confederates retreated south into Georgia.

Tricia Mims, with the Friends of the Chickamauga-Chattanooga National Military Park, pointed out in an email that the view from Point Park is among the most iconic images of Chattanooga and is featured on the city and county seals.

She said the Friends group raises thousands of dollars each year restoration projects and that "We appreciate and welcome all support from the public toward that end."

"We hope the recent publicity surrounding the considerable deferred maintenance needs for the entire national park system will inspire Chattanoogaans to join the Friends in giving back locally to support our park that means so much to our community," Mims said.

Vicksburg National Military Park in Mississippi is also a landmark Civil War site.

"Vicksburg is the nail head that holds the South's two halves together. [Vicksburg is the key](#)," the park service website says. If the Union controlled Mississippi River at Vicksburg, it could stop the flow of supplies to the Confederates and split the South.

Kings Mountain, in Blacksburg, S.C., dates back to the Revolutionary War. The Oct. 7, 1780, battle of Kings Mountain was the fledgling nation's first major victory after the British invaded Charleston in May of that year. Founding father and second president Thomas Jefferson called it "[the turn of the tide of success](#)," the park service website says.

Heather Swift, spokeswoman for the Department of the Interior, said Wednesday via email that no decision has been made on the choice of projects.

Crosson added, "We're just waiting on the final decision. Once we get that we could work with the region and the parks to get the project going."

**Cc:** Meg Martin; Paul Coussan  
**Subject:** Revised Schedule, Draft Release Letterhead, Revised Fact Sheet

All:

A few other items for the group: (1) a revised schedule for Wednesday; (2) possible news release letterhead with all four logos (if we want to go that route); and (3) a revised fact sheet for the event.

On the fact sheet, we made a change to avoid confusion about the math: \$185,212 donation from the three nonprofit groups (Civil War Trust, National Park Foundation, and Save the Historic Antietam Foundation) plus the President's \$78,333 donation, for a total of \$263,545 for maintenance at Antietam NB.

Please let me know if you have any questions or feedback – thanks!

Jim

Antietam Zinke Event - Fact Sheet 6-30-2017 DR.pdf

## **ANTIETAM CEREMONY WITH INTERIOR SECRETARY RYAN ZINKE**

*Fact Sheet for July 5, 2017 Event*

### **Speakers**

Susan Trail, *Superintendent, Antietam National Battlefield*

James Lighthizer, *President, Civil War Trust*

Will Shafroth, *President and CEO, National Park Foundation*

John L. Nau, III, *trustee of both the Civil War Trust and National Park Foundation*

Honorable Ryan Zinke, *U.S. Secretary of the Interior*

### **Purpose of Event**

The purpose of today's event is two-fold: (1) to announce \$7.2 million in American Battlefield Land Grants for protection of battlefield land at 20 Revolutionary War, War of 1812, and Civil War sites in 9 states; and (2) to announce that Antietam National Battlefield will benefit from President Donald Trump's donation of \$78,333 for battlefield park maintenance, with his money matched by the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation.

### **American Battlefield Land Grants Program**

The American Battlefield Land Grants Program is a federal matching grants program that encourages private-sector investment in battlefield preservation. The program, administered by the American Battlefield Protection Program (an arm of the National Park Service) and funded through the Land and Water Conservation Fund, has helped protect more than 28,500 acres of hallowed ground at Revolutionary War, War of 1812, and Civil War battlefields.

### **Battlefields Receiving Grant Awards**

At the ceremony today, Secretary Zinke announced \$7.2 million in American Battlefield Land Grants to protect 1,196 acres at 19 battlefields. The battlefields benefiting from the grants are: Prairie Grove, Ark.; South Mountain and Williamsport, Md.; Brices Cross Roads, Miss.; Fort Ann and Sackets Harbor, N.Y.; Brandywine, Pa.; Eutaw Springs, S.C.; Fort Donelson, Tenn.; Appomattox Courthouse, Fredericksburg, Gaines Mill, Kelly's Ford, Malvern Hill, New Market, Second Manassas, Third Winchester, and Trevilian Station, Va.; and Shepherdstown, W.Va.

### **President Trump's Donation for Battlefield Maintenance**

Secretary Zinke also revealed that President Trump's donation for battlefield park maintenance, first announced this past April, will go toward preservation of the historic Newcomer House at Antietam, along with replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred. The Civil War Trust, National Park Foundation and Save Historic Antietam Foundation presented a check of \$185,212 to match the President's \$78,333 gift, bring the total to \$263,545 for maintenance at Antietam.

### **About the Battle of Antietam**

The Battle of Antietam, fought September 17, 1862, is one of the most significant battles in American history. Although the battle itself was a tactical stalemate, the Confederate Army under Gen. Robert E. Lee was forced to retreat south of the Potomac, ending Lee's first invasion of the North. Lee's retreat provided the Union cause with a strategic victory, enabling President Abraham Lincoln to release the Emancipation Proclamation, granting freedom to slaves in regions under Confederate control. The battle also marked the bloodiest day in American history, resulting in nearly 23,000 casualties.

**Sent:** Friday, June 30, 2017 3:37 PM  
**To:** Swift, Heather; Mummart, Jennifer; Laura Rigas; April Slayton; Susan Trail; Alanna Sobel; Barnum, Jeremy; Crosson, Thomas; Jennifer Anzelmo-Sarles  
**Cc:** Meg Martin; Paul Coussan  
**Subject:** Revised Schedule, Draft Release Letterhead, Revised Fact Sheet

All:

A few other items for the group: (1) a revised schedule for Wednesday; (2) possible news release letterhead with all four logos (if we want to go that route); and (3) a revised fact sheet for the event.

On the fact sheet, we made a change to avoid confusion about the math: \$185,212 donation from the three nonprofit groups (Civil War Trust, National Park Foundation, and Save the Historic Antietam Foundation) plus the President's \$78,333 donation, for a total of \$263,545 for maintenance at Antietam NB.

Please let me know if you have any questions or feedback – thanks!

Jim

Antietam Zinke Event - Fact Sheet 6-30-2017 DR\_3.pdf

## **ANTIETAM CEREMONY WITH INTERIOR SECRETARY RYAN ZINKE**

*Fact Sheet for July 5, 2017 Event*

### **Speakers**

Susan Trail, *Superintendent, Antietam National Battlefield*

James Lighthizer, *President, Civil War Trust*

Will Shafroth, *President and CEO, National Park Foundation*

John L. Nau, III, *trustee of both the Civil War Trust and National Park Foundation*

Honorable Ryan Zinke, *U.S. Secretary of the Interior*

### **Purpose of Event**

The purpose of today's event is two-fold: (1) to announce \$7.2 million in American Battlefield Land Grants for protection of battlefield land at 20 Revolutionary War, War of 1812, and Civil War sites in 9 states; and (2) to announce that Antietam National Battlefield will benefit from President Donald Trump's donation of \$78,333 for battlefield park maintenance, with his money matched by the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation.

### **American Battlefield Land Grants Program**

The American Battlefield Land Grants Program is a federal matching grants program that encourages private-sector investment in battlefield preservation. The program, administered by the American Battlefield Protection Program (an arm of the National Park Service) and funded through the Land and Water Conservation Fund, has helped protect more than 28,500 acres of hallowed ground at Revolutionary War, War of 1812, and Civil War battlefields.

### **Battlefields Receiving Grant Awards**

At the ceremony today, Secretary Zinke announced \$7.2 million in American Battlefield Land Grants to protect 1,196 acres at 19 battlefields. The battlefields benefiting from the grants are: Prairie Grove, Ark.; South Mountain and Williamsport, Md.; Brices Cross Roads, Miss.; Fort Ann and Sackets Harbor, N.Y.; Brandywine, Pa.; Eutaw Springs, S.C.; Fort Donelson, Tenn.; Appomattox Courthouse, Fredericksburg, Gaines Mill, Kelly's Ford, Malvern Hill, New Market, Second Manassas, Third Winchester, and Trevilian Station, Va.; and Shepherdstown, W.Va.

### **President Trump's Donation for Battlefield Maintenance**

Secretary Zinke also revealed that President Trump's donation for battlefield park maintenance, first announced this past April, will go toward preservation of the historic Newcomer House at Antietam, along with replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred. The Civil War Trust, National Park Foundation and Save Historic Antietam Foundation presented a check of \$185,212 to match the President's \$78,333 gift, bring the total to \$263,545 for maintenance at Antietam.

### **About the Battle of Antietam**

The Battle of Antietam, fought September 17, 1862, is one of the most significant battles in American history. Although the battle itself was a tactical stalemate, the Confederate Army under Gen. Robert E. Lee was forced to retreat south of the Potomac, ending Lee's first invasion of the North. Lee's retreat provided the Union cause with a strategic victory, enabling President Abraham Lincoln to release the Emancipation Proclamation, granting freedom to slaves in regions under Confederate control. The battle also marked the bloodiest day in American history, resulting in nearly 23,000 casualties.

---

Jenny,

Over the weekend or Monday is fine. The schedule is a revised version of one we've been circulating for a few days, and I don't imagine will change much unless the Secretary's schedule changes. Unless someone tells me differently, I consider the fact sheet final.

Thanks,

Jim

**Subject:** National Military Parks and President Trump's Donation

Good afternoon,

We saw in the Chattanooga Times Free Press today that the Chickamauga-Chattanooga National Military Park is on the list for receiving funds from President Trump's salary donation. I have pasted the article below.

If you could keep us updated on the decision on where the funds are going to be spent, that would be great!

Thanks!  
Lindsay

## Trump's salary may be donated to Chickamauga-Chattanooga National Military Park [photos]

May 8th, 2017 by [Judy Walton](#) in Local Regional News Read Time: 2 mins.

The president may have a present for the Chickamauga battlefield: about \$78,000 out of his own pocket for preservation work at the nation's oldest battlefield park.

President Donald Trump said he would donate his \$400,000-a-year presidential salary back to the Treasury. In April, he gave the \$78,000 from his first three months' pay to the National Park Service.

At the time, Interior Secretary Ryan Zinke said the money would be spent in U.S. military parks.

"We're going to dedicate it and put [it] against the infrastructure on our nation's battlefields," Zinke said in a press briefing. "We're about \$100 million or \$229 million behind in deferred maintenance on our battlefields alone."

Last week, USA Today reported the Chickamauga and Chattanooga National Military Park is at the top of a list of three. The popular park had more than 1 million visitors last year and could start work on two projects right away: repairing erosion on Point Park Trail and restoring the [1938-era Ochs Museum](#).

The other battlefield parks are at Vicksburg, Miss., and Kings Mountain, S.C.

Tom Crosson, spokesman for the National Parks Service, said the president specified the donation go to a battlefield preservation project, but the parks service came up with the list of finalists.

"We have a variety of parks that have a variety of projects that need to get done," Crosson said by phone Wednesday. "They're projects that could be accomplished with that money."

USA Today also reported Trump would be able to deduct the donation on his federal income taxes.

The battles for Chickamauga raged between September and November 1864 as Union and Confederate armies clashed over control of Chattanooga, a rail center considered the [gateway to the heart of the Confederacy](#), according to the park website. Eventually the Union troops prevailed and the Confederates retreated south into Georgia.

Tricia Mims, with the Friends of the Chickamauga-Chattanooga National Military Park, pointed out in an email that the view from Point Park is among the most iconic images of Chattanooga and is featured on the city and county seals.

She said the Friends group raises thousands of dollars each year restoration projects and that "We appreciate and welcome all support from the public

toward that end."

"We hope the recent publicity surrounding the considerable deferred maintenance needs for the entire national park system will inspire Chattanoogaans to join the Friends in giving back locally to support our park that means so much to our community," Mims said.

Vicksburg National Military Park in Mississippi is also a landmark Civil War site.

"Vicksburg is the nail head that holds the South's two halves together. Vicksburg is the key," the park service website says. If the Union controlled Mississippi River at Vicksburg, it could stop the flow of supplies to the Confederates and split the South.

Kings Mountain, in Blacksburg, S.C., dates back to the Revolutionary War. The Oct. 7, 1780, battle of Kings Mountain was the fledgling nation's first major victory after the British invaded Charleston in May of that year. Founding father and second president Thomas Jefferson called it "the turn of the tide of success," the park service website says.

Heather Swift, spokeswoman for the Department of the Interior, said Wednesday via email that no decision has been made on the choice of projects.

Crosson added, "We're just waiting on the final decision. Once we get that we could work with the region and the parks to get the project going."

Thanks for more background. I had not heard that Nau joined the MBT board. I agree that the needs and connections related to MBT make them a smart choice for NPF support. I just want to be as transparent and strategic as possible because there are many many needs out there. The broad training from PLA should help with some universal issues the little or midsize groups are facing.

I like your idea of bundling similar or themed organizations for potential NPF support. For example a brand new friends group just started last year at Monocacy and Antietam needs one. Save Historic Antietam Foundation is primarily an advocacy group not a philanthropic partner. Possibly Redstone/NPF could help the regions battlefield park partners because presumably they would be working on similar park resources/projects and soliciting very similar or overlapping donors, etc.

Okay. Makes sense.

One last thing on ANTI. Am I correctly reading your letter that the donations are coming to NPS from the three organizations and not through NPF?

As for Bechtel, there are several efforts. Chrystal might have been talking about another one, or maybe our wires are crossed, which wouldn't be the first time.

I'm working with Lise and the consultant team Redstone on this strategic capacity-building initiative for Friends Groups. This is something that Director Jarvis was very interested in. He and Will believe there are a number of groups -- like Friends of INDE -- who could

accomplish much more if we made a targeted, multi-year investment in them. Bechtel agrees. These groups wouldn't be identified through a call, but through an analysis by Redstone of where the greatest potential is and through discussions with NPS staff. It would be opportunistic. Mike said they should talk to a couple RDs. I've been able to expand that to include each RD, or in cases where the RD wasn't available or was new, the partnership coordinator. They're set to talk to Bob. I invited the RDs to include staff on the call if they would like. I think I cc'd you on my note to him, but let me know if I didn't.

MBT is at an intersection of a lot of things they're looking at and would be very appealing. The park's proximity to DC, access to Civil War donors, the up and down history of the group, and it has some name recognition. Confidentially, (b) (5)

I've also pushed and they look not only at individual groups, but also at the system of philanthropic partners and ways we could help groups of parks. Perhaps it's direct assistance to a group of parks or developing models for successful geographic or theme-based alignments, resource sharing models, parent relationships where a larger organization provides some functions to smaller groups, etc... While direct assistance to some groups will help, I think we also have to address the environment in which some of these groups -- especially smaller ones -- are operating and tackle some of their underlying challenges. I don't have their commitment yet, but have piqued their interest

On Fri, Jun 30, 2017 at 9:15 AM, O'Sullivan, Wendy <[wendy\\_o'sullivan@nps.gov](mailto:wendy_o'sullivan@nps.gov)> wrote:  
Jeff - So you are aware, I just did a SF182 with PLA for a series of nonprofit training sessions for NCR partners (and parks) with PLA. See attached. It is basically their nonprofit Boot Camp with several extra features.

Last month when Reggie and I met with Chrystal and NPF, I asked about what support they may be able to provide NCR partners like MBT and others. I let them know about the PLA training proposal and they said NCR should go ahead with PLA. So I did.

She described the Bechtel funding being used differently. But if you think some of it can be similar to the technical consultative support that Siobhan had been providing to individual friends groups - then great. MBT is one of several in NCR that would benefit from the individualized support. I recommend there be some sort of application process with clear selection criteria.

Susan, Jeff, and Bob:

Attached is a draft of the Antietam donation letter. It is based on a

similar letter we did for a project on the Mall with Coke, TNM, and NPF.

Please take a look and send any thoughts. Once we get the details on the project and dollar amounts we should be able to easily plug those in and fluff up the language about the benefits of the contributions.

The park is considering what level of long term recognition they will be providing. I put in a placeholder of recognition within a park donation book for now.

I recommend that once we have the missing pieces added, that we share this with the three partner organizations for edits or comments before finalizing for Bob's signature. The goal would be to get the three partner signatures the day of the event.

**Subject:** National Military Parks and President Trump's Donation

Good afternoon,

We saw in the Chattanooga Times Free Press today that the Chickamauga-Chattanooga National Military Park is on the list for receiving funds from President Trump's salary donation. I have pasted the article below.

If you could keep us updated on the decision on where the funds are going to be spent, that would be great!

Thanks!

Lindsay

# Trump's salary may be donated to Chickamauga-Chattanooga National Military Park [photos]

May 8th, 2017 by [Judy Walton](#) in Local Regional News Read Time: 2 mins.

The president may have a present for the Chickamauga battlefield: about \$78,000 out of his own pocket for preservation work at the nation's oldest battlefield park.

President Donald Trump said he would donate his \$400,000-a-year presidential salary back to the Treasury. In April, he gave the \$78,000 from his first three months' pay to the National Park Service.

At the time, Interior Secretary Ryan Zinke said the money would be spent in U.S. military parks.

"We're going to dedicate it and put [it] against the infrastructure on our nation's battlefields," Zinke said in a press briefing. "We're about \$100 million or \$229 million behind in deferred maintenance on our battlefields alone."

Last week, USA Today reported the Chickamauga and Chattanooga National Military Park is at the top of a list of three. The popular park had more than 1 million visitors last year and could start work on two projects right away: repairing erosion on Point Park Trail and restoring the [1938-era Ochs Museum](#).

The other battlefield parks are at Vicksburg, Miss., and Kings Mountain, S.C.

Tom Crosson, spokesman for the National Parks Service, said the president specified the donation go to a battlefield preservation project, but the parks service came up with the list of finalists.

"We have a variety of parks that have a variety of projects that need to get done," Crosson said by phone Wednesday. "They're projects that could be accomplished with that money."

USA Today also reported Trump would be able to deduct the donation on

his federal income taxes.

The battles for Chickamauga raged between September and November 1864 as Union and Confederate armies clashed over control of Chattanooga, a rail center considered the [gateway to the heart of the Confederacy](#), according to the park website. Eventually the Union troops prevailed and the Confederates retreated south into Georgia.

Tricia Mims, with the Friends of the Chickamauga-Chattanooga National Military Park, pointed out in an email that the view from Point Park is among the most iconic images of Chattanooga and is featured on the city and county seals.

She said the Friends group raises thousands of dollars each year restoration projects and that "We appreciate and welcome all support from the public toward that end."

"We hope the recent publicity surrounding the considerable deferred maintenance needs for the entire national park system will inspire Chattanoogaans to join the Friends in giving back locally to support our park that means so much to our community," Mims said.

Vicksburg National Military Park in Mississippi is also a landmark Civil War site.

"Vicksburg is the nail head that holds the South's two halves together. [Vicksburg is the key](#)," the park service website says. If the Union controlled Mississippi River at Vicksburg, it could stop the flow of supplies to the Confederates and split the South.

Kings Mountain, in Blacksburg, S.C., dates back to the Revolutionary War. The Oct. 7, 1780, battle of Kings Mountain was the fledgling nation's first major victory after the British invaded Charleston in May of that year. Founding father and second president Thomas Jefferson called it "[the turn of the tide of success](#)," the park service website says.

Heather Swift, spokeswoman for the Department of the Interior, said Wednesday via email that no decision has been made on the choice of projects.

Crosson added, "We're just waiting on the final decision. Once we get that

we could work with the region and the parks to get the project going."

Subject: FOR REVIEW: Draft Donation Letter for Antietam

Hello Mr. Lighthizer, Mr. Shafroth, and Mr. Clemens: :

I am writing on behalf of Regional Director Bob Vogel and Superintendent Susan Trail. We are excited about the event next Wednesday to announce and celebrate donations from each of your organizations in support of projects at Antietam National Battlefield. There are many moving parts to day and this email is focused on one item we will need in place behind the scenes.

Please find attached a draft donation letter that documents the generous gifts, the benefiting projects, and associated donor recognition. You will see within the draft that there is a concurrence signature line for each of you to confirm the understandings associated with the donations.

Please review and send edits back to me by Monday mid-morning - or sooner if possible.

Our goal is to have Regional Director Vogel sign the final version of the letter Monday. We will then look to have each of you sign the letter behind the scenes on the day of the event.

Early in my career I was the project manager that helped create Cedar Creek and Belle Grove, so I am thrilled to see one of our most iconic battlefields supported in this way.

If you have any questions, please feel free to reach out to me by email or my work cell at 202-374-9051.

Thank you for your leadership!

- Wendy

DRAFT Antietam Donation Letter 6-30-17\_1.pdf

# United States Department of the Interior

NATIONAL PARK SERVICE  
National Capital Region  
1100 Ohio Dr., SW Washington, DC 20242

July 3, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Will Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Jim, Will, and Tom:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$78,333 from President Donald J. Trump and will be used to complete critical deferred maintenance projects in the park, as part of the National Park Service's mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: \$xxxx from the Civil War Trust, \$xxxx from the National Park Foundation, and \$5,000 from the Save Historic Antietam Foundation.

The combined donations enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently

serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the National Park Service.

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.
- Each donor will be acknowledged on an electronic donor board to be established on the park website.

We look forward to working with you on all of these projects and initiatives as we move forward. To celebrate our success together over this year, we will provide a summary report to

**Subject: FOR REVIEW: Draft Donation Letter for Antietam**

Hello Mr. Lighthizer, Mr. Shafroth, and Mr. Clemens: :

I am writing on behalf of Regional Director Bob Vogel and Superintendent Susan Trail. We are excited about the event next Wednesday to announce and celebrate donations from each of your organizations in support of projects at Antietam National Battlefield. There are many moving parts to the day and this email is focused on one item we will need in place behind the scenes.

Please find attached a draft donation letter that documents the generous gifts, the benefiting projects, and associated donor recognition. You will see within the draft that there is a concurrence signature line for each of you to confirm the understandings associated with the donations.

Please review and send edits back to me by Monday mid-morning - or sooner if possible.

Our goal is to have Regional Director Vogel sign the final version of the letter Monday. We will then look to have each of you sign the letter behind the scenes on the day of the event.

Early in my career I was the project manager that helped create Cedar Creek and Belle Grove, so I am thrilled to see one of our most iconic battlefields supported in this way.

If you have any questions, please feel free to reach out to me by email or my work cell at 202-374-9051.

Thank you for your leadership!

- Wendy

## **Secretary Zinke joins Civil War Trust and National Park Foundation for battlefield preservation announcement**

**(Washington)** -- On Wednesday, July 5, U.S. Secretary of the Interior Ryan Zinke and the National Park Service will join the Civil War Trust and the National Park Foundation at Antietam National Battlefield for an exciting announcement about recent battlefield preservation efforts at Antietam and throughout the nation.

The news conference will begin at 11:30 a.m. near the Antietam National Battlefield Visitor Center. Joining Interior and National Park Service officials at the event will be Civil War Trust President James Lighthizer, Trust Chairman emeritus John L. Nau, III, and National Park Foundation President and CEO Will Shafroth.

The ceremony will occur rain or shine. Please follow the directional signs for parking locations. A public tour of the battlefield will follow the ceremony.

**WHAT:** Exciting Historic Preservation Announcement on Antietam Battlefield  
**WHO:** Interior Secretary Ryan Zinke and NPS officials, national nonprofit preservation leaders  
**WHEN:** Wednesday, July 5, at 11:30 a.m. E.D.T.  
**WHERE:** Antietam National Battlefield, 5831 Dunker Church Rd., Sharpsburg, Md  
**RSVP:** To RSVP please contact Alex at [Interior\\_Press@ios.doi.gov](mailto:Interior_Press@ios.doi.gov)  
**NOTE:** A press van with limited space will be available for media leaving from Washington, DC. If you are interested in a spot in the van please let Alex know and include the names, email addresses and cell phone numbers of the people in the reporting team. Expected round trip will be 8:00 a.m. – 3:00 p.m.

---

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13  
President's share: \$78,333.00  
CWT share: \$88,940.07  
NPF share: \$88,940.7  
SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

## United States Department of the Interior

NATIONAL PARK SERVICE  
National Capital Region  
1100 Ohio Dr., SW Washington, DC 20242

July 3, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Will Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Jim, Will, and Tom:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$78,333 from President Donald J. Trump and will be used to complete critical deferred maintenance projects in the park, as part of the National Park Service's ~~(NPS's)~~(NPS) mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: ~~\$xxxx~~ \$88,940.07 from the Civil War Trust, ~~\$xxxx~~ \$88,940.07 from the National Park Foundation, and ~~\$85,000~~ from the Save Historic Antietam Foundation.

The combined donations ~~will enable~~enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- -Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently

serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the ~~NPS~~[National Park Service](#).

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- [The three nonprofit organizations will present a ceremonial check in the amount of the donation to the Secretary of the Interior and Antietam National Battlefield at the event.](#)
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.

Please indicate your concurrence by signing below. Thank you again, for all you do to support the mission of America's national parks.

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and

Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

Good morning all:

I am checking in to see if the Civil War Trust and the National Park Foundation have had a chance to review the donation letter attached to my email on Friday.

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.

## **Secretary Zinke joins Civil War Trust and National Park Foundation for battlefield preservation announcement**

**(Washington)** -- On Wednesday, July 5, U.S. Secretary of the Interior Ryan Zinke and the National Park Service will join the Civil War Trust and the National Park Foundation at Antietam National Battlefield for an exciting announcement about recent battlefield preservation efforts at Antietam and throughout the nation.

The news conference will begin at 11:30 a.m. near the Antietam National Battlefield Visitor Center. Joining Interior and National Park Service officials at the event will be Civil War Trust President James Lighthizer, Trust Chairman emeritus John L. Nau, III, and National Park Foundation President and CEO Will Shafroth.

The ceremony will occur rain or shine. Please follow the directional signs for parking locations. A public tour of the battlefield will follow the ceremony.

**WHAT:** Exciting Historic Preservation Announcement on Antietam Battlefield  
**WHO:** Interior Secretary Ryan Zinke and NPS officials, national nonprofit preservation leaders  
**WHEN:** Wednesday, July 5, at 11:30 a.m. E.D.T.  
**WHERE:** Antietam National Battlefield, 5831 Dunker Church Rd., Sharpsburg, Md  
**RSVP:** To RSVP please contact Alex at [Interior\\_Press@ios.doi.gov](mailto:Interior_Press@ios.doi.gov)  
**NOTE:** A press van with limited space will be available for media leaving from Washington, DC. If you are interested in a spot in the van please let Alex know and include the names, email addresses and cell phone numbers of the people in the reporting team. Expected round trip will be 8:00 a.m. – 3:00 p.m.

**Subject:** Revised Schedule, Draft Release Letterhead, Revised Fact Sheet

All:

A few other items for the group: (1) a revised schedule for Wednesday; (2) possible news release letterhead with all four logos (if we want to go that route); and (3) a revised fact sheet for the event.

On the fact sheet, we made a change to avoid confusion about the math: \$185,212 donation from the three nonprofit groups (Civil War Trust, National Park Foundation, and Save the Historic Antietam Foundation) plus the President's \$78,333 donation, for a total of \$263,545 for maintenance at Antietam NB.

Please let me know if you have any questions or feedback – thanks!

NATIONAL PARK SERVICE  
National Capital Region  
1100 Ohio Dr., SW Washington, DC 20242

July 3, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Will Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Jim, Will, and Tom:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$78,333 from President Donald J. Trump and will be used to complete critical deferred maintenance projects in the park, as part of the National Park Service's ~~(NPS's)~~(NPS) mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: ~~\$xxxx~~ \$88,940.07 from the Civil War Trust, ~~\$xxxx~~ \$88,940.07 from the National Park Foundation, and ~~\$85,000~~ \$85,000 from the Save Historic Antietam Foundation.

The combined donations ~~will enable~~ enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently

serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the ~~NPS~~[National Park Service](#).

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- [The three nonprofit organizations will present a ceremonial check in the amount of the donation to the Secretary of the Interior and Antietam National Battlefield at the event.](#)
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.

Please indicate your concurrence by signing below. Thank you again, for all you do to support the mission of America's national parks.

<[pcoussan@civilwar.org](mailto:pcoussan@civilwar.org)>

**Subject:** Revised Schedule, Draft Release Letterhead, Revised Fact Sheet

All:

A few other items for the group: (1) a revised schedule for Wednesday; (2) possible news release letterhead with all four logos (if we want to go that route); and (3) a revised fact sheet for the event.

On the fact sheet, we made a change to avoid confusion about the math: \$185,212 donation from the three nonprofit groups (Civil War Trust, National Park Foundation, and Save the Historic Antietam Foundation) plus the President's \$78,333 donation, for a total of \$263,545 for maintenance at Antietam NB.

Please let me know if you have any questions or feedback – thanks!

Jim

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

Good morning all:

I am checking in to see if the Civil War Trust and the National Park Foundation have had a chance to review the donation letter attached to my email on Friday.

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.

Hi Susan:

Here is the sentence added from the park:

The park anticipates starting work on the fencing this fall, and the Newcomer House project will begin late spring of 2018 with all work projected to be completed by October 2018.

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

Good morning all:

I am checking in to see if the Civil War Trust and the National Park Foundation have had a chance to review the donation letter attached to my email on Friday.

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.

---

Hi Sarah -- I heard from NPF - we are good to go with the version of the letter attached. It is ready your final touch and Bob's signature.

Please print four copies and have Bob sign all four. Could you then please leave them on Jenny Anzelmo-Sarles desk in an envelop. I spoke with Jenny this morning and she is prepared to take them with her up to the event on Wednesday morning. Jenny will deliver them to Susan Trail who will work to get the three partner signatures. Each partner and the NPS will then have an original signed copy.

Thanks for your help with this!

My work cell is 202-374-9051 is anyone needs to reach me.

<DRAFT Antietam Donation Letter 6-30-17.docx>

DRAFT Antietam Donation Letter 6-30-17 (CWT r\_2.pdf

## United States Department of the Interior

NATIONAL PARK SERVICE  
National Capital Region  
1100 Ohio Dr., SW Washington, DC 20242

July 3, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

William Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Dr. Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Mr. Lighthizer, Mr. Shafroth, and Dr. Clemens: Jim, Will, and Tom:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$78,333 from President Donald J. Trump and will be used to complete critical deferred maintenance projects in the park, as part of the National Park Service's (NPS's)(NPS) mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: \$~~xxxx~~ 88,940.07 from the Civil War Trust, \$~~xxxx~~ 88,940.07 from the National Park Foundation, and \$~~85~~5,000 from the Save Historic Antietam Foundation.

The combined donations will enable-enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently

serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the [NPS National Park Service](#).

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. The park anticipates starting work on the fencing this fall, and the Newcomer House project will begin late spring of 2018 with all work projected to be completed by October 2018. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- The three nonprofit organizations will present a ceremonial check in the amount of the donation to the Secretary of the Interior and Antietam National Battlefield at the event.
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.

- Each donor will be acknowledged on an electronic donor board to be established on the park website.

We look forward to working with you on all of these projects and initiatives as we move forward. To celebrate our success together over this year, we will provide a summary report to you on our progress by December 31, 2017 and provide you copies of the items cited above. We appreciate your commitment to the Antietam National Battlefield and to our efforts to address our deferred maintenance and protect our collective history.

Please indicate your concurrence by signing below. Thank you again, for all you do to support the mission of America's national parks.

Sincerely,

Robert A. Vogel  
Regional Director

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

Good morning all:

I am checking in to see if the Civil War Trust and the National Park Foundation have had a chance to review the donation letter attached to my email on Friday.

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.

- Wendy

Hello Mr. Lighthizer, Mr. Shafroth, and Mr. Clemens: :

I am writing on behalf of Regional Director Bob Vogel and Superintendent Susan Trail. We are excited about the event next Wednesday to announce and celebrate donations from each of your organizations in support of projects at Antietam National Battlefield. There are many moving parts to the day and this email is focused on one item we will need in place behind the scenes.

Please find attached a draft donation letter that documents the generous gifts, the benefiting projects, and associated donor recognition. You will see within the draft that there is a concurrence signature line for each of you to confirm the understandings associated with the donations.

Please review and send edits back to me by Monday mid-morning - or sooner if possible.

Our goal is to have Regional Director Vogel sign the final version of the letter Monday. We will then look to have each of you sign the letter behind the scenes on the day of the event.

Early in my career I was the project manager that helped create Cedar Creek and Belle Grove, so I am thrilled to see one of our most iconic battlefields supported in this way.

If you have any questions, please feel free to reach out to me by email or my work cell at 202-374-9051.

Thank you for your leadership!

I think it's fine. The DM amount is the same as what is available on the NPS public site.

Let me know if you need any other assistance.

I believe this is it. Will, Jim can you confirm?

The combined donations enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the National Park Service.
- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

## **President Trump's Salary and Matching Funds to Restore Antietam National Battlefield**

*Secretary Zinke Announces \$7.2 Million  
in Grants  
to Protect American Battlefields  
Nationwide*

WASHINGTON –

W

hile visiting Antietam National Battlefield in Western Maryland, U.S. Secretary of the Interior Ryan Zinke today announced that President Donald J. Trump's

[first quarter salary donation](#) of \$78,333 would be donated toward the restoration of two projects at the fabled Antietam National Battlefield. Secretary Zinke also announced

\$7.2 million in  
additional

grants to help identify, preserve, and protect America's battlefields. The Secretary was joined by NAME, org, NAME org, NAME org.

After it was announced that President Trump would donate his Q1 salary to the National Park Service, an anonymous donor pledged \$22,000 to bring the President's donation to an even \$100,000. The Civil War Trust and the National Park Foundation, and Save Historic Antietam Foundation have also pledged funds bringing the total gift to \$XXX,XXX. The donation will restore the xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx.

"As both the Secretary of the Interior and a military veteran, I'm deeply honored and humbled to deliver the donation to a Antietam National Battlefield on behalf of President Trump," said Secretary Zinke. "Visiting the hallowed ground the day after Independence Day is incredibly moving and it underscores the importance of why we must preserve these historic grounds. The president's donation will allow generations of Americans to learn about our history and heritage on this sacred site."

PARTNER QUOTE

PARTNER QUOTE

## NPS QUOTE

The \$7.2 million will preserve nearly 1,200 acres at Civil War battlefields as part of the Battlefield Land Acquisition grants. The grant projects are located at 23 battlefields threatened with damage or destruction by urban and suburban development in Arkansas, Maryland, Mississippi, New York, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

“These lands were once the stages of our nation’s most trying time  
,” Zinke said. “Working with the state and local communities  
, historians, and advocates  
, we must preserve these battlefields for future generations of Americans to remember and understand the impact of sacrifices of those who fought on these hallowed grounds. This grant program, along with President Trump’s donation will help ensure just that.”

The grants are funded from the Land and Water Conservation Fund, which uses revenue from federal oil and gas leases on the Outer Continental Shelf to purchase land, water, and wetlands for the benefit of all Americans. Since its establishment in 1964, the Land and Water Conservation Fund has conserved land in every state and supported tens of thousands of state and local projects. The fund does not use taxpayer dollars; the primary source of income derives from fees paid by oil and gas companies drilling offshore in waters owned by the American people.

The grants are administered by the National Park Service’s American Battlefield Protection Program (ABPP), one of more than a dozen programs administered by the NPS that provide states and local communities technical assistance, recognition, and funding to help preserve their own history and create close-to-home recreation opportunities. Consideration for the battlefield land acquisition grants is given to battlefields listed in the National Park Service’s Civil War Sites Advisory Commission’s 1993 Report on the Nation’s Civil War Battlefields and the ABPP’s 2007 Report to Congress on the Historic Preservation of Revolutionary War and War of 1812 Sites in the United States.

Grants are awarded to units of state and local governments for the fee-simple acquisition of land, or for the non-federal acquisition of permanent, protective interests in land (easements). Private non-profit groups may apply in partnership with state or local government sponsors. Those non-profit partners are listed along with the government sponsors below.

Complete guidelines for grant eligibility and application forms are available online at [www.nps.gov/abpp](http://www.nps.gov/abpp).

Backlog projects at ANTI.pdf

**From:** [Domenech, Douglas](#)  
**To:** [Jim Campi](#)  
**Subject:** Backlog projects at ANTI  
**Date:** Friday, June 16, 2017 12:45:52 PM

---

Here are the deferred maintenance projects ANTI is moving forward for consideration--

**PMIS 241267 Preserve Historic Newcomer House \$141,400.48**

This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The Newcomer House was standing at the time of the Battle of Antietam and presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area through an agreement with the NPS.

**PMIS 215394 Preserve New York Monument \$56,243.20**

**PMIS 232591 Preserve Battlefield Monuments \$28,121.60 (Total \$84,364.80)**

This project consists of preservation maintenance work on several of the battlefield's primary commemorative monuments, consisting of cleaning, waxing bronze plaques, minor stonework repairs and repointing joints in the stonework.

**PMIS 241384 Paint Historic Piper and Mumma Barns \$68,016.00**

**PMIS 241405 Paint Historic Newcomer Barn and Add Gutters \$58,406.40 (Total \$126,422.40)**

This project consists of exterior maintenance work on several historic barns, primarily painting and spot repairs to wood siding as needed. The Newcomer Barn recently underwent extensive rehabilitation; exterior painting and installation of gutters and downspout is needed to ensure its continued preservation. These barns are all prominent structures on the battlefield landscape and served as field hospitals following the Battle of Antietam.

**PMIS 241063 Replace Dunker Church Road Historical Rail Fencing \$122,812.65**

This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield. This is a heavily visited location and adjoins property owned by the Civil War Trust.

**Subject:** Information on deferred maintenance and projects at Antietam

For all:

I have pulled together a sheet of information with general facts on deferred maintenance at Antietam National Battlefield and the two projects selected for funding, that hopefully can be used in discussions with the press and anticipates some of their questions. I am also attaching two historical photographs taken by Alexander Gardner shortly after the Battle of Antietam that show the project locations:

1. Confederate Dead Along the Hagerstown Pike -- it shows the rail fence on the west side of what is now Dunker Church Road.
2. The Middle Bridge -- The Newcomer House (primarily the roof) can be seen in the right background.

Please let me know if you would like additional information.

Deferred Maintenance at Antietam National Bat.pdf

## **Deferred Maintenance at Antietam National Battlefield**

The Deferred Maintenance total calculated for Antietam National Battlefield at the end of FY2016 is \$10,927,792, or almost \$11 million. Deferred maintenance is defined by the NPS as “The cost of maintenance and repairs that were not performed when they should have been or were scheduled to be and which are put off or delayed for a future period.”

The two projects funded by the donations made today are part of the deferred maintenance backlog for the battlefield. These projects are:

### **Preserve Historic Newcomer House**

Project description – This project involves exterior maintenance work on the Newcomer House, consisting of repairs to deteriorated woodwork and porches, new gutters and downspout, and painting all surfaces.

The Newcomer House, part of a thriving milling community located near the Middle Bridge area of the battlefield, was standing at the time of the Battle of Antietam and presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area through an agreement with the NPS.

The National Park Service acquired the Newcomer House and surrounding property in 2005. Since that time, the park has painted the metal roof and completed some spot painting of the siding, but had not been able to complete the comprehensive preservation maintenance project needed to bring the exterior to good condition.

### **Replace Dunker Church Road Historical Rail Fencing**

Project description -- This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along both sides of the historic Hagerstown Turnpike (now Dunker Church Road).

This roadway witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield. This is a heavily visited location and adjoins property owned by the Civil War Trust.

Rail fencing has a maximum life cycle of around fifteen years before it should be replaced. The fencing along the west side of Dunker Church Road was erected about 12 years ago; the fencing on the east side was last replaced about 20 years ago. The posts on both sides of the road are rotting and splitting. While the park has replaced individual rails as staffing and funds have allowed, many of the rails, particularly along the east side of the road, are in poor condition.

Antietam Donation Letter Jul 3 2017.pdf

# United States Department of the Interior

NATIONAL PARK SERVICE  
National Capital Region  
1100 Ohio Drive, S.W.  
Washington, D.C. 20242

IN REPLY REFER TO:

10.A.(NCR-ANTI)

JUL 03 2017

Mr. O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Mr. William Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Dr. Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Mr. Lighthizer, Mr. Shafroth, and Dr. Clemens:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$78,333 from President Donald J. Trump and will be used to complete critical deferred maintenance projects in the park, as part of the National Park Service's (NPS) mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: \$88,940.07 from the Civil War Trust, \$88,940.07 from the National Park Foundation, and \$8,000 from the Save Historic Antietam Foundation.

The combined donations will enable the NPS to complete the following projects at one of our nation's most hallowed grounds:

- Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the NPS.
- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the

historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. The park anticipates starting work on the fencing this fall, and the Newcomer House project will begin late spring of 2018 with all work projected to be completed by October 2018. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke, representing President Trump.
- The three nonprofit organizations will present a ceremonial check in the amount of the donation to the Secretary of the Interior and Antietam National Battlefield at the event.
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.
- Each donor will be acknowledged on an electronic donor board to be established on the park website.

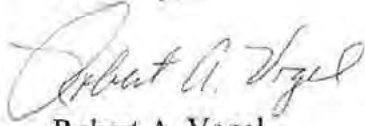

We look forward to working with you on all of these projects and initiatives as we move forward. To celebrate our success together over this year, we will provide a summary report to you on our progress by December 31, 2018 and provide you copies of the items cited above. We

appreciate your commitment to Antietam National Battlefield and to our efforts to address our deferred maintenance and protect our collective history.

Please indicate your concurrence by signing below. Thank you again, for all you do to support the mission of America's national parks.

Sincerely,

Robert A. Vogel  
Regional Director

Sending for your awareness/information. Had there been any additional discussion about a quote? I am just getting ready to read this now, but hopeful that the original quote that I had sent Heather will still work. Any thoughts?

For reference, here's what I provided to Heather previously:

"Since the very beginning, national parks have benefited from the generosity of the American people," Antietam National Battlefield Superintendent Susan Trail, said. "Today's donations help us conquer the daunting maintenance needs at the battlefield and serve as patriotic tributes to those who fought and died in service to our country."

## *Secretary Zinke Announces \$7.2 Million in Grants to Protect American Battlefields Nationwide*

WASHINGTON – While visiting Antietam National Battlefield in Western Maryland, U.S. Secretary of the Interior Ryan Zinke today announced that President Donald J. Trump's [first quarter salary donation](#) would be donated toward the restoration of two projects at the fabled Antietam National Battlefield. Secretary Zinke also announced \$7.2 million in additional grants to help identify, preserve, and protect America's historic battlefields. The Secretary was joined by representatives from Antietam, the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation.

After it was announced that President Trump would donate his Q1 salary to the National Park Service, an anonymous donor pledged \$22,000 to bring the President's \$78,333 donation to an even \$100,000. The Civil War Trust and the National Park Foundation, and Save Historic Antietam Foundation have also pledged funds bringing the total gift to \$263,545. The donation will restore the historic Newcomer House on the Antietam battlefield, and will underwrite the replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred.

"As both the Secretary of the Interior and a military veteran, I'm deeply honored and humbled to deliver the donation to Antietam National Battlefield on behalf of President Trump," **said Secretary Zinke.** "Visiting the hallowed ground the day after Independence Day is incredibly moving and it underscores the importance of why we must preserve these historic grounds. The president's donation will allow generations of Americans to learn about our history and heritage on this sacred site."

"It is an honor to be standing here today with Secretary Zinke for these exciting announcements," **remarked Civil War Trust President James Lighthizer.** "We are proud of our long-standing partnership with the Department of the Interior to protect America's endangered battlefield parks, and look forward to working with President Trump and Secretary Zinke to preserve these irreplaceable national treasures."

John L. Nau III, chairman *emeritus* of the Civil War Trust and a director of the National Park Foundation, noted the benefits of battlefield preservation: "We have in Secretary Zinke a leader who 'gets it.' He understands the many benefits of protecting battlefields, which serve as outdoor classrooms for teaching history, as places of remembrance to honor America's fallen, as heritage tourism destinations that bolster local economies, and as training grounds for the modern U.S. military."

### **NPS SUPERINTENDENT QUOTE**

The \$7.2 million will preserve nearly 1,200 acres of battlefield land as part of the American Battlefield Land Acquisition Grants program. The grant projects are located at 19 battlefields threatened with damage or destruction by urban and suburban development in Arkansas, Maryland, Mississippi, New York, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

"These lands were once the scenes of our nation's bloodiest conflicts," **Zinke said.** "Working with the state and local communities, historians, and advocates, we must preserve these battlefields for future generations of Americans to remember and understand the impact of sacrifices of those who fought on these hallowed grounds. This grant program, along with President Trump's donation will help ensure just that."

The grants are funded from the Land and Water Conservation Fund, which uses revenue from federal oil and gas leases on the Outer Continental Shelf to purchase land, water, and wetlands for the benefit of all Americans. Since its establishment in 1964, the Land and Water Conservation Fund has conserved land in every state and supported tens of thousands of state and local projects. The fund does not use taxpayer dollars; the primary source of income derives from fees paid by oil and gas companies drilling offshore in waters owned by the American people.

The grants are administered by the National Park Service's American Battlefield Protection Program (ABPP), one of more than a dozen programs administered by the NPS that provide states and local communities technical assistance, recognition, and funding to help preserve their own history and create close-to-home recreation opportunities. Consideration for the American Battlefield Land Acquisition Grants is given to battlefields listed in the National Park Service's Civil War Sites Advisory Commission's 1993 Report on the Nation's Civil War Battlefields and ABPP's 2007 Report to Congress on the Historic Preservation of Revolutionary War and War of 1812 Sites in the United States.

Grants are awarded to units of state and local governments for the fee-simple acquisition of land, or for the non-federal acquisition of permanent, protective interests in land (easements). Private non-profit groups may apply in partnership with state or local government sponsors. Those non-profit partners are listed along with the government sponsors below.

Complete guidelines for grant eligibility and application forms are available online at [www.nps.gov/abpp](http://www.nps.gov/abpp).

## Battlefield Land Acquisition Grants

### Arkansas

**President Trump's Salary and Matching Funds to Restore Antietam National Battlefield**

*Secretary Zinke Announces \$7.2 Million in Grants to Protect American Battlefields Nationwide*

WASHINGTON – While visiting Antietam National Battlefield in Western Maryland, U.S. Secretary of the Interior Ryan Zinke today announced that President Donald J. Trump's [first quarter salary donation](#) would be donated toward the restoration of two projects at the fabled Antietam National Battlefield. Secretary Zinke also announced \$7.2 million in additional grants to help identify, preserve, and protect America's historic battlefields. The Secretary was joined by representatives from Antietam, the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation.

After it was announced that President Trump would donate his Q1 salary to the National Park Service, an anonymous donor pledged \$22,000 to bring the President's \$78,333 donation to an even \$100,000. The Civil War Trust and the National Park Foundation, and Save Historic Antietam Foundation have also pledged funds bringing the total gift to \$263,545. The donation will restore the historic Newcomer House on the Antietam battlefield, and will underwrite the replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most intense fighting of the battle occurred.

"As both the Secretary of the Interior and a military veteran, I'm deeply honored and humbled to deliver the donation to Antietam National Battlefield on behalf of President Trump," **said Secretary Zinke.** "Visiting the hallowed ground the day after Independence Day is incredibly moving and it underscores the importance of why we must preserve these historic grounds. The president's donation will allow generations of Americans to learn about our history and heritage on this sacred site."

"It is an honor to be standing here today with Secretary Zinke for these exciting announcements," **remarked Civil War Trust President James Lighthizer.** "We are proud of our long-standing partnership with the Department of the Interior to protect America's endangered battlefield parks, and look forward to working with President Trump and Secretary Zinke to preserve these irreplaceable national treasures."

John L. Nau III, chairman *emeritus* of the Civil War Trust and a director of the National Park Foundation, noted the benefits of battlefield preservation: "We have in Secretary Zinke a leader who 'gets it.' He understands the many benefits of protecting battlefields, which serve as outdoor classrooms for teaching history, as places of remembrance to honor America's fallen, as heritage tourism destinations that bolster local economies, and as training grounds for the modern U.S. military."

#### NPS SUPERINTENDENT QUOTE

The \$7.2 million will preserve nearly 1,200 acres of battlefield land as part of the American Battlefield Land Acquisition Grants program. The grant projects are located at 19 battlefields threatened with damage or destruction by urban and suburban development in Arkansas, Maryland, Mississippi, New York, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

"These lands were once the scenes of our nation's bloodiest conflicts," **Zinke said.** "Working with the state and local communities, historians, and advocates, we must preserve these battlefields for future generations of Americans to remember and understand the impact of sacrifices of those who fought on these hallowed grounds. This grant program, along with President Trump's donation will help ensure just that."

The grants are funded from the Land and Water Conservation Fund, which uses revenue from federal oil and gas leases on the Outer Continental Shelf to purchase land, water, and wetlands for the benefit of all Americans. Since its establishment in 1964, the Land and Water Conservation Fund has conserved land in every state and supported tens of thousands of state and local projects. The fund does not use taxpayer dollars; the primary source of income derives from fees paid by oil and gas companies drilling offshore in waters owned by the American people.

The grants are administered by the National Park Service's American Battlefield Protection Program (ABPP), one of more than a dozen programs administered by the NPS that provide states and local communities technical assistance, recognition, and funding to help preserve their own history and create close-to-home recreation opportunities. Consideration for the American Battlefield Land Acquisition Grants is given to battlefields listed in the National Park Service's Civil War Sites Advisory Commission's 1993 Report on the Nation's Civil War Battlefields and ABPP's 2007 Report to Congress on the Historic Preservation of Revolutionary War and War of 1812 Sites in the United States.

Grants are awarded to units of state and local governments for the fee-simple acquisition of land, or for the non-federal acquisition of permanent, protective interests in land (easements). Private non-profit groups may apply in partnership with state or local government sponsors. Those non-profit partners are listed along with the government sponsors below.

Complete guidelines for grant eligibility and application forms are available online at [www.nps.gov/abpp](http://www.nps.gov/abpp).

### **Battlefield Land Acquisition Grants**

#### **Arkansas**

<b>GRANTEE</b>	<b>AMOUNT</b>
<b>Arkansas Department of Parks and Tourism</b>  Prairie Grove Battlefield, 40 acres (Fee Simple)  Project Partners: Civil War Trust	<b>\$50,000.00</b>

**President Trump's Salary and Matching Funds to Restore Antietam National Battlefield**

*Secretary Zinke Announces \$7.2 Million in Grants to Protect American Battlefields Nationwide*

WASHINGTON – While visiting Antietam National Battlefield in Western Maryland, U.S. Secretary of the Interior Ryan Zinke today announced that President Donald J. Trump's [first quarter salary donation](#) would be donated toward the restoration of two projects at the fabled Antietam National Battlefield. Secretary Zinke also announced \$7.2 million in additional grants to help identify, preserve, and protect America's historic battlefields. The Secretary was joined by representatives from Antietam, the Civil War Trust, the National Park Foundation, and the Save Historic Antietam Foundation.

After it was announced that President Trump would donate his Q1 salary to the National Park Service, an anonymous donor pledged \$22,000 to bring the President's \$78,333 donation to an even \$100,000. The Civil War Trust and the National Park Foundation, and Save Historic Antietam Foundation have also pledged funds bringing the total gift to \$263,545. The donation will restore the historic Newcomer House on the Antietam battlefield, and will underwrite the replacement of 5,000 linear feet of deteriorated rail fencing along the Hagerstown Turnpike where some of the most

intense fighting of the battle occurred.

"As both the Secretary of the Interior and a military veteran, I'm deeply honored and humbled to deliver the donation to Antietam National Battlefield on behalf of President Trump," **said Secretary Zinke**. "Visiting the hallowed ground the day after Independence Day is incredibly moving and it underscores the importance of why we must preserve these historic grounds. The president's donation will allow generations of Americans to learn about our history and heritage on this sacred site."

"It is an honor to be standing here today with Secretary Zinke for these exciting announcements," **remarked Civil War Trust President James Lighthizer**. "We are proud of our long-standing partnership with the Department of the Interior to protect America's endangered battlefield parks, and look forward to working with President Trump and Secretary Zinke to preserve these irreplaceable national treasures."

John L. Nau III, chairman *emeritus* of the Civil War Trust and a director of the National Park Foundation, noted the benefits of battlefield preservation: "We have in Secretary Zinke a leader who 'gets it.' He understands the many benefits of protecting battlefields, which serve as outdoor classrooms for teaching history, as places of remembrance to honor America's fallen, as heritage tourism destinations that bolster local economies, and as training grounds for the modern U.S. military."

#### NPS SUPERINTENDENT QUOTE

The \$7.2 million will preserve nearly 1,200 acres of battlefield land as part of the American Battlefield Land Acquisition Grants program. The grant projects are located at 19 battlefields threatened with damage or destruction by urban and suburban development in Arkansas, Maryland, Mississippi, New York, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

"These lands were once the scenes of our nation's bloodiest conflicts," **Zinke said**. "Working with the state and local communities, historians, and advocates, we must preserve these battlefields for future generations of Americans to remember and understand the impact of sacrifices of those who fought on these hallowed grounds. This grant program, along with President Trump's donation will help ensure just that."

The grants are funded from the Land and Water Conservation Fund, which uses revenue from federal oil and gas leases on the Outer Continental Shelf to purchase land, water, and wetlands for the benefit of all Americans. Since its establishment in 1964, the Land and Water Conservation Fund has conserved land in every state and supported tens of thousands of state and local projects. The fund does not use taxpayer dollars; the primary source of income derives from fees paid by oil and gas companies drilling offshore in waters owned by the American people.

The grants are administered by the National Park Service's American Battlefield Protection Program (ABPP), one of more than a dozen programs administered by the NPS that provide states and local communities technical assistance, recognition, and funding to help preserve their own

history and create close-to-home recreation opportunities. Consideration for the American Battlefield Land Acquisition Grants is given to battlefields listed in the National Park Service's Civil War Sites Advisory Commission's 1993 Report on the Nation's Civil War Battlefields and ABPP's 2007 Report to Congress on the Historic Preservation of Revolutionary War and War of 1812 Sites in the United States.

Grants are awarded to units of state and local governments for the fee-simple acquisition of land, or for the non-federal acquisition of permanent, protective interests in land (easements). Private non-profit groups may apply in partnership with state or local government sponsors. Those non-profit partners are listed along with the government sponsors below.

Complete guidelines for grant eligibility and application forms are available online at [www.nps.gov/abpp](http://www.nps.gov/abpp).

### **Battlefield Land Acquisition Grants**

Whew! Thank you Susan. Feedback from Jenny is that it went GREAT! You and your team did an awesome job pulling this off, and right on the heels of your BIG, BIG event!

I'd be happy to hear any feedback on how our office could do better to make it easier on you next time.

Huffington Post (Washington, DC)

Thursday, July 6, 2017

## Trump Donates \$78,000 To Antietam Battlefield, But Interior Department Still Set To Lose \$1.5 Billion\*

**He'd make up the budget shortfall with such salary donations in about ... 3,750 years.**

[By Nick Visser](#)

Secretary of the Interior [Ryan Zinke](#) announced a score of grants and donations on Wednesday to help protect America's battlefields, including the recipient of President [Donald Trump](#)'s first-quarter salary.

Maryland's [Antietam National Battlefield](#), the site of the bloodiest one-day battle in U.S. history, will receive a \$78,333 donation from the president to help fund two restoration projects, and additional donations to the battlefield from the National Park Foundation and several historic trusts will bring the full amount to more than \$263,000.

However, the announcement comes as Trump plans to slash some \$1.5 billion from the Interior Department under his proposed federal budget — including some [\\$296 million](#) from the National Park Service, which oversees protected battlefields like Antietam. If all \$400,000 of the president's annual salary were set aside for Interior, it'd take about 3,750 years of checks to make up for that shortfall.

“As both the Secretary of the Interior and a military veteran, I'm deeply honored and humbled to deliver the donation to Antietam National Battlefield on behalf of President Trump,” Zinke said in a statement announcing the donation. “Visiting the hallowed ground the day after Independence Day is incredibly moving and it underscores the importance of why we must

preserve these historic grounds. The President's donation will allow generations of Americans to learn about our history and heritage on this sacred site."

Zinke also announced grants totaling \$7.2 million "to help identify, preserve and protect America's battlefields" in nine different states. They will be administered through NPS's [American Battlefield Protection Program](#).

Trump's donation follows through on campaign pledges that he [would work for free](#) during his presidency (he said during a meeting in 2015 the promise was "no big deal for me"). But the National Park Service will likely be forced to dramatically scale back its ability to serve the public under the White House's proposed budget.

If passed, the budget would [cut 13 percent of funding](#) from the NPS, which would result in 1,200 full-time employees losing their jobs. Outside magazine [notes](#) almost all funding for land acquisition would be cut, and the \$12 billion backlog needed for park maintenance likely would be pushed off even further.

"If enacted, this budget would represent the largest cut to the National Park Service since World War II," Theresa Pierno, president of the National Parks Conservation Association [said in May](#). "Agencies like the National Park Service and EPA are already operating on shoestring budgets, and this budget, if enacted, will only make a bad situation worse."

In April, Zinke himself noted many of America's battlefields were among the areas protected by the NPS that had a backlog in maintenance.

"We're about \$229 million behind in deferred maintenance on our battlefields alone," the secretary [said](#).

Conservation groups slammed the president's initial salary donation announcement as a ["publicity stunt"](#).

"If Donald Trump is actually interested in helping our parks, he should stop trying to slash their budgets to historically low levels," the Sierra Club said in April. "This publicity stunt is a sad consolation prize as Trump tries to stifle America's best idea."

***CORRECTION:*** An earlier version of this article and headline said Trump's proposed budget would cut \$1.5 billion from the National Park Service. It would slash that amount from the Interior Department overall and \$296 million from the National Park Service.

To: [susan\\_trail@nps.gov](mailto:susan_trail@nps.gov)

Susan,  
Actually I will be out almost all day today, so the call at noon probably will not work. The reporter was Justin Moyer, he was looking to put a story together on whether Antietam has become the center of the "alt-right" movement & why Trump gave his first salary donation to NPS/Antietam. Why donation went to the Newcomer House & is the Shepherdstown Battlefield an attempt to turn Antietam into a Confederate victory.  
OK so I laughed a little at his questions, but some of the points I made were that :

1 ANTI was not the center of the alt-right civil war conspiracy, he then asked about the KKK demonstration in 07 (was it 07 ?). I told him it was a 1st Amendment permit, and was managed very effectively with no arrests/injuries. With about 30 KKK types and an equal number of counter protesters. Also to my knowledge that was the only 1st amendment permit of that type issued.

2. Trump donation, of course I said I had no real idea why ANTI was chosen to receive the donation, but I placed a conjecture that it was nearby and it started with the letter A. It allowed Interior/NPS to have a quick press ceremony. Off the record I told him I did not think that the Trump administration was smart enough to develop some deep dark conspiracy "at that point" involving ANTI and the Alt Right. (he seemed to accept this)

3. Donation \$\$ to Newcomer House Projects. I oversimplified and said probably the \$\$ matched the need for work on the House and it was a fairly high priority for the Battlefield. (He seemed to accept this)

4. Shepherdstown Battlefield, I told him that I did not know much about this as the majority of it occurred after my departure. But I felt it was an attempt to preserve a battlefield attached to the MD Campaign.

He flat out asked if I thought there was a story here, I told him no and if I knew of something like this going on I would call the Post first. (the joys of retirement).

After an hour on the phone I think I may have persuaded him that there is nothing to write about, but who knows. Everything I said was couched with "I cannot speak for the NPS or the Antietam Supt. And at times claimed to be a doddering old fool with a poor memory, as I am one it is not a lie. But I did not want you to be blindsided in case he did call.

If you still would like to talk, I should be home most of tomorrow (weds) afternoon.  
John

---

Last week Politico reached out to ask about lawmakers' desire for the NPS to remove the Robert E. Lee statue. [Read the story](#). There was a story also in the Herald-Mail (Hagerstown).

WASO Congressional/Peter May have been working to be able to respond to the letter from Members of Congress.

Today, we received an inquiry from a Washington Post reporter who is trying to somehow connect the fact that the president donated his salary to Antietam to a desire by the president to conserve Confederate monuments (perhaps specifically the Lee statue) at the park. Jenny spoke off-the-record and firmly pushed back on this wrong thinking. Jenny referred the reporter to Heather Swift who responded to his questions about why Antietam was chosen for the donation. If the reporter decides to write a story, he agreed to let NPS provide a statement on the record. If he comes back for a statement, Jenny will go on the record, and this is with the concurrence of the department.

Deferred Maintenance at Antietam National Bat\_1.pdf

## **Deferred Maintenance at Antietam National Battlefield**

The Deferred Maintenance total calculated for Antietam National Battlefield is \$10,927,792, or almost \$11 million. Deferred maintenance is defined by the NPS as “The cost of maintenance and repairs that were not performed when they should have been or were scheduled to be and which are put off or delayed for a future period.”

The two projects funded by the donations made today are part of the deferred maintenance backlog for the battlefield. These projects are:

### **Preserve Historic Newcomer House**

Project description – This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The Newcomer House was standing at the time of the Battle of Antietam and presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area through and agreement with the NPS.

### **Replace Dunker Church Road Historical Rail Fencing**

This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield. This is a heavily visited location and adjoins property owned by the Civil War Trust.

Joy:

Here are the deferred maintenance projects ANTI is moving forward for consideration--

**PMIS 241267 Preserve Historic Newcomer House \$141,400.48**

This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The Newcomer House was standing at the time of the Battle of Antietam and presently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area through an agreement with the NPS.

**PMIS 215394 Preserve New York Monument \$56,243.20**

**PMIS 232591 Preserve Battlefield Monuments \$28,121.60 (Total \$84,364.80)**

This project consists of preservation maintenance work on several of the battlefield's primary commemorative monuments, consisting of cleaning, waxing bronze plaques, minor stonework repairs and repointing joints in the stonework.

**PMIS 241384 Paint Historic Piper and Mumma Barns \$68,016.00**

**PMIS 241405 Paint Historic Newcomer Barn and Add Gutters \$58,406.40 (Total \$126,422.40)**

This project consists of exterior maintenance work on several historic barns, primarily painting and spot repairs to wood siding as needed. The Newcomer Barn recently underwent extensive rehabilitation; exterior painting and installation of gutters and downspout is needed to ensure its continued preservation. These barns are all prominent structures on the battlefield landscape and served as field hospitals following the Battle of Antietam.

**PMIS 241063 Replace Dunker Church Road Historical Rail Fencing \$122,812.65**

This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield. This is a heavily visited location and adjoins property owned by the Civil War Trust.

Please let me know if you need additional information on any of these projects or would like some photographs. We look forward to working with you on the Secretary's visit.

Susan

**Statement from Antietam National Battlefield Superintendent Susan Trail:**

Antietam National Battlefield is honored to be the beneficiary of President Trump's generous donation and the additional outpouring of support from our partners.

Collectively, these donations will complete two high priority preservation and deferred maintenance projects for the benefit of the American people.

National Park Service and Department of the Interior staff selected two of Antietam National Battlefield's high priority deferred maintenance projects that matched the funding made available by the donations. The project selection was based solely on need and historic importance. Any suggestion that other factors figured in the decision is wrong and inappropriate.

**About the projects:**

At the Newcomer House, which was standing at the time of the battle, the National Park Service will repair woodwork and porches, install new gutters and downspouts and repaint the exterior. The Newcomer House is one of only two historic structures on the battlefield that is open to visitors, providing them an opportunity to explore stories of the battlefield related to civilians and surrounding communities. The Newcomer House currently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, operated through an agreement with the National Park Service.

In addition, we will replace about 5,000 linear feet of deteriorated rail fencing along historic Hagerstown Turnpike (now Dunker Church Road), replicating the historic setting at the time of the Battle of Antietam. This area witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield.

Good afternoon Justin,  
During our conversation I indicated I was not on the record. We subsequently agreed that I would provide an on the record statement should you decide to run this story. What follows is that statement.

Below is a statement and additional project information from Antietam National Battlefield Superintendent Susan Trail. All is on the record for attribution to Susan. She is cc'd.

**Statement from Antietam National Battlefield Superintendent Susan Trail:**

*Antietam National Battlefield is honored to be the beneficiary of President Trump's generous donation and the additional outpouring of support from our partners. Collectively, these donations will complete two high priority preservation and deferred maintenance projects for the benefit of the American people.*

*National Park Service and Department of the Interior staff selected two deferred maintenance projects that were identified by Antietam National Battlefield as high priority and that matched the funding made available by the donations. The project selection was based solely on need and historic importance. Any suggestion that other factors figured in the decision is wrong and inappropriate.*

**About the projects:**

At the Newcomer House, which was standing at the time of the battle, the National Park Service will repair woodwork and porches, install new gutters and downspouts and repaint the exterior. The Newcomer House is one of only two historic structures on the battlefield that is open to visitors, providing them an opportunity to explore stories of the battlefield related to civilians and surrounding communities. The Newcomer House currently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, operated through an agreement with the National Park Service.

In addition, we will replace about 5,000 linear feet of deteriorated rail fencing along historic Hagerstown Turnpike (now Dunker Church Road), replicating the historic setting at the time of the Battle of Antietam. This area witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield.

Jim and Jim,

Per the conversation I just had with Jim Campi, here is our analysis of the options.

We are prepared to do either of the first two and contribute the same as the CVBT.

If the Trust is prepared to stretch, we will consider #3 as well.

Thanks,

Will

**1) Historic Newcomer House and Barn, and Preserve New York Monuments**

Total = \$256,409

\$79,000 from President  
\$86,204 from NPF  
\$86,205 from CWT  
\$5,000 from Save Historic Antietam Foundation

Benefit = maximizes visitor experience as Newcomer House is high traffic area, highlights partners (SHAF and Maryland Heart of the Civil War Heritage Area), capitalizes on Fed \$\$ already invested in Newcomer Barn, Newcomer House of high interest to DOI, includes preservation of at least one monument.

## **2) Historic Newcomer House, and Dunker Church Road Historical Rail Fencing**

Total = \$264,212

\$79,000 from President  
\$90,106 from NPF  
\$90,106 from CWT  
\$5,000 from Save Historic Antietam Foundation

Benefit = maximizes visitor experience as Newcomer House is high traffic area, highlights partners (SHAF and Maryland Heart of the Civil War Heritage Area), Newcomer House of high interest to DOI, the fencing is a high visitor impact visually. Fencing runs along property owned by CWT, providing a nice tie in. Note: Newcomer Barn not included.

## **3) Historic Newcomer House and Barn, and Dunker Church Road Historical Rail Fencing**

Total = \$322,618

\$79,000 from President  
\$119,309 from NPF  
\$119,309 from CWT  
\$5,000 from Save Historic Antietam Foundation

Benefit = maximizes visitor experience as Newcomer House is high traffic area, highlights partners (SHAF and Maryland Heart of the Civil War Heritage Area), capitalizes on Fed \$\$ already invested in Barn, Newcomer House of high interest to DOI, the fencing is a high visitor impact visually. Fencing runs along property owned by CWT, providing a nice tie in. This is the highest priced option. Need to confirm all organizations can make the funds.

Hi everyone:

I want to provide an update and summary of the Secretary's proposed visit to Antietam on July 5, as I know that some of you have been brought in at various times and have bits and pieces of information. I am not aware that anything has been finalized yet, but this is what I have up to this point.

1. I was contacted on Friday, June 16 to submit a list of 3-5 high priority deferred maintenance projects in the \$70-120k range for potential funding through the president's recent salary donation. This was brought up in conjunction with a possible visit by Secretary Zinke to the park on July 5 to announce this year's ABPP grants. The department contacted the Civil War Trust to facilitate this announcement; a discussion was also initiated with the CWT about the possibility of the Trust matching the president's donation.

2. This past Friday the National Park Foundation was brought into the discussion about bringing in other potential matching donations; the NPF agreed to be a matching partner and reach out to other organizations. I received a phone call from Susan Newton on Friday afternoon to let me know that they would be doing this. She was familiar with the projects that had been submitted and we talked about various combinations. Yesterday morning she contacted Save Historic Antietam Foundation about a potential donation and they agreed to \$5,000.

Several scenarios have been proposed (see bottom of email), but a selection has not yet been made as of the sending of this email.

3. The CWT has been working with the Department on setting up a press event for Wednesday, July 5 to announce the ABPP grants and the Trump/CWT/NPF/SHAF donation to the park. At this time, it appears the Secretary will be arriving 9:30-9:45 and will be given a tour of the battlefield, with a press conference at 11:30. The CWT will be setting up tents and chairs on the north side of the visitor center (see attachment) and is planning on catering lunch. This has not been confirmed and I have not been made aware of any discussion about press outreach. I have a call with the CWT at 11:30 this morning and should have more information after that.

I would very much like to set up a call to talk through the event and the donation. I am sure that it will shine a spotlight on deferred maintenance at Antietam and our program for addressing it. I also am concerned that our PFMD DM data is not accurate and want to ensure that we have the best information to share with the press and the public. I'd like to discuss strategies for discussing this donation and our deferred maintenance program with all of you.

Susan

NPF project funding scenarios to date, sent by Will Safroth to the CWT yesterday afternoon:

**1) Historic Newcomer House and Barn, and Preserve New York Monuments**

Total = \$256,409

\$79,000 from President  
\$86,204 from NPF  
\$86,205 from CWT

Good afternoon Justin,  
During our conversation I indicated I was not on the record. We subsequently agreed that I would provide an on the record statement should you decide to run this story. What follows is that statement.

Below is a statement and additional project information from Antietam National Battlefield Superintendent Susan Trail. All is on the record for attribution to Susan. She is cc'd.

**Statement from Antietam National Battlefield Superintendent Susan Trail:**

*Antietam National Battlefield is honored to be the beneficiary of President Trump's generous donation and the additional outpouring of support from our partners. Collectively, these donations will complete two high priority preservation and deferred maintenance projects for the benefit of the American people.*

*National Park Service and Department of the Interior staff selected two deferred maintenance projects that were identified by Antietam National Battlefield as high priority and that matched the funding made available by the donations. The project selection was based*

*solely on need and historic importance. Any suggestion that other factors figured in the decision is wrong and inappropriate.*

**About the projects:**

At the Newcomer House, which was standing at the time of the battle, the National Park Service will repair woodwork and porches, install new gutters and downspouts and repaint the exterior. The Newcomer House is one of only two historic structures on the battlefield that is open to visitors, providing them an opportunity to explore stories of the battlefield related to civilians and surrounding communities. The Newcomer House currently serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, operated through an agreement with the National Park Service.

In addition, we will replace about 5,000 linear feet of deteriorated rail fencing along historic Hagerstown Turnpike (now Dunker Church Road), replicating the historic setting at the time of the Battle of Antietam. This area witnessed some of the heaviest and most decisive fighting during the Battle of Antietam and encompasses the Dunker Church, West Woods, and Miller Cornfield.

Hi Dave,

I know you are scheduled to be on leave through the 11th but I wanted to get this on your radar. Antietam needs assistance with locating and receiving President Trump's contribution towards two projects at the park. I'm sure you recall his salary donation to the National Park Service.

I'm hoping you can be of assistance and point this email in the right direction.

**President Trump: \$78,333.00**

Civil War Trust: \$88,940.07

National Park Foundation: \$88,940.07

Save Historic Antietam Foundation: \$8,000.00

Thanks,

Corey Wolfensberger

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

July 3, 2017

O. James Lighthizer  
President, Civil War Trust  
1156 15th Street NW, Suite 900  
Washington, D.C. 20005

Will Shafroth  
President and CEO, National Park Foundation  
1110 Vermont Ave, NW, Suite 200  
Washington, D.C. 20005

Thomas Clemens  
President, Save Historic Antietam Foundation  
P.O. Box 550  
Sharpsburg, Maryland 21782

Dear Jim, Will, and Tom:

Thank you for the generous support and donations provided by your organizations to Antietam National Battlefield. These donations will match and enhance an existing donation of \$78,333 from President Donald J. Trump and will be used to complete critical deferred maintenance projects in the park, as part of the National Park Service's ~~(NPS's)~~(NPS) mission to protect and preserve this nationally significant historic battlefield. The President's gracious gift this spring of his federal salary to the NPS will be combined with the following contributions: ~~\$xxxx~~ \$88,940.07 from the Civil War Trust, ~~\$xxxx~~ \$88,940.07 from the National Park Foundation, and ~~\$85,000~~ from the Save Historic Antietam Foundation.

The combined donations ~~will enable~~enabled the NPS to complete the following projects at one of our nation's most hallowed grounds:

- -Preserve Historic Newcomer House (\$141,400.48): This project involves exterior maintenance work on the Newcomer House, consisting of repairs to woodwork and porches, new gutters and downspout, and painting all surfaces. The house presently

serves as the visitor center for the Maryland Heart of the Civil War Heritage Area, through an agreement with the ~~NPS~~[National Park Service](#).

- Replace Dunker Church Road Historical Rail Fencing (\$122,812.65): This project involves the replacement of approximately 5,000 lf of deteriorated rail fencing along the historic Hagerstown Turnpike (now Dunker Church Road). This roadway witnessed some of the heaviest fighting during the Battle of Antietam and borders property owned by the Civil War Trust.

These two projects will reduce Antietam National Battlefield's maintenance backlog and preserve signature historic features of the Battlefield. The donations will be placed in a park-based federal donation account in order to execute the projects identified above at the park level and in the most efficient manner possible. Since unforeseen circumstances may require adjustments in the proposed projects, the NPS reserves the ability to modify the projects as it deems appropriate or necessary to meet the goals of our deferred maintenance and historic preservation programs. Antietam National Battlefield will consult with all partners should proposed project modifications differ significantly from the projects listed above.

Antietam National Battlefield will provide recognition to President Donald J. Trump, the Civil War Trust, the National Park Foundation, and Save Historic Antietam Foundation in the following manner:

- Joint press release announcing contributions by the partners in support of the projects identified above.
- Joint in-park media event announcing contributions by the partners in support of the projects identified above. The presidents from the Civil War Trust and the National Park Foundation will be guest speakers at the event and joined by Secretary of the Interior, Ryan Zinke representing President Trump.
- [The three nonprofit organizations will present a ceremonial check in the amount of the donation to the Secretary of the Interior and Antietam National Battlefield at the event.](#)
- A lead article on the website of Antietam National Battlefield highlighting the partners' donations and the benefitting projects.
- Recognition within temporary construction signage on the project sites to remain in place during the length of the work and a short period following completion of construction at the Superintendent's discretion. The temporary construction signs will provide an overview of the project, the historic significance of the resource and recognition of the donations. This recognition will read as follows, "This project was made possible through the generous contributions of ...." The donor name or their name script/logo will be included after the credit line toward the bottom of the temporary sign.

Please indicate your concurrence by signing below. Thank you again, for all you do to support the mission of America's national parks.

I am checking in to see if the Civil War Trust and the National Park Foundation have had a chance to review the donation letter attached to my email on Friday.

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.

Hello Mr. Lighthizer, Mr. Shafroth, and Mr. Clemens: :

I am writing on behalf of Regional Director Bob Vogel and Superintendent Susan Trail. We are excited about the event next Wednesday to announce and celebrate donations from each of your organizations in support of projects at Antietam National Battlefield. There are many moving parts to the day and this email is focused on one item we will need in place behind the scenes.

Please find attached a draft donation letter that documents the generous gifts, the benefiting projects, and associated donor recognition. You will see within the draft that there is a concurrence signature line for each of you to confirm the understandings associated with the donations.

Please review and send edits back to me by Monday mid-morning - or sooner if possible.

Our goal is to have Regional Director Vogel sign the final version of the letter Monday. We will then look to have each of you sign the letter behind the scenes on the day of the event.

Early in my career I was the project manager that helped create Cedar Creek and Belle Grove, so I am thrilled to see one of our most iconic battlefields

supported in this way.

If you have any questions, please feel free to reach out to me by email or my work cell at 202-374-9051.

Thank you for your leadership!

Corey, here are the donation amounts from the different organizations. Tom Clemens is still holding SHAF's money, but is ready to give us a check. I know the Trump money is somewhere in the system, but I don't know where. I'm guessing NPF is holding their money and the CWT's donation.

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from

SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.

Hello Mr. Lighthizer, Mr. Shafroth, and Mr. Clemens: :

I am writing on behalf of Regional Director Bob Vogel and Superintendent Susan Trail. We are excited about the event next Wednesday to announce and celebrate donations from each of your organizations in support of projects at Antietam National Battlefield. There are many moving parts to the day and this email is focused on one item we will need in place behind the scenes.

Please find attached a draft donation letter that documents the generous gifts, the benefiting projects, and associated donor recognition. You will see within the draft that there is a concurrence signature line for each of you to confirm the understandings associated with the donations.

Please review and send edits back to me by Monday mid-morning - or sooner if possible.

Our goal is to have Regional Director Vogel sign the final version of the letter Monday. We will then look to have each of you sign the letter behind the scenes on the day of the event.

Early in my career I was the project manager that helped create Cedar Creek and Belle Grove, so I am thrilled to see one of our most iconic battlefields supported in this way.

If you have any questions, please feel free to reach out to me by email or my work cell at 202-374-9051.

Thank you for your leadership!

Thanks for pushing this request through, Dave (and thanks to the others).

I plan on having a chat with Shelly and Sarah to discuss how I'd like to set up the account numbers. We have funds coming from multiple directions and accomplishing separate projects, so I want the tracking of this to be flawless due to obvious reasons.

Corey and Susan,

Sarah is in the process of reaching out to AOC to confirm the status of the deposit of this donation. Thanks for the follow up!! We will keep you posted as she finds out more.

Hi Dave,

I know you are scheduled to be on leave through the 11th but I wanted to get this on your radar. Antietam needs assistance with locating and receiving President Trump's contribution towards two projects at the park. I'm sure you recall his salary donation to the National Park Service.

I'm hoping you can be of assistance and point this email in the right direction.

**President Trump: \$78,333.00**

Civil War Trust: \$88,940.07

National Park Foundation: \$88,940.07

Save Historic Antietam Foundation: \$8,000.00

Thanks,

Corey, here are the donation amounts from the different organizations. Tom Clemens is still holding SHAF's money, but is ready to give us a check. I know the Trump money is somewhere in the system, but I don't know where. I'm guessing NPF is holding their money and the CWT's donation.

Vogel <[Bob\\_Vogel@nps.gov](mailto:Bob_Vogel@nps.gov)>, Joy Beasley <[Joy\\_Beasley@nps.gov](mailto:Joy_Beasley@nps.gov)>

Wendy,

Our revisions attached. Based on Dr. Clemens' generous donation of \$8,000, the breakdown I have is as follows:

Total amount needed for two projects: \$264,213.13

President's share: \$78,333.00

CWT share: \$88,940.07

NPF share: \$88,940.7

SHAF share: \$8000.00

We will have a ceremonial check that SHAF, NPF, CWT can present to the Secretary and Superintendent Trail. The draft is attached (we are scrambling to change amount).

Thanks,

Jim

**Subject:** Re: FOR REVIEW: Draft Donation Letter for Antietam

Good morning all:

I am checking in to see if the Civil War Trust and the National Park Foundation have had a chance to review the donation letter attached to my email on Friday.

Thank you Dr. Clemens for your response and updated donation amount of \$8,000 from SHAF.

We are looking to finalize the letter today for the Regional Director's signature. We will then have the three partner organizations sign behind the scenes the day of the press event.

Please let me know if you have any questions.
