DeSanto) was contacted by MROCC dispatch regarding a group of 3 individuals who had lost one of their two canoes around Mile Marker 141 in the Lower Wilderness. MROCC was called by another visitor on their Satellite phone who had contacted the group. He informed MROCC the group was not in any immediate danger, however, without their second canoe they could not get off the river with themselves and all their supplies. I put a boat on the river at Rush and motored down to contact the group. I contacted the group around MM 141, just below Big Creek. Upon contacting the group, I was informed one of the members, (b) (6), (b) (7)(C) had put the remaining boat on the river and was going to head downstream to look for their missing boat. The two remaining members of the group had enough supplies to last a few days. I put back on the river and headed downstream to look for (b) (6), (b) (7)(C). I motored down to the mouth of Leatherwood Creek, however, I did not find (b) (6), (b) (7)(C). I turned around and re-contacted the two remaining members of the group. I gave them the option to return to Rush with me or remain at their campsite, they choose to remain at camp for the return of (b) (6), (b) (7)(C). I assisted the two with setting up their camp and gave them my contact information and told them to contact the Park when they got out. I put back on the water and motored back up to Rush. The following day, March 13, 2014, MROCC received word from the group they had made it out and were ok.	Closed - Incident only

Missing person	NP14060272	06/24/2014 10:52		On June 24, 2014 at 10:52 a VUA at the Interior Entrance Station contacted U.S. Park Rangers on duty to inform them that a Native American female had walked past the entrance station and was currently walking north along the centerline of Highway 377 in heavy traffic conditions. It was reported that the female did not appear to be concerned with the danger to herself or the hazard she was presenting to motorists. Rangers responded and were on-scene within minutes and observed the female's behavior to be consistent with the report. The 40 year-old female was identified as a missing person from Nebraska who had been reported missing on June 2, 2014. The female's wildly fantastic statements combined with her complete disregard for her welfare in regard to vehicular traffic made it immediately apparent to Rangers that she was an emotionally disturbed person who required psychiatric evaluation. Water, food, and bathroom facilities were made available to the woman before she was transported to the Kyle Police Department in Kyle, SD and her custody was transferred to OST Sergeant L. CLIFFORD at 13:25.	Closed - Incident only

				On Tuesday, August 12th, there was a Search and Rescue in Devils Garden. The reporting party, (b) (6), (b) (7)(C), had last seen his missing friends around 1845 hours. (b) (6), (b) (7)(C) hiked into Landscape Arch (1900 hours), believing his friends to be following close behind. After they never arrived at Landscape Arch, he hiked towards Double O Arch before turning around and returning to the parking lot (2000 hours). He waited in the lot for about an hour then hiked back into Devils Garden a short distance (2100 hours). It was getting dark, so he went to the campground in search of help. He found Ranger Glenn doing the evening program and interrupted with news of his missing party (2135 hours). Glenn and the campground hosts, (b) (6), (b) (7)(C) headed to the trailhead. (b) (6) remained with (b) (6), (b) (7)(C) at the trailhead as (b) (6), (b) (7)(C) and (b) (6), (b) (7)(C) hiked in towards Landscape Arch (2210 hours). Me and a team of five others mobilized at the SAR cache and Visitor Center (2230 hours), and then arrived at the trailhead to contact the (b) (6), (b) (7)(C) (2307 hours). We radioed (b) (6), (b) (7)(C) and instructed him to wait for us at the junction of the primitive loop and the main trail. Our team of 6 met (b) (6), (b) (7)(C) at the junction (2340 hours) and split into two teams. We sent 4 down the Primitive Loop, left (b) (6), (b) (7)(C) with plenty of water at the junction for radio relay, and the remaining three of us hiked the main trail. We located the missing party approximately 2 miles into Devils Garden (0035 hours). They had set up camp a short distance off the main trail and lit a fire. They had run of light and decided it was safer to stay where they were. They mistakenly took the Primitive Loop counter-clockwise. They were carrying 2 liters of water each. Both search parties reconvened at the junction at approximately

Arrestee; Missing person	NP14113108	09/05/2014 18:57 CDT	CHIC	Within the boundaries of Chickasaw National Recreation Area, on Septemeber 5th, at approximately 17:00 hours, Officer V. Medina of Sulphur Police Department met with me and several rangers with a picture of (b) (6), (b) (7)(C) (OK DL# (b) (6), (b) (7)(C)). She explained that (b) (6), (b) (7)(C) had not been seen or heard from since September 3rd and his family had filed a missing person report. She asked that we keep watch for (b) (6), (b) (7)(C) and that he had a warrant out of Johnston County for a DUI and is known to be intoxicated most of the time. While patrolling Northwest Perimeter Road at 18:57 hours, I observed a male riding a bicycle that looked like the picture of (b) (6), (b) (7)(C). I stopped the male and asked him what his name was and he replied (b) (6), (b) (7)(C). (b) (6), (b) (7)(C) had a heavy odor of an alcoholic beverage on his breath. I explained to (b) (6), (b) (7)(C) that a missing person report had been filed on him and that he had a warrant out for his arrest. I detained (b) (6), (b) (7)(C) handcuffing him behind his back. I checked his cuffs for tightness and double locked the cuffs. Officer Medina responded to my location and confirmed (b) (6), (b) (7)(C) was the missing person. Murray County confirmed that (b) (6), (b) (7)(C)'s hard copy of his warrant had been faxed to the jail. I took (b) (6), (b) (7)(C) into custody at 19:20 hours. I completed a search incident to arrest of (b) (6), (b) (7)(C) and found a open bottle of vodka in his back pocket. I had (b) (6), (b) (7)(C) provide a breath sample on a PBT that indicated .156% BrAC. I transported (b) (6), (b) (7)(C) to the Murray County Jail where he was released to their custody. Missing person; Visitor	NP16098182	03/30/2016 08:00 AKDT	BAND	<p>Summary: Sunday March 27, 2016 Bandelier National Monument along with partners from the Sandoval County Sheriff's Office and volunteer's from Kirtland Air Force Base successfully rescued (b) (6), (b) (7)(C) (SSN: (b) (6), (b) (7)(C)) a 23 year old male who was lost in the Bandelier Wilderness. The lone male hiker was attempting to make a loop hike starting along the Frijoles Rim trail, crossing upper Alamo, down to Stone Lions, then to Yapashi, and return Mid- Alamo. He became disoriented in the Mid- Alamo Canyon area, and spent Saturday (3/26) night in the wilderness with minimal gear. The low temperature for Saturday night was in the mid-20's. (b) (6), (b) (7)(C) was located by Ranger Jake Holgerson near the Yapashi ruins. Holgerson along with ranger Khan escorted (b) (6), (b) (7)(C) to the Bandelier Visitor Center. (b) (6), (b) (7)(C) denied any injury only stating that he was sore and tired. I (Derek Thompson) conducted a field interview with (b) (6), (b) (7)(C). The interview was recorded on my body worn camera. (b) (6), (b) (7)(C) was a fit young male which helped him through this tough experience. However if he would have allowed himself ample time, and been better prepared with navigation tools (map, compass, GPS), and basic back-country equipment (extra clothing, fire starting kit, emergency blanket) this incident may have not happened and/or the hiker would have been a lot more comfortable when spending an unexpected night in the wilderness. On Tuesday, March 29 I received an email from (b) (6), (b) (7)(C)'s father (b) (6), (b) (7)(C) thanking myself and the other responding rangers for assisting his son. His email also stated that (b) (6), (b) (7)(C) was in good condition, " (b) (6), (b) (7)(C) 's a little sore,</p>	Closed - Incident only

Missing person; Vehicle driver; Other	NP17014478	02/11/2017 13:30 PST	MOJA	<p>Assisted San Bernardino County on a missing person report on Saturday February 11th, 2017 at approximately 1330 hours. I was contacted by SBCO Dispatch and told that the missing woman was possibly in the Preserve. SBCO had pinged her phone and the GPS Coordinates showed the missing female was somewhere near Essex Road. She was reported missing by family members on Friday February 10th, 2017. The vehicle description matched the same description given to LE Rangers on Thursday February 9th, 2017 by Park Volunteers (b) (6), (b) (7)(C) and (b) (6), (b) (7)(C). (b) (6), (b) (7)(C) told me the vehicle was still parked on Essex Road when they passed the area on Saturday.
