Office Phone: (202) 245-4715

Open 8:00 am to 4:00 pm, Monday – Friday
NOTE: The following dates, locations and proposed activities are based upon the 2017 Presidential Inaugural, as well as earlier Inaugurals, and may be subject to change, in coordination with the Presidential Inaugural Committee, and consistent with public safety may be open to and available to the public.

SECTION I: Contact Information:

Individual/Organization: The National Park Service on behalf of the Presidential Inaugural Committee, pursuant to the Inaugural Ceremonies Act, 36 USC 501 – 511.

SECTION II: Lafayette Park and White House Sidewalk:

All of Lafayette Park except for its northeast quadrant pursuant to 36 CFR 7.96 (g)(4)(iii)(A). The initial areas of Lafayette Park and the White House Sidewalk that will be needed for construction set-up, and which will be closed to ensure public safety, is detailed in the attached map. The attached map depicts the center portion of the White House Sidewalk as well as a portion of the southern oval of Lafayette Park. The other remaining areas in Lafayette Park and the White House Sidewalk that will be needed for construction set up, will be closed as construction set-up progresses into these other areas, which will also then be delineated by fencing and signage to ensure public safety.

SECTION III: Event Logistics:

Dates: Set up will begin November 1, 2020 through to the Presidential Inauguration on January 20, 2021, with take-down then occurring through March 1, 2021.

For the 2021 Presidential Inaugural Ceremonies, this time period is reasonably necessary for the set up. For Lafayette Park and the White House Sidewalk, this
will involve a complex and substantial set up of the Presidential Reviewing Stand (including the placement of the Presidential Seal), three story Media Reviewing Stand, bleachers, support facilities and structures, lighting and sound equipment and other items that will occur as close to the actual events as possible, in an effort to minimize disruptions and adverse effects to park areas and park users. When set up and construction commences the designated park areas will be closed to ensure public safety. Take-down or dismantling, will occur as soon as possible after the events, will be conducted in such a way to minimize disruption and adverse effects to park areas and park users.

**Proposed Locations (include assembly and dispersal areas):**

All but the northeast quadrant of Lafayette Park and the White House Sidewalk will be used for this special event. Please see the attached map for the areas in Lafayette Park and the White House Sidewalk that will be needed to be closed for the initial set up construction phase. As construction progresses, the other park areas will be needed to be closed, which will be delineated by fencing and signage to ensure public safety.

**Equipment to be used:**

The National Park Service anticipates that there will be banners, signs, American and state flags.

There will be a Media Riser that measures approximately 84’x37’ located in Lafayette Park.

There will be two tents that measure 20’x20’ in Lafayette Park.

There will be approximately 50 portable restrooms for use by workers and spectators.

**Estimated Maximum Number of Participants:**

The National Park Service anticipates approximately 9,400 people will be involved in this activity. The following is a breakdown of that number:
The National Park Service initially estimates approximately 200 people will be involved in the construction set up and take-down in Lafayette Park and the White House Sidewalk. This number may change as construction moves closer to the actual Inaugural date.

On the date of the Presidential Inauguration on January 20, 2021, the National Park Service estimates that on the three-quarters portion of Lafayette Park that there will be 500 support and media personnel as well as 3500 spectators in the bleachers. On the White House Sidewalk, the National Park Service estimates there will be 200 support personnel and 5000 spectators in the bleachers or in the Presidential Reviewing Stand to observe the Inaugural parade.

**Proposed Closures:** The National Park Service anticipates that the Southern portion of Lafayette Park and the center portion of the White House Sidewalk will be closed to the public beginning November 1, 2020 and continuing through March 1, 2021. As Inaugural construction activities progress to other portions of Lafayette Park and the White House Sidewalk, those affected park areas will also be closed to the public. These closures will be identified by fencing and signage.

**Section IV: Activity Disruption:** The National Park Service is unaware of any disruptions to this permitted activity.

**Section V: Marshals and Volunteers:**

**Marshals:** The National Park Service anticipates that there will be two park rangers on site

**Functions of Marshals:** Marshals will be on site to monitor the construction to ensure compliance with NPS regulations as well as to ensure that the park resources are protected.

**Supervision of Marshals:** We anticipate that there will be a designated National Park Service Supervisor on site, which will be the **NPS Inaugural Coordinator**
Identification of Marshals: The park ranger marshals will be identified by both NPS uniforms and credentials

Plans for ingress and egress: Ingress and egress of construction employees and Inaugural participants to and from Lafayette Park and the White House Sidewalk will be by walking. Security screened and approved construction and construction-support vehicles will use Madison and H Streets for ingress and egress.
