The above-listed activities constitute camping when it reasonably appears, in light of all the circumstances that the participants, in conducting these activities, are in fact using the area as a living accommodation regardless of the intent of the participants or the nature of any other activities in which they may also be engaging.

I. **Special attention is drawn to item #4,** last page of this permit concerning fees collected and donations solicited on parkland. No merchandise may be sold or offered for sale except for message bearing books, newspapers, leaflets, pamphlets, buttons and bumper stickers. PUBLIC GATHERING PERMIT: #20-1340

M. Balloons and glass beverage containers are prohibited on parkland.

No sand bags are permitted for this purpose. Non-staining pads must be placed underneath cement blocks to prevent scrapping/scaring of hardscape surfaces.

At takedown, all water filled ballast tanks must be pumped to the nearest catch basin (located within the curbs) or to the area drains located throughout the hardscape. Tanks may not be drained into the turf or pumped in gravel areas. This prevents creation of muddy puddles and soft areas in the turf and also limits runoff of gravel into area drains.

Tents must be constructed of fire retardant material. A certificate of fire retardant material must be provided as confirmation to the NPS.

All cables must be covered to prevent tripping hazards.

R. Permittee will at all times provide an on-site coordinator to be accessible to National Park Service and United States Park Police personnel throughout all activities associated with the first amendment activity. **Permittee has designated James Lyles, (b) (6) as onsite coordinator.**
