The Permittee shall include in all plans submitted the details how they will ensure the safety of employees, contractors, concessioners, park visitors, and all others during the permit activities. Specifically, the Permittee will outline how they will follow all Centers for Disease Control, National Park Service, and District of Columbia rules, regulation, policy, law, and guidance on COVID-19 prevention measures.
Additional Conditions
Permit No: 22-0312

Guidelines should include maintaining at all times six-foot social distancing or the mandatory use of cloth or other face masks when distancing is not possible, disinfection and one-person use of all equipment and items, use of hand sanitizer and/or hand washing stations, and other measures as required.

Consistent with the Centers for Disease Control guidance and the Department of Interior’s August 16, 2021 announcement:

1. **All individuals must wear masks in common areas and shared workspaces in federal buildings and in indoor spaces leased by the NPS (including open floorplan office spaces and conference rooms) regardless of vaccination status or community transmission levels in that county.**

2. **Masks are also required to be worn in shared government vehicles and on federal property in outdoor areas, when others are present, where the superintendent has determined that physical distancing cannot reasonably be maintained, regardless of vaccination status or community transmission levels in that county.** *Mask wearing is required on the Mall, 3rd to 4th Streets where physical distancing cannot reasonably be maintained.*

**Permittee is responsible for developing, monitoring, and administering their Covid-19 mitigation plan.**

**GENERAL CONDITIONS:**

Permittee is responsible for providing all necessary equipment/objects to conduct this activity. All equipment must be removed from park property immediately following the conclusion of the event. Items left on park property will be considered abandoned property and will not be the responsibility of the National Park Service.

Permittee and all participants authorized therein must comply with all of the conditions of this permit and with all reasonable directions of the National Park Service and United States Park Police personnel.

Permittee and its representatives will follow instructions provided by these individuals with regard to accessing park property and will take all precautions to protect park resources.

Permittee does not have exclusive use of the area. All sidewalks, walkways, and roadways must remain unobstructed during the construction activities to allow for the reasonable use of these areas by pedestrians, vehicles, and other park visitors.
Additional Conditions
Permit 22-0312

All requests, correspondence and meetings with the National Park Service pertaining to this permit shall be scheduled by the Permittee only. All contractors, subcontractors or consultants must channel their requests through the recognized representatives of the Permittee, who in turn will contact the National Park Service.

The permittee shall insure that all facilities and structures placed on park property adhere to all applicable codes, standards, and regulations including but not limited to BOCA, OSHA, USPHS, NFPA 101, IBC 2006, IFC 2006 and ADA, covering requirements including but not limited to safe construction practices, grounding of generators and maintaining access to the Memorial. Permittee will submit stamped engineered drawings for all structures, i.e. cable trusses, tents, stages, audio, and video towers, etc. for NPS review and approval.

The Permittee shall require all employees and/or contractors to exercise all normal and reasonable safety precautions and to protect park visitors and property.

Suitable devices such as barricades, fences, lanterns, etc. necessary for employee and public safety, shall be provided and adequately maintained. Such devices require the concurrence of the NPS Permit Specialist or designated representative.

Throughout the course of this permit, the Permittee, its contractors, and agents are responsible for taking all necessary precautions to minimize resource damage throughout the permitted area. In addition, Permittee must supervise their contractors and employees during set-up and teardown to assure that there is no damage to park resources.

No wires or cables are to be attached to trees or other vegetation or flown aerially. Any wires or cables required in support of permitted activities must be run on the ground, in troughs or yellow jackets, to prevent tripping hazards. Troughs covering pedestrian walkways must be ADA compliant.

All laws, rules, and regulations applicable to the area covered by this permit remain in effect.

The Permittee shall be responsible for the cost and repairs to any structures, facilities, roadways, sidewalks, infrastructures, sod, soils, or landscape vegetation on park land damaged by the work authorized under this permit that is conducted outside the conditions specified in this permit.

The area must be left in substantially the same condition as it was prior to the activities authorized herein, and all litter shall be placed in the trash containers provided.
Additional Conditions
Permit 22-0312

All proposed amendments or additions to this permit and all proposed locations of vehicles, equipment, storage, installations of any kind, areas of activity, work and power plans shall be submitted to the NPS for prior written approval prior to the installation of facilities. These proposals shall be in map or diagram form suitable for on the ground inspection.

Permittee will provide an on-site coordinator to be accessible to the National Park Service and the United States Park Police personnel at all times during construction or set-up activities and during dismantling of facilities post-event.

The Permittee, vendors and all exhibitors may not load in any materials prior to the predetermined load in period as outlined in this permit.

A copy of this permit shall be available on site for inspection by National Park Service and United States Park Police personnel.

**SPECIFIC CONDITIONS:**

**Resource Protection:**

Pursuant to 36 CFR 7.96(g)(5)(xii), 2.31(a)(2),(3) the destruction, defacement, damaging, alteration, or removal of park resources or facilities is prohibited. No item, including signs or banners, may be attached to park trees, plantings, benches, statues, walls, fences, or other park property.

**Walkways:** Stages, stands and other facilities approved for placement on gravel and/or cement walkways, must be supported by 3/4-inch plywood or similar material. *Material to be used must be approved in advance by NPS.*

Digging or trenching is prohibited on parkland in conjunction with a permitted event.

**Landscape:** Lawn, trees, shrubs, and the irrigation system, curbs, electric conduits, and water mains located within the permit area, shall be protected from adverse impacts associated with event activities.

**Turf Protection:** For the purpose of protection, any area not paved shall be treated as lawn. No heavy equipment (cranes, backhoes, etc.), vehicles or stock piling of materials is permitted on turf areas without the approval of the NPS.

Vehicles moving heavy equipment on turf must be supported by some form of heavy duty plastic material that clicks or snaps together to avoid movement of material and tripping hazards. *Material to be used must be approved in advance by NPS.*
Additional Conditions
Permit 22-0312

Temporary turf cover materials used for vehicular travel (load-in and load-out) should be removed as soon as possible to prevent damage to turf.

Additional Conditions
Permit 22-0312

**Portable Restrooms:**

If attendance is expected to exceed the capacity of nearby NPS public comfort facilities, or if none exist in or near the requested park area, the Permittee must provide portable, temporary toilets with sufficient capacity to accommodate anticipated attendance. The general guideline is a minimum of one (1) portable toilet per three hundred (300) people, of which at least twenty percent (20%) must be handicapped accessible. All portable toilets must be placed in groups of (5) or less, with a (6') clearance between each group.

**Trash/Debris Collection & Removal:**

Permittee is encouraged to clear all trash and debris generated as part of the permitted activity from the permit site grounds immediately after the conclusion of the event. Open trash and recycling containers on the Mall, between 3rd and 4th Street should be used for this effort. Permittee may provide additional trash and recycling receptacles to prevent the overflow of Mall containers. Trash receptacles must be placed on hard, paved surfaces and must not overflow with trash or debris. Use of clear trash bags is required for all trash receptacles used for the event. Permittee has indicated that a team of (15) organizers will provide trash collection and removal services.

**Glass:** No glass bottles and/or containers are permitted on parkland

**Balloons:** No balloons of any type are permitted on parkland.

**Adverse Weather Policy:**

When there is a threat to public health or safety, the Superintendent and/or his/her designee, may close the National Mall or an event being held there for such duration as determined necessary to ensure the safety and wellbeing of the public. Such situations have occasionally occurred in the past where park areas have been closed due to severe weather warning of heavy snow and thunderstorms with lightning and high winds.

Where an area is ordered closed due to a weather-related public safety threat, pursuant to 36 CFR 2.32(2) people must comply with official directions to leave the closed area and relocate to safer sheltered locations.

Closing or canceling a Permitted Event is a last resort. However, while most events will be held despite the weather, the Permittee is responsible for providing updated information in the event schedules and drop-off points may change.
Additional Conditions
Permit 22-0312

The Permittee agrees to save and hold harmless the United States of America, and its agents and employees, from any and all claims, damages, suits at law or equity, of whatever kind or nature, for damages to or loss of property, or injury or death to persons resulting directly or indirectly from, or attributable to the Permittee or its participants (service providers) in conjunction with activities authorized by this permit.

ADDITIONAL PERMITS

Permittee is responsible for contacting the Metropolitan Police Department, (202) 671-6522, and DCEMA (202) 727-6161, to obtain the necessary paperwork and/or permit for those portions of this activity that fall within each respective jurisdiction.

Contact Leonard D. Lee, Division of Permits Management, National Park Service, 202-245-4715 to finalize permit planning and logistics.

Contact Officer Jake Goss and/or Robin Boyle, Metropolitan Police Department, (202) 671-6529, to make a request for the use of District of Columbia jurisdiction.

Contact United States Capitol Police, Special Events Section, (202) 224-8891, to make a request for the use of United States Capitol jurisdiction.

If the Permittee decides to cancel or substantially modify its event, the Permittee must immediately advise both the United States Park Police Special Events Sergeant at (202) 610-7092 and the Division of Park Programs at (202) 245-4715.

A copy of this permit must be on hand while under the authority granted.
3. All laws, rules and regulations applicable to the area covered by this permit remain in effect.

4. No fee may be collected, donation solicited, or commercial activity conducted. No items may be sold or offered for sale except for books, newspapers, leaflets, pamphlets, buttons and bumper stickers which contain a message related to your demonstration or special event. No other merchandise may be sold or offered for sale. A stand or structure used for the sale of permitted items may not exceed one table per site, which may be no larger than 2 1/2 feet by 8 feet or 4 feet by 4 feet. The dimensions of the sales site may not exceed 6 feet wide by 15 feet long by 6 feet high.

5. The area should be left in substantially the same condition as it was prior to the activities authorized herein, and all litter shall be placed in the trash containers provided.

6. This permit is applicable only for the use of the area designated above, and during the times designated above, or in any area as may hereafter be designated by the United States Park Police.

7. The use of sound amplification equipment, other than hand-portable sound amplification equipment to be used for crowd control purposes only, is prohibited on the White House Sidewalk (South 1600 Pennsylvania Avenue, NW, sidewalk between East Executive Avenue and West Executive Avenue). All sound amplification equipment shall be limited so that it will not unreasonably disturb nonparticipating persons in, or in the vicinity of, the area.

8. The National Park Service reserves the right to immediately revoke this permit at any time should it reasonably appear that the public gathering presents a clear and present danger to the public safety, good order or health, or if any conditions of this permit are violated.
