Dear Leonard,

Good afternoon! I hope you had a wonderful Labor Day Weekend. I want to give you the heads up that C3 wants to add all of the people listed in the below email to our weekly meetings. That being said, I will go ahead and send them the meeting request but I want your records to reflect that they’ve been added. Let me know if you have any questions or concerns.

Thank you.

Best,

Tiffany T. Rose

Director of Special Events
Trust for the National Mall

1300 Pennsylvania Avenue, NW, Suite 370

Washington, DC 20007

p: (202) 688-3763 | c: (202) 557-9938 | nps.gov

Making the National Mall the best park in the world.
Hi Tiffany,

Thank you for having NPS send out the meeting invite for the weekly Thursday permitting calls. Would you please ask Leonard to have his assistant add the following people to the invite? Email addresses on copy. Thank you!

Sam Elkin
Rose Martin
Courtney Murphy
John Liipfert
Jennifer Larus
Emmett Beliveau
Jake Perry
Pete Beattle
Mike Dienno

Best,

Courtney

COURTNEY MURPHY

Subject: RE: Revised Agenda - Logistics Meeting Tomorrow

Courtney,

Yes, the Logistics meetings, beginning on September 10th will be taking place every Thursday from 9:30am-11am. I announced the weekly meeting schedule during our last Logistics meeting. At that time Leonard said that he would have his assistant send everyone the meeting request. I will follow-up with Leonard tomorrow and make sure that there is a dial in number included.

Have a nice evening.

Best,

Tiffany
Courtney,

Thank you. Beginning on September 10th we will move to weekly permitting meetings, per NPS’ request. If C3 staff wants to call into the meetings, that is fine but NPS and Park Police want to make sure that everyone is on the same page as the date draws near. Additionally, SWAT meetings will take place beforehand from 9am-9:30am and Logistics meetings will follow from 9:30am-11am.
Thank you for sharing and sending this to NPS. My only revision is changing Kids Zone to Kids Land. Will let Tuba, Jones, and Rose chime in if they have anything to add before sending to NPS.

Also, can you please let us know what the Sept 10th meeting is regarding? I thought tomorrow was the last permitting meeting, and want to make sure C3 doesn’t need to be in DC on the 10th.

Thanks so much,

Courtney

COURTNEY MURPHY
Executive Assistant to Charlie Jones

Subject: Revised Agenda - Logistics Meeting Tomorrow

Dear Courtney,

Please find the agenda for tomorrow’s Logistics Meeting. Should you have any edits, please let me know by 3pm EST, as I plan on forwarding it to NPS by 3:30 pm EST. Thank you for your assistance.

Sincerely,
AGENDA

I. TICKET SALES

II. MEDIA/COMMUNICATIONS

III. CONCESSIONS
   a. Food and Beverage
   b. Merchandise

IV. FOOD COURT
   a. Culturally Expressive Food Exemption

V. SITE LOGISTICS
   a. Production Plan Update
      i. Build Schedule with hours & service after hours
      ii. Workday Extension Waiver Letter requirements
   b. Revised CAD
   c. Transportation Plan
      i. Cab lane
   d. ADA Plan
   e. Security Plan
   f. Turf Protection/Restoration Plan
   g. Water Source
      i. Hydrant

VI. SPONSOR ACTIVATIONS UPDATE

VII. NPS TENT
   a. Technical needs
   b. Activities
a. Final plan and renderings – next week

IX. KIDS ZONE-LAND

X. PUBLIC ACCESS PLAN

XI. DIGITAL WALL PROGRAMMING

Hello:

I didn’t want you to think I forgot about this. I put together a draft memo (see attached) and
In addition to getting your general sense of the content, do you know the size of the East Potomac Park site (Hains Point) and West Potomac Park? Size of the two locales is actually a big issue for C3 but they could only roughly tell me that WPP is twice as big.

Thank you!

------- Forwarded message -------
Hello Everyone,

Please see below and attached. Bob just called me asking about the TNM’s evaluation of EPP as a potential venue for the Music festival.

Robbin - Can you provide the size of the East Potomac Park site (Hains Point) and West Potomac Park?

Let me know your thoughts so I can get back to Bob quickly.

Thanks, Sean

From: Kristine Fitton <KFitton@nationalmall.org>
To: Leonard Lee <leonard_lee@nps.gov>
Subject: Trust's Landmark food service: cultural food service vending permit
Attachments: DCculturalcollaboration aug31final.pdf

Leonard: After much consideration, the Trust for the National Mall would like to seek a temporary food service permit for culturally-relevant food at the Landmark Festival for the National Mall. In the past several weeks, we’ve had enormous interest from the city of Washington and Destination DC to leverage Landmark to share the culture of Washington to festivalgoers.

Specifically, the mayor has a new initiative supporting the creative expression of culture in Washington and she plans to attend the festival and present DC-based performer Wale with a special award. The city is thrilled that local chef Jose Andres is curating a “taste of DC” and they want to be a part of our efforts to use the food offerings to highlight the diversity of the city. The idea of bringing the city into the park and the park into the city seems to align well with the NPS’s new Urban Agenda, which we’d love to support through Landmark.

I’ve attached a write-up explaining this interpretive component further. (Please see attached). From the Special Events guidelines, it looks like there may be another document explaining the permit requirements. I saw a reference to an Appendix D, but couldn’t find this appendix so please let me know if there are additional materials required.

As you know, our production partners at C3 are working on the food handling qualifications and menu ingredients. I’d be happy to compile these elements into a single document..

From the Special Events regulations:

(Application for Temporary Cultural Food Service Vending Permit (Appendix D):

- Proposed Temporary Cultural Food Menu
- Documentation of food handling qualifications)
Thank you, as always, for your thoughtful consideration. I can add this to the agenda of our meeting on Wednesday afternoon for discussion. —Kristine

Robbin, Sean -
I didn't hear this discussed at the concert meeting on Wednesday.
I just got a call from GSI saying the discussion about an agreement with TNM/C3 has been put on hold pending the official response from the Park about this. Apparently TNM/C3 believe they won't have to go through GSI for food, beverages & merchandise if the park allows this to be a cultural event.
Has there or will there be a response from the Park to the Trust's letter?
If so, I need to let GSI know so that that negotiations on an agreement can move forward.

Good afternoon Charlie.

I met with the Landmark Music Festival organizers yesterday and received a copy of their current production schedule.

The current production schedule will not allow for the polo field to be used for the polo match on Saturday and/or Sunday, September 19-20, 2015. Currently, both northbound lanes of Ohio Drive, closest to the field, along with the gravel roadway into the polo field, are planned to be dedicated to receive the large trucks and other production vehicles supporting the music festival load-in. As a result, we would not be able to accommodate the horse trailers and other supporting vehicles needed to conduct the polo match.

I recall that you mentioned that the date was fixed. Unfortunately, I do not have an alternative area that I can offer you for your event at this time.

Please advise.

---

Leonard

This is very disappointing as the foreign teams were looking forward to playing there. Would there be a later date after the festival such as the first sat in Oct? It is really a big deal for them and the embassies.
I'll call you in the am.

Another option is would you allow me to talk with them to talk about what we are doing and how it would not affect their schedule. The horse trailers would be very quick in prior and out after. Players and guest could be bussed in and dropped at MLK memorial. I'm sure we could make it work with no one being interfered with. Maybe we can stage the horses on the other side of the field and not use the drive way. We are willing to do what it takes to make it work.

Let's talk in the am

Charlie

Charlie,

Currently, the Landmark Music Festival's tear down and load out and site inspection is scheduled to be completed on Friday, October 2, 2015. However, they have reserved the use of the area until October 8th, to provide for any weather delays that would push back their schedule.

There is also the possibility that resource damages associated with the festival may result in the closure of certain areas for restoration and rehab.

Additionally, we have an application for the Boo Run, requesting a permit for the use of the polo field, to stage a 10k in West & East Potomac Parks, on October 4th.

I would consider the possibility of the area being available on the first weekend in October as a long shot.

Good afternoon Robbin and Leonard –

Unfortunately we are going to have to pull the permit application for this event. With so much going on around Landmark, it’s a lot to get this event off the ground as well.

Thanks,

fyi

Good evening Leonard!

Per our conversation yesterday, attached is the permit application for the pre-Landmark Music Festival event we would love to do at the DC War Memorial the night before (Friday 9/25).

Please let me know if you have any questions, and have a great evening!

Making the National Mall the best park in the world.

LMF Email Sig Lincoln at Night
Attached are drawings of all tents that will be onsite. We will be using GPRS for locating anything buried and plan to stake all tents that are able. We are planning on barreling any tents that are within critical root zones of trees.

I owe you layouts of all tents over 900 sq ft which I will have to you by EOD tomorrow.

Thanks

2ba

---

Re: LM -Building permits.

Tent stage drawing attached.

Still trying to work with Don on the legs to get that we need without going crazy.

Cool. This is good. Only one that looks to be missing is the BMI Tent. Also what leg height did we end up with from Don?

Thanks

Subject: LM - Building permits.

Wanting to see where we’re at with documents to submit for building permits? I’m working on tent layouts today.

Want to be able to give a solid update on the status here as we’re very close to the 2 week deadline for submittal.

Good to see you this afternoon.

Wanted to see what specs you're specifically looking for on the crane and I can reach out to our crane vendor to get you exact info. Let me know and I can run it down ASAP.

Thanks
That is a pretty large crane. I do not believe that ArmorDeck 3 will be heavy duty enough for this, they will have to find an alternative I think unless ArmorDeck says that it is okay.

- It will need flooring to get out to the site.
- Outriggers will require 6 layers of 3/4" plywood and 6 layers of Enkamat.

Hi Eliza,

I’m sure you heard that the Pope is coming to town, and we’re working on how to manage transportation to the festivities.

Depending on closures, we’re interested in hosting Bikeshare corrals, possibly on the Mall (awaiting a schedule of events) to accommodate the visit.

Additionally, I was wondering if NPS had arranged for a personal bike parking area previously a la Two-Wheel Valet? I know I’ve seen them set-up on the Mall (Earth Day concert for one) but wasn’t sure who organized. I think one may make sense for some of the Pope’s events given the road closures and anticipated participation.

Hi Robin,

I just talked to Tiffany Rose from the Trust for the National Mall. We want to help them with their retail but I need to make sure that the NPS is ok with what they are proposing. The merchandise that the Trust is producing is going to have a mission message so that is not problematic. Concert artist shirts and merchandise is outside of our regular mission. I'm surprised that Guest Services doesn't want to be involved. We don't want any issues with GSI and don't want to step on their toes.

Obviously we will do what we can to help. And hopefully this will be financially beneficial to all of the partners.

I couldn't find your phone number or I would have just called you..... But I thought this would be a good way to open the discussion.

Thanks,

Stacy

Karen - Once again, TNM&C3 are out of line. For TNM to call up EN and state that GSI is not interested in selling retail merchandise is deliberately going against the instructions that I thought the park made perfectly clear to them.

I just got off the phone with GSI. They have not said they won't sell retail merchandise, and in fact, are still waiting for a response to a draft agreement that GSI sent to C3 last week which will have GSI personnel sell all the food, beverages and retail products at this event.

I was under the impressions the TNM/C3 fully understood that GSI, under their exclusive contract with the NPS, must sell the food, beverages and retail merchandise at this concert in our park. It continues to appear that is not the case or that TNM/C3 are being advised something different from that.

Please let me know if something has changed.

Generally, I'm ok with the concept of EN helping with the retail section of the festival, but I'm also surprised that GSI isn't wanting to be engaged with respect to artist shirts and merchandise. I have some concerns about EN selling those types of items, since, as Stacy mentioned, they fall well outside the regular mission of EN and the sales agreement. I'm cc'ing Dick Swihart to help us understand the issue with GSI better.

Subject: Landmark Turf Items
Attachments: Landmark Turf Items Landmark15 8-27 Ground Plan.pdf

Michael and Leonard,

Please see the attached map packet regarding our turf protection items. Some initial dates for your review:

Armor Deck –indicated in Green

Sept 18 –Armordeck install for Main Stage Build. Removal Sept 22

Tbd- we will repurpose the Armordeck to other locations onsite. We will have a pad on the ball diamond behind the Miller Stage as well as a small pad at the VW stage. These will be placed in a time table of Michael’s approval.

LD Rolls –indicated in Blue

-LD rolls will be used as temporary roadways for stage builds. These will be rolled out in the mornings and rolled up in the evenings at the end of the work day.

Terraplas –indicated in Grey

Sept 18 –Terraplas/tbd installed for Catering location. Removal Sept 30. (This location is on a ball diamond)

Sept 20 –Pathways buildout in Production compounds. Removed Sept 28 or 29th.

I have also indicated on this map set what we would be looking for as far as fence roll backs/removal. These are indicated in Red. Main areas we have listed are:

-Open a gate roughly on the corner of Independence and West Basin Dr.
-Remove 16’ fence along Ohio Dr
-Remove 4’ fence near box office

-Remove Backstop by VIP/Cabana Platform. Ideally these would be completed prior to our build starting on the 18th but can work with you on timelines if needed. I’ll be in town as of the 16th and can line out exactly what we’re looking for in person if you’d like.

Lastly I want to introduce Mike Walker who is our Special Projects Manager. He has been a vital part to our turf protection plans and regeneration efforts at all of our events. He will be coming in the Thursday prior to the show and will be everyone’s primary contact for repair/regen items post event. Our plan is to have a running estimate through the build and event that we will work with Michael’s team, C3, and the selected ground contractor so that we can be rolling the Monday after the event on any repairs/regen items. I am meeting with a contractor on Monday afternoon to discuss our plans for Landmark and should be able to brief everyone of how that went on Tuesday or Wed.

Please don’t hesitate to reach out with any questions. Again, we look to be a partner with National Parks Service rather than simply another user of the space.
Good evening, Michael and Leonard.

As Tim mentioned, I will be coordinating with you and our landscape contractor to ensure that the grounds are returned to you in as good or better shape than when we started our work.

I will be attending the Park Service meeting next Wednesday, and am looking forward to seeing you and getting started on this project.

My contact is below.

See you next week.

Regards

Mike

Please see the attached map packet regarding our turf protection items. Some initial dates for your review:

**Armor Deck** – indicated in Green

Sept 18 – Armordeck install for Main Stage Build. Removal Sept 22

Tbd- we will repurpose the Armordeck to other locations onsite. We will have a pad on the ball diamond behind the Miller Stage as well as a small pad at the VW stage. These will be placed in a time table of Michael’s approval.

**LD Rolls** – indicated in Blue

- LD rolls will be used as temporary roadways for stage builds. These will be rolled out in the mornings and rolled up in the evenings at the end of the work day.

**Terraplas** – indicated in Grey

Sept 18 – Terraplas/tbd installed for Catering location. Removal Sept 30. (This location is on a ball diamond)

Sept 20 – Pathways builtout in Production compounds. Removed Sept 28 or 29th.

I have also indicated on this map set what we would be looking for as far as fence roll backs/removal. These are indicated in Red. Main areas we have listed are:

- Open a gate roughly on the corner of Independence and West Basin Dr.
- Remove 16’ fence along Ohio Dr
- Remove 4’ fence near box office
- Remove Backstop by VIP/Cabana Platform. Ideally these would be completed prior to our build starting on the 18th but can work with you on timelines if needed. I’ll be in town as of the 16th and can line out exactly what we’re looking for in person if you’d like.

Lastly I want to introduce Mike Walker who is our Special Projects Manager. He has been a vital part to our turf protection plans and regeneration efforts at all of our events. He will be coming in the Thursday prior to the show and will be everyone’s primary contact for repair/regen items post event. Our plan is to have a running estimate through the build and event that we will work with Michael’s team, C3, and the selected ground contractor so that we can be rolling the Monday after the event on any repairs/regen items. I am meeting with a contractor on Monday afternoon to discuss our plans for Landmark and should be able to brief everyone of how that went on Tuesday or Wed.

Please don’t hesitate to reach out with any questions. Again, we look to be a partner with National Parks Service rather than simply another user of the space.

Hi Robbin,

In Leonard’s absence I am reaching out to you. We are still trying to explore a potable water source for Landmark. We would be interested in tapping into either the water fountains or the fire hydrants for this purpose. Can you recommend a solution? We would either like to utilize the fountains by adding a hose connection, or by running it from the hydrants. We noticed that most of the hydrants are currently labeled inoperative. Do you have any insights or recommendations?

Thanks!

Subject: Landmark ADA Call

Call-in Number: 512-334-8675

Meeting will take place at 9am CST/10am EST
Ms. Martin,

Per our phone conversation and as requested. Attached is the "NPS-NCR Special Events and Tent Guidelines". The Special Events and Tent Guideline codes were put together to assist National Park Service-National Capital Region NPS-NCR staff and event organizers with their outdoor events and life safety code requirements.

The National Park Service already follows and enforces the National Fire Protection Association (NFPA), Codes and Standards. The NPS-NCR Special Events and Tent Guidelines will make it easy for the NPS staff and event organizers to follow and implement such fire and life safety code requirements.

In addition to routine fire and life safety inspections, any assembly occupancy will be inspected for the appropriate number of exit doors, exit door remoteness, exit signs, emergency white lights, occupancy load and other fire and life safety codes. Once the occupancy load is determined, an occupancy load certificate will be issued by our office.

Could you please email me any available assembly or cooking tent plans so I can review them prior to the schedule event.

Please contact me if you have any questions.

Raul

Subject: Re: Potential opportunity for PRC

That is absolutely correct, Charlotte - Thank you so much for passing this along to me.

Selling T-shirts from a boat on the shoreline of West Potomac Park does not make it legal for C3 Presents to sell retail merchandise in our park. I am copying members of park management so they are fully aware that C3 is attempting to get around the regulations and policies about retail merchandise sales that have already been made perfectly clear to them.

I am so deeply sorry that there doesn't appear to be a way for PRC to be able to operate the water taxi on this weekend. Maybe next year (since this is going to be an annual event), the park will be able to work out a way for a temporary structure to be anchored in the river attached to the water transportation landing area so PRC can use the bigger boats, evacuate everyone safely at night, and provide Northern VA. concert attendees with an alternative method of travel to/from the event.

Thanks again for this email.

Dick,

This morning I received a call from Lauren with Landmark Events.

She inquired about using a boat from which to sell t-shirts at the dock. I informed her that there was no dock, and informed her of what we were doing…..or hoping to do…..further inquiry from me I found out she is an intern….just thought you should know…. She said she works for a woman at Landmark Events, by the name of Stacey Rodriguez. I told her that I did not believe one was allowed to sell shirts from a boat, due to NPS regs, but that she should touch base with her boss.

Cheers,

c

Good afternoon all.

As a followup to our meeting this afternoon, and our discussion centered around the ADA accessibility issue, I am attaching a copy of an article that speaks directly to my concerns about the current site plan and ADA accommodations.

Some of the pages did not print consistently, but the message is clear. The title speaks for itself. I would encourage you to go to the site and read the article in its original format.

That being said, I would recommend that we revisit the site plan to see how we can develop an accessibility plan to maximize the experience for those persons with disabilities.

My colleague, Mr. Jeff Gowen, is our park's ADA Specialist. Jeff has consulted with me and provided feedback to the site plan. Jeff can be reached at (202) 245-4713, for assistance with making the current site plan more accessible.

Let us strive to have the September 28, 2015, Washington Post Headline be, "You are welcome here. The Trust for the National Mall raised the bar for fans with disabilities."

Be well.

Leonard,

I found this group, who works with Festival Organizers to ensure the festivals are accessible to everyone. The website is below. Definitely a great opportunity for the festival organizers to reach out to this group and have them work together to make this an accessible venue. It will be a win win for everyone. The video on the website homepage describes this groups mission. It is pretty powerful.

http://www.accessiblefestivals.com/

Thanks,

Jeff

Thank you Leonard and Jeff,

I'm adding Cari to the chain who is our lead for Access items. Cari works for a company called Fahntoosh who coordinates the bulk of our access items at all of our events.

We are compiling all of our info now and would like to jump on a conference call next week to run through everything we have teed up as well as work through any concerns you may have with the information provided.

I can assure you that Access for patrons with disabilities is a very important part of the experience we provide to our patrons at all of our events. We will work hard to insure Landmark is no exception.

Let us know a time that works for you towards the end of next week and we can all jump on a call.

Thanks

Tim

Leonard,

I found this group, who works with Festival Organizers to ensure the festivals are accessible to everyone. The website is below. Definitely a great opportunity for the festival organizers to reach out to this group and have them work together to make this an accessible venue. It will be a win win for everyone. The video on the website homepage describes this groups mission. It is pretty powerful.

http://www.accessiblefestivals.com/

Thanks,

Jeff

Good afternoon all.

As a followup to our meeting this afternoon, and our discussion centered around the ADA accessibility issue, I am attaching a copy of an article that speaks directly to my concerns about the current site plan and ADA accommodations.

Some of the pages did not print consistently, but the message is clear. The title speaks for itself. I would encourage you to go to the site and read the article in its original format.

That being said, I would recommend that we revisit the site plan to see how we can develop an accessibility plan to maximize the experience for those persons with disabilities.

My colleague, Mr. Jeff Gowen, is our park's ADA Specialist. Jeff has consulted with me and provided feedback to the site plan. Jeff can be reached at (202) 245-4713, for assistance with making the current site plan more accessible.

Let us strive to have the September 28, 2015, Washington Post Headline be, "You are welcome here. The Trust for the National Mall raised the bar for fans with disabilities."

Be well.

Thank you Leonard and Jeff,

I'm adding Cari to the chain who is our lead for Access items. Cari works for a company called Fahntoosh who coordinates the bulk of our access items at all of our events.

We are compiling all of our info now and would like to jump on a conference call next week to run through everything we have teed up as well as work through any concerns you may have with the information provided.

I can assure you that Access for patrons with disabilities is a very important part of the experience we provide to our patrons at all of our events. We will work hard to insure Landmark is no exception.

Let us know a time that works for you towards the end of next week and we can all jump on a call.

Thanks

Tim

Tiffany,

Please see attached invoice for the Landmark Festival. Please forward to the proper person for payment. Payment is due by September 11, because of the federal fiscal year closeout.

Any questions let me know.

Thanks,

Jim

Hi Robbin,
Can you confirm if Landmark is Permit# 15-174 or 15-1744?
I've received documents with both,
Thanks!

Subject: Cost Recovery Update - PP1517
Attachments: SF1199A Direct Deposit Sign up Form AOC.pdf

Permits, 
According to the WBS Log we did not have any cost recoveries that ended in PP15-17.

To date, we have not received cost recovery deposits for the following:

- 15-250 One Million Mom March
- 15-168 DOD NAVY Half Marathon
- 15-174 Trust for Landmark Music Festival

We are also still waiting on the following documents to complete refunds in FY15:

Permit: #14-153 DOD NAVY Half Marathon  
WBS: XXNAMAP446  
Permit Specialist: Owen, R  
Action to be taken: Refund of $4,095.53  
First Request sent: 4/28/2015  
Needed: SF1199 from Permittee

Permit: #14-167 American Diabetes Association  
WBS: XXNAMAP447  
Permit Specialist: Owen, R  
Action to be taken: Refund of $3,680.83  
First Request sent: 5/4/2015  
Needed: SF1199 from Permittee

Permit: #14-226 American Cancer Society  
WBS: XXNAMAP513  
Permit Specialist: Lee, L  
Action to be taken: Refund of $1,128.45  
First Request sent: 5/13/2015  
Needed: SF1199 from Permittee, WBS Request Letter and any supporting documents

Permit: #15-113 Walk to Cure Diabetes  
WBS: XXNAMAP527  
Permit Specialist: Owen, R  
Action to be taken: Refund of $861.25  
First Request sent: 7/14/2015  
Needed: SF1199 from Permittee

This 1199 form is required by AOC to initiate a refund. A refund will not be completed with out this form. Thanks for your help in reaching out to these Permittees. Unfortunately, if we do not receive these soon, we will have excess work in the budget office, as we need to accrue costs. This will also result in a delay of the refund to the Permittee.

I have attached a copy of the 1199 form.

Thanks again.

All -

Please respond to Lucy with updates in a timely manner given that we are nearing the end of the fiscal year and approaching AOC's deadline for refunds. It may be helpful to remind permittees that if they don't send you the required information soon, we won't be able to process their refund until at least late October.

Hello Leonard,

I sent an email to Robbin, who has reached out to Sean, if I should send the cost recovery deposit request letter to the Trust, for the Landmark Music Festival. I am waiting to get the go ahead from Sean and Robbin.

I will send a copy once I have approval to release.

Thank you for chatting with us on Friday. I wanted to reach out to see if you could shoot us the contact info/general info for:

- hydrant tie in procedure
- NPS PIO -- for our PR team
- Building permit guidelines -- Raul Castillo contact info if applicable though I know it will go through you.

Also I will be shooting over a handful of documents at end of day ahead of our Wed meeting for you to review. Let us know if there are any additional items you would like us to send prior to the meeting and we’ll do our best to get them sent over.

Thanks

Tim

Tuba

Be mindful that the use of any fire hydrants in and around the concert venue will have to be reviewed and approved by the Superintendent's Office. As you continue to develop the site plan, please call out the hydrants that you would propose to use. I can then present your request to management.

The Point of Contact for NPS coordination of media will be Mr. Mike Litterst, (202) 245-4676, mike_litterst@nps.gov.

The site plan, to include the floor plan for tents/structures over 900 square feet, should be presented to me and I will forward to Mr. Castillo. I did however, provide Mr. Castillo's contact info to John earlier this morning if you need to speak to him with questions.

Standing by.

Thank you Leonard. I will identify the hydrants we would ideally use and we can get the process started. We can also use other potable sources if available as well.

Attached you will find our updated CAD. If you choose to print it know that the first page is sized for an ARCH E (36x48 print) and pages 2-3 are set up as 11x17.

Also you will find our current state of the build schedule. This is getting closer but after this visit we should be able to dial in the details to a much finer degree.

We are getting the initial documents for the build permits put together now. We will get the tent company moving forward on their permits as well. I can shoot you what we have in the next couple days or can wait until we are completely dialed on platform sizes and the like and shoot it to you all at once. Whichever you would like. We will run everything to you first and then on to Mr Catillo at your direction.

I’m going to shoot the first drafts of our Security/Safety Plan to you, Capt Booker, and Lt Murphy next. Pete Beattie who is our Security Director, and Mike Dilenno who is our Medical Services Manager will also be in attendance at the 1p Safety meeting. They can stay for the overall NPS meeting if you would like as well.

Lastly I’ve traded some emails with Michael Stachowitz as well as playing some phone tag. Currently it looks like we are slated to meet at 8a on Thursday with him to run through turf and grounds related items. I’m happy to send you items for the turf plan as well if you would like.

Thanks

LMF Email Sig Lincoln at Night
Good morning Eliza.

The Landmark Music Festival, September 26-27, 2015, and the 20th Anniversary of the Million Man March, October 10, 2015, will involve limited to no vehicular access to the event sites and large crowds going to and from the event sites.

The organizers of these events are formulating transportation plans to accommodate the movement of persons planning to attend each of their respective events.

I was wondering if I could offer the services of the Circulator as a transportation component. The requested services could range from small vehicles providing shuttle services to the use of a full scale bus, providing transportation to and from Union Station for example.

Please let me know your thoughts.

Thank you.

Leonard,

Thanks for your email. I have ccd Circe from DDOT and Sarah from WMATA for their response.

God morning Leonard.
Yes, we would love to serve the event! We cannot do direct shuttle from Union Station to the event, but if there is a way to establish a detour within the existing Mall Route service (that begins at Union Station) that would serve the event that would be best. We are trying to get an understanding of the road closures, but at this time we were hoping to serve the event by the bus turning right on Independence and continuing on to the Lincoln Memorial stop (skipping three stops in and around the event: #6,7,8 http://nationalmall.ddcriculator.com/#route-anchor) The cost of the fare would still be $1 per passenger. We could add additional buses to the route to help with the crowds.

Let us know your thoughts.

Subject: Re: Circulator Capabilities

Good afternoon Circe.

Thank you for your attention to this request for information.

I am meeting with the organizers today and will get back to you to discuss findings. As plans are finalized related to road closures, I will make sure that you and Eliza are in the loop.

Please stand by.

On Wed, Aug 19, 2015 at 9:07 AM, Torruellas, Circe (DDOT) <Circe.Torruellas@dc.gov> wrote:

God morning Leonard,

Yes, we would love to serve the event! We cannot do direct shuttle from Union Station to the event, but if there is a way to establish a detour within the existing Mall Route service (that begins at Union Station) that would serve the event that would be best. We are trying to get an understanding of the road closures, but at this time we were hoping to serve the event by the bus turning right on Independence and continuing on to the Lincoln Memorial stop (skipping three stops in and around the event: #6,7,8 http://nationalmall.dccirculator.com/#route-anchor) The cost of the fare would still be $1 per passenger. We could add additional buses to the route to help with the crowds.

Let us know your thoughts,

Circe

Leonard,

Thanks for your email. I have ccd Circe from DDOT and Sarah from WMATA for their response.

Best, Eliza

Eliza Voigt, AICP
On Wed, Aug 19, 2015 at 7:34 AM, Lee, Leonard <leonard_lee@nps.gov> wrote:

Good morning Eliza.

The Landmark Music Festival, September 26-27, 2015, and the 20th Anniversary of the Million Man March, October 10, 2015, will involve limited to no vehicular access to the event sites and large crowds going to and from the event sites.

The organizers of these events are formulating transportation plans to accommodate the movement of persons planning to attend each of their respective events.

I was wondering if I could offer the services of the Circulator as a transportation component. The requested services could range from small vehicles providing shuttle services to the use of a full scale bus, providing transportation to and from Union Station for example.

Please let me know your thoughts.

Thank you.

Robbin, Joe,

In the interests of time, I've created a simple summary page that we can present to the trust based on our discussion yesterday. My notes show that we are recovering OT for permits staff, and will present OT costs for facilities staff and see if the Trust is willing to cover those costs as well. If I missed something you heard differently please give me a call.

Joe,

If the facilities numbers look right to you let me know. If not, please have Maurice edit. I've linked the summary to the worksheets, so all he needs to do is update the numbers on the worksheets. FYI, I did not link in the supplies since we have no way to bill for supplies we already have in our inventory. Based on yesterday's discussion, it seems like this is something we should absorb.

Robbin, I will get with your folks in the future to develop a better model for them to use that will hopefully make their life easier.

Robbin, Leonard -

I don’t believe we can talk about Concessions at this meeting until it is decided how GSI will sell the food, beverages & merchandise at this concert. We all know the Solicitors said GSI has to do that because they are the only ones with a concession contract. And to my knowledge there is no agreement for how to do that yet. Certainly that "agreement" C3 sent to Karen is not acceptable nor was it ever agreed to by GSI. Additionally, I don’t see that Rick Wayland or Doug Verner were even invited to this meeting tomorrow.

Dick,

Rick and Doug's omission from the meeting notice was merely an oversight. Please feel free to invite them and/or a representative, to the meeting today at 1:30 p.m.

Our discussion about concessions and GSI will be limited to what we know at that time.

Hi Terri,

I have not received an agenda at this time. I will continue to go through my emails to see if Tiffany has sent me one. If so, I will gladly send you a copy.

Please stand by.

Dick,

Rick is planning on attending in person. Would it be possible for me to attend by phone? I recall C3 attended the last meeting we had by phone.

Please let me know, and if that is OK, how do I call in? Thank you.

Doug

Michael,

Good to speak with you this morning. I apologize on the delay as I was missing a key piece of info. Attached you’ll find our initial site map as well as the current state of the Build Schedule. I’ve also included a handful of pictures and links for methods and such that we would like to utilize to protect the turf and the grounds.

Ground Protection – We will need to build out a pad as a laydown yard for the Main Stage build which will be approx. 165’ x 120’. This pad should be done no longer than 4 days. I’ve attached a picture from this year at Lollapalooza which shows the condition of the grass as we’re taking up the pad. It was very dry this year and the grass under the pad actually fared better than the areas that were not. We also use a quicker deploy system called LD roll which is provided via EPS. These are 11x65’ rolls of heavy duty aluminum that can be rolled out and back fairly quickly for getting the hydraulic stages into their place on the North West end.

http://www.eps.net/en-us/event/products/ground-protection/ld-panels/
http://www.duradeckmats.com/oilfield-mat-overview.php

We also plan to use terraplans or similar products for any flooring that will need to go into tents. Leonard made it sound like that was one of the preferred products to be used at the last meeting but if there is something else you would like us to utilize just let us know and we’ll hunt it down.

Equipment – I’ve also attached pictures of some of the forklifts we will be using. We have worked with Sunbelt rentals to put different tires on the machines that will need to operate on the grass. As you can see they are larger than the normal rough terrain tires that come with the machines
and have minimal impact on the ground they’re operating on.

Lastly I want to introduce you to Jake Perry who is our Operations manager for the event. Jake and myself will be your main points of contact for anything turf related, or related to the event at all. He is cc’d here and his cell number is 310 612 9624.

I’d love to jump on the phone sometime on Monday to run through everything and get your thoughts. Let me know what may work for you and we’ll give you a call.

Thanks

Tim

Good morning Carol and Raul.

I am forwarding the current site plan and production schedule related to the Landmark Music Festival, scheduled for September 26-27, 2015.

I would like to speak to the two of you regarding the process for reviewing site plans and other related event materials and scheduling and conducting inspections.

I realize that we are still working out standard operating procedures for Occupational and Fire Life Safety reviews and inspections. However, events seem to be ever present, not allowing much planning time for our respective Divisions.

I would appreciate your assistance with this and other large scale events that I am responsible for in the coming months.

Please let me know if you would like to meet and/or consult with me on an individual basis.

Thank you

Good Morning Leonard,

I would like to consult with you individually about this event for now. Occupational Safety & Health (OSH) looks at temporary set-ups and operations from a different perspective than Fire Structure Safety. We do need to work out standard procedures for including regional resources to accomplish event walk-through assessments because for us, it is a constant endeavor.

I would like to invite Tony Moreland, the new Regional OSH Manager to get his input on the event layout.

I am free tomorrow (Thurs) after 1pm, Friday, next Tuesday before 11am & after 3 pm, & next Wednesday.

Please let me know what time will work for you and I’ll see if Tony is available.

Sincerely,

Carol D. Pannell, MS

Hello Leonard,

Do you have the Fire Marshall contact who will be overseeing the build permit approval for Landmark?

We have some questions regarding the build permit for the stages and platforms. Tuba was informed a while back that this would go through the fire department. Are these structures covered by the event permit, and if not do we need to permit these separately, and if so do you know who our direct POC would be?

FYI we are having tent vendors permit their own tents, and food is all being handled via health permits that Kevin Noonan is working on.

Thanks,
JL

Is there a way for me to use this account to do pre event work? This would be for pre seeding of the venue. That went into the budget spreadsheet we did last week for the Trust. It would be in the $10k range.

Subject: Re: LANDMARK: Traffic / Road Closure Plan

Hello Lt. Murphy and Captain Booker,

I am circling back about the meeting we discussed last week. Per the traffic below I was under the impression that we were confirmed, but to circle back we were hoping to convene at 1pm on August 19th, after the regularly scheduled Landmark meeting for a deeper dive to discuss security. We have our Director of security flying in with his key people and we wanted to make sure we got everyone in the same room. If Wednesday cannot work we could potential make something work Thursday as well. Please advise for you availability.

Thanks
JL

John;

I will leave it up to Lt. Murphy to meet and greet you on Wednesday at the NPS meeting. I have several meetings that day that were scheduled before your Landmark meeting. I am sure and confident that Lt. Murphy will work through any issue or concerns that you may have regarding road or sidewalk closures.

Subject: C3 false Agreement
To: Robbin Owen <robbin_owen@nps.gov>

Robbin - FYI
Karen, Sean & Teri have been advised that GSI has not signed the "agreement" that C3 sent to Karen nor do they even have a simple agreement in principle with C3.
Teri says she's sent a text to Karen suggesting a meeting with all of us this afternoon to discuss the implications of C3s actions and misrepresentation of the facts.
Also, you should know that Teri suggests C3's unethical behavior and false statements, the failure to follow NPS & SOL directions and the disparaging of our Concessioner are reasons enough to deny the permit.

Leonard -

I hope you are doing well! Tuba has asked me to help guide us through the logistics of the lane closures and traffic adjustments for the upcoming Landmark Music Festival.

In anticipation of next week’s meeting I wanted to share with you what our current requests are. I reviewed these with Lt. Murphy and Captain Booker yesterday to get their feedback and have made a couple adjustments to make this reflect what they feel is realistic.

Attached is our rolling lane and sidewalk closures plan and a drawing to help everyone visualize. I’m available tomorrow to discuss if you have any feedback you’d like to share prior to next week’s meeting.

All the best,

Jennifer

Dear Leonard,

Thank you for taking the time to speak with me this morning. I received the below email from Kevin at C3 asking for the new propane guidelines. Would you happen to have a copy of them or should we reach out to someone else? Thank you for your assistance.

Sincerely,

Tiffany Rose

Hi Tiffany & Kristine,

I remember in the NPS meeting we had a few weeks ago that there were going to be new propane guidelines that we would need to follow. In order to pass this on to the food
vendors with enough time to prepare and plan, could you provide me with these new
guidelines? If you do not have them, could you let me know when they would be available
and how I would obtain them?

Thank you,

Kevin Noonan
VENDOR OPERATIONS MANAGER

To: Tiffany Rose <TRose@nationalmall.org>
Subject: Re: FW: Landmark Propane Guidelines

Hello Tiffany.

There are general guidelines in the "Requirements for Special Events Held on Parkland" pamphlet and the Temporary Food Establishment Permit guidelines that were provided earlier.

When it comes to propane, we will rely on the NFPA guidelines regarding the use of propane, emergency exits, types of fire extinguishers etc.

During our review of the food operation(s), and other associated structures, to include power sources, we can focus on specific questions regarding fire prevention and public safety.

Hope this helps.

Hi Tiffany & Kristine,

I remember in the NPS meeting we had a few weeks ago that there were going to be new propane guidelines that we would need to follow. In order to pass this on to the food vendors with enough time to prepare and plan, could you provide me with these new guidelines? If you do not have them, could you let me know when they would be available and how I would obtain them?

Thank you,

Kevin Noonan

Hello Tiffany.

There are general guidelines in the "Requirements for Special Events Held on Parkland" pamphlet and the Temporary Food Establishment Permit guidelines that were provided earlier.

When it comes to propane, we will rely on the NFPA guidelines regarding the use of propane, emergency exits, types of fire extinguishers etc.

During our review of the food operation(s), and other associated structures, to include power sources, we can focus on specific questions regarding fire prevention and public safety.

Hope this helps.

---

Hey again,

Sorry, one more question and then I'll be done.

I have vendors questioning which “Class” they fall under regarding the attached health permit.

I am under the assumption that “Class 1” only refers to back-of-house catering, however, since this is a fenced off event, I just wanted to confirm. I believe that the majority of vendors will fall under the Class 3, 4 or 5 category booth. 3, 4 or 5 depends on if they are bringing the food
prepared and just assembling onsite (3), or bringing food to cook and make onsite then serve (4), or doing both (5). Does that make sense?

Maybe something to mention to Leonard the next time you meet with him?

Good morning Tiffany.

Kevin has a good understanding of the various classes as he describes in his email.

For further clarification, Class 1 food operation would apply to the Landmark Music Festival site in West Potomac Park, since this is a well defined area, closed to the general public and only ticketed participants will have access to the food. As Kevin recognizes, the other Classes may also apply depending on where the food is being prepared and/or cooked.

Please note that a decision has to be made regarding any food service on the Washington Monument grounds, in the general public viewing area. Class 1 will not apply here, since anyone from the general public may have access to the food.

Hope this helps.

Be well.

Dear Leonard,
Thank you for your prompt response. I am sure Kevin is relieved to know that he on the right track as it pertains to the various food vendor classes. Also, it was helpful to hear during our meeting that Events DC’s snow cone activation will also have to adhere to Health Department regulations and that the ice vendor will fall under the Class 1 designation.

Have a nice day and thanks again.

Sincerely,

Tiffany Rose

Hi there - I wanted to let you know that I have had to make adjustments to the American Diabetes Association's Tour de Cure routes that I originally presented. I have recently found out that the Landmark Concert taking place in West Potomac Park is going to have road closures on September 26th beginning with the sweep in the early morning hours - which coincides with my ride times. I have also been told that there is a 99% chance that Memorial Bridge will not be usable this Fall for any rides/foot races.... Therefore, I have been working with USPP to determine an adjusted viable route to get to the Whitehurst Freeway and back so we have enough mileage. Now the new route does not affect the city streets I was originally closing. I just wanted you to be aware of the adjusted routes so you have the correct information. Lt. Glover has reviewed the new route and doesn't have any issues with the updates. I also had to make a few adjustments on the last part of the returns for the 33 and 50 mile routes but these return routes do not close any streets - cyclists ride Rules of the Road for the 33 and 50 mile from MacArthur Boulevard on.

Here are the specific changes for the road closures:

Originally, cyclists were going to continue from Haines Point to Erickson Circle and cross Independence to 23rd to Memorial Bridge. Proceed around Memorial Circle and return to Parkway Drive to the Potomac River Freeway to Whitehurst Freeway.

Now, cyclists will go from Haines Point to Inlet Bridge and bear right to go towards the Jefferson Memorial back to Swan Boat/Ohio Drive to Raoul Wallenberg Place to 15th Street to Constitution Avenue. They will then turn left onto Constitution Avenue to 23rd Street and turn left onto 23rd and proceed onto Parkway Drive to the Potomac River Freeway to Whitehurst Freeway....(This is because Ohio Drive from Inlet to Erickson Circle will be closed)

For the return portion, originally cyclists were going to take the Lincoln Memorial Circle to Independence to 15th to Jefferson to 14th to Constitution and return via 10th Street to PA Avenue. Now, the cyclists will take the Lincoln Memorial Circle to 23rd to Constitution and then return via 10th Street to PA Avenue.

I'm happy to discuss if needed....just let me know. Hope you have a great weekend!

Julie
Hi Leonard! How are you?

Hi Jaime.

I was wondering if you could tell me if there was a Landmark meeting coming up anytime soon

Hi.
I am fine and I hope that you are as well.

We are trying to get a conference call meeting this week in addition to the SWAT team meeting scheduled for Thursday, August 13. I am waiting for Tiffany to contact me to confirm.

Thanks! I was just trying to schedule a pope update meeting for the team we put together and for some reason I had August 19th is my head...but I clearly made that up.

We do have a meeting scheduled for August 19th. However, since we have not engaged in any meaningful way with C3, I asked Tiffany to get us back together sooner prior to the 19th.

Hi again!

Hi Jaime

Can I ask you about one more meeting...were you invited to USPP supervisors meeting in early September for the papal visit
I was wondering the date because I swear stuff is disappearing from my calendar

Hi Jaime. No, I was not invited. Perhaps Robbin was invited.

I found it and will forward on to you in case you are interested

I really am going nuts

Hello! When you get a moment, do you mind sending the meeting request for the Landmark Music Festival Logistics meetings (Aug. 19th and Sept. 2nd) again to everyone to ensure they have it? For some reason Kristine Fitton and I don’t have it on our calendars.

Also, can you send a meeting request to C3, Trust staff, Park Police and Leonard for a Logistics meeting being held this week via a conference call? I will send you the date and time once C3 gets back to me. Thank you for your consideration.

Best,

Tiffany T. Rose

Director of Special Events

LMF Email Sig Lincoln at Night
Dear Steven,

This is good stuff! Thank you for forwarding me the article. I too greatly appreciate you and Leonard taking the time to meet with me this morning regarding the Landmark Music Festival. Please don’t forget to hold the following dates and times for a Landmark Music Festival conference call later this week. I was hoping to hear back from our partners at C3 with the date and time that works best for them, but I am still waiting. I should know something by tomorrow afternoon. Have a nice evening and thanks again!

- Weds., August 12th at 8am EST (probably not an option for C3) or 10am EST
- Thurs., August 13th at 3:30pm EST or 4pm EST

Sincerely,

Tiffany Rose

Hello Tiffany.

There are general guidelines in the "Requirements for Special Events Held on Parkland" pamphlet and the Temporary Food Establishment Permit guidelines that were provided earlier.

When it comes to propane, we will rely on the NFPA guidelines regarding the use of propane, emergency exits, types of fire extinguishers etc.

During our review of the food operation(s), and other associated structures, to include power sources, we can focus on specific questions regarding fire prevention and public safety.

Hope this helps.

Dear Leonard,

Thank you for taking the time to speak with me this morning. I received the below email from Kevin at C3 asking for the new propane guidelines.
Would you happen to have a copy of them or should we reach out to someone else? Thank you for your assistance.

Sincerely,

Tiffany Rose

Hi Tiffany & Kristine,

I remember in the NPS meeting we had a few weeks ago that there were going to be new propane guidelines that we would need to follow. In order to pass this on to the food vendors with enough time to prepare and plan, could you provide me with these new guidelines? If you do not have them, could you let me know when they would be available and how I would obtain them?

Thank you,

Kevin Noonan

To finalize the permit, I will need the following:

1. Provide additional information on the "catering operation." Will the food truck provide free food to the participants only, or will the general public have access to the food as well? Where will the truck be parked? If you are envisioning that it will be parked on the field, please indicate what type of ground cover that you will use to access the turf area and park the truck on. Be mindful that you will not be able to park on the ball field in-fields.

2. I will need to have a scaled drawing of the actual banner and (other custom vinyl banners attached to tents) that will list your commercial sponsors and be displayed at the event.

3. I will need a daily time line for each date of the tournament. The timeline must include the setup time, tournament times, tear down and cleanup times. If you are planning to leave any equipment on site overnight, you will have to provide me with the name and contacting information of the company/individual providing overnight site security. You may also contract with the United States Park Police (202) 610-7092 for this service as well.

4. I will need a revised site plan. Please make it larger so that I might be able to see how the croquet playing areas along with the tents will be set up in relation to the Cricket Pitch that is also in this area. The Cricket Pitch must be protected along with the ball field in-fields.

5. Be mindful that your alternate location of West Potomac Park, is the planned location for the Landmark Music Festival. I have not received their production schedule as of yet. Be advised that their event is September 26 & 27th. Tear down and/or damages associated with this festival may be a concern. I will keep you updated as I receive information from this group.

Subject: Re: USCA Permit

1. The two (2) banners are approved as presented.

2. The site plan is approved as presented.

Additionally, you indicated that you will cater the event using a local food truck. I will need additional information regarding this operation. Who will have access to this food? Is access free and/or subject to a fee? While on site, where will the food truck be parked?

I will need a detailed timeline for each day. The timeline should include setup times, event times, tear down and cleanup times. If you plan to leave any logistical equipment/structures on site, you will have to provide overnight site security. If not, indicate in your response.

As mentioned, the Landmark Music Festival is scheduled to take place on this site, September 26-27, 2015. I have yet to receive a production schedule for this event. The possibility still exists that associated damages to this site, may result in the site having to be closed for restoration and rehab. I will continue to keep you up to date regarding this issue.

Leonard,

Attached is the schedule for the tournament. We will set up and tear down each day so there will be no need for security.

As for the food service, we will not use a food truck. Instead we will order out and have food delivered to the food tent. Food will not be available for the public.

I believe this covers all your requests.

I am concerned about point 5. What do you mean by "alternate location"? We have been planning on the softball fields at the South end of West Potomac Park by the FDR Memorial. Where is the music festival? What do you mean by "concern"? Back in June when we spoke about getting the permit, you told me to go ahead with planning for the event in October in West Potomac Park. All the advertising, press releases etc. have gone out. People have paid entry fees and booked air and rooms.

I called to speak to you about this issue on the 6th. Please get back to me as soon as possible.

Subject: Re: USCA Permit  
Attachments: National Mall-Playing Field Options.pdf

Michael,

I have attached a map of the National Mall. I have noted on the map, ball field areas #11 & #12. These areas appear to be available, October 1-4, 2015.

I have also identified an area titled the JFK hockey Field. Although this area runs from the Korean War Memorial to the World War II Memorial, much of it is closed for repairs. The open area near the Korean War Memorial, that would be available, October 1-4, is the size of a regulations soccer field.

You may chose some and/or all of these areas as second options for the tournament in the event that the West Potomac Park fields are closed for rehab after the concert.

Be mindful that if the area does not sustain major damages and will not be closed, there still may be some impacts that would alter the appearance and playability of the site. It may be kept open to be used "as is" until our Division of Maintenance decides to close it for repairs.

Please advise.

Leonard,

Attached is the schedule for the tournament. We will set up and tear down each day so there will be no need for security.

As for the food service, we will not use a food truck. Instead we will order out and have food delivered to the food tent. Food will not be available for the public.

I believe this covers all your requests.

I am concerned about point 5. What do you mean by "alternate location"? We have been planning on the softball fields at the South end of West Potomac Park by the FDR Memorial. Where is the music festival? What do you mean by "concern"? Back in June when we spoke about getting the permit, you told me to go ahead with planning for the event in October in West Potomac Park. All the advertising, press releases etc. have gone out. People have paid entry fees and booked air and rooms.

I called to speak to you about this issue on the 6th. Please get back to me as soon as possible.

Michael,

The only map that I have of this area is the one that I shared with you at our meeting. It is the same map that you used to submit the first proposed site plan.

You can use Google Earth to view the area and discover the location of the Cricket Pitch. You may also be able to copy the Google Earth map and redevelop your site plan.

Standing by.

In a message dated 8/4/2015 6:46:23 A.M. US Mountain Standard Time, leonard_lee@nps.gov writes:

Michael,

To finalize the permit, I will need the following:
1. Provide additional information on the “catering operation.” Will the food truck provide free food to the participants only, or will the general public have access to the food as well? Where will the truck be parked? If you are envisioning that it will be parked on the field, please indicate what type of ground cover that you will use to access the turf area and park the truck on. Be mindful that you will not be able to park on the ball field in-fields.

2. I will need to have a scaled drawing of the actual banner and (other custom vinyl banners attached to tents) that will list your commercial sponsors and be displayed at the event.

3. I will need a daily time line for each date of the tournament. The timeline must include the setup time, tournament times, tear down and cleanup times. If you are planning to leave any equipment on site overnight, you will have to provide me with the name and contacting information of the company/individual providing overnight site security. You may also contract with the United States Park Police (202) 610-7092 for this service as well.

4. I will need a revised site plan. Please make it larger so that I might be able to see how the croquet playing areas along with the tents will be set up in relation to the Cricket Pitch that is also in this area. The Cricket Pitch must be protected along with the ball field in-fields.

5. Be mindful that your alternate location of West Potomac Park, is the planned location for the Landmark Music Festival. I have not received their production schedule as of yet. Be advised that their event is September 26 & 27th. Tear down and/or damages associated with this festival may be a concern. I will keep you updated as I receive information from this group.

Landmark SWAT Meeting Recap between Leonard and the Trust

AGENDA

I. Activations
   a. State Farm
   b. Events DC
   c. Off the Leaf Coffee
   d. VW (Wrapped Touareg)

II. GSI Agreement Update

III. Festival Site Enhancements

IV. VW Vehicles

V. Alcohol Waiver Status

VI. Kid Zone (NPS Jr. Ranger Program)
   e. Decorating/Usage of trees

VII. Elizabeth Arden Activation

VIII. Turf Protection Discussion

IX. Events that may affect Load-in Schedule

X. Upcoming Permits Meeting (Aug – Sept)
Hi Leonard –

So sorry I missed the meeting last week! An unavoidable conflict with the beach. J

I wanted to circle back on two items from below/your conversations with Greg. First, we would definitely like to pick up anything that’s available in the NW Quad for overflow – please let me know if there’s anything you need on our end to keep that moving.

Second, for our second permit (originally for 3rd to 7th), I think we can make one panel work. Here’s what we can tell you about the event currently:

Interfaith Service
Sunday, October 4
60-90 minute service somewhere between 8 am and 12 pm; reflections and music from representatives of different faiths
Basic set up: Small main stage (16x12x3) positioned on the eastern side, possible small choir riser, possibly one imag screen
Expected attendance: 500-1000 – we’d like keep this low key; no seating/pull
Right now we are exploring a partnership with the DC mayor’s office (interfaith council) in hosting this event – not sure if that will come together – but that’s where we’re headed.

We really want to keep this one simple – and be in and out on October 4. It sounds like wherever we are, there’s not going to be a lot of time to set up anyway.

Please let me know what other information we can provide. This one is coming together a little slower while everyone is focused on the afternoon event.

Thanks!

Peggy

Hi Leonard,

Thank you so much for looking into all of this so quickly for us. This information is very helpful and we will be in touch shortly after the team meets.

It was terrific to meet you yesterday, and I really appreciate your willingness to help this historic live-saving event become a reality.

Good morning Greg.

Be advised that I have surveyed requests for permits to use the Mall and the Washington Monument grounds, September 30 through October 7, 2015.

1. Be advised that dropping ground cover on the Washington Monument grounds, northeast quadrant, Wednesday, September 30th, may be an option, depending on any finale load out activities associated with the Landmark Music Festival. If they have vacated the site by this date, then you may include September 30th as a production date.

2. At this time, the only permit request that we have on file for the use of the north west quadrant of the Washington Monument grounds, is Davids Tent. David’s Tent is a 24-hour prayer vigil. The size and scope of the activity will allow portions of the Washington Monument grounds, NW quadrant to be used as an overflow area for your event on October 4th.
3. There appears to be a window open for the Interfaith Service on October 4th. Autism Speaks should be completed with their load out sometime on October 3rd. There are requests for permits for the use of the Mall, 3rd-4th Street and 4th-6th Street, October 3rd & 4th. It would appear that the panel 6th-7th Street may be available on October 4th. I will check with my colleagues who are working with those groups to confirm the availability of at least one of the panels on October 4th.

4. Regarding resource protection; currently, fencing of the German American Friendship Garden will not be required. If your talent/VIP level increases and the expected crowd size increases, then fencing the gardens may become a requirement.

5. The overall site plan will be reviewed with our Turf Manager and Superintendent as soon as I can coordinate a meeting with the both of them. I will also present your request to close 15th Street on October 4th. and use the 15th Street curb cut, that is currently used as a Circulator Bus drop/exchange location.

I hope to have more updated information when we meet next month, August 14th.

Be well.

"Lee, Leonard" <leonald_lee@nps.gov>
Good morning Peggy.

I hope that you had a wonderful time at the beach. I too am looking forward to a similar unavoidable conflict at the end of August☺

Thank you for the updated information.

I am attaching a copy of the Turf Management Guide for your information.

I look forward to seeing you at the next meeting.

Be well.

Subject: Status of request

Hello Charlie.

I hope that this email finds you well.

As you may have heard, there are current plans to conduct what is being called the Landmark Music Festival, in West Potomac Park, on September 26-27, 2015. The event is being planned by The Trust for the National Mall and we received their application prior to receiving your application.

You have an application on file, requesting a permit for the use of the polo field, September 19-27, 2015, which falls within the times for setup, event and tear down for the music festival.

I am writing to find out if you are still planning to conduct the polo matches. If so, we need to begin discussions on alternate dates. If you are cancelling your request for a permit, please do so in your response to this email.

Please advise.

Be well.
Proposed Food Court Vendor Timeline

Projected Food Vendor List Submitted To NPS: Thursday, July 16th (done)

Food Vendors Notified Of Acceptance: Friday, July 31st

Conservative Date For Completed Temporary Food Establishment Permits Submitted To NPS: Tuesday, August 4th (?)

Ideal Date For Completed Temporary Food Establishment Permits Submitted To NPS: Tuesday, August 18th (Gives vendors a little over 2 weeks to submit, where we usually give vendors more than a month to submit)

Food Vendors Announced Publicly: Thursday, August 20th

Making the National Mall the best park in the world.
Good morning Tiffany.

I have spoken to Adam and he is willing to approve your amended proposed timeline for submitting complete temporary food establishment applications.

Adam is willing to accept all completed applications now, through close of business, August 18, 2015.

Be mindful that depending on the number of applications received on August 18, 2015, Adam may not have the time to complete his review of all of the applications submitted. As a result, some of the food vendors that you would like to announce on August 20th, may not have been fully vetted and subsequently approved.

With that, please continue to work with C3 to receive and submit all complete temporary food establishment applications as soon as they are available.

Leonard,

Thank you for the update! We truly appreciate Adam’s willingness to push back the submissions date. We will make every effort to get the applications submitted early. We also recognize that all of the food vendors may not be fully vetted by the Aug. 20th announcement date. Should we have any additional questions, we will contact you.

Again, thank you for your assistance.

Sincerely,

Tiffany Rose
Good morning Tiffany.

I have spoken to Adam and he is willing to approve your amended proposed timeline for submitting complete temporary food establishment applications.

Adam is willing to accept all completed applications now, through close of business, August 18, 2015.

Be mindful that depending on the number of applications received on August 18, 2015, Adam may not have the time to complete his review of all of the applications submitted. As a result, some of the food vendors that you would like to announce on August 20th, may not have been fully vetted and subsequently approved.

With that, please continue to work with C3 to receive and submit all complete temporary food establishment applications as soon as they are available.

Standing by

---

Hello Adam.

I am forwarding what I have to date regarding the food vending for the Landmark Music Festival.

I am still awaiting the actual applications and the notification as to how we are going to proceed within the framework of the GSI contract.

Please stand by for additional info.

Be well.

Good afternoon! As promised, please find attached the Food Vendors List and Menu for the Landmark Music Festival. Should you have any questions, or concerns, please do not hesitate to contact me at (202) 688-3763. Thank you for your continued assistance.
Thanks Leonard.

Just after a quick look at the menu are they planning to prepare the food items onsite or transport them from their restaurants? There appear to be a number of fairly complex items that they may run into problems with doing in the field.

I can see that they will need a lot of refrigeration and should be planning on running
electric and using mechanical refrigeration.

For the Maki shop, I am not sure how they are handling the rice. One common method is to acidify it so that it is no longer a potentially hazardous food. This process requires a variance and we will not be issuing one with this short of a timeframe. They will need to use either time or temperature as their controls for the cooked rice.

If they will be using food trucks (such as for DC empanadas), we will need to see current inspection reports along with fire inspection reports if they have an ANSUL system.

If anyone will be preparing food in advance and then cooling it down, there must be a completed cooling log for the food item. The onus will be on the operator to show that the food was properly cooled and is safe for consumption. Without that completed log it will be assumed that the product did not cool in time and will be discarded.

Good morning Adam.

Thank you for your initial review.

Many of the questions will be answered when we receive the completed Temporary Food Establishment Permit Applications. The Trust for the National Mall has proposed a "Conservative Date" of Tuesday, August 4, 2015, to submit the applications. They have also proposed an "Ideal Date" of Friday, August 7, 2015 to submit the applications.

Be advised that the Trust is proposing to announce the names of the food vendors publicly on Thursday, August 20, 2015.

Please let me know if any of these dates are problematic.

Be well.

Subject: TNM Landmark Festival: merchandise
As we work concurrently on a concessions arrangement for the music festival that works for all parties, I want to share with you mock-ups of the merchandise the Trust wishes to sell onsite. All of these elements feature our unique festival branding and mention the cause. (“for the National Mall.”)

I’m happy to discuss these with you or your team. Please let me know if you need to know anything about the production process or pricing.

I’d like to get approval on the items as we simultaneously work on the concessions arrangement so we have enough lead time for merchandise production.

Thanks --Kristine
Dear Leonard,

Thank you for agreeing to speak with the Health Department regarding the proposed Food Vendor deadline dates below. Should you have any questions, or concerns, please do not hesitate to contact me. Otherwise, I look forward to hearing back from you once you’ve received a response from the DOH. Thank you for your assistance.

Proposed Food Court Vendor Timeline

Projected Food Vendor List Submitted To NPS: Thursday, July 16th

**Proposed Food Court Vendor Timeline**

**Projected Food Vendor List Submitted To NPS:** Thursday, July 16th

**Food Vendors Notified Of Acceptance:** Monday, July 20th

**Conservative Date For Completed Temporary Food Establishment Permits Submitted To NPS:** Tuesday, August 4th

**Ideal Date For Completed Temporary Food Establishment Permits**
So they are looking to get us the completed applications on 8/7 and looking to make the
announcement on 8/20. I can do this depending on the number of anticipated food vendors and the complexity of their operations, and assuming that the applications are complete, and either the event organizer or food facility can provide satisfactory responses to all follow up questions. If there are delays in responses or missing information then the timeline will not be met.

Please let them know that they can provide supplemental information describing their setup and processes, which can speed up the review process.

Good afternoon Tiffany.

I have consulted with our Public Health Consultant and have responses to the proposed food vendor timeline below. He is willing to amend the timelines providing the following:

1. His approval is predicated on the number of anticipated food vendors and the complexity of their operations. It is understood that a projected list of vendors will be made available July 16th.

2. The applications will have to be complete when submitted.

3. C3 or the food facility representative would have to provide satisfactory and timely responses to all follow up questions.

4. If there are any delays in responses or missing information then the timeline will not be met.

5. C3 can provide supplemental information describing their setup and processes asap.

6. The timeline should be amended to include a deadline for each food and beverage vendor to have the application to the Trust for review prior to submitting to NPS.

As long as we proceed with the above guidelines, we can expect the support of the Public Health Officer.

Standing by.

Subject: Landmark Request - Revised document attached
Attachments: Landmark Waiver Request (revised 7 10 15).pdf

Dear Leonard,

Good morning! Please find attached the revised Landmark Waiver Request. We made a few minor edits and as such, we’d like the attached version to be shared with Karen if at all possible. This item will be added to tomorrow’s SWAT Meeting agenda. Thank you for your consideration.

Sincerely,

Tiffany Rose
Dear Leonard,

Good afternoon! I hope this email finds you well. Please find attached a letter requesting the Trust for the National Mall be granted approval to serve specialty drinks in the VIP areas during the Landmark Festival, being held September 26-27, 2015. Should you have any questions, please do not hesitate to contact me, otherwise I look forward to seeing you tomorrow.

Thank you for your consideration.

Sincerely,

Tiffany T. Rose

Making the National Mall the best park in the world.
Also, can you please tell me if you are ok with us sharing the attached document with everyone during our meeting in an hour? It is the proposed timeline for Food Court Vendors. Our partners don’t want to put you on the spot by presenting it before you've seen it. Thanks! J

Proposed Food Court Vendor Timeline

Projected Food Vendor List Submitted To Trust: Thursday, July 9th

Projected Food Vendor List Submitted To NPS: Friday, July 10th

Food Vendors Notified Of Acceptance: Monday, July 13th (Note: Can be Friday, pending NPS’ approval)

Completed Temporary Food Establishment Permits Submitted To NPS:
Friday, July 24th

Food Vendors Announced Publicly: Thursday, August 20th

Best,

Tiffany

Tiffany

POLITICS
WASHINGTON — Pope Francis’ historic speech to Congress in September will be viewed by tens of thousands on the Capitol grounds and beyond in a landmark event to rival any presidential inauguration or State of the Union address.

House Speaker John Boehner, R-Ohio, said Wednesday the pontiff’s Sept. 24 address to a joint meeting of Congress will be broadcast live from the West Front, allowing the public in the shadow of the Capitol to watch along with those in the House chamber. Jumbotrons, typically used for Memorial Day and July 4th celebrations as well as for presidential inaugurations, will be set up on the West Front of the Capitol.

The speech will mark the first time the head of the world’s Roman Catholics addresses Congress, and the chamber is expected to be packed with lawmakers, members of the president’s Cabinet, Supreme Court justices and the diplomatic corps, similar to attendance for a State of the Union address by the president.

Demand for tickets to the visitors’ gallery in the House chamber is high, especially since lawmakers are limited to one guest ticket per office.

Boehner said that after the speech, the pontiff wants to make a brief appearance on the West Front.

“The visit of Pope Francis to the U.S. Capitol is a historic moment for the country,” Boehner said in a statement. He added: “We look forward to welcoming Pope Francis
and Americans from all walks of life to our Capitol” on Sept. 24.

The outspoken pope is expected to challenge Democrats and Republicans on abortion, immigration and climate change, the issue of his recent encyclical.

During the pontiff’s nine-day visit to the U.S. and Cuba, Pope Francis is scheduled to meet with President Barack Obama and celebrate Mass in New York, Philadelphia and Washington.

Boehner, who is Catholic, invited the pontiff to address Congress in March 2014, and the Vatican accepted the invitation in February.

Leonard:

When I received the invitation, I noticed that Steve LeBel had not been included, so I added him as an invitee. He has more experience dealing with GSI and special events than anyone else on the list.

Also, is the meeting room at the Region's offices, rather than NAMA's?

WASHINGTON — Pope Francis’ historic speech to Congress in September will be viewed by tens of thousands on the Capitol grounds and beyond in a landmark event to rival any presidential inauguration or State of the Union address.

House Speaker John Boehner, R-Ohio, said Wednesday the pontiff’s Sept. 24 address to a joint meeting of Congress will be broadcast live from the West Front, allowing the public in the shadow of the Capitol to watch along with those in the House chamber. Jumbotrons, typically used for Memorial Day and July 4th celebrations as well as for presidential inaugurations, will be set up on the West Front of the Capitol.
The speech will mark the first time the head of the world’s Roman Catholics addresses Congress, and the chamber is expected to be packed with lawmakers, members of the president’s Cabinet, Supreme Court justices and the diplomatic corps, similar to attendance for a State of the Union address by the president.

Demand for tickets to the visitors’ gallery in the House chamber is high, especially since lawmakers are limited to one guest ticket per office.

Boehner said that after the speech, the pontiff wants to make a brief appearance on the West Front.

“The visit of Pope Francis to the U.S. Capitol is a historic moment for the country,” Boehner said in a statement. He added: “We look forward to welcoming Pope Francis and Americans from all walks of life to our Capitol” on Sept. 24.

The outspoken pope is expected to challenge Democrats and Republicans on abortion, immigration and climate change, the issue of his recent encyclical.

During the pontiff’s nine-day visit to the U.S. and Cuba, Pope Francis is scheduled to meet with President Barack Obama and celebrate Mass in New York, Philadelphia and Washington.

Boehner, who is Catholic, invited the pontiff to address Congress in March 2014, and the Vatican accepted the invitation in February.
Good morning Melissa and Randy.

In an attempt to resolve the issues surrounding merchandise, food and beverage sales on our property, as part of the Landmark Music Festival, Guest Services Inc. and C3 presents are negotiating options that would facilitate the sales of these items.

Both parties would like to meet with you both next week to present options and solicit your responses.

The current availabilities that we have in our meeting schedule are as follows:

1. Tuesday, July 14th, 8:00 a.m.-9:00 a.m., 2:00 p.m.-3:00 p.m. or 2:30 p.m.-3:30 p.m.
2. Wednesday, July 15, 8:00 a.m.-9:00 a.m. or 3:00 p.m.-4:00 p.m.
3. Thursday, July 16, 8:00 a.m.-9:00 a.m., 2:00 p.m.-3:00 p.m. or 2:30 p.m.-3:30 p.m.

Please advise which of these days and times will allow you to attend a meeting to discuss any proposals. After receipt of your responses, I will schedule the meeting and invite representatives from The Trust for the National Mall, Guest Services, Inc. to include their Attorney, C3 Presents and NAMA leadership.

Thank you.

Leonard:
Randy and I are both available the afternoons of the 15th and 16th.

LMF Email Sig Lincoln at Night
Hello: Congrats on a great event amid the wacky weather on July 4th! I hope you’re getting a little bit of time to recover.

Regarding Landmark, I wanted to follow up on our conversation from Thursday about the interpretative food application.

Leonard gave me the general Standard Public Health requirements for Temporary Food Establishments, which defines interpretative food but it doesn’t say much else.

Is there a separate application to get interpretative food status? It also looks like there is a separate NPS SOP related to ethnic food.

As always, your help is much appreciated.

Thank you! --Kristine
Leonard and Robin:

I’m checking back to see if there are specific guidelines for applying for the interpretive food exemption.

Sorry to bug you at such a busy time but I want to make sure that we and C3 are prepared for our meetings with you tomorrow.

Thanks, again. —Kristine

LMF Email Sig Lincoln at Night
Dear Leonard,

Good morning! I hope this email finds you well. In preparation for the Landmark Logistics meeting, being held tomorrow, I have put together a suggested agenda. Please feel free to add or delete whatever items you deem necessary. We’re looking forward to having a productive meeting.

Have a great day and thank you for your assistance.

Sincerely,

Tiffany T. Rose
Director of Special Events
Trust for the National Mall

1300 Pennsylvania Avenue, NW, Suite 370
Washington, DC 20007
Making the National Mall the best park in the world.

LMF Email Sig Lincoln at Night
Hi All,

I’m out of town this week so I’m going to cancel this meeting. I know most of you will be meeting in the permit meeting anyway.

If you need anything from me feel free to shoot me an e-mail. I’ll send the revised deck as soon as I have it and an agenda for our next meeting on 7/16.

Best,
Kelly

When I returned from vacation, I noticed the attached vendor application in my in-box from June 24. Has anyone followed up with the Trust about the issues we discussed on June 15? If not, you may want to before the promoter commits itself to these vendors then learns it has no authority to do so.

Hello all,

I hope you’re having a nice week.

I would like to start by introducing myself to Mike & Lenard. I’m the Director of Corporate Partnerships at the Trust. I look forward to meeting you both in-person.

Per recent meetings with NPS we’ve asked to set up a weekly meeting with the key stakeholders from NPS and the Trust around Landmark. This will help streamline conversation and create a designated time every week to discuss specific needs and get approvals. We can alternate weeks between a call and an in-person meeting.

I would like to propose we meet **Thursdays between 10:00 AM and 4:00 PM.** Please let me know if you have any conflicts. My goal is to have our first meeting next week. I’ll set an agenda each week so we can be prepared and efficient.

Looking forward to getting this on the calendar and working together.

Thank you,
Kelly

Hi Wendy,

Thank you for clarifying. Let’s schedule an hour on Thursdays between 10 to 4 if we can make that work for everyone.

Have a great night.

Kelly

Good morning! I hope this email finds you in the best of health and spirits. Thank you once again for taking the lead on last week’s Landmark Music Festival Logistics meeting. Both the TNM and C3 staff members in attendance were encouraged by the feedback we received and we are working to fine tune our plans, based on everyone’s recommendations. As promised, please find below proposed Landmark Logistics meeting dates that work for both C3 and TNM. My hope is that they work for NPS and Park Police as well. Once you have a chance to review your calendar, please let me know how you’d like to proceed.

Proposed follow-up meeting dates:

- July 9 (Tim Smith, John Liipfert, Charlie Jones, Kristine Fitton, Tiffany Rose)
- August 19,21 (Tim Smith, John Liipfert, Dirk Stalnecker Charlie Jones, Kristine Fitton, Tiffany Rose)
- September 1,2,3,4 (Tim Smith, Dirk Stalnecker, Charlie Jones, Kristine Fitton, Tiffany Rose)

Have a great day and I look forward to speaking with you soon.

Sincerely,
"Lee, Leonard" <leonard_lee@nps.gov>

Subject: Meeting to discuss issues concerning sales of food & beverage and merchandise at Trust for the National Mall Concert

I propose a meeting as soon as possible to go over issues that have come to my attention only in the past few days concerning certain sales associated with the concert. Randy shared with me a copy of the Agreement between the Trust and C3 Presents, Inc., as well as a copy of the Trust's Special Events Permit. It appears that many issues remain unresolved.

I will be out of the office all day Friday, June 19, (but could be available by phone starting around 2), and then will be out of the country on leave from Wednesday, June 24 until Monday, July 6.

Please let me know if/when you would like to discuss the concert-related issues.

Hi Leonard,
Sean has asked to have a meeting set up with Randy and Melissa Lackey, the SOI concessions solicitor and our folks, Sean, you, Robin Nixon, Teri, Dick and Karen to discuss the vending issues. He would like the meeting this week.

Thanks
Robbin
Good morning! I hope this email finds you well. In preparation for tomorrow’s Landmark Music Festival logistics meeting, C3 and TNM pulled together the attached list of suggested agenda items. When you get a moment can you please review and let me know if additional topics will be discussed? Additionally, are you expecting us to bring any particular documents to the meeting? Lastly, are we able to hook up our laptop and project onto a screen inside the conference room?

Thank you for coordinating what promises to be an informative meeting. Should you have any questions, please do not hesitate to call me at (202) 688-3763.

Sincerely,

Tiffany T. Rose

Good morning Tiffany.

Thank you for the copy of the meeting agenda. I would prefer to devote all of our time to address each item listed. As a result, I do not see any reason to add additional items to the agenda at this time.

I look forward to seeing you tomorrow.

Be well.

When you get a moment can you please review and let me know if additional topics will be discussed? Additionally, are you expecting us to bring any particular documents to the meeting? Lastly, are we able to hook up our laptop and project onto a screen inside the conference room?

Thank you for coordinating what promises to be an informative meeting. Should you have any questions, please do not hesitate to call me at (202) 688-3763.
Leonard,

Thank you for your prompt response! If you are ok with those agenda items, we are too. We look forward to seeing you in the morning. I will call Sheila regarding A/V questions.

Sincerely,
Good morning Tiffany.

Thank you for the copy of the meeting agenda. I would prefer to devote all of our time to address each item listed. As a result, I do not see any reason to add additional items to the agenda at this time.

I look forward to seeing you tomorrow.

Be well.

Subject: Request for Dimensions

Good morning Jeff.

Currently, the Trust for the National Mall and C3 Presents have a request for a permit to conduct the Landmark Music Festival in West Potomac Park, between Ericsson Statue and Inlet Bridge. In response to their request, NAMA management has suggested that they assess the feasibility of conducting the Landmark Music Festival in East Potomac Park, Hains Point area.

The size of each area is a critical element of their assessment. Please provide the square footage of West Potomac Park, between Inlet Bridge and Ericsson Statue and East Potomac Park, Hains Point, between the southernmost edge of the golf course to the southernmost edge of Hains point.

Thank you.

Hi Kevin,

I am currently out in the field. The form that you identified is one that we use generally, however within the National Capital Area there is a different form due to the large number of events that occur. The form is available through the Permits office (http://www.nps.gov/nama/planyourvisit/permits.htm).

Hi Adam,

My name is Kevin Noonan and I am the Vendor Operations Manager at C3 Presents, a production company based in Austin, TX. I left you a voicemail a few minutes ago, but also wanted to reach out via email, if that happens to be easier for you.

We are the company producing the Landmark Music Festival taking place in West Potomac Park on September 26-27 this year.

I deal with the food vendors for our events and I was wondering if you could point me in the right direction. I found the attached Temporary Food Establishment Permit Application and am wondering if this permit would fall in the jurisdiction of West Potomac Park. If it doesn’t, could you please connect me with the appropriate contact and permit application for onsite food vendors at a temporary event in West Potomac Park?

Best,

Kevin Noonan

Good morning Mr. Oliva.

Be advised that I am in receipt of your application, requesting a permit to conduct a volleyball tournament on June 6-7, 2015.

You should expect to receive an invoice from Sgt. Eddie Burnett, United States Park Police. Once I have confirmation that you have satisfied the invoice payment, I will release the permit.

Please stand by.

That's great, Ranger Lee, we will pay directly. May we go ahead and use the same application for the tournament in the Fall (9/26 and 9/27) all of the other items are the same.

Ms. Owen, for the porta-potty this morning you said to submit the same permit as before - can you verify the cost of the permit. I failed to ask this morning (didn't think about it 'til now). It seems a bit steep to add-on to what we are trying to provide (they charge ~$90/month for that service).

Thanks,
R. Oliva

Mr. Oliva.

You may submit the same application for a permit, for the use of the courts in September. Be advised that a large concert activity, staged from West Potomac Park, may adversely impact participants getting to the volleyball courts on both of those days.

Keep your eyes on advertising for the "Landmark Music Festival" for additional information.

Subject: Landmark Music Festival Logistics Meeting Request - June 10th ?

Dear Leonard,

I hope this email finds you well. As promised, I reached out to C3 about scheduling our next Landmark Music Festival logistics meeting to include, NPS (you, Mike L., Robin N., Jaime B. and Sean?), C3 (Charlie J. and Dirk), Trust for the National Mall (Kristine F. and Tiffany Rose), Park Police and anyone else you deem necessary. The date that works best for the Trust and C3 is June 10th. Does that date work for you and your team? If so, please let me know you’d like me or Sheila to send out the meeting request. Thank you for your consideration and assistance.

Sincerely,

Tiffany T. Rose

Director of Special Events
Trust for the National Mall

Hello Tiffany.

Great news.

Sheila is in the process of scheduling the meeting and sending out a meeting notice.

Have a great Memorial Day Weekend.

Making the National Mall the best park in the world.

That is fantastic news! Thank you for making the 10th happen. Early next week we'll send over suggested agenda items if that is ok.

Have a great day!

Yes we have four picnic areas on Haines Point under the reservation system and they have been booked. I also have the Tour De Cure bike ride on Saturday Sept. 26 for East Potomac Park roadways that require the roads being closed.

Robbin

Good morning, Sean and Robbin:

When you have a sec, could you let me know with some specificity what part of East Potomac Park would be available to use for the music festival? (I'm assuming Hains Point, but please let me know if there is a more detailed way to reference this area).

And Robbin, you mentioned on the phone Monday that there are already some picnic permits in for the dates we're holding the festival – Sept 26th and 27th. Any more information on that will be helpful, too, as I pull together the pro/con analysis of the site.

Thanks in advance! --Kristine

I was putting together some material for the East Potomac Park analysis tonight and took a closer look at the Tour De Cure event on Saturday 9/25. It looks like the route for the cycling event also goes through West Potomac Park with a first aid/rest stop in the West Potomac Park on our planned festival site: http://ridewithgps.com/routes/6822724/

When you have a moment, can we get some clarity around the Tour De Cure in terms of what areas it has permitted?

Thanks --Kristine

Hello Robbin and Leonard.

Looks like a small portion of the bike race conflicts with the Landmark Music festival. Please look at ways/options to accommodate both events.

Thanks, Sean
