**Report:**

In support of ongoing demonstrations across the Washington Metropolitan Area, which displayed the acts of violence and property damage, the United States Park Police (USPP) level-**(b) (5)** Civil Disobedience Unit (CDU) was activated and placed in an operational ready state. The CDU platoon has the assets and capabilities of deploying short shields and batons. The personnel assigned to this unit are outfitted with increased personal protective equipment (PPE) to include; helmet w/shield, ballistic vest, impact padding/guards for the upper and lower extremities and a fire-retardant coverall garment. The USPP CDU platoon positioned assets on **(b) (5)** and were there to assist if the demonstrators escalated to unlawful behavior. The utilization of this equipment and tactics is prudent and effective when dealing with large crowds of non-compliant persons causing civil unrest.

On Sunday, May 31, 2020 at approximately 1606 hours, persons from the crowd of demonstrators along 16<sup>th</sup> and H Street NW, consisting of approximately twenty (20) individuals crossed the police line and climbed the comfort station from H Street and accessed the rear courtyard and roof of the complex. At approximately 1623 hours, additional members from the crowd crossed the first row of police bike rack, which was delineated by yellow police tape. The crowd then continued to the next police bike rack, which was staffed with uniformed members of the USPP and USSS. During this breach of the fence line individuals were observed picking up bricks. Subjects from within the crowd were throwing projectiles towards law enforcement while they attempted to dissemble the second row of police fence line. Individuals were observed wearing ballistic vest, body armor, goggles and forearm protection while possessing pipes and a tree saw. Subjects continued to be observed from within the crowd throwing projectiles at the officers to include, bricks, rocks, full water bottles, fireworks and other debris towards law enforcement. Several of these objects struck officers, officer's protective shields, and in the immediate area around the officers. At approximately 2131 hours members of the crowd breached the comfort station. At approximately 2138 hours tactics were utilized by the demonstrators to ignite the comfort station. At approximate 2219 hours the comfort station was fully engulfed. Additionally, a large fire was reported on H street. At approximately 2226 hours, USPP CDU assets with the support of mutual aid from the Arlington County Police Department (ACPD) Level-**(b) (5)** CDU was deployed to clear H Street and Lafayette Park for firefighting response and the protection of life and property. The CDU platoons formed on Madison Drive and moved the crowd of violent protestors from East to West across Lafayette Park and along H Street. The tactics deployed involved **(b) (7)(E)**. These maneuvers were augmented by USPP SWAT personnel, which were equipped with non-lethal capabilities consisting of Pepper ball guns. As CDU met resistance from members of the crowd that were fighting with officers and actively resisting commands, members of USPP SWAT deployed pepperball munitions. These actions from CDU and SWAT personnel effectively moved the crowd to the West and onto to H Street. USPP CDU continued maneuvers and tactics and relocated the crowd to Connecticut Avenue and H Street NW. ACPD CDU moved the remaining demonstrators North on 16th Street to I Street NW. While maintaining this distance, the North fence line of police bike rack within Lafayette Park was reestablished and secured.

**Report:**

On Sunday, May 31, 2020, in the afternoon hours, law enforcement personnel inside Lafayette Park had pushed to the northern bike rack to remove demonstrators who had crossed the police line and had entered Lafayette Park. Demonstrators were continuing to throw projectiles at law enforcement personnel and refusing to obey verbal commands to exit the park and relocate to the other side of bike rack. While standing behind a law enforcement officer I observed an unknown male demonstrator standing from an elevated position in front of officers. I observed that male attempt to strike the law enforcement officer in the face with a closed fist. After attempting to punch the officer I observed the same male grab a hold of the officer's shield and attempt to pull it from him. Fearing that the unknown male would attempt to punch the officer in the face again while the shield was being pulled away, I attempted to strike the unknown male once on his hand with my Force issued PR-24. Approximately 1-2 minutes later I observed another male demonstrator struggling with another law enforcement officer who was attempting to push back demonstrators. Demonstrators were again grabbing shields of officers and attempting to strike officers. I attempted to push demonstrators back twice with the short end of my Force issued PR-24. Once the demonstrators moved back I ceased using my PR-24 and continued to hold the police line.

Purpose, cause, or theme of the demonstrators?
Protest against the killing of George Floyd

Describe the behavior of the crowd (i.e. compliant, non-compliant, peaceful, agitators within a peaceful crowd, signs, banners, etc.)?
The crowd was mostly hostile. While carrying signs and banners, protestors continually breeched a police barricade throughout the day. Combative persons within the crowd hurled projectiles towards all officers that were present within the park.

Did any of these projectiles strike you, other law enforcement personnel, or members of the public?	Yes <input checked="" type="checkbox"/> /No <input type="checkbox"/>
If yes, explain: I was hit with several water bottles.	

Did you observe any other unlawful behavior (i.e. fire, damage to property, breeching police line, etc.)?	Yes <input checked="" type="checkbox"/> /No <input type="checkbox"/>
If yes, explain: I observed the crowd breach the bicycle fencing that was being used as the police barricade. I observed the church and NPS comfort station set on fire.	

Was physical force used against you?	Yes <input checked="" type="checkbox"/> /No <input type="checkbox"/>
If yes, explain: Yes, while clearing protestors from H St., several individuals attempted to run into my defensive shield in order to knock me to the ground. They were unsuccessful.	

--

Were you or any other person injured?	Yes <input type="checkbox"/> /No <input checked="" type="checkbox"/>
If yes, explain: No members of CDU were injured during the course of our mission.	

Was anyone hospitalized?	Yes <input type="checkbox"/> /No <input checked="" type="checkbox"/>
No CDU members required hospitalization.	

What was your response to these activities?
The Level <span style="background-color: black; color: white;">[REDACTED]</span> CDU team was activated once the crowd had become overly aggressive and violent. Our mission to clear H St. was made because violent protestors were continually hurling projectiles towards under-equipped law enforcement personnel. They set fire to several buildings in the area, which caused a hazard to everyone in the area. In response to these public safety threats, Level <span style="background-color: black; color: white;">[REDACTED]</span> -CDU utilized advanced equipment and tactics to quickly remove agitators and violent individuals from the area. This extended safety perimeter allowed for DCFD to enter the area and extinguish the flames.

If yes, explain: When Arlington County went north on 16th Street my squad continued east on "H" street. I looked back and observed 3 individuals (B/F black shirt, B/M black hoodie, B/M gray shirt, gray face mask, dark pants with 3 white stripes on the legs and dread locks) running past the Arlington County line. They were on N/W corner of 16th and "H" street and had turned east coming up behind my line. I immediately approached them and told them they needed to turn around and go back north on 16th Street. They told me to go fuck myself and they weren't going back. Two Arlington County officers come over to assist me. I ordered all 3 subjects to turn around and go back at least 3 times and they refused. The B/M in the gray shirt took a fighting stance by blading his body towards and balled his fist. I asked the Arlington County officers if they were ready and they said yes. Using my shield I shoved the B/M in the gray shirt backwards into the other two subjects. He then lunged towards me punching me in the right side of my face dislodging my gas mask. He then kicked me in my right leg and tried to tackle me. He wrapped his arms around my waist and grabbed onto my gun belt. I struck his arm, back and legs with my baton. Once I had him on the ground the Arlington County officers helped me pin him down. I told them he was under arrest. I got up to fix my gas mask and catch my breath. ***Report:***

On May 31th 2020, while working at Lafayette Square an unknown liquid was thrown on other officers and I, it was warm and smelled like urine. After it was thrown an unidentified female laughed at us and stated we were "faggots" for getting piss thrown on us, which leads me to believe it was urine. There were a variety of times we were spit on and spit at. A SMIS exposure report was filed incident ID: 316630

### General Report

Report Author: (b) (6), (b) (7)(C), (b) (7)(F)

Reported Date: 06/12/2020 13:12

#### Narrative:

On 5/31/2020 between the hours of 1000 and 1800 I was assigned to monitor the demonstration as part of a react team in the north end of Lafayette Park. During the afternoon, a young W/M approximately 5'3" and 120 pounds with brown hair, thin build and a backpack was standing approximately 10 yards away from me in the north end of the park. The individual was standing on the other side of the inner bike fence perimeter.

I observed the individual filming the demonstration with his phone and talking with a young W/F. He finished drinking a water bottle and then threw the bottle at me. The bottle missed and hit the tree to my immediate east side. The individual then reached into his backpack and pulled out a full water bottle. The individual then took a sip, put the lid back on and then threw the bottle at me with an overhand baseball style throw. The bottle was on a direct trajectory for my head. I utilized my shield and deflected the bottle. The impact caused minor discomfort in my right forearm and shoulder that was holding the shield. No medical attention sought.

## General Report

Report Author: (b) (6), (b) (7)(C), (b) (7)(F)

Reported Date: 06/12/2020 13:32

Narrative: On 5/31/2020 between 1800 and 2359 hours I was assigned to a react team on the north end of Lafayette Park assigned to monitor demonstrations in the park. During my tour, demonstrators were actively trying to break apart the inner temporary bike fence barrier that ran east and west across the park. At one point, my squad moved towards the fence to repair a break in the fence. My squad was just east of the center point of the park as we moved forward. An object, later identified as a brick paver, was thrown in my direction from an unknown place in the crowd. The brick struck both myself and Ofc. Carucci. My shield partially blocked the brick as it struck my right elbow area. Ofc. Carucci was struck in the left arm elbow area as well. The impact caused bruising on my right elbow. No medical attention sought.

**Report:**

On 5/31/2020 from the hours of 1200 - 0130 (on 6/1/2020) I was assigned to a react squad in the NE quadrant of Lafayette Park. Throughout the day and night I observed a variety of both compliant and peaceful demonstrators as well as demonstrators conducting illegal and, at times, violent actions. Below is a summary of the violations I observed:

Early in my tour of duty I observed a large amount of demonstrators breach the northernmost line of bike fence along the north sidewalk of Lafayette Park. Many more demonstrators throughout the day and night walk past and over the barrier. The demonstrators penetrated approximately 20 yards south inside the park to the second line of bike fence that ran east-west across the park.

Throughout my tour I observed many different people climbing on top of the roof of the comfort station in the north end of the park.

Throughout my tour I observed many acts of vandalism and graffiti to include the tagging of sidewalks in the park, the NPS comfort station in the northern end of the park, and several buildings on MPD jurisdiction on the North end of H Street.

At some point during the night I observed a fire extinguisher being sprayed in the air and then sprayed at officers along the NE quadrant fence line.

I observed many objects and projectiles being thrown at officers to include bricks, rocks, lit fireworks, plastic bottles and glass bottles. Police munitions dispersed in the crowd were also picked up and thrown back at officers.

At one point myself and one of my officers were hit with a brick in our arms. This incident was documented in a separate report and in SMIS.

I observed several people walking around inside the closed to the public comfort station and NPS office. Shortly thereafter that building caught fire.

On Monday, 5/31/2020, from 1400 hours until 0200 hours I, Sgt. [REDACTED] was assigned to the special detail at Lafayette Square. At some point during the time frame from 2100 hours- 2300 hours, while holding a position on the northern most police line on the south side of the bicycle fence, closest to mid park, I observed an individual in the crowd appearing to have a medical emergency. Myself and another officer moved to the bicycle rack, and with the assistance of bystanders in the crowd, lifted the individual over the bike rack and used a two man carry to remove the individual to the warm zone where the HHS medical team was standing by. Immediately after the patient was transferred to HHS I noticed that my Streamlight Sidewinder II Compact flashlight was no longer attached to the clip on my other vest carrier. I distinctly remember it being there prior to moving the patient so I went to the area that he was removed from and searched for it with no results. I believe that it fell onto the crowd side of the fence while we were lifting the individual and he was pressed against my chest.

**Report:**

On Sunday, 5/31/20, from 1400 hours until 0145 hours I, Sgt (b) (6), (b) (7)(C), (b) (7)(F) was assigned to the special detail at Lafayette Square. During my shift I was assigned to LT (b) (6), (b) (7)(C), (b) (7)(F) and I supervised Officers (b) (6), (b) (7)(C), (b) (7)(F). My squad was generally assigned to the northern most police line, on the southern side of the bicycle fencing, rotating through the area from mid park to the west side of the comfort station. We arrived at Lafayette Square at approximately 1500 hours.

Sometime between 2200-2330 hours while observing individuals in the crowd throwing hard objects and lighting fireworks, I lifted my right hand to point out a suspect to another officer. At this time, an unknown officer from a different agency came up over my left shoulder with his Pepper Ball Gun in order to engage one of the subjects. The officer fired 2-3 Pepper Balls from a distance of 8-12" from my hand with the first round striking my right index finger. The pepper ball broke through my glove, cut my skin, and rendered my finger incapacitated for 5-10 minutes. My finger swelled 2-3x normal size and remained that way, along with bruising, for approximately 24 hours. There is still a distinct pain in the second joint of my right index finger 2 weeks after the incident. I did not seek medical attention at the time or afterward.

I was released to return to my station for EOT at 0115 hours.

(b) (6), (b) (7)(C), (b) (7)(F), (b) (5), (b) (7)(E)

The undersigned documented numerous criminal incidents that occurred during the demonstration and captured screen shots for individuals involved in criminal activity where the image of the person responsible was of a quality that he or she could potentially be identified. Not all criminal activity was documented. All times approximated.

The undersigned created Law Enforcement Information Bulletins containing the image of the person responsible for the incident that will be distributed to Law Enforcement Agencies in the Washington Metropolitan Area. The information bulletins were labeled S1 through S52. For purposes of this report the "S" number is only a reference number to identify the information bulletin and corresponding digital media that relates to that subject. The "S" number may change as Information Bulletins are distributed. A copy of the information bulletin having the original "S" number will be attached to this report for future referencing should the "S" number change. If leads develop and a perpetrator is identified further investigation will commence to identify the specific officer or officers assaulted.

(b) (6), (b) (7)(C), (b) (7)(F), (b) (5), (b) (7)(E)

The undersigned documented numerous criminal incidents that occurred during the demonstration and captured screen shots for individuals involved in criminal activity where the image of the person responsible was of a quality that he or she could potentially be identified. Not all criminal activity was documented. All times approximated.

The undersigned created Law Enforcement Information Bulletins containing the image of the person responsible for the incident that will be distributed to Law Enforcement Agencies in the Washington Metropolitan Area. The information bulletins were labeled S1 through S52. For purposes of this report the "S" number is only a reference number to identify the information bulletin and corresponding digital media that relates to that subject. The "S" number may change as Information Bulletins are distributed. A copy of the information bulletin having the original "S" number will be attached to this report for future referencing should the "S" number change. If leads develop and a perpetrator is identified further investigation will commence to identify the specific officer or officers assaulted.

For purposes of this report the "S" number is only a reference number to identify the information bulletin and corresponding digital media that relates to that subject. The "S" number may change as Information Bulletins are distributed. A copy of the information bulletin having the original "S" number will be attached to this report for future referencing should the "S" number change. If leads develop and a perpetrator is identified further investigation will commence to identify the costs associated with damage.

**Report:**

On 05/31/2020 I was working in Lafayette Park as part of a reactionary squad for first amendment activities. Temporary bicycle fencing was placed along the North side of the park with police tape strung on it. On the other side was a very large group of people. At approximately 1600 hours a group of individuals dismantled and pushed over the bicycle fencing and police tape and advanced towards our location in the center of the park. My squad made its way from the center middle of the park North to assist the individuals back to the other side of the bicycle fencing so we could put the fencing back in its place. While doing this countless items were thrown at me and hit me. These items included pieces of bricks, rocks, and water bottles containing either water, ice, or rocks. Once the individuals removed themselves to the northside of the fencing, the fencing was resecured. Shortly after this I felt pain and numbness in my right thumb. I looked at my thumb and observed that it was bleeding. My thumb then became numb and swollen, and thereafter I have had difficulty bending it and manipulating it for use. I am uncertain as to what particular object caused my injury, but I am certain it was caused by one of the types of materials that I had observed and specified as being thrown at myself and other officers at this incident.

### Report:

On Sunday May 31<sup>st</sup>, 2020, members of the USPP SWAT Unit were assigned to Lafayette Park in support of CDU officers and other force personnel in response to a civil unrest stemming from a large-scale demonstration and a continuation from 05/30/2020. During the operational period, USPP SWAT personnel reported observing several members in the crowds gathered in the vicinity of a clearly marked and established police line identified with yellow marker tape stating, "POLICE LINE DO NOT CROSS". It should be noted that the established police line was clearly marked and affixed to barricade erected from bike rack fencing.

USPP SWAT personnel reported observing many members in the crowd demonstrating overt aggression towards law enforcement and witnessed several protestors in the crowd escalate the situation by committing several assaults on law enforcement personnel by way of throwing projectiles as missiles. These projectiles were thrown directly at law enforcement officers and in the general vicinity. On several instances during the civil unrest, members of the crowd were observed throwing rocks, bottles, urine balloons, launching fireworks, and sending other debris such as eggs, traffic cones and traffic barrels directly impacting several law enforcement officers in the body, torso, and head areas. As a result, several officers sustained serious injuries requiring medical treatment and even some requiring hospitalization of force personnel.

During the operational period USPP SWAT deployed several different types of less lethal and non-lethal munitions in response to the sustained overt aggression and assaults occurring to law enforcement personnel. At times, members of the crowd were reported as charging the established police line and using the actual bike rack fencing as improvised weapons while attempting and, in some cases, successfully penetrating the establish police line. In direct response to the violent actions of several protestors in the crowd, USPP SWAT personnel deployed less lethal and non-lethal munitions to mitigate further risk of injuries to members of the force, other law enforcement, members of the public and further damage to NPS property. As the night continued through the operational period violent protestors were also observed dismantling NPS structures and then committed arson by setting the comfort station in the NE quadrant of the park on fire.

As the USPP SWAT Unit Commander, I have reviewed the police reports submitted by USPP SWAT personnel listed below and carefully inspected the information contained in the reports. Based on the actions observed, physical attacks on law enforcement and force personnel, overt aggression demonstrated several times throughout the operational period, and destruction of NPS property by several violent protestors, I have found that the deployment of less lethal and non-lethal munitions constitutes a use of force and was within force policy. Further, I have found that the deployment of less lethal and non-lethal (Pepperball) were utilized appropriately as de-escalation tools to quell violent behaviors observed and prevent further injury as well as preservation of NPS property.

The following USPP SWAT personnel deployed less lethal and non-lethal munitions during operational period:

**Report:**

In support of ongoing demonstrations across the Washington Metropolitan Area, which displayed the acts of violence and property damage, the United States Park Police (USPP) Civil Disobedience Unit (CDU) was activated and placed in an operational ready state. On Sunday, May 31, 2020 at approximately 1606 hours, persons from the crowd of demonstrators along 16<sup>th</sup> and H Street NW, consisting of approximately twenty (20) individuals crossed the police line and climbed the comfort station from H Street and accessed the rear courtyard and roof of the complex. At approximately 1623 hours, additional members from the crowd crossed the first row of police bike rack, which was delineated by yellow police tape. The crowd then continued to the next police bike rack, which was staffed with uniformed members of the USPP and USSS. During this breach of the fence line individuals were observed picking up bricks. Subjects from within the crowd were throwing projectiles towards law enforcement while they attempted to disassemble the second row of police fence line. Individuals were observed wearing ballistic vest, body armor, goggles and forearm protection while possessing pipes and a tree saw. Subjects continued to be observed from within the crowd throwing projectiles at the officers to include, bricks, rocks, full water bottles, fireworks and other debris towards law enforcement. Several of these objects struck officers, officer's protective shields, and in the immediate area around the officers. At approximately 2131 hours members of the crowd breached the comfort station. At approximately 2138 hours tactics were utilized by the demonstrators to ignite the comfort station. At approximate 2219 hours the comfort station was fully engulfed. Additionally, a large fire was reported on H street. At approximately 2226 hours, USPP CDU assets with the support of mutual aid from the Arlington County Police Department (ACPD) CDU was deployed to clear H Street and Lafayette Park for firefighting response and the protection of life and property. The CDU platoons formed on Madison Drive and moved the crowd of violent protestors from East to West across Lafayette Park and along H Street. The tactics deployed involved (b) (7)(E) s [REDACTED].

During these CDU movements the platoon of officers continually and repeatedly met resistance from the members of the crowd. During one of the encounters I observed an individual physically engage in an altercation with USPP Sergeant (b) (6), (b) (7)(C), (b) (7)(F). The individual was a black male wearing a gray shirt and dark colored pants and had wrapped his arms around the waist of Sergeant (b) (6), (b) (7)(C), (b) (7)(F) and was grabbing at his defense equipment while trying to wrestle him to the ground. An unidentified Arlington County CDU officer was trying to assist with gaining control of the suspect. I observed that the gas mask being worn by Sergeant (b) (6), (b) (7)(C), (b) (7)(F) was no longer being donned in the correct manner and had been forced or moved into a position during the struggle that was significantly impacting the field of vision of Sergeant (b) (6), (b) (7)(C), (b) (7)(F). I could hear Sergeant (b) (6), (b) (7)(C), (b) (7)(F) screaming "stop resisting" as the suspect continued to actively fight and resist these commands. While the suspect was engaged with Sergeant (b) (6), (b) (7)(C), (b) (7)(F) I repeated the commands to "stop resisting" which were also ignored. I utilized my force issued baton and delivered a strike to the suspects lower leg. The suspect and Sergeant (b) (6), (b) (7)(C), (b) (7)(F) subsequently fell to the

LAW ENFORCEMENT SENSITIVE (FOUO)

ground where several officers attempted to place handcuffs on the suspect. Unfortunately, due to the continuing struggle and size of the crowd surrounding the CDU officers, the suspect was able to break free and fled from the area without apprehension.

***Report:***

On 5/31/2020, I was assigned to the special detail at Lafayette Square.

While holding the police line, defined with bike fencing and police tape, a crowd member/demonstrator emptied the contents of a bottle onto me. The liquid made contact with my ballistic vest, my neck (skin contact), and my right arm (skin contact). The liquid was yellow and had a foul stench, sharing similar qualities with that of urine.

A crowd member confirmed that it was urine by calling me a homophobic slur "for having being pissed on with urine".
