

Glacier Bay National Park and Preserve Commercial Use Authorization Activity-Specific Stipulations

Attachment XX – 2015 Mt. Fairweather Range Guided Mountaineering Stipulations

1. Up to two trips for all permittees, combined, will be authorized in the Fairweather Range. This area includes the area west of the Brady Glacier, west of Lamplugh Glacier and west of the ridge between Tarr and Rendu Inlets (as shown on figure 4 of the July 1989 Glacier Bay NP Wilderness Visitor Use Management Plan (see <http://www.nps.gov/glba/parkmgmt/planning.htm>).
2. Applications for up to two trips per operator will be accepted from October 1 – October 31 for the following year. If more than two requests are received by October 31, a random drawing will be held on the first business day in November. If requests for two trips are not received by October 31, two trips will be allocated on a first come-first served basis.
3. Prior to beginning operations the Permittee will provide the Superintendent with the following:
 - a. Itinerary of all climbs scheduled within Glacier Bay National Park and Preserve (routes, drop off/pick-up dates and locations, planned campsite locations, scheduled summit date(s)).
 - b. A list of booking agencies used by the permittee.
 - c. Copies of advertising.
 - d. List of all guides that the permittee plans to employ during the season. The list will include the following: name, age, address, and role of the guide.
 - e. Name and phone number of transportation service providing drop-off and pick-up;
 - f. Communication capabilities of the guides (cell and satellite phone numbers, types of radios carried, monitoring or call-in schedule).
4. Within fifteen (15) days of the completion of each trip, the permittee will submit to the Superintendent, a trip report which includes the following:
 - a. map of the route showing all campsites and bivouacs;
 - b. notes on any wildlife sightings;
 - c. a description of any evidence of human use (including other climbers) observed;
 - d. notes regarding aircraft overflights heard and seen while on the trip;
 - e. a description of climbing conditions including snow/ice conditions, avalanche activity;
 - f. a list of anything lost or left behind;
 - g. a detailed report of any accidents or injuries including the date and time of the accident; name, address, and phone number of person(s) involved; a description of the accident and any injuries; description of any medical treatment given (and name of those administering the treatment).

5. The Permittee shall ensure that all guides leading trips will be fully qualified and experienced.
6. All human waste will be carried. All trash must be carried out and removed from the park.
7. The Permittee may use a booking agent. The Permittee is responsible for assuring that all potential clients contacted by the booking agent are clearly informed that said permittee is operating the trip and is an authorized permittee of Glacier Bay National Park & Preserve.
8. The Permittee is responsible for assuring that advertising and rates utilized by booking agencies meet the terms and conditions of this PERMIT.
9. The Permittee's base of operation shall be outside the boundaries of Glacier Bay National Park and Preserve.
