Hunt Area 2 is subject to periodic closure when the National Park Service gun range is in use for official purposes. When this occurs, hunters will be notified by signs posted at the entrance to Hunt Area 2. This gun range is not open to public use.

Be Safe! Use caution and be aware of your surroundings. Steep, uneven terrain, venomous snakes and spiders, spiny plants, and sinkholes are present throughout the park. To report an emergency, call 911. For non-emergencies, call Val Verde Sheriff at (830) 774-7513 and request the assistance of a National Park Ranger. It is recommended that you carry a compass, flashlight, first aid kit, maps, water, and cell phone, and that you let someone know where you will be hunting and when you plan to return.

Chronic Wasting Disease (CWD)

Texas Parks & Wildlife Department (TPWD) has designated CWD zones to detect and manage the disease.

ALL AMISTAD HUNT AREAS ARE WITHIN THE VAL VERDE COUNTY CWD ZONE.

Hunters who harvest mule deer, white-tailed deer, elk, or other exotic CWD-susceptible species within the CWD zones are REQUIRED to bring their animals to a TPWD check station within 48 hours of harvest.

Chronic Wasting Disease (CWD) is a fatal neurological disease that affects deer, elk, and other cervids. It is caused by infectious prions, and there is no cure or vaccine. Symptoms include drastic weight loss, stumbling, and listlessness leading to death.

The CDC reports no strong evidence that CWD can infect humans. However, it is important to keep all known prion diseases from entering the human food chain, and hunters are encouraged to take precautions.

The TPWD Val Verde County CWD check station is located at the RV park at the old Fisherman's Headquarters, 4957 US Highway 90, Del Rio, Texas 78840, phone (830) 353-2539. It will be open from September 28, 2024, through the end of the season, closing on 11/28, 12/25, and 1/1. Hours and other information are available on the TPWD Outdoor Annual Val Verde County CWD check station webpage, linked at the QR code below:
