Connect the dots to find the Dunker Church

What's a Park Ranger?

Park rangers do all sorts of jobs. Some are teachers, some are police officers, and some take care of the plants & animals in the Park.

All park rangers help to protect & preserve our National Parks.

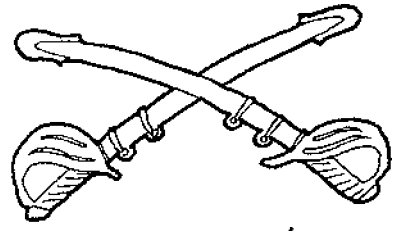

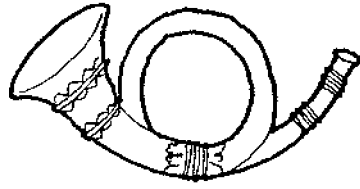

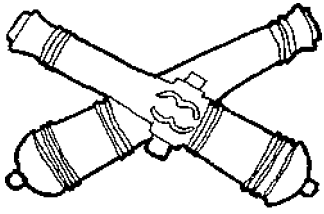

Find a park ranger or a volunteer and ask them their name and what they do at the park. Ask them to explain all the different symbols on their patch, like the sequoia, bison, mountain and arrowhead.

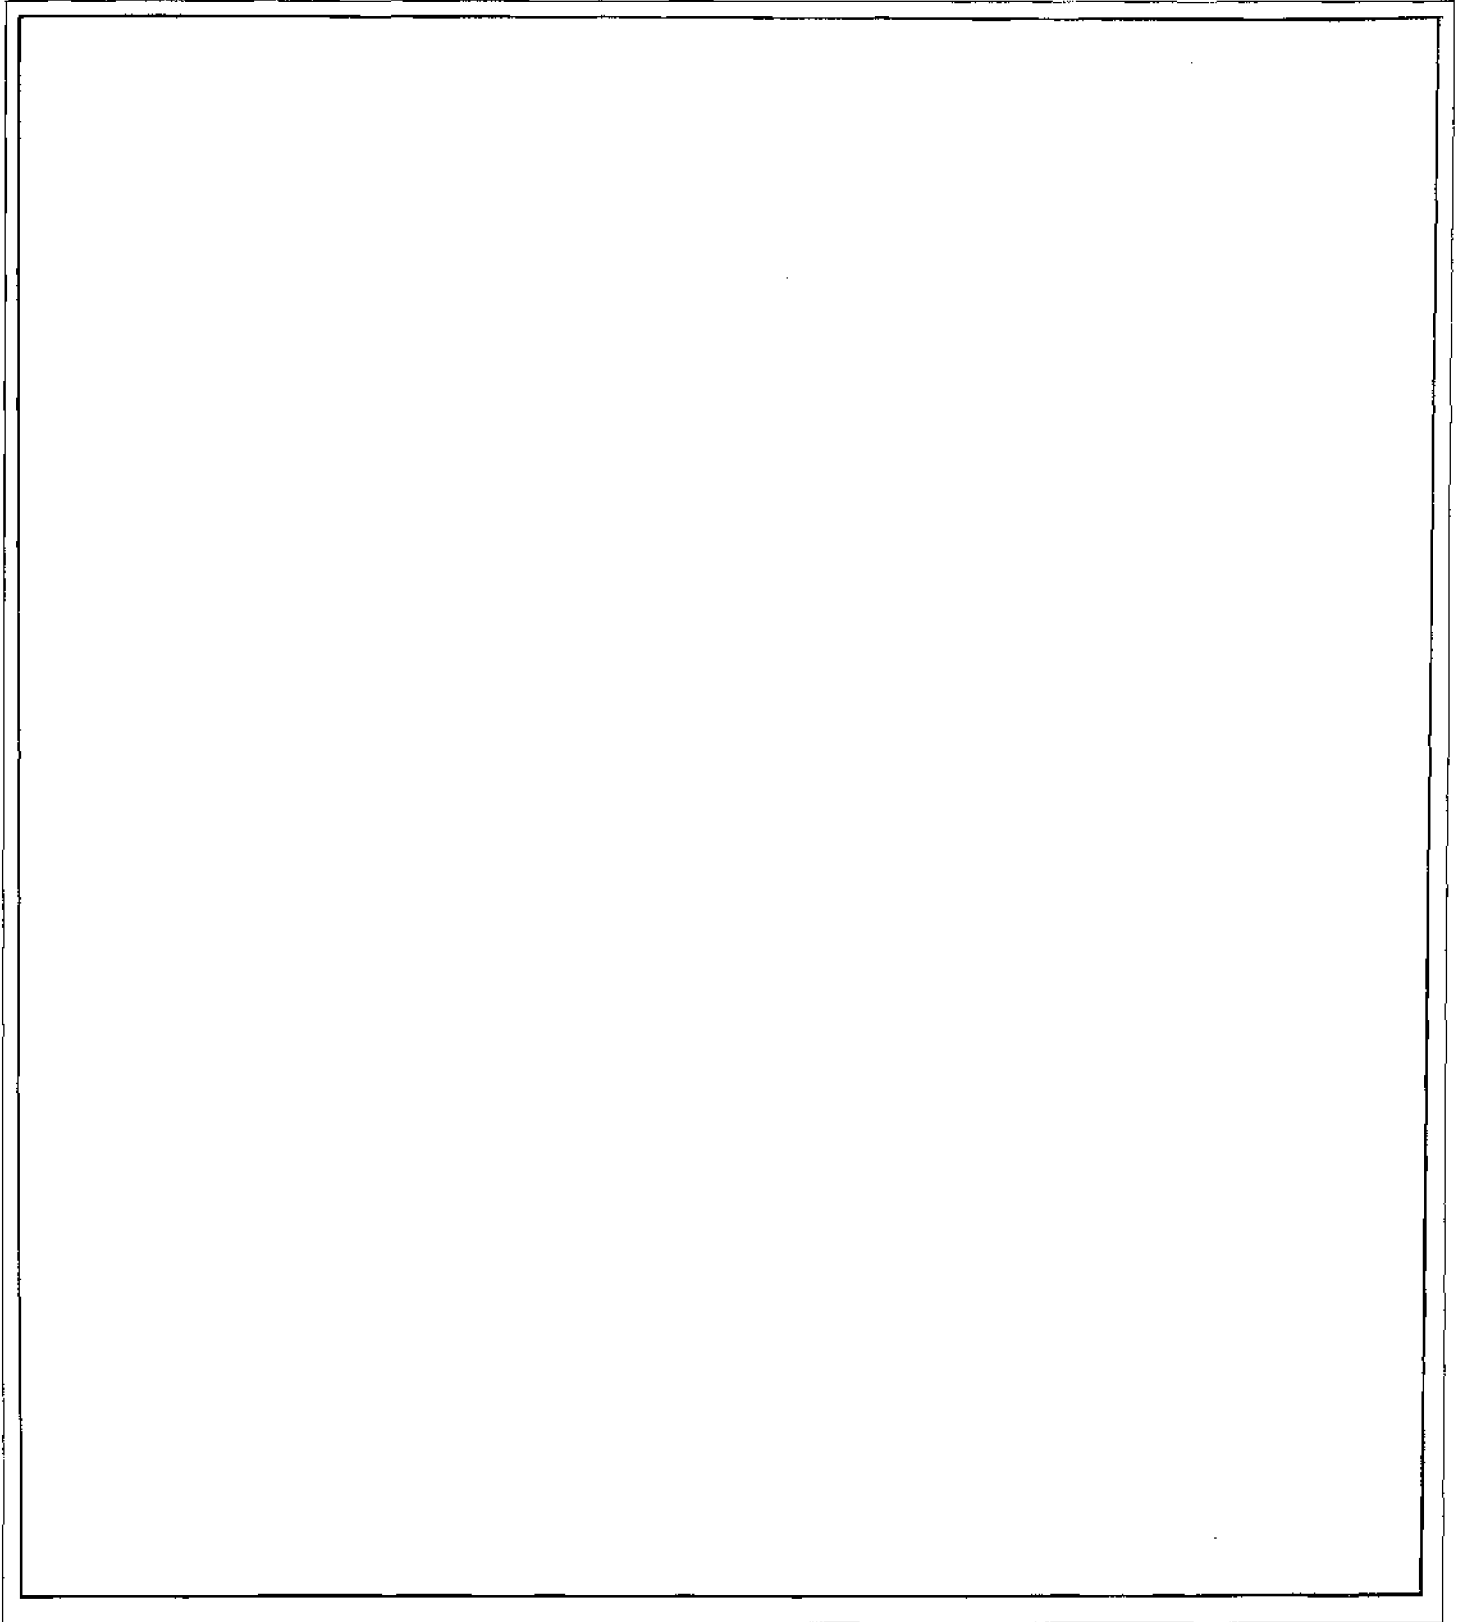

Bonus! Get a ranger's autograph.

Draw your favorite thing about Antietam

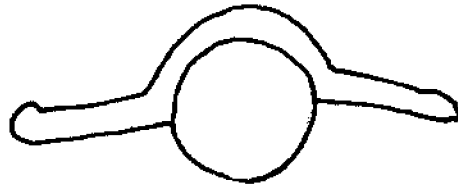

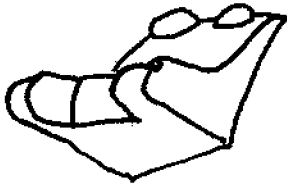

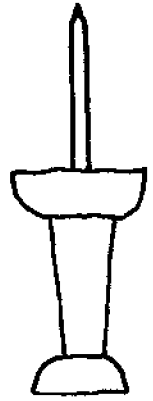

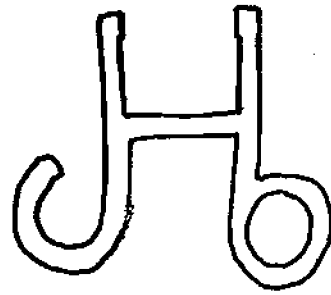

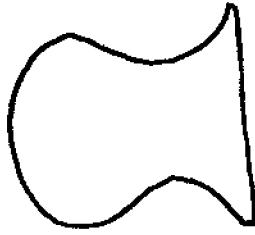

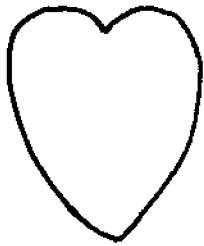

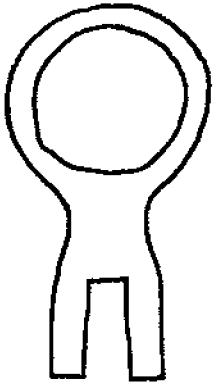

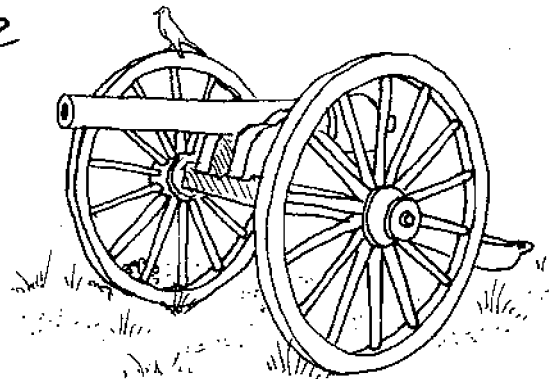

ANTIETAM CANNONS

Which of the shapes below can you find on the cannons at Antietam?

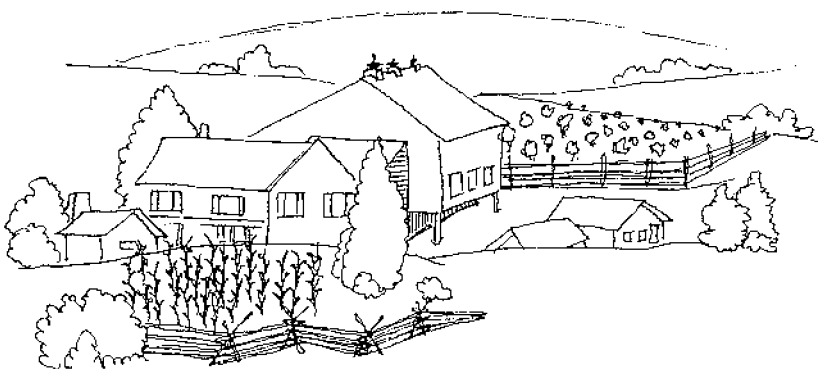

Did you know that all of our cannons are over 100 years old? You can help the rangers protect the cannons by reminding your friends to never climb on them.

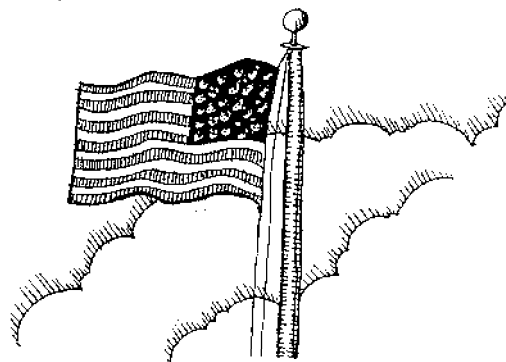

SCAVENGER HUNT

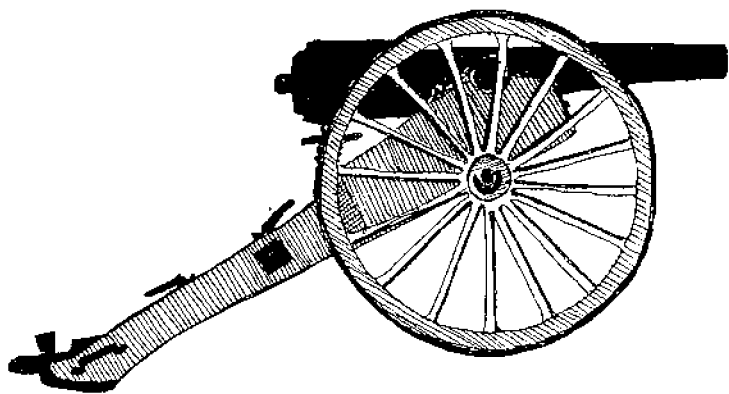

How many of these things can you find at Antietam?

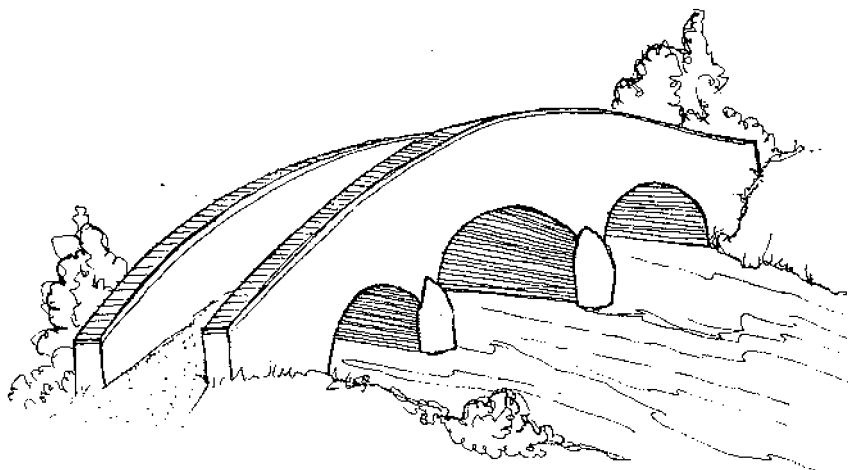

a farm

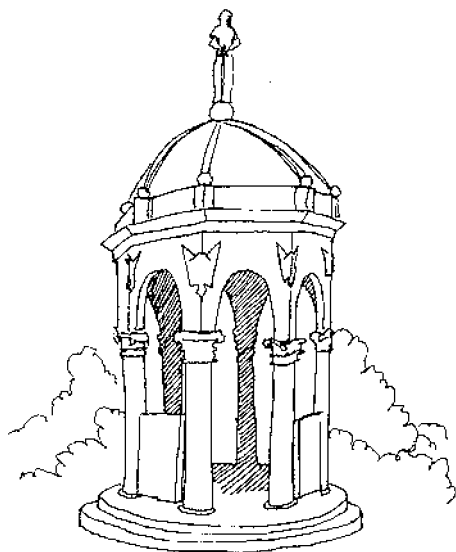

a flag

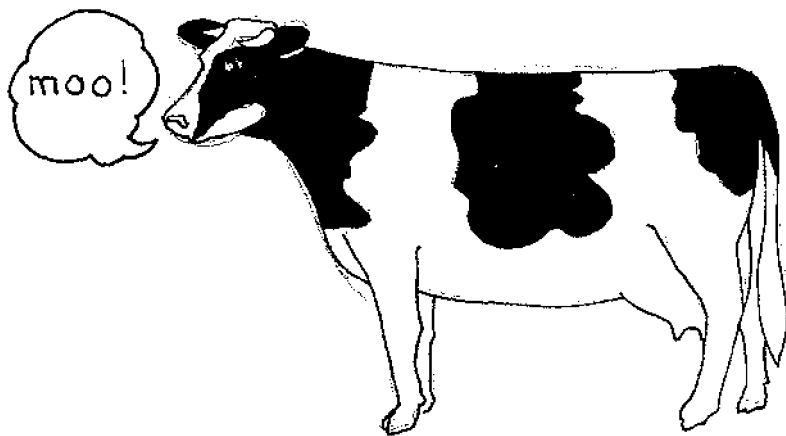

a cannon

a bridge

a monument

a cow
