

2021-2022
HUNTING GUIDE
MARYLAND DISTRICT

Assateague Island National Seashore
National Park Service

INTRODUCTION

Public hunting within the boundaries of Assateague Island National Seashore (Seashore) is recognized as a recreational activity in the legislation that established the Seashore (*Public Law 89-195*). Regulations for hunting within the National park are designed to provide a safe and meaningful experience for hunters.

Hunting is legal ONLY in specifically designated areas of the Seashore and during specifically designated dates and times (*36 CFR 1.5(f)*). State and federal regulations governing hunting within the legislative jurisdiction of the Seashore include the Code of Maryland Regulations (*COMAR*), Code of Federal Regulations (*CFR 36 & 50*), and United States Code (*Title 54*).

Only those species listed in this plan may be hunted by the indicated weaponry during the designated season within the Maryland portion of Assateague Island National Seashore.

Hunting will be in accordance with the following special Assateague Island National Seashore regulations and applicable state regulations

There is NO Sunday hunting during any season

GENERAL INFORMATION

1. Hunting License:

A Maryland State Resident or Nonresident hunting license (printed paper or electronic copy) with additional stamps for deer and waterfowl is required to hunt on the seashore. Licensing information can be found in the **2021-2022 Maryland Guide to Hunting and Trapping** or at <https://www.eregulations.com/Maryland/hunting/>

2. Hunter Registration:

Hunters are required to sign-in and sign-out each time they enter or leave the hunting zone using their name and state DNR ID number. All hunters must check out no later than one-and-one-half hours after the end of official hunting time.

3. Southern Hunt Zone Vehicle Access:

An Oversand Vehicle Zone (OSV) Permit is **REQUIRED** to enter the OSV Zone. Hunters who plan to drive on to the beach to access the Southern Hunt Zone must possess a valid OSV Zone permit **before** entry. Hunters without an OSV Permit are required to walk into the Southern Hunt Zone. Those hunters must park in the South Ocean Beach parking lot and walk a 1/3 mile south along the Life of the Dunes trail until coming to the two-track dirt road where the hunt zone begins. OSV Permits may be purchased at the Ranger Station during business hours. OSV zone access may be restricted due to vehicle limits, over-wash, emergency conditions, or land management constraints.

4. Southern & Northern Hunt Zone Boat Access:

Hunters may boat (motorized/non-motorized) from the mainland into the Southern and Northern hunt zones. **Hunters must call (443) 669-7039 to check-in and check-out and to report any deer harvested.** A voicemail message must be left with the hunter's name, DNR ID number and the species of deer, whether it was antlered or antlerless, and number harvested.

5. Closures and Restrictive Project Areas:

Due to park research, management projects and species protection efforts, portions of the hunting area may be closed for the season or on a day-to-day basis. It is the hunter's responsibility to check with the ranger station regarding possible closures. Hunters are responsible for being aware of any closures in the hunting zone. It is prohibited to enter into and/or shoot into any signed or closed area.

6. Scientific Research:

Hunters are prohibited from interfering with scientific research within the Seashore. Fenced, posted and/or signed areas are not to be disturbed. Hunters should avoid moving or altering any study equipment, including PVC pipe, various posts, buckets, fencing, antennas or small cages. *If there is any doubt as to what an item is, leave it alone.* Researchers and other staff will be actively working at all hours in the field throughout the hunting season.

7. Parking Areas:

Hunting areas have designated parking areas. Parking areas are noted on the accompanying maps and are marked by signage in the field. Waterfowl hunters are to park in the designated locations and **not** in front of gates restricting road access.

PROHIBITED ACTIVITIES

1. The use of straight-walled cartridges or the use air guns to take game.
2. Construct or use permanent blinds or tree stands.
3. **Hunters may use portable hunting stands that do not damage vegetation; however, stands and ground blinds must be removed at the end of each hunting day.**
4. Use “screw in” steps.
5. Use trail and route marking devices such as reflective tacks and flagging.
6. Cut, thin, prune, remove, or damage any vegetation.
7. Hunt with handguns of any kind. Muzzle loading handguns are **NOT** permitted during muzzleloader season.
8. Possess a loaded and/or readily available weapon outside of any hunting zone. When exiting any hunting zone, weapons **MUST** be unloaded (including the magazine or bolt), cased, and stored in a manner that will prevent their ready use.
9. Use of laser sights.
10. Discharge any weapon for a purpose other than hunting, except for making a muzzleloader safe at the end of an unsuccessful hunt.
11. Pursue, shoot, shoot at, lie in wait for, or kill any four-legged animal within 300 yards of a waterfowl blind or a waterfowl hunter during the Waterfowl Season.
12. Bait, hunt over an area known to be baited, and fail to report baiting.
13. Fail to report all wounded deer to the Ranger Station. Hunters are required to make a concerted effort in locating (tracking) wounded game and are required to call (443) 669-7039, if tracking a deer will interfere with checking out on time.
14. Field dress game in the campgrounds/developed areas of the park. The field dressing of game is to be completed in the field.

DEER SEASON & BAG LIMITS

- Season takes are independent.
- Each season is separate. Takes during one open season **do not** count towards another season.
- Deer taken on Assateague Island **will not** count toward State bag limits.
- Deer outfitted with radio neck collars and/or ear tags **can** be harvested.

NOTE: One (1) of the first two (2) Sika deer harvested under the bag limit for each independent season must be **antlerless**.

2021-2022 DEER SEASONS & BAG LIMITS – ANTLERED & ANTLERLESS DEER <u>NO SUNDAY HUNTING</u>			
ARCHERY and portions of DUCK seasons will be CLOSED in the <u>Southern Hunt Zone</u> during the LATE Season Deer hunt:			
Season	Dates	Total Bag Limit	Notes
Archery	<u>Northern and Southern Zone:</u> Oct. 1 – Jan. 31 (Different than State of MD)	<u>Sika:</u> 2 antlered, 4 antlerless <u>White-tailed:</u> 1 antlered, 1 antlerless	Season CLOSED to Archery Hunters January 8 in Southern Zone
Muzzleloader (Inline, Flintlock, Percussion cap & Matchlock)	<u>Southern Zone:</u> Oct. 21 – Oct. 30	<u>Sika:</u> 2 antlered, 4 antlerless <u>White-tailed:</u> 1 antlered, 1 antlerless	
Shotgun or Muzzleloader	<u>Southern Zone:</u> Nov. 27 – Dec. 11	<u>Sika:</u> 2 antlered, 4 antlerless <u>White-tailed:</u> 1 antlered, 1 antlerless	Muzzleloaders can be used during the shotgun season. Bag limits are for the shotgun even if taken by muzzleloader.
Late Season Shotgun and Muzzleloader	<u>Southern Zone</u> January 8	<u>Sika:</u> 2 antlered, 4 antlerless <u>White-tailed:</u> 1 antlered, 1 antlerless	

DEER HUNTING REGULATIONS

1. **Legal Shooting Hours:** One half hour before sunrise to one half hour after sunset.
2. **Antler Definitions:**
 - a) An **antlered white-tailed deer** is defined as a deer with two or more points to one antler, or a deer with one antler three or more inches long, measuring from the top of the skull as the deer is in life.
 - b) An **antler point** is defined as any antler projection one inch or more in length and includes the brow tine. The tip of the main beam is also considered a point.
 - c) An **antlerless white-tailed deer** is a female deer or a male deer with no antlers or spike antlers less than three inches in length, measuring from the top of the skull as the deer is in life.
 - d) An **antlered sika deer** is a deer with at least one antler visible above the hairline.
3. **Deer Tagging and Checking:**
 - a) Deer harvested must be field tagged immediately unless the registration process is completed at the place of kill and a confirmation number is received. If a confirmation number is obtained at the place of kill, the deer can be moved/transported untagged.
 - b) Deer harvested must be recorded at the Hunter Station during the hunter sign-out process.
 - c) Hunters must also register their deer with the Maryland Department of Natural Resources within 24 hours using the COMPASS Portal at compass.dnr.maryland.gov, DNR official mobile app (AccessDNR) or by calling 1-888-800-0121.
 - d) The Public Land Code for Assateague Island National Seashore is **585** and the County Code for Worcester County is **23**.
4. **Prohibited Activities:**
 - a) Use of straight-walled cartridges and use of Air guns.
 - b) Sunday hunting.
 - c) Driving deer. Two or more hunters driving deer through an area towards standers positioned for a shot.
 - d) Dogs cannot be used to hunt deer.
 - e) Hunting with a rifle.
 - f) Hunting with a shotgun rifle combination.
 - g) Baiting deer.
 - h) Use or possession of buckshot.

FLUORESCENT CLOTHING REQUIREMENTS
for deer (shotgun/muzzleloader)

1. **Archery hunters in the Southern Hunt Zone will be required to wear fluorescent clothing during the shotgun/muzzleloader seasons.**
2. When hunting, both hunters and companions **must wear either:**
 - a) A **cap of solid daylight fluorescent orange or pink** color worn as an outer garment on the head at all times; and
 - b) A **vest or jacket containing** back and front panels of at least 250 square inches each of solid daylight fluorescent orange or pink color worn as an outer garment at all times; **or**
 - c) An **outer garment of camouflage daylight fluorescent orange or pink** worn above the waist which contains at least 50% daylight fluorescent color.

NOTE: Persons **hunting from a ground blind** that has four sides, a top, and is placed 4 feet or less above the ground **must display** – on or within 25 feet of the blind – a cap of solid daylight fluorescent orange or pink color, or a panel band, strip, or garment containing at least 250 square inches (approx. 16 inches x 16 inches) of solid **daylight fluorescent orange or pink** color.

3. Hunter Limits:

During the Shotgun/Muzzleloader season (Including the LATE SEASON Deer Hunt) the National Park Service limits to **140** the number of deer hunters and/or aides permitted in the hunting zone at any one time. After this limit is reached, hunters will be admitted to the hunting area on a “one-off, one-on” basis.

4. Specific Regulations for the LATE SEASON Deer Hunt on January 8:

- a) Shotgun and muzzleloader are the only weapons approved during this hunt.
- b) Access to the hunt zone will be on a first-come, first served basis.
- c) Hunters must sign in at the ranger station, no earlier than **5:00 a.m.** the morning of the hunt.
- d) Hunters will be **unable to access** the hunt zones prior to 5:00 a.m.
- e) Once the **140 limit** is reached, additional hunters will be allowed to stay on “stand-by” status and will be signed in accordingly.
- f) Access to the hunt zone will be on a “one-off, one-on” basis.
- g) Hunters must be physically present while waiting on “stand-by”.

MIGRATORY GAME BIRD SEASON & BAG LIMITS

Only shotguns that are 10-gauge or smaller may be used to hunt migratory birds.
Shotguns must be plugged and cannot hold more than three (3) shells.
Nontoxic shot must be used.

2021-2022 MIGRATORY GAME BIRD SEASONS & BAG LIMITS		
Species	Open Season	Daily Bag Limit
Regular Duck Season	Nov. 13 - Nov. 26 Dec. 15 - Jan. 31	<p>6 ducks, no more than:</p> <ul style="list-style-type: none"> • 2 mallards (only 1 hen) • 3 wood ducks • 1 scaup per day (2 per day Jan.8 – 31) • 2 redheads • 1 pintail • 2 hooded mergansers • 2 canvasbacks • 2 black ducks • 1 fulvous tree duck • 1 mottled duck • 5 seaducks (no more than 4 scoters, 4 long-tailed ducks or 4 eiders). <p>All other species of ducks may be taken up to to the 6 duck limit. In addition to the duck bag limit, 15 coots may be taken per day.</p>
Black Duck Season	Nov. 13 - Nov. 26 Dec. 15 - Jan. 31	2 black ducks
Youth, Veteran & Military Waterfowl Hunt	Nov. 6 & Feb. 5	Refer to page 10

2021-2022 GOOSE AND BRANT SEASONS & BAG LIMITS		
Species	Open Season	Daily Bag Limit
Atlantic Brant	Nov. 17 - Nov. 26 Dec. 15 - Jan. 31	2
Light Goose	Nov. 13 – Nov. 26 Dec. 13 – Jan. 31	25
Migratory Canada Goose Atlantic Population	Dec. 17 – Jan. 1 Jan. 13 – Jan. 31	1

MIGRATORY GAME BIRD REGULATIONS

1. **Legal Shooting hours:** Shooting hours are one half hour before sunrise to sunset.
2. **Hunter Registration:**
 - a) All hunters and observers accompanying hunters are required to sign-in and sign-out at the Ranger Station each time they enter or leave the hunting zone (except designated Boat-In sites).
 - b) Hunters must be physically present in the Blind/Area they signed-in for.
 - c) All persons accompanying hunters and not hunting should write the word "Observer" in the Hunter ID# box.
 - d) Groups in blinds or areas are limited to a maximum of **three (3)** persons, and **one (1)** gun per hunter.

NOTE: Hunters must report any wildlife taken. Failure to properly checkout of sites or report any wildlife taken may result in restricted or revoked hunting privileges, and/or fines.

3. **Designated Blind and Area Sites for Waterfowl:**
 - a) Most constructed blinds have been removed and replaced by PVC posts to delineate "Areas" to allow waterfowl hunters the use of portable blinds and anchored boats.
 - b) Designated hunting "Areas" will be identified by PVC posts marked with the number or letter.
 - c) Hunters **must hunt within 100 yards** of the marked post or blind (except Blind A). Rangers can provide information regarding the type of blind site or hunting areas.
 - d) Blinds A, 1, 2, 10, & 11 are the only designated blinds on the island.
4. **Assignment of Designated Blind and Area Sites:**
 - a) Hunters must register for all blinds and hunting areas in person at the ranger station except for the following Boat-In sites: Area F, Area G, Area 3, Area 6, Area 8, Area 19 (first-come, first-served).
 - b) A lottery drawing for waterfowl sites is held at 5:00 a.m., most mornings, although self-registration can be scheduled at the discretion of park rangers. If no lottery is held, self-registration will take place in the hunt shack on a first-come, first-serve basis.
 - c) Hunters should not arrive before 4:30 am. All hunters signed in before 5:00 a.m. can participate in the lottery drawing; however, hunters are **NOT** guaranteed a site in which to hunt. Depending on the number of hunters participating in the drawing, there may be times when there are more hunters than available sites. Hunters not drawing a site may be turned away until a site is vacated.
 - d) Hunters wishing to switch blinds in the field can do so by contacting a ranger at the Ranger Station via phone after 9:00 a.m., at (443) 669-7039. Hunters are required to **speak to an employee** at the ranger station to switch. Messages/voicemails are not valid.

NOTE: If any sites are available following the morning drawing, the remaining sites will be assigned on a first-come first-served basis.

5. **No more than three people**, including any observers, total in a blind or area.
6. **Designated Boat-In sites:** Area F, Area G, Area 3, Area 6, Area 8, Area 19 are designated as Boat-in sites and will be available on a first-come, first-served basis. Hunters boating into these sites are not required to sign-in or attend the lottery. Hunters who take migratory game birds at these sites are **required to call in their take** at (443) 669-7039. A voicemail message

must be left with your name, DNR ID number, and the species, sex and number of migratory game birds taken.

- 7. Alternate Hunt Areas for Migratory Game Birds:** Two additional hunt areas (designated by PVC post) have been established along existing hunt area trails at Area C and Area 21. These additional hunt areas will provide more options for hunters, to adjust their location based on habitat, weather conditions and/or waterfowl movement. Accessibility will also be improved by the shorter distance to travel to reach the alternate locations.

Alternate sites are only available to hunters having designated primary hunt areas. For example, only hunters who have drawn or registered for Area 21 will be able to hunt Area 21 “alternate”.

- 8. Temporary Blinds:** Same-day set up and removal of temporary (portable) blinds is permitted in designated hunting areas. Portable blinds or blind materials brought into Assateague Island National Seashore **MUST NOT** contain any forms of live or dead vegetation (i.e., Realgrass, Instagrass, Fastgrass, Raffiagrass, etc.). Camouflage cloth or material is recommended. **The use of common reed (*Phragmites australis*) is prohibited.**
- 9. Blind A:** Hunters may make 1 reservation per split during the designated duck season for a total of 2 reservations (first split: Nov. 13 – Nov. 26, second split: Dec. 15 – Jan. 31). Reservations may be made starting October 11 during normal business hours by calling **(443) 669-7039**. Hunters with reservations must sign-in and sign-out at the Ranger Station or hunt shack. A reservation is only valid for the time that you have signed-in until the time you sign-out. Once you sign-out your reservation ends. This allows an opportunity for other hunters to use the blind.

Blind A is available on a first-come, first-serve basis if there is no reservation for that day. Reservations cannot be made for the blind if it is already occupied.

Blind A is located on the north end of Assateague Island NS. The access road is located on the north side of Highway 611 across from the State Park. From Highway 611, take the first left turn, pass through a wire gate, follow the two-track dirt road north for a short distance and then turn left at the junction where the Blind A sign is located. Parking is available at the end of the spur road in front of Blind A (refer to the hunting map for the Northern Hunt Zone). This blind is accessible by a boardwalk leading from the parking area to the blind. The road leading to the blind requires a 4WD or AWD vehicle due to driving through deep, soft sand. If you do not have this type of vehicle you can park in the northwest corner of the State Park Day Use parking lot and walk in.

Youth, Veteran and Military Waterfowl Hunting Days – November 6, 2020 & February 5, 2021:

For hunters age 16 or younger, military veterans (as defined in sect. 101 of Title 38, USC) of any age and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than for training). To hunt during these days youth hunters, military veterans and active duty personnel **must have a hunting license or be exempt** from the license requirement. Military Veterans and Active Duty Military Personnel must also carry appropriate credentials identifying them as such and a printed receipt showing the proof of purchase of the 2021-2022 Maryland Migratory Game Bird Stamp and HIP certification. A Federal Migratory Bird and Conservation Stamp **is not required** of those **under 16 years of age**. The stamp **is required** of those **who are 16 years old**.

Youth waterfowl hunters **must be accompanied in the field** by a licensed (or exempt from license requirement) unarmed adult age 21 or older. The accompanying adult may not possess a hunting weapon and may not participate in other waterfowl seasons that are open on the youth days. They may assist with decoys, call waterfowl and retrieve downed birds.

NOTE: Active military and honorably discharged veterans at least 21 years old may possess hunting weapons and hunt while also providing assistance to eligible youth hunters.

Daily bag limit for the Youth Waterfowl Hunting Days are **six (6)** ducks, no more than:

- | | |
|----------------------------|--|
| a) 2 mallards (only 1 hen) | i) 1 fulvous tree duck |
| b) 3 wood ducks, | j) 1 mottled duck |
| c) 2 redheads | k) 5 seaducks (no more than 4 scoters, 4 long-tailed ducks, or 4 eiders) |
| d) 1 pintail | l) 1 Canada goose |
| e) 2 scaup | m) 2 brant |
| f) 2 hooded mergansers | n) 25 light geese |
| g) 2 canvasbacks | o) 15 coots |
| h) 2 black ducks | |

Waterfowl Hunting Regulations:

- a) Waterfowl shall be hunted only from within 100 yards of a numbered NPS-owned blind or numbered hunting area (except Blind A).
- b) Trained dogs are permitted for waterfowl retrieval but must be leashed elsewhere in the park.
- c) Parties in blinds or areas are limited to 3 persons and 1 shotgun per hunter.
- d) Hunters under 16 years of age must be accompanied by a licensed adult 21 years old or older.
- e) Hunters shall not enter the public waterfowl hunting area more than one hour before legal shooting time and shall be out of the blind or area 45 minutes after the close of legal shooting time.
- f) Hunters shall remove spent shells and garbage from the blind or hunting areas.
- g) Hunters using NPS-owned blinds or areas on the island shall enter and leave the hunting area via designated routes (refer to hunt map).
- h) The leaving of decoys or equipment at a blind site for the purpose of holding occupancy is prohibited.
- i) **Shooting hours** are from one-half hour before sunrise to sunset.

DEER HUNTING ZONES

The accompanying hunting maps show the designated hunting zones for Sika and White-tailed deer. Public hunting is prohibited in all of the hatch-marked areas unless otherwise indicated. Legal hunting areas are as follows:

1. SOUTHERN HUNT ZONE: Archery, Muzzleloader, and Shotgun

a) **Northern Boundary**

The northern boundary of the deer hunting zone is the two-track dirt road that runs east to west and is located south of the Life of the Dunes trail. Hunting is permitted south of the two-track dirt road.

b) **Southern Boundary**

The southern boundary is the Maryland-Virginia State Line. A beach-to-bay fence line delineates the boundary.

c) **Eastern Boundary**

The white markers on the beach east of the primary dunes define the eastern boundary. These white markers also indicate the western limits of the OSV Zone. Hunters may not hunt east (ocean side) of these markers.

OSV users may not drive west (bayside) of these markers, except at designated crossings and routes. Parking west of these markers is prohibited unless it is in a designated parking area. The hunting zone is primarily accessed by vehicles which have a valid OSV permit. Hunters without an OSV Permit are required to walk into the Southern Hunt Zone. Hunters must park in the "South Ocean Beach" parking lot and walk a 1/3 mile south along the Life of the Dunes trail until coming to the two-track dirt road where the hunt zone begins. Before entering or exiting the hunting area, hunters must unload their weapons.

2. NORTHERN HUNT ZONE: Archery Only

a) **Northern Boundary:** The northern boundary is the Ocean City Inlet. Archery hunting is permitted south of the inlet.

b) **Southern Boundary:** The southern boundary is the dirt road that runs east to west (towards Blind A) from the clam shell road. This is also the jurisdictional boundary between Assateague Island NS and Assateague State Park. Hunter parking is available along this dirt road.

c) **Eastern Boundary:** The eastern boundary is marked by the wooden kilometer posts that run north to south from the Ocean City Inlet along the dune line to the southern boundary.

NORTHERN HUNT ZONE – (Walk-in or Boat-in)

The northern 10 kilometers (6 miles) of Assateague Island National Seashore that lies north of Assateague State Park to the Ocean City Inlet is too flat and narrow to permit the use of firearms. This portion of the island is designated as an **archery only** Sika and White-tailed deer hunting area. These northern 10 kilometers are open to hunters to walk-in from the southern boundary or boat-in from the mainland.

- **Walk-in hunters must sign-in and sign-out and report the number and species of deer taken in person at the ranger station.**
- **Walk-in hunters are prohibited from driving in to retrieve game.**
- **Boat-in hunters must call (443) 669-7039, to sign-in and sign-out and report the number and species of deer taken. When signing-in/out each hunters name and State DNR ID number must be provided. A voicemail message is acceptable with the required information.**

PUBLIC LANDS

Please remember that other recreational activities may be occurring in the same area and at the same time as hunting (e.g., backcountry camping, kayaking, bird watching, etc.). Hunters must remain situationally aware while hunting on Assateague Island National Seashore, and always remember there may be multiple uses occurring at the same time in the hunting zones.
