Assateague Island National Seashore  
7206 National Seashore Lane  
Berlin, MD 21811

## We Welcome Your Comments:

Assateague Island National Seashore is beginning work on a new General Management Plan (GMP). A GMP identifies the overall direction for the future management of units of the National Park System. GMPs take a long-range, broad, conceptual view, answering the question, "What kind of place do we want this park to be?" They provide a framework for managers to use in making decisions about how best to protect resources, what levels and types of uses are appropriate, what facilities should be developed, and how people should access the park.

*We look forward to hearing from you and welcome your ideas for the plan. Some questions we have for you are:*

What is most special to you about Assateague Island National Seashore?

What are your concerns for the Seashore's future?

What recreational and educational opportunities do you think should be available to visitors at the Seashore?

How can we better protect the natural environment and ecological values of the Seashore?

How can we make it easier to get onto and around the Seashore?

You may return this card by mail to Assateague Island National Seashore, 7206 National Seashore Lane, Berlin, MD 21811 or by fax at 410-641-1099. Visit us at [www.nps.gov/asis](http://www.nps.gov/asis)
